special in the way of outside news to create the weakness, the weather perhaps in the north-west being the principal factor, though the visible supply may also have induced some traders to change their operations from the buying to the selling side. The market opened at about Saturday's closing figures, ruled easy and declined ic, then remained quiet and steady, and closed about Mello lower than Saturday.

Corn—There was a good speculative trade in this market, the bulk of which occurred early in the session, the pit ruling, more quiet as the day advanced. The market opened at about Saturday's closing prices, was easy for a time then advanced Mc, again sold off, ruled easy and closed Mc lower than Saturday.

Oats were active but unsettled. Opening sales were the highest, and closing about the lowest, and showed a net decline from Saturday's close of McMc on the deferred futures and ic on July. The opening was unsettled, Sales for August being at McMc advance. It was short lived, however, as sellers outnumbered buyers, and prices started down. The decline brought out stop order holdings, and prices receded 1@1%c for August and September.

Mess Pork—Trading was moderate. August OFFICE OF PITTSBURG DISPATCH, MONDAY, July 21, 1890. The supply of cattle at Herr's Island was in the main from Chicago. There were six head from Pennsylvania. Quality was fully up to late average and, while there was a fair demand, prices were 10c to 15c per cwt. lower than last week. The range of the market was as follows: Prime heavy beeves, \$5 10@5 25; good to prime medium weights, \$4 55@4 75; common to fair do, \$4 05@4 20; prime light weights, \$4 25@4 50; fair to good ber.

Mes Pork—Trading was moderate. August and September ruled 10@155 lower early, but rallied again and closed steady.

Lard—A moderate business was transacted. Prices ruled 2½@5c lower, and the market closed rather quiet at inside figures.

Short Rib Sides—A fairly active trade was reported. Prices declined 7½@10c, and the market closed tame at inside figures. do, \$4 00@4 10; low grade grassers, stockers and feeders, \$2 50@3 50. Fresh cows were dull and unchanged at \$20@45 per head, and calves scarce and steady at 51/061/c per lb for good to choice vealers and 4@4%c per h for heavy grassers. There were no stags, market closed tame at inside figures.

For sheep, lambs and swine the movement was active and demand good, but with a large supply no improvement in prices occurred. Good sheep were, however, reported higher than a week ago. The range of prices was as follows: Good to choice sheep, \$4.50 to \$5.25; common to Jair do. \$3.50 to \$4.55; vearlings, \$4.75 to \$5.50; spring lambs, \$4½c to \$5.60 per h. but very sew went above \$5½c by the pen. Woods' Run and East Liberty. There were 175 head of cattle on the Wood's Run market, 15t of which were from Chicago, the balance from Ohio. Markets were rather slow, with the situation in buyer's favor. Chi-cago beeves ranged in price from \$4.25 to \$5.10 Ohio cattle from \$4 25 to \$4 85. The best on the market weighed 1,350 fbs. All were sold, but margins of profit must have been very small, if, indeed, there was any margin, as prices paid at Chicago were a shade better than last week,

There were 420 sheep and lambs on the market. Sheep sold from \$\$5 to 560, vearlings from 5 to 6c, spring lambs from 5 to 7c. There were no hogs on the market and will not be util the middle of September, when butchers begin to slaughter hogs. At East Liberty there were 150 loads of cattle on the market at East Liberty vards against 100 last Monaay and 72 the previous Monday. The great bulk of the offerings were common and inferior grades. Tidy, light butcher beeves and heavy primes were scarce, but suffered some from the depression caused by the large run of light and heavy sion caused by the large run of light and heav coarse cattle. The attendance of buvers we sion caused by the large run of light and heavy coarse cattle. The attendance of buyers was good, but they were disposed to make the most of their advantage from the heavy run. At the opening of markets a concession of 25c per cwt. from last week's prices was demanded by the buyer, and it looked as though this concession might be made on some inferior grades.

By reference to last Monday's report it will be seen that prices then drapped 5c to 15c below prices of two weeks ago. Markets to-day were slow at a similar decline. Tidy butcher beeves weighing 1,100 to 1,200 lbs. suffered least from the decline because of their scarcity. There were a few loads of 1,350 to 1,400-lb. beeves on the market from Ohio which were close to prime. The highest price reported for exporters and shippers was \$4.40. The range for butcher cattle was \$5.00 to \$4.00 per cwt.

Fentures of the Market.

There is little doubt that fully one-third of the cattle on the local market this morning will necessarily be shipped East in first hands. Our local trade calls for about 75 loads, and when doubt this number are on the market, as was the case to-day, it is easy to predict the example of the cattle on the local market this morning and market opened heavy at a decline of 18 to 25 from last Mooday's prices. THE NEWS AND GOSSIP OF THE CITY

WEATHER AND TRADE

The Cool Wave Welcomed by All

The hot spell has been broken, temporarily at least, to the great relief of suffering humanity. But the cooler weather should not be accepted as an earnest that we are "out of the woods" in a meteorological sense, for there will be many perspiring days before the bracing winds of autumn stir the sere and yellow lenf. Still, the change is no less welcome than if it were permanent. It affords opportunity for securing needed rest, of which many have been deprived by the intensity of the heat; and it will

serve as a stimulus to business.

The effect of the sweltering weather of the past two or three weeks upon the activities of the city was not inconsiderable. Many of the industrial pursuits, and especially those in which heating forms a factor in the process of manufacture, were forced to suspend. In ome cases the harvesting of crops was deferred. The "Braddock farmer" knocked off altogether. Real estate brokers were unable @10@69@88c. Dog-killing done flourished in full vigor.

The season for rushing things is approaching. It will soon be here. The delightful coolness of yesterday and Sunday, and the haziness of the atmosphere were heralds of its approach. There has been no halt during the season in the phenomenal activity of general trade except that caused by hot weather. This Impediment will soon disappear. Jack Frost will weave a spell which will cause the pulse of the merchant, the manufacturer and the broker to rise many degrees. Pittsburg's sails are trimmed to catch the favoring gale.

Business News and Gossin. It is about settled that the proposed school

house at Edgewood will not be ready for use this year. This is a disappointment to many.

The value of the blackberry crop in Allegheny county this year is considerably less than usual. The heat dried, instead of ripening the freit.

The Usual Opening Duliness in Wall Street With Brighter Outlook for the Week-Railrond and Government Bonds Dull and Wenk.

NEW YORK, July 21 .- The opening of the not so thoroughly stagnant as the last two days of last week, still showed no relief from the dullness and oppressive stagnation in prices which have ruled now for so long. The habitnes of the street as a rule are all at sea as to the probable course o? the market in the near future, and few expressions of opinion are to be heard, all seemingly afraid to do anything, and all awaiting developments on one side or the other. The railroad situation is about in the same condition that It was a week ago, but the action of the Secretary of the Treasury in inviting offers of bonds on a more liberal scale indicates a desire to speedily stop the accumu-lation of money in the Treasury which has

Samel W. Black & Co. sold the property No. 2 Oakland square, being a brick dwelling of eight rooms, with lot 50x100 for a price approximating \$8,500.

Anderson of & Beeckman, Lim., sold two vacant lots in the A. L. Watkins plan, Wilmerding, to M. R. Henderson for \$1,50.

Baxter, Thompson & Co. sold lot No. 17, Beltmort place, Ingram station, fronting 56 feet on Linden avenue by \$167 feet, to James Good for S550.

Hannett & Meredith sold for Charles Armstrong a lot 50x300 on Hill street, Wilkinsburg, to Z. W. Crawford for \$1,50.

Reed B. Coyle & Co. sold to Mrs. Margaret Insley lot No. 20 in the second plan of Marion place, having a frontage of 22% feet on Spivan avenue by \$187 in depth, for \$400.

Black & Baird sold to Sananel S. Church lot No. 8 in the Willock plan of lots, in the Twentythird ward, for \$500; also, sold, for John R. McGinley a lot at larger mass station, Paninadde Railroad, being No. 21 in J. R. McGinley's blan, is:se 5x100 feet, for \$500.

W. A. Herron & Sons (through George McConnell), sold two lots, each 30x60 feet, on McCandless street, Eighteenth ward, for \$500 cash. M. F. Helpple & Co. sold for the Denny estate lot No. 20 to F. R. Smith for a price approximating \$400 on the easy payment plan.

of advances.
Railroad bonds were very quiet though there ould not be blamed for it another excuse was found. There were no urgent buying orders. Bull and bear alike are waiting for something to turn up, and it is more likely to turn up than down. The entire list seems to be scraping bottom, although it is possible for a few properties to find a still lower level before a reaction.

There were only two sales, both of Pittsburg Traction, amounting to 60 shares, and both at a fractional advance over Saturday's closing figure. Several of the other specialties were in moderate demand, but price changes were few and for very small fractions. Subscription moderate demand, but price changes were few and for very small fractions. Subscription rights on Electric were offered at 15 without acceptance.

The latest reports from Chicago indicate that The latest reports from Chicago indicate that the railroad managers in session there are really trying to come to an agreement to advance; rates; indicates the probability of better earnings for the railroads and an increased supply of floating capital stock investment. It only requires that London should become a buyer of stocks to give the whole market a considerable advance.

OFFICE OF PITTSBURG DISPATCH. MONDAY, July 21, 1890. Country Produce-Jobbing Prices. . Choice grades of creamery butter are firm and dealers anticipate an early advance. Eggs are in better supply and markets are scarcely as firm as they were last week. Potatoes are also coming in freely. Nothing in this line brings more than \$4 per barrel, and only very fancy stock brings this price. Sweitzer cheese is firmer in the West, and a 1/2 advance is reported from that section. Prices here are unchanged. The advent of cool weather has checked the upward movement of lemons. All prices are very firm. The failure of the domestic fruit crop to come up anywhere near its average has served to stimulate demand for all opical fruits. There is no longer a doubt that this is one of the seasons to be nut down as a failure in so far as the fruit crop is con-

cerned.

The showing is one that makes glad the heart of the stockholder, as it evinces what can be accomplished by system. As one stockholder remarked: "Under the management a year ago, thirteen clerks held down chairs. Now the work is done by three, and there is no overtime work." Accompanying the report to the stockholders is one of the striking of a well in the Turkeyfoot district, West Va., which is making 90 barrels a day without shooting. Printed statements of the report will be mailed to stockholders.
