ISPECIAL TELEPHAN TO THE DISPATOR. PHILADELPHIA, July 7 .- Captain Hanon and his men scooped down on the Quakers to-day, and for the first time this season they won a game with Sanders in the box. The batting of both teams was hard, the visitors excelling by a large majority. Morris pitched a fine game. There was little enthusiasm manifested on part of the spectators after the fifth inning. Both teams were retired in one-two-three order in the first inning, but in the second, after Hallman flew out to fields, Corcoran juggled Woods' grounder and the latter scored on Cross' two-bagger which followed, Farrar hit for three bases and Cross tallied. Milligan followed with a single and Farrar came bome. Sanders hit safely, but Griffin flew out to Visner and Shindle forced Sanders at second. By good batting Pittsburg scored four runs in the third on Robinson's hit to cen-ter for three bases, Morris' scratch hit and sin-gles by Visner, Carroll and Beckley. In the fifth Pittsburg scored four more runs. Morris struck out, Haulon hit safe, Visner followed with a sizzling triple, Carroll made a double and Beckley struck out. Then Fields hit for two

hases. Kuehne and Corcoran singled, but Rob-inson flew out to Woods.

Philadelphia scored its fourth run in the sixth on singles by Farrar and Sanders and Griffin's sacrifice. In the seventh they secured their fifth and last run on a base on balls, a single and errors by Visner and Corcoran. Pittsburg made only one hit in the same inning, but tailed two runs, Farrar's error being re-sponsible for both. In the eighth Carroll scored on a single and Beckley's double. At-tendance 1,195. ANOTHER DEFEAT.

Sunday Knocked the Ball Over the Fence, but Could Not Save the Day-Scores of Other League Games.

SPECIAL TELEGRAM TO THE DISPATCH.) Boston, July 7.—The "Millerites," as Bosfeated by the Beansatera. They were badly de-feated by the Beansatera. They were out-played at every point. Clarkson did not get settled until the third inning and after that only three hits were made by the visitors, one only three hits were made by the visitors, one being a rattling home run by Sunday in the eighth inning. The ball went high over the right field fence and was as long as any hit ever made on the grounds. In the ninth inning two bases on balls and a fumble by Long filled the bases when only one was out. Then Kelty came to the rescue with a long fly to center and Rost scored. Clarkson was again wild and again filled the bases. Sunday was cheered when he came to bat, but his home run supply was exhausted and could only respond with a sharp drive to Long, who handled it superbly. The score:

A PITCHER SUSPENDED. Green, of the Athletics, Laid Off for Losing

PETECIAL TELEGRAN TO THE DISPATOR. PHILADELPHIA, July 7 .- Much to his sur rise Pitcher Green, of the Athletics, was sur pended without pay indefinitely by President Pennypacker to-day. The reason assigned was the loss of Saturday's game to Columbus. Green had relieved Seward the day before, and

Green had relieved Seward the day before, and it was owing to his effectiveness that the Athleacs won the game. On Saturday, however, in the fourth inning the visitors bunched his enough to send in seven runs, and for this he is suspended.

Green had been placed on the card to go with the team when it left the city last night, but after Saturday's game Manager Sharsig ordered him to stay at home and report at the office. When he did report President Pennypacker paid him the salary due him and suspended him indefinitely. Then, Green says, he asked for his release, because other clubs wanted his services and he could not afford to remain idle. It is on the advice of counsel Green has asked for his release, and unless it is given him he may jump his contract. Should he then be placed on the black list a suit for damages will be instituted against the club. The parties interested are to have a conference to-morrow and matters may be adjusted.

Goed Sport Promised for the Levers of Lawn Tennis.

The annual tournament to be given by the Pittsburg Lawn Tennis Club promises to be a grand success. Last year there were 25 entries, including some of the best players in the State. It is expected that this year's entry list will be larger than that of last. The tourney lasts four days, beginning on July 16 and closing on the 19th. The club has seven courts—all clay—on their grounds and they are said to be the finest in the State. The contests are to be heat three in five sets.

Mr. Cristy, of Sewickley, won the Grogan challenge cup last season and must win it three times in succession before he owns it. This year he will be compelled to play the winner of the tournament on the last day. There are some players entered who will give him a tight race to win. Mr. Brooks, of Sowickley, is one of the entries. He was second to Cristy last season and is a fine player. Messrs. Costor, of Sewickley, and Morchead, of the Pittsburg club, are both considered probable winners, and others will foilow them close up. The tournament promises to be interesting and will draw large crowds of the admirers of the game. The lack of interest in baseball this season has brought out more tennis players than have appeared for many seasons. It is an exceedingly popular sport, perhaps because the ladies can also induige in the pastime.

ALVIN JOSLYN'S THEATER. The Projector in Town Soliciting Bids for

the Work.

Charles L. Davis, better known as "Alvin Joslyn," and who intends to erect a theater in this city unlike anything in the world, arrived

in this city unlike anything in the world, arrived in town yesterday morning and put in the day attending to some of the details of the plans for his place of amusement. The plans are now on exhibition at Straub & Morris' office, and Mr. Davis is soliciting bids and estimates from contractors and builders. The plans were prepared by Reed Brox, of Evansville and San Francisco, and are originial in every respect. Among other things the theater will have 70 exits, something unheard of before.

As has been stated before in Thie Disparch, the theater will be located on Sixth street. The main entrance will be at No. 11, that thoroughfare, and the ground to be covered by the house will be 100 by 240 feet. The entrance will be 20 feet wide and the theater will be on the most extensive scale.

Mr. Davis will leave for New York this evening, and will return to Pittsburg within ten days, when it is expected the bids will be closed. Work on the building snow occupying the ground expire. This will be April I. The work will be pushed day and night, and it is expected the house will be ready for the opening in the fall. Only first-class attractions will be booked for the house, the intention being to make it a first-class legitimate theater.

GETTING READY FOR ANOTHER YEAR

Mayor Gourley Has \$744 50 for the Next Independence Day Celebration. Mayor Gourley received a letter yesterday from Mr. C. L. Magee, written just before Mr. Magee left the city for the east, subscribing mater replied: "I owe it to the party which has named me as its candidate to make an honest battle for success. While I have not the slightest fear regarding the outcome yet I will labor earnestly and zealously in order that my appreciation of the honor given me may be plainly shown."

Shortly after candidate Delamater's arrival, William H. Andrews, Chairman of the Republican State Committee, put in an thought the same fitting manner as the national holiday was celebrated last Friday. Mr. Magee's intention had been to furnish whatever amount was necessary to supply the deficit of this year's celebration, but when he found that there was plenty and a balance, he gave an earnest of his kind intentions by his \$500 contribution, which he modestly requested be kept-secret, a request which the Mayor respected, but which leaked out from another quarter.

spected, but which reaced the state of the quarter.

The Mayor's figures show that \$2,004 were collected for the celebration of last Friday, of which there is a balance of \$244.50, which is to be deposited for the celebration of next year. There is thus a fund of \$744.50 now on hand for the celebration of July 4, 1891.

Governor Nicholls Vetoes the Bill Bestowing a New Charter

ON THE LOUISIANA CORPORATION.

He Indignantly Denies That the State is Poverty Stricken, and Says

THE GRANT WOULD CAUSE TROUBLE

BATON ROUGE, July 7 .- Governor Nicholls this afternoon returned to the House the lottery bill without his approval. The fellowing is his veto: To the Honorable, the Speaker, and Members o

the House of Representatives:

GENTLEMEN—I have had under consideration a bill, which originated in the House of Representatives into an act providing for the submission to the electors of the State for adoption or rejection, an amendment to the Constitution of the State by inserting therein an article on levees, schools, charities, pensions, drainage, lotteries and general fund, which I return to your houseable holy without my ap-

drainage, lotteries and general fund, which I return to your honorable body without my approval and signature, and with the following as my objection thereto:

In the message which I submitted to the General Assembly at the opening of the general session I referred at some length to a measure which I felt astisfied would be placed before it for consideration—an attempt on the part of the lottery company to extend or renew its charter. I assigned various reasons why a proposition looking to the realization, in any shape, of a lottery should be instantly rejected, and why a legalization at the time and in the manner and form in which it would undoubtedly be sought to be brought before it would be fraught with dauger and disaster.

A WARNING TO THE PROPLE. A WARNING TO THE PEOPLE. I warned the General Assembly as to what,

in my opinion, would be the inevitable result of such legalization, not only upon the material

of such legalization, not only upon the material welfare and prosperity of our people, but upon their social and political condition, and not only upon the honor and good name, but upon the peace of the state.

It becomes my duty to urge by way of executive objection what I have hitherto urged under act No. 71 of the Constitution by way of executive counsel. Taking up that portion of my message alluded to which shad reference to the lottery question generally. I make it part of this, my present message, and the reasons therein brought forward against a favorable consideration of any lottery proposition are therein brought forward against a favorable consideration of any lottery proposition are now presented as direct objections made by me to the bill presented to me.

My views as heretofore expressed not only remain unchanged but my conviction has deepened and strengthened during the session of the General Assembly. If injthe discussion of this lottery question in my first message, I failed to do so in connection with the financial condition of the State, it is because, in my opinion, in point of fact, there was no occasion for so doing. The persistent efforts which have been made to present Louisiana as a pauper, unable by and through her own legitimate resources to sustain and carry out the duties of her statehood, are

UTTERLY WITHOUT FOUNDATION. The reports of the Treasurer and Auditor of the State show this. The reports of the Board of State Engineers show this. The reports of the Board of Administrators of the various charitable and educational and other public incharitable and educational and other public institutions, and those of the various committees of this very General Assembly sent to examine into the situation and condition of these institutions all show. The State, and the different parishes of this State, were never since the late war in better condition than they are to-day, moving forward to an era of assured prosperity.

day, moving forward to an era of assured properity.

Suddonly the dark shadow of a deep disgrace is thrown across their path, and the honor of Louisians, maintained in the past on the field and in the council by the patriotism and the vator and sacrifices of her sons, living and dead, is to be tarnished forever, her position among her sister States to be tested, not by what she has been—exalted and justly proud—but in the dust, as the degenerate partner in a gambling corporation designed, organized and to be carried out, not for her good or her advancement, but as I have before said, for the personal and selfish interests of a handful of men, many of them connected with the darkest days of the reconstruction period. I repeat, it is for them and to them we are selling out our birthright for a mess of pottage. Who are the six unnamed men who are to join with a serventh and

are the six unnamed men who are to join with a seventh and known one to constitute the new lottery company? How comes it that we are not informed as to their identity and enabled to know their antecedents and fix their records? There is a world of meaning in that silence. In the most trifling affairs of lite men seek to know with whom they deal. How comes it that in a matter of this importance the General Assembly has been willing up to now to close its eyes and move blindly in the dark? STRIFE WOULD FOLLOW.

I call upon it to pause before it takes, finally that step and plunges this State into untold trouble. Is there nothing significant in the vote by which this bill has passed? The exact two-thirds vote in each House, and nothing deeply significant. Is not the future shadowed? To me it most certainly is. I say to this General Assombly, in all earnestness that, should this measure be passed, we will enter upon a period of strife, such as has never been seen before in Louisiana, and should this contemplated corruption ever be formed upon an era of corporation and degradation, beside which the era of reconstruction will appear as one of honor and happiness. And let me say to you that should this measure be adopted and carried out, in my opinion, no good will ever come of the money which we will receive as the price of our honor and our liberty. Extravagance, profligacy and corruption will assuredly follow the receipt as night follows day. I feel thoroughly satisfied that the effect of the adoption of the measure will be that, while the 6-mill tax would be kept up, there, will be an immediate falling off in the legislative appropriations for charitable and other purposes for which this money will have been directed to be applied, and a wondrous corresponding increase of the application of the general fund to the payment of the laterest bearing debt.

NO BENEFIT TO ACCRUE.

NO BENEFIT TO ACCRUE. I believe that, at the end of 25 years, we will not only find constitutional bonds outstanding to the utmost limit of the funding law, but I believe there will be an additional immense inbelieve there will be an additional immense in-terest-bearing debt, which by that time will have been acknowledged and provided for as to interest but not as to capital, and that in those 25 years a vast amount of interest will have been paid out unnecessarily, improperly and illegally. In whose hands those interest-bearing bonds will be found, time will de-velon.

and illegally. In whose hands those interestbearing bonds will be found, time will develop.

At the end of 25 years there will be the same
claim of poverty of Louisiana, and the same
claim on its behalf for the continued existence
of the lottery. So far as a claim for the necessity of the present measure is sought to be
predicated upon the assumed condition of the
poverty of Louisiana, I, as its Governor, pronounce is totally without justification or
warrant. Some other motive for this
measure must be found than that her people
are unable to honorably carry out the
duties of statehood. Knowing this measure
as I do—one dishonoring and degrading Louisiana—it has met, as it will continue to meet, my
most determined opposition.

At no time, and under no circumstances, will
I permit one of my hands to aid in disregarding what the other was lost in seeking to uphold—
the honor of my native State. Were I to affix
my signature to the bill, I would, indeed, be
ashamed to let my left hand know what my
right hand had done.

I place the honor of the State above money,
and in expressing that sentiment I sincerely
voice that of thousands of brave and true men,
of good and devout women of the State.

Very respectfully,

Francis T. Nicholles,
Gover nor of Louisiana.

Mr. Shannick introduced a resolution
that, inasmuch as there was some question

that, inasmuch as there was some question as to the constitutional right of the Governo to veto the amendments, further considera-tion of the question be made the special order of the day for 2 o'clock Tuesday, July

Mining Engineers Petitions the City Water Committee.

At last night's meeting of the Allegheny City Water Committee, A. B. Smith was awarded the contract for building the foundation for the proposed automatic fountain in the First ward square. His bid was \$50. Henry Dauch & Co. were awarded the contract for drilling and casing the artesian well which is to supply the casing the artesian well which is to supply the water for the automatic fountain. Their bid is 90 cents per foot for the work.

Messrs. Groetzinger. Emrich. Buente and the Superintendent of the Water Works were appointed to consider the matter of participating in the semi-centennial celebration.

Messrs. Cochrane. Staton and McGeary were appointed to consider plans for the new Howard street pumping station.

The Superintendent of the Water Works was instructed to lay a water main on Grant avenue from South svenue as far toward the bridge as necessary.

Petitions were received for water mains on the following streets: Norwood and Leland avenues, Tenth ward; High and Humboldt streets to Lager street, Seventh ward; Beaver avenue, Fifth ward; Point and Prospect streets, Thirteenth ward, Swesny alley. The petitions were referred to the proper sub-committee.

A petition was received from Samuel Harris, a mining engineer, who wanted the contract of digging four large wells near the city to get a supply of pure water for household purposes. He recently dag a well 18 feet in diameter and 30 feet deep at the Lucy furnace, and 3,000,000 callons of pure water are furnished from it daily. His proposal was referred to the sub-committee on new works.

ELECTRIC ROAD ON IRWIN AVENUE. Allegheny Rallroad Committee Approves the

Pleasant Valley Ordinance. A supplementary ordinance of the Federal Street and Pieasant Valley Railway was con-sidered at last night's meeting of the Allegheny Street Railway Committee. The company asked the right to construct a branch beginning at the intersection of Taylor and Irwin avenues, and thonce run along Irwin to North avenue and to Monterey street, and there connect with and to Monterey street, and there connect with
the present tracks of the company. In consideration of the franchise the company agreed to
pave the entire width of Irwin avenue with
cobble stone and lay Belgian block between the
tracks, and also to abandon one track on Monterey street. At President Hunter's suggestion
they also agreed to keep the streets clean over
which the cars run, and the ordinance was
adopted entire.

There was another ordinance of the North
Allegheny Street Railway Company, asking the
right to build a cable or electric motor line
from the end of the Observatory Hill line, on
the Perrysville road to the city line at Ross
township. The ordinance called for a 3-cent
fare between 5 o'clock in the morning and midnight, and 5 cents fare between midnight and
5 o'clock. Messrs Bader, Neeb and Mueblbroner were appointed to inquire into the
matter.
