MORTAR-SPOTTED SKIN Covered With Seales. Awful Spectacle. Cured in Five Weeks by the Cuticura Remedies.

I am going to tell you of the most extraordinary cure your CUTICURA REMEDIES performed for me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on when it began to look like spots of mortar spotted on, and which came in in layers, accompanied with itching. I would scratch myself, and then the next night the scales, being formed underneath, were scratched off again. In vain did I consult all the fine doctors in the county, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your CUTICURA REMEDIES, and purchased them from my drug-store, and obtained almost immediate relief. I began to notice that the scales gradually dropped off by one, until I had been daily scrubbed with them for some time, and I began to feel better. My face began to clear up, and in four or five days I was entirely cured. My disease was entirely cured. My face began to clear up, and in four or five days I was entirely cured.
