CHICAGO, August 14.-The Chicago (P. L.) club again defeated the Pittsburg team to-day. Tener was in the box for Pittsburg and King did a like service for the locals. Long John had a slight advantage over his opponent, but his support lost him the game. The Chicagos did not play very brilliantly, but they supported King well enough to win. The Chicagos started into the game at a lively pace, and took their lead in the third inning. Darling and Hanlon scored for their respective teams in the sec-ond inning, and both started with a base on

In the third Duffy got a show for himself through a ridiculous must by Hanion. After O'Neil had been sent down Ryan got first on a fumble by Knehne and Darling sent both runners home with a two-base shot to left field. Then Farmer Dell scored on a passed ball just before Pfeffer was put out. Boyle dropped a single out in right, Williamson followed send-ing both across the plate while Fields was chasing Bastian's long hit. Fields scored for Pittsburg in their half of

Fields scored for Pittsburg in their half of the inning, and Visner made the rounds in the fifth. Duffy took the first corner on balls in the seventh. O'Neil followed, when Fields dropped his long fly hit, and Darling sent both over the plate with a single. Pfeffer's three-bagger sent Darling in, and the second baseman scored the last Chicago run when Hanlon dropped another fly hit. Three of the visitors came home in the last half of the round. Fields was given a base on balls, Visner took first after a fumble by Bastian, Beckley smashed a hit, and then all of them were chased over the plate by a series of singles. Kuehne scored the last Pittsburg run in the ninth on a base on balls and a bard poke by Rebinson. Attendance, 1,911. The score:

The Pittsburg (N. L.) Team Takes Its Usual Dose From Cleveland-Phillips Hit Freely for Three Innings-Other

SPECIAL TELEGRAM TO THE DISPATCE. CLEVELAND, August 14.—The tail enders in the League had another struggle for supremacy with Cleveland to-day, but the Clevelandites vanqished their unlucky co-laborers from the banks of the Ohio. Big Mr. Phillips, the gentleman who has been referred to as the coal mine twirler, was in the box for the visitors, and finished much better than he started off. The Clevelands bogan by scoring triplets from the first three innings, and the crowd figured up a wild and woolly total on that bass. From the fourth Phillips braced up considerably and

the fourth Phillips braced up considerably and the slugging ceased.

A base on balls to Gilks in the first, Mc-Kean's sacrifice, Smalley's bit, Virtue's single and West's double gave Cleveland its first three runs. Smalley cleared the bases in the second and three more runs were added to the score. In the third inning Beatin's three-bagger was the means of giving Cleveland three more runs. After this they came in smaller lots. Phillips' single, Hecker's triple, Berger's sacrifice and Ardner's error, with singles by La Roque and Decker, gave Pittsburg's put up a very ragged game in the field, while the Clevelands played steadily and accurately. THE SUITS EXPLAINED.

Official Statements Regarding the Three Notes Signed by Mr. Nimick. President O'Neil gives the following explanation of the cause of the suit against the local (N. L.) club mentioned in yesterday's Drs-

"The trouble grew out of the transfer of games of the Allegheny club. In the Indianapolis deal it was agreed that Brush should be paid in notes made payable at Washington in equal installments two, three, four and five equal installments two, three, four and five months. These notes were given in part by each club in proportion to their supposed attendance during 1890, based upon the attendance of 1889. Each club, at the conclusion of every home game, was to remit to President Young 10 per cent of the gross gate receipts. Under this method it will be noticed that if the attendance of one club at home exceeded its calculated proportion it would pay more than the amount set apart for it to pay, the whole transaction to be balanced at the end of the year, and so adjusted that each club would than the amount set apart for it to pay, the whole transaction to be balanced at the end of the year, and so adjusted that each club would pays its proper share, and no club was to pay more than 10 per cent of its gate receipts. The Pittsburg club during the season up to this time has transferred live games to Chicago, seven games to Cincinnati, ten games to Philadelphia and six games to Brookiyn. The 10 per cent on these games having been remitted to President Young by the various home clubs, viz: Chicago, Cincinnati, Philadelphia and Brooklyn, the Pittsburg club has received no credit whatever for the remittances on this account. While the amount remitted on account of these transferred games has been more than enough to pay these notes, President Young claims he has no right to apply the money mentioned to the Pittsburg notes."

Messrs. O'Neil and Nimick had a meeting yesterday afternoen, and decided not to pay the notes, but to compel the payment from the proper source. However, they will pay the amounts they owe the League on the last home games directly on the notes.

Jimmy Gray in a League Uniform. Jimmy Gray, the popular second baseman of the East End Athletics, leaves this morning to don a Pittsburg National League uniform for don a Pittsburg National League uniform for to-day's game. On Wednesday Sales had a finger firoken and was compelled to leave the game. This left the team very short, and Man-ager Hecker telegraphed President O'Neil to find him a man. He succeeded in securing Gray for one game. He will probably play sec-ond base and La Roque go to short. Roat joins the team in Chicago, and Miller may then go to short.

THERE shut-outs in succession shows how bitter a the rivalry between the New Yorks and the Lowz leads the League in batting with . 438 as an average, while Darling is in the same position in the Brotherhood with . 389. THERE is a crying demand in New York that Manager Mutrie shall put Burkett back in right field. His batting is creatly missed.

COLUMBUS has accepted the terms of Shortstop Marr Phillips, late of the Rochester clab. Phillips, however, is holding off for advance money. PERSIDENT AL JOHNSON, of the Cleveland Players' Club, and Catcher Robinson, of the Athlecties, deny that the latter has agreed upon terms with the Forest Citys for next season.

HARDIE BICHARDSON has made 125 hits already this season. He leads the Boston Players' League club in that respect, as well as in sacrifice hits, with 14 to his credit.

MANAGER MUTRIE has a chance to get another prominent player. He is none other than Larkin, the first baseman of the Cleveland Brotherhood dub. Of late Larkin has not played with the team, and he is anxious to get away. From all accounts he wants to get with the New York club.—New York Sun. Tork Sun.

THE attendance given out at the two grounds in this city has been enormous, compared to the number who really witnessed the game. It leaked out yesterday that the attendance given out by the Brotherhood people was really I, 100 more than they really had. At to-day's session of the encampment the report of the Pensions Committee was read. It details the work of its members in securing and aiding pension legislation in Congress, and its successful efforts in regard to the disability pension bill that became a law July 27. "This law," says the report, "while not in the precise form of the bill presented by the committee, preserves the most important feature, and while not just what we asked, is the most liberal pension measure ever passed by any legislative body in the world, and will place upon the rolls all of the survivors of the war whose condi-tions of health are not practically perfect."

CONGRATULATED ON PENSION WORK. Hon. C. K. Davis, of Minnesota, and Hon. E. N. Morrill, of Kansas, Chairmen respectively of the Senate and House Com-mittees on Pensions, come in for most grateful mention for services rendered the com-mittee, and the G. A. R. is congratulated that its pension work has become so near complete through the enactment of the dis-ability bill. Comrades Koknitz, Burst and Fairchilds, members for successive terms on the committee, announce their desire to with-

draw from the committee that they will not accept reappointment thereon.

Commander Alger announced that a committee from the Woman's Relief Corps was in waiting and it was voted to receive the delegation. Mrs. Knowles, the head of delegation, was introduced and was loudly applauded. She made a short speech of congratulation and sympathy, and gave some interesting statistics of the prosperity of the Woman's Relief Corps. Commander Alger made a short response expressive of the hearty appreciation by the Grand Army of the work of the corps. The ladies then withdrew.

The Committee on the address of the Com-

mander in Chief presented its report, heart-ily commending the address and thoroughly indorsing the just policy set forth. The re-port heartily approves the high praise given the Relief Corps and Sons of Veterans. The principal events of Grand Army week were concluded this evening by a grand banquet in Mechanics' Hall, complimentary to the delegates to the Encampment and invited guests, over 1,000 in all. De-partment Commander Innis presided at the platform table. The entire banquet was an affair of great elegance. Commander Veszey

BLOWN TO ATOMS.

Life Destroyed in a Terrible Way by Boller Explosion.

NEWBERRY, S. C., August 14.-News reached here to-day of a terrible boiler explosion which occurred this morning at a country sawmill 12 miles west of Newberry, on Dr. W. M. Dorron's place. Four men, one white and three colored, were killed and two colored men seriously wounded. Pickens P. Matthews, a white son of the owner of the mill met with an awiul fate. He was literally blown to atoma, his limbs being found some

distance from the scene of the explosion and other portions of his body suspended in trees. The colored men, Carey, Davis, Thomas Ellison and William Chambers, had their heads blown off, and were otherwise terribly mutilated. Milton Rabb, colored, had his thigh badly smashed, and Wait Davis was fearfully scalded.

Wait Davis was fearfully scalded.

A colored boy named Young was the only one who escaped uninjured. He says that the pump was out of order and the engine had been stopped. Ellison, the colored engineer, and the other colored men were around the furnace of the engine, and Matthews was working with the pump when the explosion occurred. The pump was in front of the engine and near the saw, being specified with water from a small stream specified with water from a small stream. supplied with water from a small stream, alongside of which the engine was placed. Matthews' shoes were found by the stream, with his feet in them, having been blown from his body.

THE TROUBLED SITUATION IN THE STATE

Thousands of Soldiers Massed on the Frontier-Salvador Forces Assisted by the Regulars-Cannons Carried 130 Miles Over Mountains, on the Backs of CITY OF MEXICO, August 14 .- A letter

from Jutiapa, dated July 17, says: Thirty miles from here and 90 miles from Guatemala City are stationed 24 pieces of artillery and 3,000 Guatemalan troops. The Government's troops are divided into three divisions. First, an advance guard upon the frontier 11.000 men: second, a reserve guard of 4,000 at Jutiapa; thirdly, a force of 5,000 men in Guatemala City. Honduras has upon her frontier a force of 10,000 men. San Salvador has a frontier guard of 5,000 men. Her reserve force is not

At 10 o'clock this morning General Vallavisencia, of the Liberal party of San Salvador, with four pieces of artillery and 600 men, crossed the river at Blue Rock and joined General Galan, of the Guatemalan army, whose forces consist of 3,000 men and four pieces of artillery. After crossing the river, the San Salvador troops fired upon their countrymen upon the other side and a few shots were exchanged. The Guatemalan troops did not fire a shot.

A letter dated Chingo, Guatemala, says:

A letter dated Chingo, Guatemala, says:

The fight at Blue Rock proves to have been more serious than was at first reported. It seems that some 2,000 Guatemalan troops came to the assistance of the Salvador troops, and the regular troops of General Exeta drove them back and scattered them, capturing eight pieces of artillery. The defeated troops retired to Jutiapa, their ammunition being exhausted.

The pickets of the Guatemalan troops were fire upon at Contepeque, about six miles from here, this morning. Although war has not yet been declared, a big fight is expected daily, as this is the only point where Exeta and his army can enter Guatemala. There are 5,500 troops here, 1,040 more at Contepeque and 3,000 scattered along the frontier east from here. The force here is under command of General Cuyetzano and Captain B. Emile, a French artillery engineer, is second in command. Cuyetzano and Captain B. Emile, a French artillery engineer, is second in command. There are 24 pieces of artillery here, which were brought over 130 miles of mountain road by Captain Emile. He had to use 460 mules, besides oxen, to get the guns over one hill. The troops are in good condition, and are well armed. Work on the trenches is being pushed appidly.

WHISKY MEN'S LOSS.

NEARLY \$2,000,000 WORTH OF PROPERTY DESTROYED BY FIRE.

Large Distillery and Other Buildings Burned at Louisville-Tweive Distilling Firms Suffer-Over a Million Gallons of Liquor

LOUISVILLE, August 14.-At 11 o'clock this morning fire was discovered issuing from the bonded warehouse of the Kentucky Distilling Company on Storey avenue, near Frankfort, in the extreme eastern part of

the city. The distillery proper caught fire in a moment, and before the fire department could get to work the whole establishment was a furnace of flames. The fire spread to the Great Western Pork House, on the east, and from that to the old Kentucky Woolen Mills, one of the largest jeans manufactur-

ing concerns in the South. It was 3 o'clock before the firemen got control, and this was not until the immense warehouse, the distillery proper, the cattle sheds and the slaughter house and pork packing establishment of Conrad & Seiler, which adjoins the warehouse had been wiped out completely. The loss to the pork packing company will be about \$50,000. The remaining loss of nearly or quite \$800,000 is on the distillery proper and destroyed whisky. This loss is divided among 12 whisky firms for whom Julius Barkhouse as President of the Kentucky Distilling Company, manufactures whisky. These firms are the Kentucky Distilling Company; Max Hofhelmer & Co., S. Lehman & Sons, J. M. Miller & Co., Bernheim Distilling Company, Buck, Frank & Co., Kentucky Blue Grass Distilling Company and J. C. Marks & Co. These 12 firms had among them in the warehouse 23,711 packages, mostly in barrels, or 1,120,177 gallons. This whisky is valued at \$700,000 in round num-

building brings the total of the distilling company's loss up to \$800,000. This is irrespective of the loss to the Government in unpsid taxes, 90 cents a gallon, which will amount to \$981,635, making a total loss by the fire not much less than \$2,000,000. The insurance is roughly placed at \$700,-000, divided up among the different losers.

Some of the local companies are caught for large sums. Several foreign companies, however, carried some of the loss.

A LEPER BOUND FOR PITTSBURG. Man With the Loathsome Disease War

to Come to This City. ISPECIAL TELEGRAM TO THE DISPATCH. Youngstown, August 14.-Officer Lautz, who has seen lepers in California, and is able to identify the disease, was met by a stranger to-day who desired assistance to Pittsburg. He exposed his arms and ankles, and their appearance satisfied the officer that he was a leper. He was directed to the Township Trustees for aid, but has disap-peared and cannot be found. He told the officer that he had been working in the West, but that he lived in Pitte-burg, though he would not tell who he was

The passenger service on the Central road was to-day beyond criticism. Six freights were sent west and seven south from the West Albany yards this afternoon. There was no freight moved there to-night. The usual daily number of east and west freight trains in and out of the West Albany yards reach 70, while 35

The whole township seems to be filled with the combustible, and the inhabitants are threatened with disaster. north and south trains represent the freight traffic on the Hudson River division. The strikers got hold of the men who came on from Chicago and Boston yesterday, with the result that this morning 42 of the experienced Western railroad men who were to be put to work at West Albany refused to go to work, and are now in consultation with the Central strikers.

NEW MEN QUIT WORK. Twenty of the men who came from Boston

and have been working at Karnars, eight miles from here, also quit work to-day. To add to these discouragements to the efforts of the road's officials to move freight a green switchman from the Fitchburg road neglected to set a switch properly in the West Albany yards to-day, resulting in the derailment of an engine with six cabooses.

In conversation with a half dozen of the men who came on from Chicago it was learned that many of the men had been under contract with the Central for weeks under contract with the Central for weeks before this strike was declared, and when they were asked Friday to come on here and fulfil their contract they refused. The men on Saturday were then told that the Central strike had been settled and they were wanted to fill the places of the few men the company would not take back, so they came on. It was also said that a large number of Western engineers and firemen had ber of Western engineers and firemen had been under contract with the Central for a month past to come on here to work, which these men thought was an indication that the Central also feared trouble from their engineers and firemen.

CALLING FOR THE MILITIA Sheriff Tappan, of Rensselaer county, this afternoon telegraphed Adjutant Gen eral Porter that he thought he would need State troops at the East Albany yards of the Central road, as he feared trouble. Colonel McEwen was sent over the river and found everything quiet and without prospects of disturbance. The Colonel said verything was quiet in this vicinity and there was no cause for anxiety on the part of he railroad officials.

A dispatch from Cleveland says: Rumors current this morning that there would be a tie-up on the Lake Shore Railrord west of Buffalo failed to materialize and the situation to-night was unchanged. Grand Chief Sargent, of the Brotherhood of Locomotive Firemen, arrived in the city at an early hour in the morning from his home in Terre Haute, Ind., and took arranged at the Hollenden. His took apartments at the Hollenden. His mission was one of peace, he being called here to adjust the trifling grievances of the firemen on the New York, Pennsylvania and Ohio Railroad.

POWDERLY WANTS ARBITRATION. A Detroit telegram says: The General Executive Board of the K. of L. suddenly resolved to-day to finish their labors in New York and started for that city at 10:55 this evening. In a speech before an assemblage of K. of L., this evening Mr. Powderly said he and his comrades were going to New York to demand arbitration in the matter of the New York Central and Hudson river strike.

New York telegrams estimate the loss to the strikers at \$15,000 per day, or counting what they receive from the general strike fund, \$30,000 per day. A statement has been given out regarding old hands who want to be received back. The company says they will be given places and treated as new men, where vacancies exist, but no new men will be discharged on their account, nor will the turbulent ones be taken

That Locality Stirred Up Nightly by Howling Mobs. The residents in the neighborhood of Logan and Colwell streets were awakened about 1 o'clock this morning

by a howling mob. A free fight was going on, and about 40 people had collected. Each was contributing a share to the uproar. A woman, carrying a little baby in her arms, was the central figure. There was no policeman in the neighbor-hood and it was only a ter vigorous calling that colored Officer Terry appeared on the scene. He attempted to arrest a man and was presented with a flying brick. The

officer fired, but no one was hurt. He, how-ever, succeeded in catching Joseph McVicar, who was lodged in the Eleventh ward station house. The crowd remained for a time and it was not until another officer appeared that the mob was dispersed. The citizens of that locality say such rows

are a nightly occurrence because of insufficient police protection in that quarter.
