AMUSEMENTS.

Every afternoon and evening. INIGO TYRRELL in HIS NATURAL LIFE.

Week July 14, Inigo Tyrrell in Tempest jv8.96-TTS

OFFICIAL-PITTSBURG.

NOTICES.

SATURDAY, JULY 12, 1890, AT 5 P. M.

He said that as no one seemed to take a local interest in the matter he felt it his duty to dod so. There were several com-paules holding franchises on streets in the city which they had been holding for years, had never used and never intended to, using them simply to keep out competition. He thought the Bouthside street rallroad ordi-nances were to be used for the same purpose, and he offered his amondment to prewent it.

running thereaster too ever daily

A LITTLE BARCANN.

Mr. Donley very sarcastically said he felt gratified to the Lawrencoville member for his kindly interest in the affairs of the Southside, and intimated that perhaps Mr. O'Dounell had some interest in the opposition line that he was so solicitous about the new competitor.

A vote on the amendment resulted in its defeat, and Mr. O'Donnell's call for the yeas and nays was not sustained. The ordi-nance was then passed, Mr. O'Donnell being the only negative voter. Another effort to amend was made when

the Bingham Street Railway ordinance was taken up, Mr. O'Donnell claiming that the ordinance was made subject to a general or dinance governing street railways which did not mean anything and did not bind the railway companies at all. His amendments were again overwhelmingly defeated, and the ordinance passed. When the Bradford and South Ninth

Street Railway ordinance was under consideration Mr. Brewster moved to amend by making its place of beginning on Fred erick instead of Bradford street, as if it begun on Bradford it would interfere with the new incline plane that is just about completed on that street.

A MATTER OF NECESSITY.

Mr. Marce said that if the line becun at Frederick street it could not get under the new incline. It would not interfere with the meline on Bradford street, but if the amendment was adopted it would prevent a complete connection of a fine system of street railways, calculated to benefit every portion of the Southside, while it would give no advantage over the original ordinance. The amendment was deteated, and on the roll call the ordinance was passed by a vote of 33 to 4, Messra, Brewster, Janett, O'Donnell and Russel voting negatively. The ordinances for the Greenfield Avenue Street Bailway Company, the Jane Street Bailway Company, and the Southside Bridge Company were passed finally, Mr. O'Donnell only voting negatively on each

one. The report of the Board of Awards was approved. The award of the contract for paving Hazelwood avenue with asphalt was first, upon motion of Mr. Ertzman, returned to the Board of Awards, but by a later vote, the motion was reconsidered on Mr. Magee's motion, and the contract was approved. Mr. Ertzman had said the residents along the street wanted it paved with firebrick, but Mr. Magee argued that it was residence street, upon which no heavy auling was done, and that asphalt would be the best adapted to it. The gentlemen in the Board of Awards knew this when awarding the contract and acted accordingly.

FOR POLICE JANITORS.

A resolution authorizing Chief J. O. Brown to employ jazitors for the police stations at \$00 per month instead of paying patrolmen \$75 per month for the services,

The vote by which the ordinance for The vote of which the ordinance for a newer on Baum street from Woodworth to Cyprens street was passed was reconsidered. Ordinances passed were as follows: Es-tablishing width of sidewalks on Elba, Junilla and John streets at 14 feet; sewers on Tioga street and McKer Place; grading, paving and curbing Cliff street; sewer on Rusquehanna, Albion and Tioga streets, Homewood avenue and private properties; dedicating Rutledge street; locating Buck-ley alley; establishing the grades of Stanwiz and Marchand streets and Virginia avenue.
