# DOUBLED ITS SHARES

The Westinghouse Electric and Manufacturing Co. Increases Its Stock to \$10,000,000.

NOT A DISSENTING VOTE WAS CAST.

A Long Statement Showing the Financial Condition and Giving the Reasons for the Addition.

GROWTH OF THE BUSINESS REQUIRED IT.

A Surplus of \$1,961,966 on Hand With Big Profits in the Eailway Department,

Two electric meetings were held in the Westinghouse building yesterday. The stockholders of the Westinghouse Electric stockholders of the Westinghouse Electric
Company unanimously passed the resolution
authorizing the transfer of the stock from the
Electric company, Lini. 1.449,422 to
Charters, franchises, etc... 83,751 16 tric and Manufacturing Company. There were 100,000 shares all told transferred. Immediately afterward the same stockholders, who also compose the latter company, who also compose the latter company, who also compose the latter company, who also compose the latter company to the Westinghouse Error of the same stockholders, who also compose the latter company to the Westinghouse Error of the same stockholders, who also compose the latter company to the Westinghouse Error of the same stockholders, who also compose the latter company to the Westinghouse Error of the Strong former company to the Westinghouse Eleccapital stock from \$5,000,000 to \$10,000,000. It was expected by some that considerable opposition would be offered to the proposed increase, but after Mr. Westinghouse had finished his statement giving his reasons for it and the financial condition of the company, there was not a sigh or a kick, but the increase was voted for at once and the agony was over.

### HELPED IT ALONG.

George Westinghouse, Jr., will take \$1,250,000 of the stock himself, and his action probably had much to do to reassure any wavering shareholder.
The stock will be issued in this manner:

The stock will be issued in this manner:
It is proposed to issue to each stockholder of
record on this date an assignable right to subscribe on or before August 1, 1890, for one-half
share of stock for each share now standing in
his name on the books of the company, at \$40
per share, this price being determined by a distribution or an allowance from the surpius
earnings. Of this price one-quarter will be
payable on August 1, one-quarter September 1,
one-quarter October 1 and one-quarter Nowember 1. The board believe it to be to the
pecuniary interest of each stockholder to subpecuniary interest of each stockholder to subscribe for his amount of stock, and thereby aid in increasing the earning capacity of the There were about 60 stockholders at the

meeting, but all interested in the company were represented. Before the resolution was passed Mr. George Westinghouse read the fol-lowing flattering financial statement: A FLATTERING STATEMENT.

"PITTSBURG, July 8, 1890.
"To the Stockholders of the Westinghouse Electrie and Manufacturing Company.
"GENTLEMEN-This company has now achouse Electric Company, and by an action of a meeting of the stockholders of that company held July 7, 1890, has succeeded to its property

sale of continuous current apparatus for incan-descent lighting in 1886, which apparatus, how-during the month was 8,289, and ever, could be commercially successful only for isolated lighting and central stations with in moderate limits. Its capital was fixed at inflicted. The decrease of the excellment from

system commercially practicable, and it thus entered a field entirely its own.

· FORTIFIED ITSELP. To protect its business and successfully de fend itself in any litigation that might be forced upon it by its competitors, the company found it desirable to fortify its patent position, and to that end acquired the control of the Consolidated Electric Lighting Company and the United States Electric Lighting Company, both of New York. The Consolidated company was the successor of the Electro-Dynamic Light Company of New York, the first company or ganized in the United States for the manufacture and sale of electric incandescent lamps, and the owner of a large number of patents of date prior to those upon which rival companies were depending. The company purchased nearly one-half of the capital stock of the Consolidated company and subsequently leased it solidated company and subsequently leased it at a rental equal to 5 per cent per annum on its

solidated company and states equally resear it at a rental equal to 6 per cent per annum on its capital of \$2.50,000.

"The United States Company was organized in 1878, a few weeks after the Electro-Dynamic Company, and was the successor of the oldest company in the United States for the manufacture of electric power apparatus, and also owned a large number of early patents covering every necessary detail of lighting and power plants. The company purchased \$790,000 of a total of \$1,500,000 capital stock of the United States Company, and leased its patents and business at a rental which will ultimately equal 6 per cent per annum on its capital stock. In addition to their patents, these two companies had large and flourishing businesses and manufacturing plants, which were also acquired by the leases.

## ITS PRESENT POWER.

"These purchases have greatly increased the standing and influence of the company, which now owns and controls 632 patents relating to electric lighting and power, and bas now pend ing over 200 applications for patents for invertions necessary or desirable to the manufacture and operations of the latest improved forms of

apparatus.
"The success of the company is best illus-

"The success of the company is best filustrated by the report of 1888, already submitted, during which year the sale of the company and its leased companies amounted to \$4,382,415-22, yielding a net profit of \$729,807-87, after paying very heavy extraordinary charges incident to a new business of this character.

"No branch of the electric business yields such large profits as the railway business, and the company has already entered this field. It has assured to itself the necessary patent protection to enable it to carry on the manufacture and sale of such appliances, and during the last three years has given close attention to the details of this class of apparatus; but it has refrained from selling the same until it could supply its customers with efficient and reliable equipments. The experience of users with the defective apparatus heretofore rushed out by other companies fully justifies the wisdom of the cumpany's action in this respect.

SOME RECENT ORDERS. SOME RECENT ORDERS.

"To-day the company is in receipt of orders and inquiries from all parts of the country, and has actually completed contracts for the equipment of 17 railways, aggregating \$30,000, these orders having been received dur-\$80,000, these orders having been received during the last 60 days. The volume of business offering to the company in this line indicates that its total output from the lst of July this year to the lst of July 1891, may be doubled by the provision of adequate capital for carrying on this increased business, and with more than a corresponding increase in the returns. To enable the management to reap the greatest profit, the company should be placed in a position by its stockholders to do its business on a cash basis, and it should have available sufficient capital to take advantage of all

on a cash basis, and it should have available sufficient capital to take advantage of all profitable business offered to it.

The necessity for a large capital for a general electric business has been shown by the action of its two competitors; the Thomson-Houston Company having authority to issue \$15,000,000, of which \$11,500,000 have already been sold; while the Edison General Company has an issued capital of \$12,000,000, which, according to its report to the Listing Committee of the New York Stock Exchange, is still insufficient to carry on an extended business.

THE INCREASE RECOMMENDED. "The Board of Directors are of the opinion that a total increase in the capital stock of not less than \$5,000,000 should now be authorized, in order to provide for the future requirements of the Company; \$3,000,000 of which may be

of the Company; \$3,000,000 of which may be issued by the directors from time to time as in their judgment may be deemed bost, and the issue of the remaining \$2,000,000 to be subject to the approval of a special meeting of the stockholders called for that purpose.

"The board believed that great profit would accrue to the company by securing foreign patents on the more important of the inventions exploited by it in this country. This policy resulted in an order from the Metropolitan Electric Supply Company, Lim., of London, for a central station of 16,000 lights capacity, which has since been increased to 5,500. The station is now in operation with entire satisfaction, and is the most complete and perfect central station in Europe. A company known as the Westinghouse Electric Light Company, Lim., has been organized in London to operate these natents, and this company has received in payment for

the patents and the money expended in the development of that business £301,000 of the stock of that company, which is the controlling interest. The English company has recently received orders for other plants, and is in negotiation for others of a very extensive character, with every prospect of success.

ITS PROSPECTS ABROAD. "Indeed, the business abroad bids fair to reach proportions equal to, if not greater, than those of the parent company, and to be a source of great profit to it. The majority of the board of the Westinghouse Electric Com-pany, Limited, are also members of the board pany. Limited, are also members of the board of the Westinghouse Brake Company. Limited, of Loudon, and the business is being conducted on the same lines which rendered the latter company so successful. Its operations are under the supervision and direction of Mr. H. M. Byllesby, the vice president of the company, who is its managing director, and is now in England giving it his personal attention."

The following is a statement showing the financial condition of the company on June 1 of this year:

monthly meeting of the Board of Education. It showed all the schools, with their 39 male and 579 female teachers, in operation. The enrollment in the primary department was plaint in this vicinity, I was attacked with quired the outstanding shares of the Westing- 20,631; average attendance, 17,569. Grammar department, enrollment, 3,426; average attendance, 3,126. High School, enrollment, 588; average attendance, 562. Total "That company began the manufacture and enrollment, 24,645; total average attendance, in moderate limits. Its capital was fixed at \$5,000,000, with the expectation that that amount would meet the requirements of the business.

"For the purpose of supplying apparatus for the distribution of electric light and power from central stations over large areas, it took up the alternating current system in 1886, up to which time none of the companies engaged in the bus-

the month were \$33,738 78.

The principal of the High School reported an enrollment of 588; average attendance, 562; percentage, \$46. He also recommended some changes in the arrangements of the furniture in the High School. His recommendations were referred to the High School Committee.

The Committee on Finance made the following report: Baiance of appropriation on hand, June 10, 1890, 255,108 88; salaries of teachers, \$56,315 85; salaries of officers, \$558 22; salary of janitor, \$155; miscellaneous expenses, \$1,708 81; total expenditures during the month, \$28,738 38; halance on hand, \$212,277 10. Deposited at the biamond National Bank, \$12,387 13. The Committee recommended the payment of bills amounting to \$162. The bills were ordered paid.

paid.
The Committee on High School recommender The Committee on High School recommended the payment of bills to the amount of \$3,165 31. Among other items were: \$2,500 to H. L. Kreusler, for improvements at the High School; \$100 to R. M. Gulick & Co., for rent of the Bijou Theater for commencement exercises, and \$78 rent of janitor's house. The contract for putting the heating apparatus into the addition to the school was awarded to Kelly & Jones for \$933. The committee recommended the re-election of T. J. Little, janitor of the High School, at a salary of \$1,500, and tof Margaret Smith, janitress of the Miller Street School, at a salary of \$20 per year, together with the entire faculty of the school. The recommendations were voted on and the presrecommendations were voted on and the pre-ent janitors and faculty were unanimously re-

ent janitors and faculty were unanimously reelected.

The Music Committee recommended the reelection of E. E. Rinehart as one of the music
supervisors for next year, and submitted the
names of R. M. McCargo, incumbent, Theodore Carmichael, Meth. Lewis and Morris
Stevens for the other place. Secretary Reisfar
cast the unanimous vote for the re-election of
Prof. Rinehart. The first ballot on the others
stood, McCargo, 16; Carmichael, 3; Lewis, 8;
Stevens, 3. It takes a two-thirds vote to elect,
and eight ballots were taken without result.
Carmichael and Stevens were virtually dronped
after the first ballot. When the result of the
eighth ballot—McCargo, 15; Lewis, 16—was an
nounced, it was decided to postpone the election until the next meeting.

The Committee on Printing recommonded to notineed, it was declared to postpone the elec-tron until the next meeting.

The Committee on Printing recommended the payment of bills amounting to \$330 fb. The largest item was \$317.30 for printing the Super-intendent's reports for 1888-90. The bills were ordered paid.

The Committee on Industrial Schools recom-The Committee on Industrial Schools recommended the payment of \$29.93 in bills and the re-election of Charlotte Balleau, teacher of the industrial training school. Both recommendations were favorably acted on, Miss Balleau being elected unanimously.

The Committee on Examinations for Admission to the High School reported that examinations had been held on June 22, 24 and 25. Four hundred and forty applicants passed, 50 failed, 25 are entitled to re-examination and 9 did not complete the examination. Diplomas were ordered to be purchased for the successful candidates.

## PLEASED WITH THE CHANGE.

Wilkinsburg People Proud of Their New Posteffice and Its Trimmings. The new Wilkinsburg Postoffice, on Wood Street, was opened yesterday morning. In spite of the fact that there was considerable spite of the fact that there was considerable opposition to its removal from Penn avenue, when it was first proposed, some months ago, the whole borough seemed pleased with the new arrangement, yesterday. The new office is a roomy, bright apartment. Its well furnished with all the requisites for a bustling community. The letter boxes are of oak, with brass triumings, and, with the rest of the furniture, all are new.

In fact, there is an air of newness about the whole establishment that extends eren to the Postmaster, for he was new about three months

hole establishment that extends even to the ostmaster, for he was new about three months

An Improvement Long Wanted. The new vitrified paving for Penn avenue, The new vitrined paying for Penn avenue, between the Pennsylvania Railroad tracks and Swissvale avenue, is being put down rapidly. This is an improvement that Wilkinsburg has pined for ever since farmers have had to traverse the old thoroughfare. When Penu avenue is paved the people on Wood street hope to see their street paved. There has been considerable talk about it, but it has not yet taken tangible form. vet taken tangible form

He Knows What He is Writing About. Mr. R. McLeod, druggist, Hemingford, Neb., says: "I keep in stock a great variety of cures for diarrhea and cholera morbus, but from a personal trial of Chamberlain's Colic Cholera and Diarrhea Remedy, regard it as the best of any medicine in the market, for diarrhea and all bowel complaints. It saved the life of our banker here," wsu

One Thousand Dollars Forfeit if I fail to prove Floraplexion the best medicine for liver complaint, dyspep-sia, nervous debility, biliousness, consump-tion. It cures where all other remedies fail. Ask your druggist for it. Sample bottle sent free. FRANKLIN HART, New York.

An Epidemic of Bloody Flux in Scioto

County, Ohio. In the summer of 1888, bloody flux was epidemic in Scioto county, Ohio. Whole families died from it. In August, 1889, it broke out again and caused some 10 or 15 deaths, but a new remedy was then introduced, hitherto unknown in that county, which effectually checked its ravages. The following letters explain the nature of the

OTWAY, Scioto County, Ohio, Sept. 24, 1889.
Chamberlain & Co., Des Moines, lowa.
GENTLEMEN—I tried Chamberlain's
Colic, Cholera and Diarrhea Remedy on
CEIVED UP TO 9 P. M. FOR INSERTION. my son in a very bad case of bloody flux, during the epidemic of that disease in this county, in the summer of 1888, and it performed a wonderful cure. He had been bad for about a week, having from six to ten formed a wonderful cure. He had been bad for about a week, having from six to ten operations of the bowels hourly. Atter taking the first dose of this medicine he did N. STUKELY, Fifth Avenue Market House. not have an operation for about four hours, and after taking it a few days was well. It J. W. WALLACE, 6121 Penn avenue. was a surprising cure. Since then it has cured my wife and my little girl; also Annie Kennedy, S. Riley, G. W. Riley, Chas. Tumbleson, Jr., and others. I think it is the best medicine for bloody flux on record, and had it been here a year ago a thousand bottles could have been sold and many lives MADISON MUSTARD.

More Explicit .- Had I known that you desired to publish my letter of the 24th inst. as a testimonial to the virtues of Cham-berlain's Colic, Cholera and Diarrhea Remedy I would have been more explicit. I was the first person in this vicinity to try the Remedy. My son had been very bad with bloody flux for about one week and was getting worse very fast. All of the remedies for flux that I knew anything about had been tried on him and failed to benefit him. I was just starting for the best known flux doctor at Rarden, when I heard of this medicine. I got a bottle and tried it as I wrote you. My son was in a very precarious condition, having a very high fever and an awful soreness of the abdomen, and, as I said in my letter of the 24th inst., from six to ten operations of the bowels hourly. The first dose gave four hours' relief, the second and third about the same. After giving three doses of the medicine, we gave a dose of castor oil, as you direct, which operated in fifteen minutes. As soon as the castor oil operated we gave the Remedy again. The castor oil operated at just nine o'clock at night and he went to bed at once and slept until after daylight the next morning and, you may say, was cured. It appeared in all the cases of bloody flux in which Chamberlain's Colic, Cholera and Diarrhea Remedy was tried that the patient found no relief from the awful soreness of the bowels until after taking the easter oil. All that I have known to use the Remedy have found about the same cure that I did. There was no failure, as I know of its curing others in the neighbor-hood. As I told you in my former letter, the Remedy cured my wife and little girl of flux. They were just taking it in a very violent form, but one dose gave relief for nine bours, and three doses and one dose of

did it. Yours truly, Madison Mustard. Ot-way, Scioto county, O., Sept. 30, 1889. A COMPLETE CURE.—About August 15, severe cramping pains in the stomach and bowels, followed by an unnatural discharge at intervals of about 20 minutes. The stool consisted of mucus mixed with blood. After other medicines had failed I tried Chamberlain's Colic, Cholera and Diarrhea Remedy, which effected a complete cure. Moses A. Thompson, Henley, Scioto county, O.

Mr. Thompson's disease was dysentery in a severe form. It is commonly called bloody flux when the discharges are bloody. C. & Co. CURED BY THREE DOSES .- I take great

ing the month
Secretary Charles Reisfar, Jr., of the Central
Board, reported that the expenditures during the month were \$3,738.78. epidemic in this county last August my little boy, aged 3 years, was taken with bloody flux in a severe form. When my wife commenced giving Chamberlain's Colic, Cholera and Diarrhea remedy the discharges were bloody and unnatural. A ter the first dose was given he began to get better and the stool became more natural. Three doses completely cured him. I cannot speak too highly of the medicine. William Glenn Otway, Scioto county. O.

DIARRHEA CURED BY TWO DOSES used Chamberlain's Colic, Cholera and Diarrhea Remedy for a bad attack of diarrhea last summer and was completely cured by two doses. I do not know of a single instance where this Remedy was used during the epidemic of flux and diarrhea in this place last summer but what it gave perfect satisfaction. In many instances other medicines had tailed to do any good when they began to use this Remedy. It is certain! a sure cure for diarrhea and bloody flux. J. C. B. Oskin, Otway, Scioto coun

A SURE CURE FOR DIARRHEA .- Last Sunday I was suffering with a severe attack of diarrhea, which had been troubling me for four days. I used two doses of Chamber lain's Colic, Cholera and Diarrhea Reme dy, which promptly cured me. I consider a sure cure for diarrhea and flux. J. G. Hazelbakoe, J. P., Otway, Sciote county, O.

THE GREATEST BENEFIT,-Myself, my wife and a lady living with us used Chambe lain's Colic, Cholera and Diarrhea Remedy for bloody flux during the epidemic of that disease in this vicinity, and received the greatest benefit. You may say that after the first dose was taken they were virtually cured. But after taking three doses of the medicine we each took a dose of castor oil, and when that operated it relieved the sore ness of the abdomen and effected a complete cure. Mr. Madison Mustard gave us the medicine. G. W. Riley, Otway, Scioto county, O.

A GREAT SUCCESS.-Chamberlain's Colie Cholera and Diarrhea Remedy has proved a great success here. The disease is dysen-tery. They are first taken with severe pains and running off of the bowels, then bloody discharges; in some cases a great excess of blood, but no vomiting. I know of from 10 to 15 deaths this summer, but not so many this year as last. G. H. Davis, Postmaster Otway, Scioto county, O.
