INFECUAL TELEGRAM TO THE DISPATCH. BOSTON, July 11 .- Again did Captain Hanlon's braves bite the dust by a score but one point removed from that of yesterday. But it was a much better game than ther had yet put up against the Beaneaters. Both sides batted freely and were evenly matched in that respect. But the Bostons made their hits count more than did the Pittsburgs, and the latter made errors just when they could help the Bostons. Beckley, Fields and Corcoran did some effective batting for their side, and Stovey, Brouthers, Richardson and Nash lined the Rostons and Nash lined the Lovett, p. ... 1 2 0 4 0 larges, p. ... 0 0 4 2 0 1 2 0 ball out for the home team. The Bostons put more muscle in their hits, and that accounts for some of their runs. Hanlon and Robinson made some phenomenal catches, but the latter spoiled his honors by making a wild throw that enabled a Beancater to cross the plate. Corcoran made two more costly fumbles to-day that were responsible for no less than five runs. Attendance, ex-clusive of ladies, 978. The score:

Muldoon says he will back Kilrain against Sullivan, and that he will put the former in the ring weighing 205 pounds, and that he will bet \$2,000 that Kilrain will win the fight in less time than it took Sullivan to win the last one. He says there will be plenty of money in such a fight, as Kilrain dan get backers for \$10,000, and Mr. Luke Short, of Fort Worth, Tex., offers a big purse, and will also get a license from the State to allow the fight te take place without interference.

PEPECIAL TELEGRAM TO THE DISPATCH. Boston, July 11.—John L. Sullivan has often been seen in an ugly mood, but never before today has he allowed his wrath to get the better of him. Those who saw him after he had read Muldoon's opinion of him were appalled by the onthurst of vituperation which the champion infit. He was awful in his rage, and if Muldoon had been within reach one or the other must have been badly hurt. Sullivan was found at South End this boon, and Muldoon's letter was shown to him. He read it through without a word. One might believe he was pursuing a love story but for the nervous twitching about the mouth at intervals. He finished the letter and threw the paper, his hand striking the table with force enough to chip a large splinter off the hard pine top. For a moment he was silent and then his mouth opened and a terrent of abuse poured forth, such as the reporter never heard. Even Dennis Kearney would not be in it. fit. The fire had not made much headway when it was first discovered, but as it was a dry, warm day and just a little wind to fan the flames, the buildings were leveled to the ground in one hour after the flames broke out. It was only by the heroic efforts of the men who gathered around that some six or seven other buildings that were close to the fire were saved. A WOMAN'S REVENGE. The Trio Arrested for Murder at Wheeling Give Bail.

PEPECIAL TELEGRAM TO THE DISPATCE.: WHEELING, July 11 .- Mr. H. B. Bagn ley, William Carter and Aggie Post were arraigned before a justice of the peace to-day. The defendants waived an examination and were committed but upon making application to Judge Campbell, of the Circuit Court, all were admitted to bail. There is a growing feeling that Dr. Bagnley, who is of the highest standing in this com-munity, is not guilty of anything of a criminal act, but that the prosecution has been brought about by Miss Gribble, the complainant, through a desire to revenge herself on Carter, who has cut her acquaintance in favor of Miss Post. He was married to the latter on the 7th of this month,

DEATH'S SUDDEN CALLS. HUNGARIAN ROASTED TO DEATH IN A

FURNACE. Laborer's Terrible Fate-Stepped Out of the Way of a Slow Train to be Struck by an Express-A Cowboy's Mischance-

Minor Accidents. George Brdas, a Hungarian, 28 years old, nd with a wife and child in his native country, met a peculiarly horrible death resterday at the Isabella Blast Furnace, Etna. Brdas, with two other men, had been engaged in cleaning out the refuse beneath a battery of boilers. After the work was done the men started their homes, but on the Brdas remembered that he WAY had left his shovel and torch beneath the boilers, and returned for them. His companions waited 15 minutes for him, and then returned to search for him. They found him beneath the boilers, with his body literally roasted. It is supposed that he was overcome by the escaping gas, and, falling, was roasted to death by the intense heat. Coroner McDowell viewed the body,

and ordered its immediate interment. The nquest will be held to-day.

D. B. Nugent stepped out of the way of an accommodation train at Hawkins station yesterday, and was struck by an express. He was thrown 30 feet in the air, his skull fractured and injured internally. He was taken to the West Penn Hospital, but the hysicians think he will die. During the week a number of wild West-

ern ponies have been coralled in a field near the Highland avenue water works, being tended by a company of men who are camped on the field. CRAMER CANNOT LIVE.

The Police Still Seeking for the Man Who Fired the Fatal Shot. Edward Cramer, who was shot on the hill above Twenty-eighth street on Wednesday night, was resting comfortably last night, but the Homeopathic Hospital physicians think his recovery impossible. His assailants are still unapprehended and the police seem to be no nearer the solution of the mystery surrounding the case than they were on the night of the shooting. Four were on the night of the shooting. Four colored men were arrested yesterday, but all but one of them were subsequently released.

Peter Robinson, James Holmes, Richard Nelson, Charles Magruder and Alice Russell were all released from custody yesterday, the police having satisfied themselves that they had no connection with the crime. The only persons nection with the crime. The only persons now under arrest are Johnson, Bird and Freeman, who were arrested Wednesday night, and Robert Eichlaud, who was arrested on Twenty-eighth street last night and taken to the Twelith ward station. The police are not discouraged, however, and Inspector McAlesse said last night that he still had hopes of landing the guilty persons within a short time.

This can never be done when the liver does not This can never be done when the liver does not act its part. It is the great driving wheel in the mechanism of man, and when it is out of order the whole system becomes deranged and fever, dyspepsia, sick headache, constipation, jaundice, bilious colic, kidney disease and general debility ensue. To restore the normal functions of the liver and impart that beauty which always attends a healthy constitution, Dr. Tutt's Liver Pills are recommended. They are designed solely for the disordered liver and the diseases which it produces. They are not a cure-all, but in the cases mentioned they rarely over fail to effect a cure.
