OFFICE OF PITTSBURG DISPATCH.
MONDAY, August 18, 1890. At Herr's Island the cattle market roled better and stronger to-day than last Monday. Supply was larger than the late average, but quality was more satisfactory. Demand was good and prices were higher. Following was the range: Best heavy Chicago beeves, \$5 00 to \$5 15; good to choice medium weights, \$4 55 to \$4 75; common to fair do, \$4 05 to \$4 25; prime lightweights, \$4 25 to \$4 50; common to fair do, \$3 75 to \$4; low grade, rough and mixed grassers, bulls, dry cows, etc., \$2 50 to \$3 50. Fresh cows were in light supply, and prices ruled the same as last week. The only sales reported were at \$38, \$35 and \$37 50. Calves were scarce, there being but 58 pead on sale, and market was firm at a range

head on sale, and market was firm at a range of 4½c at 6½c per pound.

Receipts: From Chicago—I. Ziecler, 140 head; L. Gerson, 120; A. Fromm, 61; L. Rothschild, 39; J. Richter, 18. From Pennsylvana—E. Wolf, 4; G. Flinner, 4; J. Behler, 2; D. O. Pisor, 1; Total, 390; last week, 322; previous week, 329. The run of sheep was larger than the demand at these yards call for, while prices were a shade lower than last Monday; markets were quite brisk. Sheep sold at \$3 50 to \$5 00, the latter price being paid for a few bunches of choice wethers. Lambs were sold at 4½c to 67 B. Receipts: From Chicago—I. Ziegier, 179, From Pennsylvania—T. Bingham, 270; D. O. Pisor, 152; G. Filnner, 64; I. McNeese, 134; J. Behler, 70; McCreary & Sergeant, 184 J. Craikshank, 107. From Ohio—Sanford & Langdon, 165. Total, 1,325; last week, 985; previous week, 1,108. Hogs were in good demand, and the market was strong and higher, with \$4 25 to \$4 50; as the range for choice Ohios and Pennsylvanias. Stock were dull and slow at \$3.00 to \$3 25. Receipts: From Ohio—Needy & Sergeant, 182; Sanford & Langdon, 70. From Pennsylvania—E. Wolf, 7; G. Filinner, 4; J. Behler, 14. Total, 277; last week, 204; previous week, 241. Drovers report that the cost of cattle at Chicago was much greater than a week ago, and that the slight advance here did not cover increased cost. Some claimed that the increased price at Chicago was equal to a half dollar per out, and others put the increase not cover increased cost. Some claimed that the increased price at Chicago was equal to a half dollar per cut, and others put the increase

At Woods' Run and East Liberty. The offerings of cattle at the Woods' Run yards were 258 head, of which 172 head were om Ohio and the balance from Chicago. Of from Ohio and the balance from Chicago. Of the Ohio cattle there were two loads of high grade, weighing close to 1,500 hs., which were sold at 5c per lb. The Chicago cattle ranged in weight from 1,600 to 1,350 lbs., and in price 35/c to 45/c. Markets were active and all were sold by noon at better prices than have prevailed the past fewiweeks.

There were 570 sheep and lambs on the market. The range of prices was 4%c to 63%c. Prime yearlings brought 5%c and some choice lambs were sold at 63%. The price of hogs was \$4 15 to \$4 25. There were but 30 head on the

lambs were sold at 5%. The price of logs was \$4 15 to \$4 25. There were but \$9 bead on the market, averaging about 200 lbs., in weight.

There were 100 loads of cattle on the market at East Liberty yards this morning, against \$0 loads last Monday and 135 for the week before. Quality of this morning's offerings was only fair. Supply and demand for prime beeves are alike absent. The few butchers whose trade calls for primes order directly from Chicago. There were six to eight loads of good heavy cattle on the market from Ohio and Indiana, for which \$4 50 to \$4 75 was asked, but it was somewhat doubtful at \$9 o'clock whether this price could be obtained. Light, tidy butcher beeves, the kind our market calls for of late, weighing 1,000 to 1,200 pounds, were scarce. Demand exceeded supply. The range of markets for this grade was \$3 25 to \$4 25. Markets opened slim, but firm, at prices ranging from 10c to 15c above last Monday's rates.

Sheep and Lambs. Sheep and Lambs.

were about 9 loads of sheep and lambs on the market, and prices of last week a strong quarter better than those of the a strong quarter better than those of the previous week. Quality of the offerings to-day was poor. There were I loads of Missouri open wood sheep and lambs on the market of rather inferior grade which sold at, \$4.80. Common and low grades of lambs were very dull sale. There is scarcely any demand whatever for any other than choice lambs. One nice bunch of the latter was sold at 8c, which was to top off the market and much above the average price received for lambs.

Swins were firm at closing prices of last

received for lambs.

Swine were firm at closing prices of last week. There were 23 loads on the market. The range for corn hogs was \$4 00 to \$4 25; grassers, \$3 50 to \$3 75.

One of our packers was advised by his Chiof to \$8.70. ne of our packers was advised by his Chi-buyer this morning that receipts there to-were 25,000, and top prices was 4c per lb.

#### POINTS ON

Only Two Bids keceived by Mr. C. L. Davis for His New Theater.

A QUIET HINT TO ARCHITECTS Trading in Buckeye Oil Certificates Starts

Off With a Real Boom.

So far only two bids have been received by Mr. C. L. Davis (Alvin Jorlyn) for his new Theater on Sixth street, showing that Pittsburg builders are a little slow or are too full of business to undertake more. The latter is no doubt the reason. The time for closing the bids has, therefore, been ex-tended 30 days, which will expire Septem-

ber 10. It is understood that Mr. Davis has made a few changes from the original plan, which will add somewhat to the cost of the building.

A Hint to Architects.

Everything relating to "homes for the people" is of interest in Pittsburg, where building is on the jump. Here is a suggestion contributed by the oldest real estate broker in the city—a man who has charge of several hundred houses, and knows how the public pulse beats;

"Architects would do well to direct the at-tention of builders to the erection of small, compact, yet spacious and modern houses, with ance. The majority of the smaller houses are built at too great a cost merely to make a good impression when viewed from the outside. More care should be taken of the interior, with a view to comfort and economy."

Agricultural Picnics.

During September State and other fairs will be held in the following places: California, Sacramento, 8 to 20; Connecticut, Meriden, 16 Sacramento, 8 to 20; Connecticut, Meriden, 16 to 19; Delaware, Dover, 29 to October 4; Illinois, Peoria, 29 to October 3; Indiana, Indianapolis, 22 to 27; Kansas, Topeka, 15 to 20; Maine, Lewiston, 9 to 12; Maryland, Bel Air, 80 to October 8; Michigan, Lansing, 8 to 12; Minnesota, between Minneapolis and St. Paul, 8 to 18; Nebraska, Lincoln, 5 to 12; Nevada, Reno, 22 to 27; New York, Syracuse, 11 to 18; Ohio, Columbus, 15 to 22; South Dakota, Aberdeen, 15 to 19; Tennessee, Nashville, 29 to October 4; Vermont, White River Junction, 8 to 13; West Virginia, Wheeling, 8 to 12; Wisconsin, Milwaukee, 15 to 20; Wyoming, Cheyenne,

The Trade in Carriages. sidering the drawbacks of the early part of the season, carriage makers and dealers have reason to be satisfied with the amount of business, if not with the profits realized. During the spring months the heaviest shipments of carriages for the year are made, and from May 1 to August 1 the aggregate of deliveries to customers is the largest, the briskest period being the last two weeks of July, especially in the country. There was not such a marked rush then as usual: but the trade in pleasure vehicles has kept up well since and made a good average the country over. The same may be said as to the demand for farm wagons and heavy vehicles. Judging by the grumbling of dealers, prices have not been so satisfactory as they were a year ago. As this is the time for the yearly lull, the movement is light.

Business News and Gossip. Seven buildings are in course of construction in the principal business part of the city, the aggregate cost of which approximates \$1,000,-

A Liberty street produce dealer, just home from the West, says the potato crop is light all all through that part of the country. This confirms previous reports.

Fifty-three building lots have been sold in one plan in an East End district within three weeks. In almost every instance the purchase

The most important mortgage on the list yesterday was for \$10,000. There were 30 in all, 5 of which were for purchase money. Concerning the mysterious disappearance of small notes, a Wood street banker said yester-

day that the country people carried them off. This is corroborated by the fact that whife Pittsburg is short of them the rural districts are well supplied.

Henry M. Long sold 45 shares of Electric at

894, and 25 Picasant Valley at 294. Several brokers reported an increase of buying orders for the specialties, including Electric and for the specialties, including Electric and Pleasant Valley.

Mr. D. P. Black returned yesterday from his summer outing. He passed most of the time in Buffalo and vicinity. He says Pittsburg stands high in the East as a manufacturing and financial center. The dullest place he visited was Albany. He thinks it finished, as

He did not see a house in course of erection.

Rufus H. Herron and S. S. Pinkerton are on deck again. The latter got back in time to help start the ball in Buckeye certificates.

A semi-annual dividend of 3 per cent on the stock of the North American Phonograph Company has been declared, payable August 28 to stockholders of record August 15. The Pennsylvania Railroad reports that the quantity of coal and coke originating on and carried over its lines east of Pittsburg and Erie for the week ending August 9 was 300,125 tons, of which 211,903 tons were coal and 88,222

tons coke. Railroad earnings: Pittsburg and Western, second week of August, net decrease, \$3,182.
Louisville, St. Louis and Texas, second week of August, net increase, \$3,504.

Movements in Real Estate. Four young men chipped in yesterday and raised a fund large enough to buy eight or ten ullding lots. They will probably invest at Brushton or Homewood.

Stranb & Morris sold three houses on Cato street during last week for \$5,000 each: In each case the deal was made before the roof was on, showing a brisk demand for this kind of property. Two of the purchasers are non-residents, but contemplate locating here.

The same firm also closed the sale of a lot 21×x138, corner of St. Clair and Rural streets, for \$10,000, npon which fine dwellings will be

erected at once.

B. O. Frazier sold a new modern frame dwelling of five rooms, etc., with lot 18x100 feet to alley, situated on the north side of Howley avenue, near Thirty-ninth street, Sixteenth ward, to the Lawrenceville Homestead Loan

ward, to the Lawrenceville Homestead Loan and Trust Company for \$2,700.

Black & Baird sold to Albert Randall lot No. 45 in the Herron Hill Park plan, fronting on Madison avenue 40 feet by 100 in depth to an alley, for \$1,000; also sold to E. J. Evans for James H. Willock lots Nos. 5, 6 and 7, in the Willock plan, fronting 72 feet on Second avenue, Hazelwood, for \$2,400; also sold to J. S. Hecker for J. Walter Hay, lot No. 19 in the Valley View plan, for \$125.

W. A. Herron & Sons sold lot 39 in the Brown & Donnell plan, Nineteenth ward, corner of Winebiddle avenue, 24x100 feet, for \$550.

## STOCK MOVEMENTS.

Strong and Weak Points of the Market-Luster Still Climbing. The features of most interest in the stock

The features of most interest in the stock market yesterday were another sharp advance in Luster, the sale of a jag of Citinens' Insurance—the first movement in this part of the list for a long time—and the drop of Electric rights to 5 cents, with still lower bids at the close. The stock was stronger and Switch and Signal weaker. The tractions and natural gassers presented no new features. Exchange stock was firmer.

The Sterling Silver Mining Company has snipped to this city over 500 ounces, a part of the July output. It is very pure. There is none of the stock on the market, so far as could be ascertained, but it may come out later.

A CLOSE RACE.

Pittaburg Maintains Her Lend of Baltimore in Clearing House Returns. Saturday's business made a good showing in the Clearing House report yesterday. Exchanges were \$2,789,710 28 and balances \$353,372 28. The week's race between Pittsburg and Baltimore was close, the difference being \$500 in round numbers in favor of the former. St. Louis and San Francisco ran almost neck and neck, with the advantage in favor of St. Louis. Cincinnati was nowhere. Philadelphia fell to fourth place, being crowded out of third by Chicago. THE NEWS AND GOSSIP OF THE CITY

fourth place, being crowded out of third by Chicago.

There was only a moderate demand for discounts, which was accommodated at 6 per cent as the rule, exceptions either way being rare. The supply of funds was said to be adequate to outsiness requirements, but none to squander on wildcat schemes. A few banks were reported closely loaned up, but the most of them were easy. New York exchange was a drug on the market.

Money on call at New York yesterday was tight, ranging from 6@16 per cent, last loan 6, closed offered at 6. Prime mercantile paper higher. Sterling exchange quiet and steady at \$4.84% for 60-day bills and \$4.87% for demand.

### LIMA ON TAP.

Introduction of Buckeye Certificates Causes a Revolution-A Lively Day.

The oil ring presented an animated appearance yesterday, and there was considerable of the old-time enthusiasm. The metamorphosis wrought by Buckeye certificates was rapid and decided. Everything was Buckeye. When the gong sounded the opening there was a hurrah for Buckeye which was heard on the street and caused some surprise, coming, as it did, from a place usually so quiet and dignified.

The market opened at the top, with active trading. The lobby was well filled and orders were liberal, showing that outsiders were interested. The market sold off during the first hour, and was rather quiet until about 2 o'clock, when there was another spurt of activity and the price crept up to within 2 cents of the opening and highest figure. About 300,000 barrels changed hands. The fluctuation was 2% cents. Sproul & Lawrence and David Brown sold freely. McKelvy and Trace were the principal buyers. The range was: Opening and highest, 42%c: lowest, 39%c; closing, 40%c. The opening at Oil City, Findiay and Lima was the same as here. New York and Bradford were lower. The following telegrams were received: wrought by Buckeye certificates was rapid and

Bradford were lower. The following telegrams were received:

LIMA, August 18.—Oil Exchange open for business. We greet you.

JOHN O'CONNOR. Vice President.

FINDLAY, August 18.—Oil Exchange open for business. Born at 9 o'clock. Babes as we are, we accept congratulations with manly pride, and hope to grow to the full stature of man as an oil exchange, and trust to so deport ourselves that your Exchange will never regret our advent.

D. JOY, President.

Pennsylvania oil was firm but neglected in the excitement over the new acquisition. It passed through but one fluctuation, the opening and highest being 93c and the lowest and closing \$2\text{4}c. Sales were about 8,000 barrels. Refined advanced at Antwerp. Baturday's clearances were \$8,000 barrels.

CERTIFICATES LIVELY.

The Speculation Large and the Price Almost Equals Gold-Money the Principal Element-The Bulls Are

Sangulne. NEW YORK, August 18.—The money question is again more than ever the principal element in the making of prices in the stock market, and the unexpected wiping out of 30 legal reserves of the banks by some inexplicable decline to the interior last week has put an end to the slow but steady improvement which continued throughout last week in spite of the high rates for money, together with other disturbing causes. The sanguine bulls maintain that there is no likelihood of a continuance of this drain and no fear whatever of a stringent money market this fall, although that it will work close no one denies, and opportunities for ma-nipulation will be likely to arise from time to

market this fall, although that it will work close no one denies, and opportunities for manipulation will be likely to arise from time to time.

Considerable disappointment is expressed over the failure of the Treasury Department to make some new arrangement whereby more money may be gotten out of the Treasury, but hope still remains that for political reasons, if no other, there will be some move looking to that end in the near fature. The reappearance of the strike on the New York Central was also a factor in the situation this morning, and notwithstanding the confidence shown by London, where prices were all fractionally higher than our figures of Saturday, the opening of the market here was marked by small losses in almost all the active stocks, and these were followed by further depression during the day, though in few cases were the net declines of special importance.

Silver was higher in London, and the speculation in the certificates here again assumed large proportions, and the price was pushed up rapidly, lacking now less than 10 cents of a parity with gold. This acted somewhat as a sustairing influence upon the railroad list, but the decline in prices was steady, though sive, through nitenace upon the railroad list, but the decline in prices was steady, though sive, throughout the entire session. The Grangers received the most attention, with the Coal stocks and Loursville and Nashville in close attendance. There was very little special feature to the dealings at any time, and the trading calls for little comment.

Railroad earnings for the second week in August continued to be very satisfactory, the rate of ingrease over the corresponding week of last year being. Toledo and Ohio Central, 4; Evansville and St. Louis, 30, and Wheeling and Lake Erie, 40. The market under the strength shown by silver railied slightly in the last hour and the close was firm at the slight improvement, though still close to the lowest prices of the day. The final losses of importance were Denver and Rio Grande preferred,

Government bonds have been dull and steady.

State bonds neglected.

The Post says: It is plain that, while the absorption of the floating and circulating capital of the country by the collection of excessive revenue has locked a great deal of it up in the Navional Treasury, there has also been a large expansion of credit by the exploiting of "industrial stocks," by means of which private manufacturing and trading concerns have been capitalized at two or three times the actual prices paid for the properties. These watered stocks have come into the loan markets and been offered as collaterals in one shape or another, and even though banks are understood to "discriminate against them," there are other and more venturesome money lenders who take greater risks for a much higher rate of interest, and by this means somebody's available capital is locked up in carrying these securities, which were not in the market at all before. The private individual capital which was invested in them before the organization of the stocks has not been wholly released, because the sellers of the properties have in most cases taken certificates for a large part of their pay.

RIVER INTELLIGENCE.

Business Extremely Good and the Excur-

sion Trade a Remarkable One. Opinions differ on the action of the Senate Saturday on the river and harbor bill. It was confidently expected by a great many that the amendment to purchase Lock No.1 would pass, in connection with the other Senate amendments, while others never expected that section of the bill to go through. Business was lively about the wharf yesterday. The three up-river packets had all the passengers and freight out that could be carried. Excursion business was remarkably good during the afternoon. The rise which was booked for yesterday, had not arrived at 6 P. M., but it is expected this morning. Local rains had no marked effect upon the Monongahela in this pool, and it remained at 5.10, the same as on the previous day. At Davis' Island it was likewise on a stand, and registered 2.5 on the mark, at 6 P. M.

Arrived—James G. Blaine, Adam Jacobs and Elizabeth. Departed—Blaine for Brownsville and intermediate points, Adam Jacobs for Brownsville and Morgantowe, Elizabeth for Geneva. Lesve to-day—9.30 A. M., Germania for Brownsville; 3 P. M., James G. Blaine, through to the headwaters; Elizabeth for Geneva. in connection with the other Senate amend-

Drift wood. THE Onward arrived at Pt. Pleasant yesterday THE Joe Walton passed Evansville on the way lown with a light tow of coal. CAPTAIN PUGH, of this city, arrived at Cincinnati, en route to Pt. Picasaut.

CAPTAIN VANCE HIGBER has contracted for a new boat, to take the place of the Thomas A. Means. Means.

Chark Wilson has resumed his old position with Captain Hough, at the Brownsville wharf-boat, after spending some time on a vacation. THE Mayflower will make hourly trips between the wharf and Brunot's Island, to witness the placing of the Uhio connecting bridge span in position.

THE City of Pittsburg was on the go all day, carrying people to picnics at McKee's Rocks and Kinney's Grove. It will carry excursionists to the Ohlo connecting bridge today. SEVERAL members of the Steamboat Owners'
Protective Association will protest against the acttion of Saturday's meeting, in electing officers. It
is claimed that there were not enough members
present to constitute a quorum, and that the elections are not bona fide.

A NEW boat to take the place of the Louis A. Sherley, which was withdrawn from the Cincinnati packet trade about three months ago, is being built at Port Harmon by Knox & Son. The new nacket will be of the latest build, and will be equipped throughout elegantly. It will be modeled somewhat after the filer Keystone State. THE Cincinnati wharfboat will go on the Manthe Uncinnati wharfoat will go on the Manchester ways as soon as the strikers return to work. Yesterday passed without any incident in the strike. Reed & Krepps remain firm in their erfusal to comply with the demands of the workmen for nine nours, and the men have evinced no inclination to resume work until the dock owners come around.

THE elegant side-wheeler James G. Blaine car THE elegant side-wheeler James G. Blaine carries off the paim for making the fastest trip to Morganiown and return. She left her wharfboat Saturday afternoon at exactly 3:05, and made a run to Brownaville, making 19 landings in seven hours, and reached Lock No. 5 four hours later. She left there in a dense fog, and reached Morganiows from Brownsville, a distance of 55 miles in the remarkably quick time of 5 hours and 22 minutes, On her return trip she left beadwaters at 5 A. M. and arrived here at 10:10 P. M., making 18 landings on the round trip. The up-trip was made in 14 hours and 25 minutes, and the return run was compeleted in ten minutes less. This is the fastest time ever made on the Monougabela.

OFFICE OF PITTEBURG DISPATCH. | MONDAY, August 18, 1890. Country Produce-Jobbing Prices. Monday is one of the off days of the week in this department of trade. Receipts were light to-day and there was little change to note. Since the recent advance in creamery butter, oleo has been coming freely to the front, and it is thought by butter jobbers that the upward movement will be checked. Demand has weakened, and the weakness is charged up to eleo. ened, and the weakness is charged up to elec. Choice nearby eggs are firm at outside quotations. Poultry is easier. Apples are coming in freely from Kentucky and Missouri and quality of stock is improving. Some very choice brought \$6 per barrel. Potatoes are firmer at the old prices. Jersey sweets are scarce. Southern sweets are dull. Tomatoes

scarce. Southern sweets are dull. Tomatoes have had another fall, owing to heavy receipts. In fact there is a glut, and home grown tomatoes to-day touched their lowest point for this season. One commission man reported sales as low as 50c per bushel, but quality was probably below par.
