. DISPUTED ELECTION CASE SETTLED.

Judge Meinger Given His Sont After a Long and Costly Legal Battle,

SEPECIAL TELEGRAM TO THE DISPATCH.1" DU Bois, August 12 .- The Select Knights of the A. O. U. W. met in annual session here this morning with 13 legions present from all parts of the State. After the address of welcome by J. A. Johnstone and the response by Dr. J. C. Dunn the convention went into secret session. The report of Grand Commander Rowan, of Pittsburg, was read. In it he advised the Select

allegiance to the Supreme Legion and the adoption of a new beneficiary article, pledging payment of a stipulated sum and the levying of assessments to pay policies in full. The committee on the Grand Commander's report reported favorably. The report of the committee was adopted unanimously. The Select Knights have thus freed themselves from an element that has hitherto impeded their progress. This action also severs connection with the United Workmen. At to-

connection with the United Workmen. At tomorrow's session the new organization will receive its name and declare its intentions. This
is the most important action ever taken by the
Select Knights.

The Grand Medical Examiners' report
stated that but two deaths have occurred during the year. Comrade Adam Acker, of Humboldt Legion No. 17. of Allegheny City,
captured the first prize of a uniform offered by
a Columbus firm for the greatest number of
members obtained by any comrade since last
session. The same legion captured the prize
last year.

METZGER GETS HIS SEAT.

The Long Contested Election Case Finally Settled in His Favor.

REPORTAL TELEGRAM TO THE DISPATCE. WILLIAMSPORT, August 12 .- One of the most important legal opinions given in recent years in the State was rendered here this afteron. At the November, 1888, election, John J. Metzger, Democrat, was declared elected Judge by 44 majority over his Republican opponent, B. S. Bentley. Metzger's seat was tested, and Governor Beaver appointed Judges Mayer, Bucher and Rockefeller to decide the case. During the past 20 months an enormous amount of testimony was taken in the matter, and the entire county was stirred up over the contest. This afternoon Judges Bucher and Rockefeller rendered a majority decision, wherein they carefully and fully re-

decision, wherein they carefully and fully reviewed the law and the evidence surrounding the case. They decide that Metzger's legal majority is 122, and that he is entitled to his seat on the bench. Judge Mayer read a minority opinion, wherein he took exceptions to several material points, and allowed Metzger a majority of 59.

The Court makes several recommendations as to the passage of a law throwing further safeguards around the bailot box, and while they are unanimous in their opinion that no direct fraud tainted the election in this county in 1885, yet they concur in the view that election officers are very careless in the discharge of their important duties and fail to exact vital qualifications on the part of electors. The cost of this contest will aggregate about \$7.000 for the salaries of the judges in the contest. The decision gives great satisfaction throughout the county, and will go upon the books as a cause celebre.

OHIO FARMERS' WANTS. A LARGE AND IMPORTANT CONVENTION AT COLUMBUS.

The Agricultural Interests Determined to Have a Voice in Shaping Legislation-Important Subjects to be Brought Up for [SPECIAL TELEGRAM TO THE DISPATCH.]

COLUMBUS, August 12 .- A preliminary meeting of delegates from the various farmers' organizations of the State was held here to-night, and a convention will be held to-morrow. The convention was called by J. H. Brigham, Grand Master of the National Grange, and it is understood an effort will be made to form a union of the various farmers' organizations. The large attendance for the preliminary work was a surprise, there being over 100 of the most prominent farmers of the State present. A number of committees were appointed, among them one on resolutions for the purpose of facilitating the work, and they are holding meetings this evening. There is considerable diversity of opinion as to what action shall be taken, and the fact that nearly every farmer is loaded with resolutions leads to the suggestion that all will not be harmonious, yet there is an ap-

parent determination to stand together and express themselves upon legislation. Colonel Brigham was asked it there was anything political in the move. He stated that this was not the design, though it might reach that. The farmers are now looking after their own interests, and they propose to equalize the burdens and have something to say as to the character of laws

enacted in the future.

The Committee on Resolutions, which is to report to the regular committee of the convention have been codifying those which have been brought in, and they find the following propositions will be up for consider-ation in the convention.

Against the alien ownership of land; to restrict European immigration: to abolish the national banking system; Government control of railroads and telegraphs; unlimited coinage of silver and full legal tender; for the Australian ballotsystem; to tax finished products on hand; State inspection of dressed beef; giving the Legislature power to levy tax on stock of corporations for tax equalizing purposes; favoring exemption of mortgaged property from paying tax to the extent mortgaged.

The tariff and temperance questions will also be presented, but there is a disposition not to have anything to say on these subjects. A large meeting was held in the State House grounds to-night, which was addressed by Colonel Brigham and others, in which they urged in strong terms the importance of definite and determined action was the foregoing application. upon the foregoing subjects.

NEW YORK, August 12 .- The course adopted by the Brick Manufacturers' Assoclation at their meeting at the Astor House yesterday, if persisted in, will result in the practical suspension of the work of erecting buildings in this city and vicinity, since from 90 to 95 per cent of the bricks used in the three cities separated by the North and East rivers come from the yards of members

KILLED IN BED BY A SNAKE.

An Alabama Farmer Wakes to Find His Wife and Child Dend. BIRMINGHAM, ALA., August 12.—Jasper Keith, a farmer, living in Winston county, awoke yesterday morning and found his wife and 8-months-old babe dead in bed by his side. and 8-months-old babe dead in bed by his side. Their bodies were badly swollen, and colled in one corner of the bed was a moccasin snake, whose bite is as fatal as that of the rattlesnake. During the night the snake had crawled into the bed and had bitten Mrs. Keith and the child. Keith was so overcome with grief and horror that he fell prostrate across the dead bodies of his wife and babe.

This aroused the snake and it struck at Keith, but its fangs caught in the sleeve of his night shirt and he escaped the fatal sting. Realising his peril, Keith caught the snake in his hand and hurled it to the floor before it could strike again.
