Receipts of Cattle and Sheep at Herr's Island Very Large.

MARKETS HEAVY AT A DECLINE.

Tidy Butcher Beeves at East Liberty are Scarce and Firm.

HOGS IN SHORT SUPPLY AND HIGHER

OFFICE OF PITTSBURG DISPATCH. MONDAY. July 28, 1880. The market of late. Advices from the Northwest note very hot weather and further damage to the crop. At points in Northern Dakota the thermometer was 165° and 110°.

Corn—There was an immense trade which was recedingly wild, unsettled and very irregular, price changes being sharp and frequent, or say that the first price. The beauty strength was due to bad crop advices. The buying in of short corn, when the failure of a local house was announced, also tended to boom the market. There was free tended and were slow at these figures. Calves were strong and active at 5½c to 6½c for were strong and active at 514c to 614c for vealers and 4c to 41/2c for grassers. Receipts from Chicago-I. Zeigler, 141 head; L. Gerson, 140; L. Rothschild, 54; A. Fromm, 54. From Ohio-Needy & Smith, 12; N. K. Buchange 7: E. Wolf 8: N. T. Harner 18. From Pennsylvania-Various owners, II. Total, 446: last week, 373; previous week, 368.

The run of sheep was the largest of the year to date and there was a sharp decline in prices. A large proportion of the offerings were sold at a loss to the drover. Chicago drovers were a loss to the drover. Chicago drovers were heavy losers, as a large number of their stock died in transit. The range of prices for sheep was \$5.50 to \$5.10. A small lot of choice wethers brought \$5.25. The most of the sales were at \$4.00 to \$4.50. Yearlings sold at \$4.75 to \$5.25; apring lambs at 4%c to 6%c per lb. At 10 o'clock prospects were that a large number of sheep and lambs would not find buyers without years thereif concessions on prices. Resheep and lambs would not find buyers without very liberal concessions on prices. Receipts from Chicago: I. Zeigier. 200 head. From Ohio: N. K. Buchanan, 47; J. Zark, 92; J. F. Cruikshank, 135; G. W. Keesy, 85; H. Horne, 41; Sanford & Langdon, 87. From Pennsylvania, T. Bingham, 189; D. O. Pisor, 218; J. Reiler, 61; I. McNeese, 187; J. Wright, 194; W. Ganin, 46; G. Flinner, 111; W. McCreary, 150. Total, 1,701; last week, 896; previous week, 78. The offerings of hogs were comparatively large, demand slow, and market heavy at \$4.0664 20 per cent as the range. Beceipts/from Ohio. N. K. Buchanan, 28 head; G. W. McCannon, 43; E. Wolf, 19; J. F. Cruikshank, 10; W. Zoller, 108; Needy & Smith, 149; Sanford & Langdon, 23; Huff, Harelwood & Co., 72. From Pennsylvania, D. O. Pisor, 12. Total, 450; last week, 185; previous week, 225.

At Woods' Run and East Liberty.

At Woods' Run and East Liberty. There were 152 head of cattle on the market at the Woods' Run yards, from Chicago, and 20 from Ohio. The best on the market weighed 1,450 lbs. and were close to prime. Chicago 1.450 lbs. and were close to prime. Chicage cattle ranged in price from \$4 00:65 00 per cwt. and Ohlo from \$4 00:65 00 per cwt. and Ohlo from \$4 00:05 25c per twt. from prices of last Monday. As an offset to this prices were a shade lower than in the West. But, on the most favorable interpretation of markets, it will be difficult to figure out any profits on this week's operations. There were \$8 head of sheep and lambs on the market. Sheep sold at a range of \$\frac{4}{2}\chic to 5c per lb.; yearings. \$\frac{4}{2}\chic to 5c; suring lambs, from 5\frac{1}{2}\chic to 7c. There were \$4 head of hogs on sale and all were disposed of at an average price of \$4\chic c per lb.

There were 115 loads of cattle on the market at the East Liberty yards this morning against 150 loads last Monday. In to-dry's receipts there were not above 10 per cent of good butcher stock, such as our markets call for. Markets opened strong for light, tidy butcher cattle weighing 1,100 to 1,200 pounds, and for this grade prices were a shade better than last week's prices. There were no strictly prime heavy cattle on the market. The few heavy beeves offered were coarse. The best price obtained was \$4.40 for some Indiana cattle weighing about 1,500 ibs. The range for light, tidy butcher beeves was \$3\cdot 40 per lb. There were 26 loads of sheep and lambs on the market this morning at the East Liberty yards, and quality was generally poor. A few grades of half fatted lambs from Missouri weighing 50 to 64 hs were on the market and until some sales were made at \$5.05 it was reasonably certain at 9 o'clock that more than one half would be sent on East in first hands. There were 115 loads of cattle on the market

There were three grades of Washington county sheep in to-day's offerings, fairly good, and weighing 92 hs which brought \$5 10. Prime sheep were very scarce, and good were not plenty. The bulk were common and low grades and for these prices were off 25c from last Monday. There were 18 loads of hogs on the market against 25 loads last Monday. Markets were strong and active at 5 to 105 better prices than the close of last week.

The range for the best this morning was \$4 10 64 15, and all found ready buyers at these prices. The outside price at Chicago is \$3 20, and receipts there this morning were \$2,000 head, according to advices received by one of our packers from his huyer. Meat inspector McCutchbeos condemned to the shindery this morning seven head of cattle from Delphos. Allen county, O., which gave conclusive proof of poison from milk weed. The disease is called nilk disease in Ohio. These cattle were received last week, and have been held several days that the inspector might witness the development of the disease. Two were consigned to the shindery on Saturday and the other five were condemned this morning.

IMPORTANT MOVEMENTS IN REALTY

Business opened up for the week in good shape yesterday. Cooler weather made hustling possible. Bank exchanges were \$3,250,000 in round numbers, against \$2,242,111 22 same date last year. There was no corporation checking, nor anything outside the usual movement of trade, to produce this splendid result. Proof of this is furnished in the lact that all the banks came in heavy. This should not be overlooked in estimating the prosperity of the city.

from outside figures.

Oats were active, and during the first part of the session considerable excitement prevailed, due to the announcement of a prominent trader that he wished his trades closed cut. This made operators wild to buy, and first sales were at \$2015 c over Saturday's close. September and May were the most excited and showed the greatest irregularity. Sales for September were it apart at about the same moment. July and August, while not traded in very heavily, sympathized with the other deliveries and advanced 15 c for July and August. A strong and encouraging feature of the business situation is the fact that the entire country is prosperous. This is shown in official Government and State reports, and in the large employment of money. Almost in the large employment of money. Almost in the large employment of money a rapid and at 6@7 per cent on time every line of industry shows a rapid and steady advance. There is no speculative ex-citement outside of a few localities, but simply a solid and substantial growth based on the development of vast resources.

Pittsburg bankers predict an easier money market from this time on until the opening of the fall trade. They do not look for lower rates, however, the greater case being in the direction of wider accommodations, The Pennsylvania Railroad reports that the quantity of coal and coke originating on and carried over its lines east of Pittsburg and Erie for the week ending July 19 was 325,900 tons, of which 227,862 tons were coal and 98,088

Heavy Checking and Depositing at the Banks-Crowding San Francisco. No. 1

The week opened at the banks with an easy money market, a good demand for discounts, and heavy checking and depositing. Exchanges were \$3,260,866 46 and balances \$290,075 97. Rates were steady on a 5697 per cent basis, with most of the business at the inside figure.

The week's race for positions in the Clearing

House report resulted in placing Pittsburg ahead of Baltimore by nearly \$3,000,000, and behind San Francisco by considerably less than \$1,000,000. Cincinnata, New Orleans, Cleveland and other ambitious cities were nowhere. Pittburg will soon crowd San Francisco permanently out of sixth place. Baltimore is no longer a rival. a rival.

Money on call at New York yesterday was easy, ranging from 204 per cent, last loan 3, closing offered at 3. Prime mercantile paper, 526%. Sterling exchange quiet and steady at \$4 85 for 60-day bills and \$4 88% for demand.

SPECIAL TELEGRAM TO THE DISPATOR. BUTLER, July 28 .- A 100-barrel well on the Monroe Cecil farm in the southeast part of Fair Monroe Ceci farm in the southeast part of Fair-view township has caused some excitement and sent up the price of leases to \$1,000 per acre. The well is in advance of development and began flowing when but a few feet of the sand had been drilled.

SLIGHT IMPROVEMENT.

Noted in Wall Street, Due to Trouble in Argentine Republic and Advices From London-Sugar Refluerles

NEW YORK, July 28.-The stock market on the whole displayed a little more animation than on the average last week, but the bears seemed to have acquired courage from lower ances in the Argentine Republic. Prices, consequently, are generally slightly lower than at the close last week. London was a seller to a limited extent owing to the fortnightly settle. ments, but London is not now either a buyer or seller of American stocks to any amount, and speculation for the present in American stocks there seems to be in the same condition that

our market is here.

The secretary of the Knapp, Stone & Control The lower London figures and the slight pressure of foreign stocks for sale led to trial of the market by the bears, and that is all sugar refencies attracted most attention, both for its activity and weakness, the only stocks of the regular list showing any animation or a tendency to follow being Atchison and Union to much. Lackawanna came in for some of the pressure late in the day, theory being that it is no longer supported and must yield readily to pressure late in the day, theory being that it is no longer supported and must yield readily to pressure of short sales.

In the support of the pressure is not the slightest disposition to trade either on one side or the other, and in the duliness as small the short side is most inviting to the traders. The apathy displayed among even that class of operators, however, is romarkable, for any material rise can take place there must be a downward movement to invite buying, and hence are from time to time testing the market in a limited manner, but the successive that of the control of the pressure upon the list was almost to only any any any and the successive that of the dealings and the second of the control of the pressure upon the list was almost to only any and the successive that of the dealing and the second of the dealing and the second

A WORLD OF TRIUMPH

Has been achieved by the physicians of the Catarrh and Dyspepsia Institute, at 323 Penn avenue, in the bundreds of permanent cures made since the commencement two years ago of their now immense practice.

As they give their whole time and attention to the exclusive treatment of catarrh and dyspepsia hence, their success in making cures. Every day patients apply at this medical institution for treatment who have spent years of time and vast sums of money with doctors and medicines to no avail. The most of the patients received for treatment at the Catarrh and Dyspensia Institute, and all of the testimonials published from patients cured, are from this class, and who had suffered from catarrh or dyspepsia in its worst form.

ANOTHER LIVING TESTIMONIAL.

Mr. Charles G. Haag, corner Bidwell and Franklin streets, Allegheny, is another living testimonial to a permanent cure made by these specialists. He had ringing sounds in his ears. His nose was continually stopped up, so that he had to breathe through his mouth. He had pain over and about his eyea. It was with great difficulty that he could clear his throat of the tenaceous mucus that dropped down from his head. In fact his throat became so much involved that his neck became stiff, producing cracking sounds when he turned his head. His sense of hearing began to fail, and he gradually grew worse until a cough set in.

Reading in the papers of the success of the catarrh specifialists at 323 Penn avenue, in making cures he took a course of treatment and became cured. He adds: "This is to certify that I have been cured as above stated. I hereby sign my name, "CHARLES G. HAAG."
