It was thought that the conference beld to-day by the committee representing the men and Assistant General Manager Pierce would result in the company signing the scale, but it has not, and at this writing it looks as though it is a stand-off. The committee and Mr. Pierce were closeted three hours this morning, after which they conferred with the men this afternoon and the result was to hold out for the scale and meet again on Saturday next. This conclusion of the men was made known to Mr. Pierce by the committee at 6 o'clock. The company would sign the scale of the portions pertaining to mail mills, bar mills, etc., which do not compose any portion of the National Holling Mills were stricken out so as to make it apply only to puddlers, heaters and rollers. This does not meet with the emergency, as the Amaigamated men say the scale must not be changed. It must be signed and accepted as it is. The company is also willing to make the same agreement under which the men worked last year, which is an agreement to pay Amaigamated scale prices, but the men worked last year, which is an agreement work in the mell. The committee on returning from their visit to Mr. Pierce this afternoon called a meeting of the meeting is called for is unknown, as the committe gives nothing out. It makes its reports privately to the men after it calls the meetings. It is though the company has made another proposition, and the commany has made another proposition. mechanism of man, and when it is out of order the whole system becomes deranged and fever, dyspepsia, suck headache, constipation, jaun-dice, billous colic, kidney disease and general debility ensue. To restore the normal func-tions of the liver and impart that beauty which always attends a healthy constitution, Dr.Tut's Liver Pills are recommended. They are de-signed solely for the disordered liver and the diseases which it produces. They are not a cure-all, but in the cases mentioned they rarely ever fail to effect a cure.

the past lew days. The first case is that of

Miss M. L. Richards, of Granby, who has

had to walk with the aid of crutches since

she was 8 years old. She made a previou

visit to the shrine below Quebec without

result. On the occasion of the last pilgrim-

made a vow of religious obedience for life

and at once began to feel better. After washing in the water of the spring she

completely recovered the strength of her limbs; and after leaving her crutches in the

sanctuary, in testimony of her recovery, she

walked back to the boat. Another is that of Miss Louise Leblanc,

of L'Epiphanie, who attended the pil-grimage of the parish of Joillette, leaving

her home a cripple and returning apparently quite well and cured. The Rev. Mr. Primeau, cure of Boucherville, vouches for the miraculous cure of an old man of St.

Cyprian. This old man, who is over 50 years old, was paralyzed in his limbs. At

his own request he went on a pilgrimage to Ste. Anne's shrine, requiring to be carried from the wharf to the church by two men.

Immediately after receiving the holy com-munion he felt better, and by the time the
