ALL GRADES SUFFER SOME DECLINE

Heavy Decline in Calves and Beeves of Inferior Grades.

SPRING LAMBS JOIN THE DOWN MOVE

OFFICE OF PITTSBURG DISPATCE, NEDNESDAY, July 23, 1890. The receipts of cattle at the East Liberty yards were the largest of the season. There were 150 car loads on the market Monday, and about a half dozen loads from surrounding counties have been received since Monday. The contributions from Chicago were not above 30 loads, a rather light run from that source. A number of loads were from local points in Illinois. There were very few strictly prime beeves in this week's offerings, nor were there too many tidy butcher cattle weighing from 1,000 to 1,150 lbs. A few loads of heavy cattle, a good ways below prime, were offered. A large proportion of the offerings were what a stockman called trash,

or, in other words, heavy and light, coarse cattle not well rounded out, which are not wanted in this market. wanted in this market.

Said he: "There was a large sprinkling of coarse, heavy, thinnish cattle, neither fat nor poor, but bony, and for this grade there is no demand in our markets." Markets opened heavy on Monday at a decline of 10c to 30c per per cwt from last week's prices.

The greatest decline was on interior grades, and least on tidy, light butcher cattle. But all grades suffered from the heavy influx of low grade stock. On an ordinary run light, smooth butcher cattle would have held their own. But

butcher cattle would have neit their own. But the anxiety to unload forced helders to treak cars and sell tops, and as a result all grades de-clined in price. The inferior stock pulled down the choice stock. The highest price paid was \$4.80 for some prime butcher cattle from Ohio weighing a little over 1,200 Bs, which were very fine in flesh and quality.

Prevailing Prices. Good butcher cattle from 1,050 to 1,200 pounds ranged in price from 3%c to 4c per pound. Heavy coarse beeves ranged from 3c to 3%c per pound. Trashy stock sold as low as 2c to 234c per pound. There were about 30 loads sent on in first hands, and this morning there was a large number of odds and ends in the yards unsoid. These must be sold at a great sacrifice or carried over at heavy expense. There was lit-tle in this week's operations to furnish encour-agement to the drover. According to general estimate the only question is as to the extent of losses. Calves are off \$1.50 a hundred from former prices of last week. A load from Chi-cago on Monday broke the market, and it has not yet recovered. Veal calves were slow at 43%c to 55%c, and grassers at 2%c to 3%c per bound. These must be sold at a great sacrifice or

ound. Good sheep are steady at last week's prices, while commen and medium grades are 15c to 25c a hundred lower. There were very few good sheep on the market this week. Stockmen report that there were very few in the country. The best price received this week was \$4.55 for a few bunches of Washington works have Service lands were in expressive. county sheep. Spring lambs were in excessive supply and markets were slow at a drop of 75c to \$1 00 per hundred. The highest price received was 6%c and the same grade would have readily brought 7c last week. There were but two carloads of hogs on the market this morning, and prices were steady at a range of \$3 90 to \$1 00.

McCall & Co.'s Weekly Review.

The supply of cattle heavy, demand moderate, market slow; neat, handy cattle selling at a decline of 10 to 15c per cwt., while heavy, coarse and unhandy grades decline fully 25 to 40c per cwt. We give the following as ruling flat, 5@6%c. prices: Prime, 1,300 to 1,600 fls, \$4 25@4 50:

\$2.00@2.50; fresh cows and springers, \$20@50 per head.

The receipts of hogs since Monday has been very light and the market dull and slow. Regular buyers doing little trading last two days. We quote the market to-day as follows: Medium and selected, \$4.00@4.65; best cornfed Yorkers, \$4.00.4.05; grasses and common Yorkers, \$3.75 to \$3.30; roughs, \$5.00 to \$3.40.

The ample of sheep this week was light; The supply of sheep this week was light; market slow at a decline of 10c to 15c per cwt. from inst week's prices. We quote sales as follows: Prime Ohio and Indiana wethers, weighing nere 105 to 110 lbs, \$5 20 to \$5 40; good, 90 to 110 lbs, \$4 80 to \$5 20; fair to good mixed, 75 to \$6 lbs, \$4 15 to \$4 65; good yearlings, 55 60 to \$5 50; fair to good, 50 to 60 lbs, \$4 25 to \$4 75; spring lambs, \$5 00 to \$6 25; yeal calves, \$5 25 to \$6 00.

LIVE STOCK MARKETS.

The Condition of Bustness at the East Liberty Stock Yards.

OFFICE OF PITTSBURG DISPATCH,) WEDNESDAY, July 23, 1890. CATTLE - Receipts, 880 head; shipments, 780 head; market dull; prime, \$4 25@4 40; fair to good, \$3 80@4 15; common, \$3 00@3 50; bulls good, \$3 80@4 15; common. \$3 00@3 50; bulls, cows and stags, \$1 50@2 50; 23 cars of cattle shipped to New York to-day.

Hogs-Receipts. 1,100 head: shipments, 1,000 head; lightweights, \$4 00@4 65; medium, \$3 90@4 40; heavy-weights and grassers, \$3 80@3 90; no hogs shipped to New York to-day.

SHEEF-Receipts, 1,600 head: shipments, 1,400 head: market steady; prime, \$5 15@5 40; fair to good, \$4 80@5 10, common, \$2 50@3 25; yearlings, \$4 50@5 25; spring lambs, \$4 50@6 25.

By Telegraph.

PIG IRON IN STOCK.

Report of the American Iron and Steel Association for June.

PHILADELPHIA, July 23.-The American Iron and Steel Association reports that the quantity of all kinds of pig fron held for sale by the manufacturers or their agents on June 30 amounted to 380,744 net tons, or 339,950 gross tons, which is an increase since January 1 of 92,271 gross tons. Compared with the unsold stocks held a year ago, however, the quantity reported on June 30 has decreased 162,854 gross tons. In addition to the quantity of pig iron held by the makers or their agents on June 30 the American Pig Iron Storage Warrant Company reports 63,500 gross tons stored in the yards on that date, which, added to the 339,350 gross tons in first hands, makes a total of 403,450 tons of unsold pig iron, which is less than a three weeks' supply at the present rate of consumption in this country.

Classified according to the fuel used in the manufacture of pig iron, the quantity held in first hands on June 30 was divided as follows: Anthracite and coke pig iron, 74,250 gross tons; coke and bituminous coal pig iron, 176,53i tons; charcoal pig iron, 90,169 tons. tons, which is an increase since January 1 of

An Enemy with the Rheumatlam May be safely pooh-poohed. He is seldom acrive. Look out for him, though, when he has used Hostetter's ctomach Bitters for a while, for see chances to one that beneficeat restorative will make him well enough to come down upon you like a thousand of bricks when you least expect it. Dyspepsia, constipation, neuralgia, kidney complaints and malarian maladies are among the bodily afflictions completely "knocked out" by the Bitters.

and you may escape lung troubles not so and Saturday. KNABLE & SHUSTER, 35 Fifth ave.

ACREAGE IN DEMAND.

Subdivision in Active Progress, to Maintain the Supply of

A Good Offer Refused on the Southside and a Deal in Allegheny.

THE NEWS AND GOSSIP OF THE CITY As evidence that Southside property is looking up, and that long neglected districts on that side of the river are receiving a large share of attention, it may be stated that

Anderson & Beeckman, Lim., made an offer vesterday, of \$1,200 an acre, for a 60 acre tract on Mount Oliver, near Knoxville, and it was refused, the owner holding it several hundred dollars higher. The demand for acreage is brisk, not only on the Southside, but in the East End, Allegheny and down the Fort Wayne rail-

up the supply of building sites, largely depleted by improvement and occupancy, although not to the extent of endangering a famine.

Accessions to the Population. General brokers in real estate were asked yesterday if there were many strangers among the applicants for tenement houses and building ots, and the invariable reply was in the affirmative. Fully one-half of the renters this sumner are newcomers drawn to the city by the rospect of plenty of work and good wages. ome of them buy lots and build cheap but comfortable dwellings. A great deal of the buying and building now going on is by this class of people. This keeps up the demand for property and sustains prices, and it is to supply this demand, and also to encourage immigragration, that so much acreage is being brought into the market. Cheap lots and abundant facilities for building are strong inducements to outsiders to establish homes in this busy and

rapidly growing city.

This is so well understood by capitalists and investors as to afford grounds for the prediction that the old cry of "no houses to rent" will in a few years survive only in the memory of the "oldest inhabitant."

A Deal on the Northside.

It has been mentioned that there is a good lemand for acreage on the Northside. A deal of this kind was consummated yesterday by Ewing & Byers, who sold to Mesers. McKain & Miller 7% acres fronting on Wabash, near Perrysville avenue, Tenth wards Allegbeny, and close to the terminus of the Electric road, for \$15,000, being over \$2,000 an acre-the best price ever realized in that locality. It will be subdivided and placed on the market.

It is understood that Mr. Ira M. Burchfield is on the heels of a customer for a large tract of land in the Squirrel Hill district. It is authoritatively denied that the syndicate operating in this territory is unloading. Its pur-chases were for well defined purposes, which have not been accomplished for want of time.

Rusiness News and Gossip. A \$15 000 deal on Fifth avenue is hung up on difference of \$1,500.

Quite a number of investors are out of the city, and others soon will be. It is not likely there will be a spurt in anything until they re-

The Central School building at Wilkinsburg. on the site of the one destroyed by fire, will soon be ready for the roof. It will be larger and more convenient than its predecessor. Arbuthnot, Stephenson & Co. expect to occupy their new building on Penn avenue about January 1. Some changes have been made in the plan which will increase the cost to about \$225,000.

So far as tried, flats have proved popular in this city. All that have been finished are oc-cupied, and several in course of erection are engaged. If talk materializes, two or three large ones will be erected next year. They are said to be an 8 per cent, investment. Henry M. Long sold 60 shares of Electric at

chester Railway stock was reported at 320, or \$40 per share for the new, W. F. Maxon has returned to his old quarters in the Safe Deposit building. A. J. Barr, Esq., is making preparations to

erect a fine stone dwelling on Bidwell street, between Fifth and Ellsworth avenues. The lot was purchased from E. M. Ferguson, through W. A. Herron & Sons.

A prominent broker on 'Change yesterday offered 60 shares of McTighe Electric stock for a

live dog, and no one bit at the proposition. Movements in Real Estate.

It was reported yesterday, but not confirmed, that the Swift farm of 91 acres, just beyond Knoxville, had been sold for \$1,550 an acre. The name of the purchaser could not be ascer-

Black & Baird closed nine sales yesterday, eight of which were in the East End. Prices ranged from \$250 to \$11,500. W. A. Herron & Sons sold a lot April50 fast or

Grandview avenue, Thirty-fifth ward, for \$2,400 Hamnett & Meredith sold for H. S. Kline to the Young Men's Christian Association, of Wilkinsburg, a lot 50x110 on Ross street, Wilkinsburg, for \$1,800 cash.

Black & Baird sold to W. N. Miller for P. J. Urling lot No. 8 in the Urling plan on Penn wenue, near Winebiddle avenue, 20x100 feet, for \$1,500; also in the same plan to W. H. Fredericks lot No. 25, on Dearborn street, for \$500, James W. Drape & Co. sold an interest in an East End property, near Highland avenue, for \$10,000 cash.

Samuel W. Black & Co. sold through David Shaw & Co. a lot 100x200 feet, on Thorn street, Sewickley, for \$3,000. Alles & Bailey sold for E. P. Jones lot No. 81 the Jones plan of lots, Wadsworth street, Thirteenth ward, on monthly payments of \$5.

BELOW THE MARKET.

Local Stock Buyers Still Holding Back for

Chenp Stuff. There was very little demand for home securi ties at the market prices yesterday. There were only two sales-10 shares of Electric and 25 of Philadelphia Gas-both at a fractional advance over closing prices of the previous day. Wheeling Gas was a trifle better, and Central

the list was featureless. Investors are taking advantage of the dultness to hammer the market for cheap stuff. ness to hammer the market for cheap stuff. Their small success is proof that things are on a solid basis, and that holders are under no pressure to let go.

The value of silver certificates is sufficiently elastic to afferd a margin for speculation, and there is some trading in them in New York, but none here.

Bids, offers and sales reflecting the spirit of the market are appended:

GOOD NEWS.

Absence of New Features in the Mone Market Not Discouraging. The absence of new features in the local bus iness situation is sufficient evidence that every-thing is going forward as usual, which is really thing is going forward as usual, which is really good news. If anything detrimental to trade should happen it would be a "new feature," and the public would soon hear of it. So long as there is nothing new there will be nothing BUILDING SITES FOR OUTSIDERS.

These remarks reflect the condition of the These remarks reflect the condition of the local money market yesterday. There was nothing new; but all the same, business was at a high pitch for midsummer, the demand for loans being liberal, with an abundant supply of funds, and checking and depositing of large proportions, indicating continued activity in general trade. The exchanges were \$2.80,712 17 and the balances \$291,855 49. Autumn whisperings are sweet as a psaim to the merchant, manufacturer and broker.

Money on call at New York yesterday was easy, ranging from \$3\\ \frac{1}{2}\text{e} \text{if per cent_closed offered at 4. Prime mercantile paper, \$26\\ \frac{1}{2}\text{.} Sterling exchange quiet but firm at \$4.8\\ \frac{1}{2}\text{ for 60-day bills and \$4.8\\ \frac{1}{2}\text{ for demand.}

almost beyond expression. But for the de-cision to issue certificates on the Buckeye product, speculation in this commodity would soon become a lost art. The opening, highest and closing was 89%, and the lowest 88%. Tuesday's clearances were 16,000 barrels. Those of

yesterday were less.

The lowest point was reached in the first hour. Oil City then tossed the price up a trifle, and held it there, assisted in a passive sort of way by Pittsburg. The local crowd is, in fact, on the fence, the shorts having no handle to work, and the longs holding out for

handle to work, and the longs holding out for something better, on the theory, perhaps, that the unexpected sometimes happens. Their perseverance may be rewarded.

The Heine well in the Bellevue field was shot with 40 quarts of glycerine without avail. The Shaw well is flowing six barrels an hour. It is more than probable that W. J. Hammond, the well-known ironman, will drill several wells, he having secured a lease from J. D. Rheivers.

Ground was broken on Captain Mulvehill's place, adjoining Windsor Park, yesterday, for place, adjoining Windsor Park, yesterday, for the Jos. S. Brown well. The Patrick well has a fishing job. The Burger well will be through the bundred foot in a few days, as will also the Harvey & Jones well.

BRADFORD, July 23.—Petroleum opened at 89%c; closed, 89%c: highest, 89%c; lowest, 89%c; clearances, 168,000 barrels. NEW YORK, July 23 .- Petroleum to-day has NEW YORK, July 23.—Petroleum to-day has been very narrow. After opening weak at 89c there was not a single fluctuation in the price of spot oil. August options moved up to 89%c, then reacted ½c and closed dull. Stock Ex-change—Opening, S9c: highest, 89c: lowest, 89c: closing, 89c. Consolidated Exchange—Opening, 89c; highest, 89%c: lowest, 80c; closing, 89%c. Total sales, 51,000 barrels.

Doing 40 Barrels, The wildcat well owned by Paul J. Mahoney and Charles Strohecker, on the Allen farm, at Zellenople, is in the first pay in the 100 foot and doing 40 barrels. The well is shut down await-ing tankage. This is the second well drilled by Mahoney & Strobecker in this field. It is two miles ahead of developments.

TRUSTS WERE-ACTIVE.

Wall Street Dull and Featureless-Speculat ing on the Future of the Market-Change

In the Policy of the Treasury Will Have Its Effect. NEW YORK, July 23 .- The stock market to day was as dull as ever for the railroad list, but was given an appearance of animation by the activity in the trusts. The firm undertone which has become so pronounced a character-istic of the market of late was still retained, but the fluctuations, except in a few special-ties, were on the usual limited scale. The street is as near dead as possible, but the few habitues who still are left are inclined to take an optimistic view of the future, both as regards prices and business. The hopes of the street are now centered on the probability of the Secretary of the Treasury obtaining sufficient offers of bonds to relieve the situation and insure an easy money market during the fall, when the demands for the moving of the

fall, when the demands for the moving of the crops shall cause the withdrawal of funds from the New York banks.

The waiting attitude is taken on all the questions now open which have a bearing upon the values of securities, and while the news from the railroad meetings is, on the whole, rather favorable, it has no influence further than to maintain the firm tone of the market against the duliness. The principal attention was paid again to Sugar Refineries to-day, the talk of the reorganization, which it appears is now to be undertaken in earnest, helping on the bull speculation in it, and a material advance occurred. A feeble response was made to this rise by Lead Trust and some of the specializes but in no other stock was therefore. to this rise by Lead Trust and some of the specialties, but in no other stock was there an important movement during the entire session. Lead was helped by the reports of large earnings and the talk of a dividend, although no definite information was to be had in the matter. Among the specialties Citizens' Gas, of Brooklyn, advanced 1½ per cent. Hocking Valley, Pullman and Denver and Rio Grande preferred were active without special movement and had no influence upon anything else. It transpired after the close of business that the trustees of the Sugar Trust had to-day begun a suit in Kings county for the purpose of winding up the Trust and disposing of the properties composing it. The strength of the stock during the day was therefore fully accounted for. The market in general continued dull and isteless until the close, which was duil and steady to firm at about first prices. Another factor which creates an improved good feeling is the fact that it is now clear that the crops have been injured only in prices. Another factor which creates an improved good feeling is the fact that it is now clear that the crops have been injured only in Kansas. Sugar is up 3% and Citizens' Gas 11% but all other changes are slight.

Railroad bonds were fairly active, the trading extending to \$1,030,000 distributed over a large number of issues. The changes in quotations, however, were on the same limited scale its own iron.

reasons for thinking that the rates for money will continue on a higher average throughout this year than last, and in this respect will be a drawback on any speculation in stocks, though not necessarily a sufficient obstacle to stop an advance in prices.

LATE NEWS IN BRIEF.

-Gold 210 per cent premium at Buenos Ayre -A cyclone at Marshail, Minn., demolished everal houses and killed a child. —The Ontaria crop report is to the effect that it is of the best.

—The Uruguayan Government will raise cus oms duties 10 per cent. -The National Seamen's Union, of London, s preparing for a general strike. -The Pennsylvania and Reading roads are

having a rate war on seashore points. ... The Australian system was tried at Goshen Ind., yesterday, with complete success. -Several arrests were made yesterday in the Annie Goodwin murder case, at New York. -Two men were fatally burned at Chicago in the Illinois Steel Company's week Chicago in

-Grand Army Day was benttingly observed at Silver Lake Assembly Grounds, N. Y., yeserday. -The Greeks are greatly disappointed and dissatified with the concession by the Porte to Bulgaria.

Bulgaria.

-The National Line steamer Egypt, New York to Liverpool, was burned at sea. The crew escaped. -Will and Asa Morrill, of Sand Creek, N. Y., -The Hudson Bay Company's railroad is to be pushed to completion. Financial aid has been olicited from England.

-Fifteen Turkish brigands who had recently robbed 200 travelers, have been captured and will be severely dealt with. Russia is actively preparing for hostilities.
 Large bodies of troops are being forwarded to the frontier of Asiane Turkey. —California liquor sellers have been system-atically swindled by a clever ring of Italian and Greek wine and brandy dealers.

—A tremendous storm prevailed in Bavaria yesterday and to-day. The hail was so violent as to destroy growing crops in many places.

large number of issues. The changes in quotations, however, were on the same limited scale as usual of late and only a few bonds show any important fluctuation.

Government bonds have been more active and strong. State bonds have been quiet and firm.

The Post says: The public have reason to expect that there will be a change of policy on the part of the Treasury and that there will be large purchases at an important advance in the prices of the bonds. One direct effect of this expectation is that since Saturday the 4 per cent bonds have advanced 1 per cent to 102 at noon to-day.

The check given to speculation in London by the South American financial troubles can scarcely last much longer. The Argentine Republic will within the next week or so either be obliged to suspend specio payments or will show its ability to maintain them, and in either case, the London money market will be relieved from its present suspense. These are the aspects of the general situation, which impart a rising tendency to the stock market in spite of its duliness. The expectations of a superabundant supply of money in July have thus far been disappointed, and there are some

DOMESTIC MARKETS.

The Advent of Home-Raised Potatoes Depressing to Trade.

TROPICAL FRUIT IN GOOD DEMAND.

All Cereals Are Steady, and Wheat and Millfeed Advanced.

OUTLOOK FOR LUMBER TRADE GOOD

OFFICE OF PITTSBURG DISPATCH. WEDNESDAY, July 23, 1890. Country Produce-Jobbing Prices. Potatoes are lower and quiet. Sales are cur tailed and markets weakened by the arrival of home-raised stock. Tomatoes are in full supply and markets are slow. Markets are glutted with cantaloupes, and prices are drifting lower. Berries are in short supply, and indications are that the season for small fruits is near its end. Tropical fruits are in good demand. Bananas are not so plenty as they have been for a few weeks past and prices are firmer. Oranges and lemons are fairly steady. California plums and pears are coming to market in fine shape and are in good demand. The comparative failure of domestic fruits has very much stimulated or domestic truits has very much stimuted demand for that which comes from the tropics and California. Eggs are higher in Chicago and unchanged here. Choice dairy products re firm, but common grades are weak.
