OLDEST IN THE LAND,

Last Day of the Centennial Anniversary of the First Theological Seminary in the Country

ATTENDED BY THREE THOUSAND.

Historical Pacts Touching on the Work of the Service Pastors and the Noble Congregation.

WRAT PIVE MINUTE SPEAKERS SAID.

Preminent Visitors From Far and Near Present at the Celebration.

IFROM A STAFF CORRESPONDENT, I INDUSTRY, PA., August 14.-Thousands from far and near traveled the dust covered country bigbways yesterday to attend the greatest event in the two days' centennial anniversary of the oldest theological seminary on this side of the ocean. The complete history of the old log house and all the associations surrounding it, including the story of the Service church, was put on the programme for the second and last day of the celebration, and fully 3,000 people, young and old, crowded the old 1822 brick

chuch to the doors, while the grounds were

filled with visitors who could not get in-

Threatening clouds obscured the morning sky, and drops of rain began to fall shortly before the time set for the beginning of the early exercises, but in a moment the hot sun burst forth and filled the hearts of the expectant people with gladness. There were hundreds on the spot long before the services began, and at 10 A. M. the crowd far surpassed that of the day previous.

OLD MEMBERS PRESENT. It was a hundred years since the first members of that historic congregation gathered under the shade of the old hills to listen to the preaching of Parson Anderson, and wonderful changes had been wrought by the hand of time since the last echo of their voices lifted in prayer had died away. But their faces still lived in the memory of many old and tottering members who were present yesterday. Aged people, with the weight of four-score and more years resting on their shoulders, moved slowly about with the vast crowd. Little knots of grandfathers and grandmothers gathered here and there to talk over old times and discuss the crops, the weather and some other equally exciting topics of rural

There were numbers of visitors present from other States. Prominent among them were different clergymen who have imbibed the doctrines and principles instilled in the hearts of the noble men who studied within the walls of the first theological institute on the Western continent.

PROMINENT VISITORS PRESENT.

Among those that were observed passing through the thick crowd were: Rev. W. S. Harper and Rev. J. N. Edie, both from Beaver; the Rev. W. B. Barr, of New Brighton; Rev. J. Roe, Canton, O.; Rev. Mr. Buchanan, Morganstown; Rev. Mr. Shaffer, of Beaver; Rev. W. R. McKee, Rev. Alexander Young, of the Allegheny Theological Seminary; Rev. D. S. Littell, of Pittsburg; Rev. J. D. Irons, of Muskingum College; Rev. John McNaughter, Rev. Samuel Collins, Rev. Mr. McAlwell and Rev. D. V. Carson.

Prominent among the arrivals was Judge tion with a speech, sparkling with his usual

It was 10 o'clock when Rev. W. J. Golden, pastor of the Service church, opened the morning services with devotional exercises. Rev. D. V. Carson was introdu He was pastor of Service for 25 years, 1852 to 1877, and gave an interesting account of the church and congregation from 1850 to 1890. "Two great events occurred in this country during the 40 years of which I speak," he said. "One was of grand importance to the Christian world, and marks an era in the annals of religion. It was the national consolidation of the Associated Presbytery and the Associated Retormed, forming the great union called the United Presbyterian. The bringing to-gether of those two churches lives yet in the minds of many of my hearers. The other great event, and one which convulsed the nation, was the Civil War. Fifty brave brothers from this congregation went out

BLOODY STRIFE OF BATTLE. and of those 50 noble souls, 13 perished on the crimson-dyed fields of war. When I look about me to-day, and see the faces of so many new members, I am filled with joy to

know that this grand congregation is growing and growing still every year, and prospering in its glorious work."

The speaker touched on the various other matters connected with the record of the Service Church, and was followed by Rev. Mr. Shaffer, Presbyterian minister of Beaver, who said: "Sixty-five years ago I came to who said: "Sixty-live years ago I came to Service. It was my good fortune to hear old Dr. Anderson preach. He was the first pastor, and he did good work for the country. Coming here in the lonely wilderness, he braved all to preach the gospel, and his efforts were nobly rewarded."

Next on the list of those who made five-

minute speeches was the Rev. John Roe, United Presbyterian minister of Canton, who spoke of the excellent work done by the Service Church. Following him came Rev. Mr. Buchanan, Presbyterian minis-ter from West Virginia. He said: "It is an inexpressible and excellent blessing to be brought up in a community like this, favored with the Scotch-Irish element, and the religious work of the people shines with

Rev. J. H. Edie, United Presbyterian minister of Beaver, spoke of the blessings brought about by Rev. Dr. Anderson, while Rev. Mr. Irons told of the long-winded prayers and sermons of the olden times. He said: "I heard the minister take his text from the Epistle of St. Paul once. He divided his sermon into parts. It took him all morning to finish two parts, and after dinner he went through the remainder. I was impressed with the wonderful power of the preacher and the enduring patience of the congregation."

FIVE MINUTE SPEECHES.

Rev. James Wallace, of the Eighth U. P. Church of Pittsburg, remarked: "I deeply respect the great Christian spirit manifested in the works of all the people connected with this historical house of worship. Their love for the Divine Creator and their attention to devotion has done powerful good for

Rev. W. R. McKee spoke next, after which the great congregation adjourned for two hours to partake of a splendid repast set out in the open air. Every available space was utilized to take dinner, while Mesers. Hood & Rannels did a lively business at their restaurant put up temporarily on the grounds. During the interim many wan-dered through the old graveyard, admiring the curious old tombstones.

Briers and weeds were moved down, and

the neat looks of the grounds showed the work of the tasteful hands that decorated the interior of the church with pretty fes-

toons of flowers.
At 2 o'clock the meeting reconvened Rev. W. J. Golden introduced Rev. James Harper, D. D., LL. D., who gave an interesting history of the theological seminary originally established at Service, Beaver county. His talk threw much light on matters of great interest to those present. The main points of his sketch were given in the article on the seminary published in yesterday's DISPATCH. In conclusion, he said: "The tendency is strong at present to convert theological seminaries into schools of language; but the tendency is to be deprecated. Critical and exegetical studies are of great value for supplying the material for the construction of the system of theology. It is the business of systematic theology to compact the materials thus provided into a majestic temple with due adjustments and symmettrical proportions; but the rearing of such a structure is a grander work than the collecting of its component materials. Let the county. His talk threw much light

lecting of its component materials. Let the banner of truth displayed among these hills a century ago be kept unfurled. Let the dwellers of this locality to which pertains the honor of head of the component of tains the honor of having been

THE ORIGINAL SEAT of so beneficial an institution as that which we have been surveying, a distinction more noble than that of having been the scene of a bloody conflict between armed hosts-let them cherish dutifully the truth transmitted to them from sainted sires and in turn be-queath the precious patrimony to genera-tions yet unborn. And let all who, in honor of this occasion, have gathered here return home with deeper determination to hold fast to the word of life, so that when they, too, shall have passed away many may they, too, shall have passed away many may have reason to revere their memory."

After Rev. James Harper had concluded his remarks, Judge Wickham said: "Service is the good end of our county. You send less business to the courts than any other place. I wish we had more John Andersons. Racoon township has the best locking people and the least dog fights."

Following this there were several five.

Following this there were several five-minute speeches. Rev. Alexander Young and others spoke on lessons from the cen-tennial, after which hymns were sung and and the large congregation dismissed.

PATENTS LATELY ISSUED.

A List of New Inventions by Ingenious Met in Three States.

O. D. Levis, patent attorney, 131 Fifth avenue, furnishes the following list of new patents issued to Pennsylvania, Ohio and West Virginia inventors:

SUING A TRACTION ROAD,

Iwo Demands on the Citizens' Company, Aggregating \$7,000.

Thomas H. Davis, Esq., has stolen away from his retreat in Butler county long enough to prepare the papers in two suits for damages against the Citizens' Traction Railway Company. They will be entered in Common Pleas Court No. 2, and are inter-Wickham, preciding judge of Beaver esting to more than the parties immediately county, who later delighted the congregamore or less, on the question at issue between the company and the undertakers as of the city, which is without doubt the greatest to right of way, courtesy to the dead, etc.,

The first suit is on behalf of Henry W.

Eckert, a driver in the employ of J. D.

Schaub, a funeral director. Eckert deposes that on the Fourth of July, while decorously performing the duty devolved on the beauty designed. he was driving along Penn avenue, and while so engaged a car belonging to the de-fendant company ran into the carriage; that the shock unseated him, and he fell to the ground, and as the horses took fright and became unmanageable, they drew the car-riage over him, breaking one of his arms and crushing one of his feet. Mr. Eckert

wants \$5,000 damages.

The other suit is in behalf of John D. Schaub, Eckert's employer. Mr. Schaub asks compensation for the injuries done to his horses, carriage and harness, and places

A GUARANTY COMPANY FAILS.

It Made Plenty of Real Estate Loans, but the Interest Was Not Paid.

ATCHISON, KAN., August 14 .- B. M.

Davis has been appointed receiver of the Guaranty Investment Company, of this city, on the application of Henry A. Reilly, of New York, who says his suit is authorized by all the directors, and \$235,000 of the \$250,000 stock of the company. He asks that the affairs of the company be wound up. The application was precipitated by the presence in the city of Cane Sear, of England, representing an English syndicate which owns \$100,000 of the company's mortgage upon which interest has been de-taulted. Sear has employed counsel to bring suit against the company. The com-pany has loaned within the last two years about \$2,000,000 on Kansas and Nebraska. farm lands. Borrowers began to default their interest over a year ago, and the com-pany paid it regularly until June 1, when the burden became too heavy, and payment since then has been refused. A member of the company says the failure is due to the poor crops and depreciation of values.

GUSHERS GIVING OU'

Big Wells at Chartiers Settling Down to Ordinary Producers.

OIL HISTORY REPEATING ITSELF.

The Production of the Field Now About 3,000 Barrels Per Day.

WHAT IS GOING ON AT MT. MORRIS

ISPECIAL TELEGRAM TO THE DISPATCH. CHARTIERS, August 14.—The Chartiers gushers of only a few days ago have sub-sided to ordinary producers. The fountain head seems to have spent its force, and the field is but repeating the history of its many predecessors. The important event to-day is the advent of Beck No. 5, which has been drilled through the second pay, and to-night is making from 10 to 12 barrels an hour. The well is located only 500 feet from Beck No. 3, and should have been a better well, but the stuff isn't there. Mellon Bros., on the D. K. Cleaver farm, also tapped the sand to-day and the well has made several small flows; it is showing for a good producer. The Westview Oil Company have just started drilling on the Hurley lot, which

is considerably in advance of developments. John McKee has cast his anchor on the Guthrie lot, which is also an advance well. The well is down 100 feet. On the Launinger lot R. S. Kennedy is building a rig. Dr. Black, on the May acre lot, will, if nothing occurs to retard work, bring his well in next Monday or Tuesday, while Huffnagle & Co., on

Monday or Tuesday, while Huffnagie & Co., on the Mrs. Pritch lot, are due to get the sand about the same time. The Gailey Bros.' well on the Duff farm is doing 140 barrels a day. They are building No. 2 rig, located 500 feet northeast from 1. Zinkham & Bryan, on the John Thompson property, will hit 'the sand Monday or Tuesday, and are down 100 feet with their well on the Bryan lot. The McKees Rock Oil Company, on the Hoffnagie. are drilling in the 30-foot, and will most likely get the first pay Saturday. The same company on the Gonnigle farm are drilling another well at 1,000 feet. O'Brien No. 6 has been crilled through the sand and is good for 100 barrels a day. O'Brien No. 1, the ploneer of the field, which started off at 240 barrels a day five months ago, is now making 50 barrels ady. The Beck Oil Company, on the Beck farm, are drilling in the bottom of the centennial sand and expect to find the first pay by Monday or Tuesday. Wesley Webber & Co., on the May, are in the neighborhood of 1,000 feet in No. 2 and are spudding in No 3, and the Eleho Oil Company, No. 2, Johnson, is pegging away at 1,000 feet. The Union Oil Company, on the Duff, are near the sand and with reasonable luck will soon finish.

Fisher Bros. No. 2 Dixon, is drilling at 800 feet; No. 3 at 900 feet; No. 5 is rigging up and No. 4. Steinmiller, is down 400 feet. On the Crawford. Stitt & Co. are building a rig, located 1,000 feet south of the Gaily producer. The Bridgewater Gas Company's we'l is making 100 barrels a day, and Beck No. 3 ils barrels an hour. The production of the field is estimated at from 2,800 to 3,000 barrels a day.

Mt. Morris.

Mr. Morris-Jim Forsyth was seriously hurt Monday. His team became frightened and ran away with him, throwing him out of the buck away with him, throwing him out of the buck board. His arm caught in one of the wheels and he was dragged for 300 yards. Fortanately no bones were broken, but he is terribly bruised up and his head badly cut.

E. M. Hukull's No. 1, Johnson, is in first pay and showing large. She made three fine flows Monday forenoon. It is looked upon as the "white flag" well of Doli's and Puller's Run. Hukill's No. 2 and No. 4, Asa Sutton, are doing over 200 barrels each.

Hukill's No. 2 and No. 4, Asa Sutton, are doing over 200 barrels each.

John Wiles has sold his interest in the Kennedy & Burris wells to Wesley McClure, and has embarked in the livery business.

The first string of casing in E. M. Hukill's Johnson No. 2 was put in Sunday.

The Home Oil Company have a fishing job at their No. 7 well. They were cleaning out and something fell in and stuck the tools.

Andy Mouroe is fishing for the tools at Hukill No. 4, on the D. L. Donley farm.

Dithman Bros. are still fishing.

Hank Aiken is not meeting with much success at his fishing job, and is talking of moving the rig.

The South Penn Company are building a couple of rigs on the Ed Bowen farm. Their locations are somewhat west of present developments, and look a little "salty."

The Ohio Record Broken.

FINDLAY - This morning Messrs. Harris Wolf & Davis crilled in an oil well just north producer ever struck in any oil field. It flowed over 1,000 barrels the first hour, and up to 6 over 1,530 barrets the first hour, and up to 6 o'clock this evening its production was 6,840 barrets. The first flow began at 4 o'clock this morning, and this feat has broken the record in Ohio. The producers and operators in this vicinity are greatly excited, and hundreds are flocking to the well.

Butler County Wells. BUTLER-The Forest Oil Company are drill-ing a well on the Marburger farm at 1,000 feet, and have another on the Stamm in the sand. On the Boggs farm, the Boggs Oil Company are

On the Boggs farm, the Boggs Oil Company are building a rig. Fredrick & Co. just completed a duster on the Douthett farm, near Brownsdale, and Rigmy & Co., at Renfrew, are getting ready to drill a well on the Weber farm, while Karns City parties are preparing to drill just below the town. The Zelienople well, on the Allen farm, has averaged 20 barrels a day since it was struck 20 days ago. "Dryhole" Fredrick & Co. are drilling a well in the Gould pool, on the Neithercoat farm, at 1,200 feet. The Clarion County Field. CLARION-But very little work is being done

in the Clarion field, and unless some one soon stirs up another Lucinda excitement Clarion county will be forgotten as an oil producing field. Leeper & Cadwallader are trying hard to field. Leeper & Cadwallader are trying hard to accomplish the feat. They are drilling a wild-cat well near Herland furnace, and if their theory holds good will strike it rich, but the chances are against them. Captain J. T. Jones, on Blyson run, four miles northeast from Clarion, has a well nearing the sand. At Fair Lucinda, Vogelbaucher & Co. are drilling a well on the Joe Vogelbaucher farm, located 500 feet southeast of the old Farmers' Syndicate well, Greenlee & Borlard's Waterloo. The Right to the Bliss Patent.

This morning Judge Acheson of the United States Circuit Court granted an injunction against Sauthers, Wells & Co., manufacturers of the Warren engine, restraining that firm from further manufacturing and selling from further manufacturing and selling engines with the reverse gear they are now using, which is an infringment of the Bliss patent. W. L. Pierce was appointed master to take testimony is order to fix the measure of damages sustained by the plaintiffs. As the matter now stands the Ajax engine people have the exclusive right to use Bliss patent reverse gear, and Struthers, Wells & Co. are prohibited by the decision of the Court from using it or selling what they have on hands. All other manufacturers of engines using the Bliss patent reverse gear are likewise affected by the Court's decree.

For Hard Drinkers.

Dr. Flint's Remedy is the only safeguard which hard drinkers have against the blunting or loss of sensation, the derangement of the sense of taste, bearing and sight, and the stimu-lation of the emotions which hard drinking brings. DOUBLE WEDDING ON HORSEBACK. of a Unique Society Event in Arizona Territory.

PHŒNIX, A. T., August 14.-Charley Meadows, Jack Brown and George Nelton, three representative cowboys of Tonto cattle range, arrived to-day from Payson. They give details of the unique double wedding that occurred in Payson last Friday between Thomas Beach and Maggie Meadows and

that occurred in Payson last Friday between Thomas Beach and Maggie Meadows and Charles Cole and Julia Hall. At the appointed time, about noon Friday, guests assembled on the main street of Payson to the number of fully 200. Every one, man or woman, was mounted, and when all was ready two couples rode up on spirited bronchos to the center of the gathering. The brides were dressed in riding habits and the grooms in regular cowboy regalia, big hat, leather leggings and spurs.

Justice of the Peace Judge Birch, also astride a horse, was awaiting them, and in the briefest of legal ceremonies spliced them as fast as the law could. After congratulations had been extended to the happy couples the presents were announced. One of the presents were announced. One of the presents offered by Charley Meadows, brother of one of the brides, was as many head of his cattle as the married pairs could find and brand between then and sundown. Chase was at once begun, the young women, who are expert riders, carrying branding irons and assisting in tying down the cattle. A large number of wedding guests followed and highly enjoyed the sport, though taking no hand in it. As a result of the round up each married pair secured 18 head.

Thomas Beach and Maggie Meadows and the appointed time, about the goods are likely to stick. It's an uneven load.

With the season getting late it's the fashion for such clothing to make a great stir over reductions. It gets into the rut. It can't talk up its quality. It talks up its price. Knows in other way to pull out.

We know a better way. Our make of clothing is always.low in price—always—and high in quality. People pull steadily on it. It don't get into the rut. Some odd lots must go this season. The prices are lowered. up each married pair secured 18 head.

FOR MENTAL DEPRESSION Use Horsford's Acid Phosphate. Dr. L. C. S. Turner, Colfax, Ia., says: "I am very much pleased with it in mental depres-sion from gastric troubles."

their Medical Institute, 323 Penn avenue, he stated that his catarrh which had troubled him so long had become so severe that at times he was unable to follow his usual business.

The tough tenacious mucus that dropped from his head caused a soreness in his throat. Although he was almost constantly trying to clear his throat, the disease extended to his lungs. His breath became short, and he felt pain in his chest.

There was scarcely a day he did not feel great pain over his eyes, He took cold easily, and every cold would cause such a stuffed-up condition in his nose he could scarcely breathe through it. His appositie was poor, and he had beiching of gas from the stomach.

Night sweats weakened him terribly and he lost flesh. In this condition he began treatment with the catarrh specialists on the 9th day of last December; on May 28 he gave the following statement:

"This up occurring that I have been entirely following statement:

"This is to certify that I have been entirely cured. It is now five months since I became cured. I feel splendid, and no symptoms of the disease has since appeared. W. H. WISH."

season. The prices are lowered. Fresh supply of Thin Goods;

who live at 73 Sedgwick street, Allegheny.
Miss Ehrhardt had for years been a great
sufferer from catarrh. She was almost constantly bawking and spitting, had sore throat, hoarse.

As some of this catarrhal poison extended to the bronchial tubes of her lungs she felt a tightness and weight in her cheet. She coughed badly, and as her disease further advanced she felt very weak and tired all the time. She could get but little sleep and felt tired and worn out in the morning.

In her weak condition every change of weather would give her a cold. Her appetite failed, and she had belohing of gas and a nauseous, sick feeling at her stomach after eating, and she had a bad taste in her mouth every morning.

eating, and she had a bad taste in her mouth every morning.

Her brother, Mr. Henry L. Ehrhardt, also suffered from catarrh. While he had many of the above symptoms, the disease so affected his head that he became quite deaf. He had a dropping of catarrhal mucus from his head into his throat, where it became very tenacious and hard to expectorate. After becoming cured by the catarrh specialists, at 323 Penn ave., they add:

"We gladly testify that the above history of our cases is true, and that we have been cured as stated. In proof we hereby sign our names.

"HENRY L EHRHARDT."
