PEPECIAL TELEGRAM TO THE DISPATCH .

MANSFIELD, Pa., August 2.—The Oaklands defeated the Mansfields for the second time

this season. The game was close and exciting

until the seventh juning, when McGovern was

knocked out of the box, giving way to Alien. The feature of the game was the work of Peoples and Addy at third and short and a home run hit by Brady. Anderson pitched a fine game for Oaklaud.

Gentlemen, this matter is becoming serious. Something must be done or Hanlon's men will go up a notch-that is, if the Chicago toboggan doesn't break.

Yesterday's game at Exposition Park was what might be called a hummer. For six innings it was full of interest, and the seventh was full of ginger. It was a great game and a great crowd was present to yell themselves hoarse over the great stick work of the great Pittsburgers. How they did poke the sphere. Van Haltren gave the boys a beseeching look, but they would not let up and in the sixth inning, when four runs had been tacked against him and no one had retired, he concluded that he had been born in the wrong time of the moon and deeded his title over to Heming, the youthful living skeleton. He soon disposed of the batters and only four hits were made during the balance of the game.

AS IT STARTED. The Brooklyns retired in one, two, three order for the first three innings, but the local men rushed in one run in the second. After two men were out Robinson hit for thre bases and scored on a passed ball. Johnny' people secured their full allotment of runs in the fourth inning. Ward singled and stole second, and, after VanHaltren flew out, scored on Andrew's two-baser. The latter stole third and scored on Orr's single. Big Dave got see

second and scored on Corcoran's wild throw. Beckley owned the crowd during the fifth inning. He had been using a new bat given him by one of his friends in the bat business but in this inning he discorded it and took u the one that has grown old in making hor runs. He caught a swift on the pig end, and i went sailing away out of reach of the fielders and he drove Carroll, who had been resting a second, across the home plate.

THEY HAD A FROLIC.

Another run was scored in the sixth, but the balloon did not really go up until the seventh. It was Fields' turn to draw, and his was a single. Beckley stopped a pitched ball and Fields went to second. Corcoran's prize was a single, and Fields scored, Beckley going to third and Cor-coran to second on the play. Then Kuehne singled to Seery, who juggled it, two men scoring and Kuchne going to second. A passed ball sat him on third, and he scored on Hanlon's single. At this juncture VanHaltren and Heming changed places. Then Hanton stole second, went to third on Cook's bad throw, and scored on a wild pitch. Robinson struck out, and Quinn went out at first. Staley singled. went to second on Carroll's base on balls, and scored on Fields' single. Beckley flew out and the fun stopped. The last run was scored in the following inning on an error and two sacri-

The Pittsburg National League Team Lose Their Third Game to the Brooklyns-They Couldn't Hit Terry-Other Games (SPECIAL TELEGRAM TO THE DISPATCEL)

BROOKLYN, August 2.-The Pittsburg National League club presented a very clever team against the Brooklyns at Washington Park to-pay, but unfortunately they were not in it. Their fielding, as a rule, was clean and effective, but at the bat they were quite weak. Terry apparently had the gauge of every man's capacity as a batsman, and but seven balls were sent to the outfield, four being safe hits. He was a little wild at times, but at the prope moment he invariably caught the visitors napping. Baker pitched a good game up to the seventh inning, when the Grooms started in to bat. They scored four in the seventh and two in the eighth, putting the game out of all doubt for their side. Sales' blaying at short was one of the features of the game. He ac-cepted II chances and did not miss one of them. LaReque also played a good fielding game, but

in the eighth, putting the game out of all doubt for their side. Sales' playing at short was one of the features of the game. He accepted 11 chances and did not miss one of them. LaRoque also played a good fielding game, but could not get on to Terry's curves. Attendance, 1,723. Commodore Iselin was exciting in the extreme, PHILADELPHIA, August 2.-There is more than surmise in the story of a probable amalgamation of the Players' League and American Association interests. Friends of the Players' League in this city assert positively that Presi-dent Zach Phelps, of the American Association, has been won over to the scheme, and this may account for the dispatch sent out from Louis-ville on Wednesday last which said that it was Last Evening's Bont Races.

information that the Players' League has agents stationed in every American Association city. This is undoubtedly true as far as Philadelphia is concerned. Arthur Irwin, of the Beston ciub, has been here for nearly a month. Arthur said he came here to nurse a strained back. As Arthur's home is in Boston this story was doubted at the time. But now Arthur's back, according to his own confession, has regained its former strength, but he still lingers here. Irwin is out at the athletic grounds every day and he has daily confabs with Secretary W. H. Whittaker and he has had several conferences at night with Manager Sharsig and President Pennypacker. Mr. Sharsig declines to commit himself positively, but his remarks to your correspondent leads to the belief that he is on the fence, and is leaning slightly toward the Players' League, Messrs. Pennypacker and Whittaker positively decline to commit themselves.

Arthur Irwin had an interview with President Von der Ahe, of the St. Louis club, when he was in this city recently and Von der Ahe asserted positively that Irwin was trying to negotiate a deal with the American Association.

AND THE GRAY GELDING WINS

The Great Record of Mand S. in a Race

Iqualed by the Stallion. THE TURP EVENT OF THE SEASON.

DETROIT, MICH., August 2 .- One of the grandest and most interesting trotting races negotiate a deal with the American Association.

This afternoon Manger Sharsig said regarding playing with the Players' League at the
end of the season: "I really cannot say definitely whether the clubs of the two bodies will
meet. I have heard they will, but my information is not from a reliable source, and, to tell
the truth, most of what I have learned has
been from the newspapers. I understand,
however, that there is a movement on foot
toward that end, but I am told that the arrangements are being looked after in the West, so
that as we are about to start for that part of
the country I will be apt to hear of anything
that has been done. At the same time there
may be nothing whatever in the report." ver witnessed took place this afternoon at

passed through the turnstiles, and it is safe to say that hardly one of them falled to do some cheering. Not only were the social and mercantile leaders of the city there, but other portions of the State contributed to the attendance. The original date was July 26, but it was afterward changed to August 2. To-day's Cleveland boat brought over scores of horsemen bent on seeing the struggle. Nor was there any disappointment as far as the racing was concerned, for Jack won honestly, and Palo Alto added laurels to his crown by equaling Maud S in a race, by breaking both the stallion and track trotting breaking both the stallion and track trotting race records.

Jack is a gray gelding 7 years old and sired by Pilot medium, dam Carrie Russell by Magna Charta. His mark of 2:15 he equaliful to-day and will no doubt lower in the skilled hands of his driver, Bud Doble. Palo Alto, 2:124, is a bay stallion 8 years old, a son of the famous Electioneer, dam Dame Winnie by Planet, by Revenue. He is driven by Charles Marvin, manager of Senator Stanford's farm and horses.

THE HORSES APPEAR. Jack's appearance on the track was the signal for applause and he jogged along without a boot or weight on any foot. A little later came Palo Alto, the animal being attired like a war-rior, with knee tendon and quarter boots and toe weights in front and shin boots behind. In the judges' stand were the following officials of

the judges' stand were the following officials of the race: D. J. Campau, starting judge; John S. Steiner, of Detroit, and W. J. Ijams, of Terre Haute, judges; Governor W. R. Merriam, of St. Paul, and F. DeH. Robinson, of Cleveland, timers. The betting before the first heat was lively, with Palo Alto as a favorite. In the auctions Palo Alto commanded \$100 against \$60. Hickok and Doble flipped a coin for position, and Hickok won, giving Palo Alto the pole. It was a trifle after 2:45go'clock when the horses scored the first time. They tried it again, but Palo Alto was too far ahead and they were called back. On the third attempt the word was given and they got away, with the stallion half a length ahead.

JACK GOES AREAD. JACK GOES AREAD. On the turn Palo Alto led by a length, but

just as he neared the quarter pole he left his feet, and, although he settled quickly, Jack went by the quarter a length ahead. Jack held the pole on the back stretch, and nearly two lengths separated the two at the half. Palo lengths separated the two at the haif. Palo Alto showed great speed around the turn, and they were on even terms at the three-quarters. When they entered the stretch everybody arose to see the grand finish, but Palo Alto again broke, this time very badly, and the gray gelding took a big lead, finishing an easy winuer, as Marvin laid Palo Alto up. The time was 2:153-6. Mutuals paid \$9.70.

The book odds before the second heat were \$8 to \$5 against Palo Alto, and the money on Jack. It was changed, however, and nothing was given against Palo Alto, while but \$1 to 5 was laid on Jack. In the auctions Jack brought \$100 to Palo Alto \$64. The betting was brisk.

THE SECOND START.

They scored twice, and the start was as good as it could be. Palo Alto went around the turn alongside Jack, and not until the quarter did they change their team-like appearance, Palo Alto leading by a nose. Jack broke on the back stretch, and Palo Alto took a long lead. Jack bettered his position a trifle at the half, but on the turn three open lengths divided them. It was the same at the three-quarter and into the stretch. Jack made a great finish, but Palo Alto was going just about as fast, and won by two lengths, in 2:13%.

This time the venerable Marvin came in for applause, and Palo Alto had beaten the record of the track in a race, beaten the stallion record in a race, and equaled Mand S' race mile. Mutuals paid \$8 40.

Betting took another shift on the third heat, and Jack sold at but \$31 to \$100 for Palo Alto. No odd were laid against Palo Alto, but 7 to 5 was given against the gelding.

A BEAUTIFUL START. Jack bettered his position a trifle at the half,

A BEAUTIFUL START. word on the first attempt and Palo Alto broke on entering the turn again on the lower end or it, Jack showing first at the quarter by six open lengths. On the back strarch the control of the control of the back strarch the control of the back stratch the engths. On the back stretch the stallion bean closing up and diminished Jack's lead to gan closing up and diminished Jack's lead to four lengths at the half. Palo Alto continued to move on the lower turn and lapped Jack on the third quarter. They entered the stretch nearly together, Jack having what advantage there was. It was a great race home, but Palo Alto could not keep up with Jack, the gelding winning in 2:15% by three-quarters of a length, with Palo Alto's nose at his flank. Mutuals paid \$12.80.

with Palo Alto's nose at his flank. Mutuals paid, \$12 80.

Palo Alto was the favorite in the fourth heat, notwithstanding the fact that the gelding had the better of it. With the Son of Electioneer selling at \$100, the pride of Michigan brought but \$64 to \$72, and in the books even money was laid against Jack, while \$3 to \$5 was offered against Palo Alto.

JACK WINS IT. Jack had a length the better of it on the start, but Palo Alto was soon beside him, and they were yoked on the turn. Just as they were about to fly by the quarter Palo Alto broke and came to almost a standstill, Jack gaining two lengths. It was a horse race on gaining two lengths. It was a horse race on the back stretch, Palo Alto gaining half a length on Jack and again breaking. This gave the gelding another good lead, but Palo Alto chased him so fast around the lower turn that the gelding broke. Jack recovered in an instant, and had two good lengths at the three-quarters. Palo Alto was drawing nearer all the while, and they trotted down the stretch at a seemingly lightning-like gait, but the gelding had too much of a lead, and the bay stallion was beaten a length. The time was 2:16, and the mutuals paid \$11 90. Doble was roundly cheered for landing Jack a winner.

Roseball Notes.

MCGARR is playing a great game on third base RUSIE was given a warm reception at Indian-THE Cleveland League team yesterday signed Pitcher Young, of Canton. BALDWIN caught for the Cincinnatis for six years previous to his release. ROGER CONNOR has the distinction of hitting the first fair ball over the Cleveland ground's fence.

In the Players' League the New York pitchers have the most strike outs, 254; Chicago is second, with 229 to her credit. ROGER CONNOR has made but 12 errors in 65 games, and has averaged three safe hits to every two games he has played this season. TOMMIR TUCKER saves the Boston infielders many an error. He does not care how they come to him—he almost invariably gets the ball.

It is the intention of the Boston League management to have Clarkson pitch in almost every game when the clubs come down to the fluish line.

If the Brooklyn Players' League club reduced its price of admission to 25 cents, President Byrne will not continue till the end of the season with a half a dollar tariff.

PLENTY of lines are out for Nat Hudson, of the Minneapolis club. The St. Louis, Syracuse, Chi-cago. Buffalo and Athletic managers are said to be anxious to sign him. BILLY SUNDAY says he can run 190 yards in 10 1-5 seconds. He says he would not engage in a match race with any one for money, but that he might be induced to run for a medal.

THE Brooklyns have made the most double plays, 80; Philadelphia has 89; Captain Kelly's aggregation is third with 65. Three triple plays have been made, one each by Boston, New York and Chicago.

THE New York League Club will sign a new out-fielder either to-day or on Monday if satisfactory arrangements can be made. He is a young blood and comes from the Western Association with a great record.

SUCH pitching as John Ewing did Thursday will not be beaten this season. He held the strong Chicago club down to a single hit in nine innings, while Weyhing, of the Brooklyns, shat the same team out without a single in a six inning contest. 'BUCK' EWING has turned the laugh on the New York bleaching board prophets. They didn't take to his brother John a little bit and used to guy him unmercifully. "Buck" kept him on the salary list, however, and now his course is justified, as John is pitching splendid ball. PRESIDENT LOVE has resigned from the presidency of the Philadelphia Brotherhood Club. His stock has been purchased by the Wagoner Brothers, who are now in charge of affairs. J. Earle Wagoner will probably be elected President at the next regular meeting of the club. Buffinton will be retained as manager.

ADDITIONS TO THE HONOR ROLL

CORRESPONDENCE OF THE DISPATCH. LEXINGTON, Ky., August 2 .- At no time in the history of the trotting horse has a movement been inaugurated that is likely to redound so greatly to the benefit of trotting horse breeders and owners as the offer of the magnificent stakes made by the Kentucky Trotting Horse Breeders' Asso-Kentucky Trotting Horse Breeders' Association, one for \$10,000 and one for \$25,000. I have argued in this correspondence that trotting horses should, so far as the capacity to make money out of races is concerned, be placed on terms at least of equality with running horses. There are many reasons placed on terms at least of equality with running horses. There are many reasons why this should be. Apart from their engagements, trotting colts and fillies are considerably more valuble than runners of the same age, but the great prizes which have been offered to successful colts have enabled the breeders of good running colts to sell them with their engagements for largely more than equally promising trotters would bring. The chance of winning the great stakes is an element that enters largely into the question of value. It is a very simple proposition that a young horse entered in a \$10,000 or \$20,000 stake, which he is liable to win, will sell for a great deal more money than he would otherwise bring.

deal more money than he would otherwise bring.

I venture the prediction that these will be the most popular stakes ever offered in Kentucky, and that the example thus set will be followed by other associations. The effect cannot be other than of the highest value to the trotting horse interest. One of the results which will immediately follow the announcement of such stakes will be the appreciation in value of the colts that are liable to be contestants for them. Breeders will find it to their advantage to enter all their best eligible colts and fillies. The young things thus entered will be more valuable as the time of the races in which they are entered approaches, especially if they show qualities that indicate that they will probably be winners. The necessity for such stakes has long been felt. With the marvelous growth of trotting horse breeding this necessity has become more and more urgent. All lovers of the trotting horse have reasen to congratulate themselves that the long desired consummation has at length been attained.

A. C. Bruce, Rosemont, Minn., has sold to C G. Goodrich, Minneapolis, Minn., Aunt Joe, b. f., yearling, by Nutwood: dam Mary F. by Mambrino Boy. Also, brown suckling filly by William L; dam Mabel (full sister of Lou, dam of Axtell, 2:12). Price for the two, \$4,000.

The Pulaski County Agricultural and Me-chanical Association holds its meeting at Somerset, Ky., September 9 to 12. Entries close September 1. A purse of \$100 is offered in the 3:00 class; \$30 in the 3-year-old class, and \$200 in the 2:30 class. There will be a running race each day. Last week I noticed the performance of Mr.

G. W. St. Clair's fast 2-year-old Sternburg, by Wilkes Boy, that trotted a mile in his work on Whiles Boy, that trotted a mile in his work on the Lexington track on the 27th of July in 2:29. On the 29th at Harrodsburg he started in a race, 2 year-old stakes, against Evangeline, bay filly by Dictator, and Snip Nose, bay filly by Cyclone, and won in two straight heats in 2:33 \(\frac{1}{2} \).

2:29 \(\frac{1}{2} \). I believe no 2 year-old has ever made this time in a race before, this early in the season. Sternburg is a great coit. The chances for four days' excellent sport at

Paducah this fall is most flattering. The stakes closed April 1 with a large number of choice closed April I with a large number of choice entries, and the purses which they have recently announced are such as will certainly draw good horses. The programme proposed for each day is varied and attractive, and one that will furnish abundant amusement for the large crowds, which it is Paducah's good fortune always to be able to draw.

Highland Princess, a bay yearling filly, full sister to Prince Wilkes, 2:14%, has been sold by w. C. France & Son to Christ Schaurte Dussel-dorf, Germany. Price private, but reported to be \$5,000. The brown coit, 2 years old, by Red Wilkes, dam by Mambrino Patchen, has also been sold by France to Willett & Son, Roslyn, N. Y., for over \$2,000. The additions to the 2:00 list since my last re-

port number 25, making the total for the season 223. Several more are claimed by other com pilers, but I have been unable to verify their records. The contributions to Almont's list of descendants in 2:30 is increased to 20 by the additions mentioned below. George Wilkes has a new producing sire in Kaiser, sire of Wilkesmont, 2:3%, and another is claimed for him in Wilkesonian, sire of Jay-Eye-See, 2:23%. This performance we have been unable to verify. St. Gothard has a new representative in Grace Gothard, 2:27%. The Belmont family continues to breed on, the latest addition being Labasco, by Belmont's son Egmont. Victor Bismarck has a new performer in, Merle Moore. Jay Gould has a very speedy representative in the mare Pixley that secured a mark of 2:19% at Detroit last week. ing Races This Fall. The wonderful hold which 'cycling has taken on Pittsburgers since the introduction of the safety bicycle was shown by the enthusiasm manifested at the organization of the new Duquesne Bicycle Club on Thursday evening This club starts out with an enrollment of over 30 members, which is greater than that of the Allegheny 'Cyclers, and nearly equal to the Keystones, the only other clubs in the two

Keystones, the only other clubs in the two cities.

The Duquesnes have already quite a number of speedy riders, including Messrs. A. L. Banker, Harry Aiken and G. R. Banker, and they intend to do something to rescue racing from its present deplorable condition in Western Pennsylvania.

The unprecedented action of the L. A. W. officials in ordering the Western championship events to be run in Philadelphia has aroused the boys, and a strong effort is being made to arrange a fall meet at Cycle Park, in which the New Castle, Brownsyllie, McKeesport and Washington riders will be invited to participate.

Field Day a Great Success. The field day of the Catholic Total Abstinence Societies at Silver Lake Grove yesterday was a great success. About 3,000 people were in attendance and thoroughly enjoyed the outing. Father Canevin, President of the local diocesan union, was present and looked after things in a fatherly way. The proceeds will be vsed for the entertainment of the faitors to the convention next week.

THE SHADOW OF DEATH.

Two Cases on the Coroner's Docket to be Investigated. At 9 P. M. last night Edward McFadden, aged 55 years and an old Eleventh ward resident, dropped dead at his home, 247 Bedford avenue. He had been down town with a friend and had just returned home. He passed through the house and out into the back yard, where a member of the family found him a short time afterward. A physician was called, and after an examination said his death was caused by heart disease. Mr. McFadden was engaged in the roofing business and was well known in both cities. The sad news flew through Braddock last

evening about 7 o'clock that Harry, the son of William Oskin, who is well known in that city, was drowned while bathing in the Monongahela. The body was recovered and taken to the home of the parents.

TWO STRIKES ENDED.

Arbitration to Settle the Differences at the Catasaugua Mills.

PECULIAR MARRIAGE OF A J. P. Detective and Prisoner Get Drunk Together and Are Arrested.

ALL THE NEWS FROM NEARBY TOWNS

SEPECIAL TELEGRAM TO THE DISPATCH.1 ALLENTOWN, PA., August 2.- The strike at the rolling mills of the Catasuqua Manufacturing Company, inaugurated five weeks ago, terminated to-day, the members of the Amalgamated Association accepting the proposition of the company to work for wages paid at Philadelphia mills from June 30, 1894, to June 30, 1891. All differences in the meantime

was settled this afternoon without the day men joining. Six men were discharged by the men joining. Six men were discharged by the company, one of them being a local freight conductor, who aided the strikers hast night. The men had gone on a strike on account of the fact that one of the night switch engines, which was one of the compromise terms effected a few weeks ago, was taken off. There were several attempts to run trains hast night, but they all falled, as the men cut the trains in two as soon as they were made up, and as a consequence the yards were completely blocked, when the compromise was effected to-day.

and did not get along very harmoniously, when, without explanation, Mrs. Potter went to Ambrose's house and together they proceeded to the Register's office, and took out a license and were married. Mrs. Potter gave the name of Mary Adams to the license clerk, who had no suspicion as to who she was. In an interview this evening with the parties, the woman said she wanted a man who could provide for her better than Potter did. Informations against Ambrose and the woman will be made on Monday. All the parties are well known in the village, and there is talk of treating Ambrose to a coat of tar and feathers.

A DETECTIVE IN TROUBLE.

He Gets Drunk With His Prisoner and Goes to the Workhouse.

ISPECIAL TELEGRAM TO THE DISPATCH. SHARON, PA., August 2-P. H. Young, an alleged detective, brought a man named Small from Youngstown, late last night, handcuffed and charged with stealing a horse and buggy from West Middlesex. Both men became intoxicated, and after the detective had dragged his prisoner around the streets for awhile, the local police scooped them both in for drunken-

ness.
To-day it was proven that there was not the slightest evidence to hold Small and Squire Thomas sent Young to the workhouse for 90 days for assaulting the supposed horse thief.

VETERANS IN CAMP.

A Sham Battle at Scottdale by Members of the Grand Army. SPECIAL TELEGRAM TO THE DISPATCH.
