YESTERDAY'S ATTENDANCE.

What promises to be another great and meeting. The dates have been selected and events decided upon that are sure to be of ber 23, 24, 25 and 26. The most interesting par of it is that two very important match races are likely to take place. One is between the pacers Dallas and Hal Pointer, and the other Hamlin Mr M McCormick is quite ready to match Dalias against Hal Pointer, three in fine heats, for \$2,500 a side, and the Park Association offers to add \$1,000 to the \$5,000 should the race go on. Secretary McCracken is certain that the owner of Hal Pointer will be just as ready for the match as Mr. McCormick; indeed, Secretary McCracken says that the match is sure to take place. No event could be more interesting than a match race between these two famous pacers, as each has a very large following who think their

ANOTHER BIG MATCH. Sire Bros. have written Secretary McCracken stating that they will match Rosalmd Wilkes to trot Belle Hamlin for \$5,000 a side on Homewood track, and if this challenge is accepted by Mr. Hamlin the Park Association will add three, but it is auticipated that a difficulty of that kind will soon be surmounted. Certainly many people think that Mr. Hamilin's speedy mare is the superior of Rosalind Wilkes, and there are also many patrons of trotting who think differently. A match race between the two mares will, therefore, be a very important feature.

The programme for the meeting has not yet beed definitely arranged, but there will be 12 races, that is three each day. The classes will range from 2:17 to 2:35 for trotters and from 2:17 to 2:35 for pacers. The directors are not inclined to have any free-for-all contests. The meeting is to take place during the week following the termination of the Grand Circuit races and a week previous to the fall meeting at Terre Haute.

A GOOD SELECTION.

I This selection of dates will enable owners traveling West with their horses from the Philadelphia meeting to stop off at Pittsburg, and as a result it is expected that almost al \$500 to \$500 and a good purse will be offered to a 8-year-old colt race. This is sure to be a good

attraction.

Altogether it seems hard to avoid the con viction that a fall meeting of the kind intended is sure to be a very great success. That the directors deserve a success all will agree and efforts such as have been and are being made efforts such as have been and are being made are certain to once more place Pittsburg in a prominent position as a trotting center. Defi-nite information about the two matches will be given in a day or two. If a match cannot be arranged between Dallas and Hal Pointer it is likely that a great inducement will be offered for one of these pacers to pace against time.

STEVIE'S BIG SURPRISE.

trotting race postponed from yesterday ended to-day with a surprise, Owen Cusick's Stevie winning the eighth, ninth and tenth heats. A rainstorm interfered with the fluishing of the 2:18 and 2:24 contests. The attendance was

-The management to-day presented a very poor card, and up to 2:45 P. M. it was very unpoor card, and up to 2.55 P. M. It was very unoertain as to there being any events at all. The
rain of last night made the track exceedingly
heavy, and owners of valuable horses were very
reluctant to start them at all on such going.
The Palo Alto-Jack match, announced for this
afternoon, was again postponed, and should the
track get no worse than to-night it will take
place to-morrow afternoon. Five races were
on the programme, but the standard stakes in
two classes were postponed indefinitely. Firstrace was called at 3 P. M. Attendance, 4,000.

THEY PLAYED WELL,

But Haulon's Men Were Beaten by John Ward's Team.

SPECIAL TELEGRAM TO THE DISPATOR. BROOKLYN, August 21.—For seven innings the Brooklyn Players' League and the Pitts-burg Players' League teams had an exciting battle on the eastern park grounds to-day. During these innings both sides displayed their strength, and as far as runs went both managed to tally one which made the score a tie. Staley worked hard and was well supported, butsome-how in the eighth inning Ward's men took a batting streak, and with sacrifices managed to score three runs, putting the game without

doubt.

The fielding on both sides was very sharp. The errors made had no effect whatever in the interest of the game. Ward did not play, having contracted fever while at Philadelphia, and his place was filled by Hayes. Outside of two muffs by Beckley the infield of the Pittsburg club was virtually a stonewall, Kuehne. Corcoran and Robinson gathering very difficult grounders, and Staley also gave an exceedingly good account of himself in fielding. Quinn caught in grand style, but one of his wild throws helped the home team to a run. Orr made the only error on the Brooklyn's side. The score:

"Oh, we will kill hlm," quoth several and Sam Thompson sent a telegram to Evansville, "I drove three beauties over the fence to-day." That is where they were all wrong. The Heard of to-day was a different Heard than the Heard you heard of several weeks ago. But seven clean hits were made off his delivery and not a run was carned. Berger's error in the first alone meant three runs for the Phillies.

It seems hard to credit him with such a seri-

for the Phillies.

It seems hard to credit him with such a serious misplay, as it was the only one in all his ten chances. After the initial inning Heard was well supported. Vickery was very effective, too. He was only hit safely in the fourth and inith innings, and then it was when Allen and Schriver made errors that meant runs. The other features were catches by Jordan, Sunday and Allen, The second-base playing of Lyde, the base running of Hamilton, Gray's three-bagger and Miller's comic coaching. The score:

and before the set-to. Never before has Mr. Powderly, the head of the Knights, been personally in the heat of a contest like the one be-Bauersmith's house on Twenty-ninth street last night, caused by another oil can being lieved to be coming. He never yet has or-

dered a strike, and feels some pride in the record of peace which he feels is his. There is little doubt, however, about his determination in this case. His men say he is here to stay, and the Executive Board says its headquarters during the strike, it one is ordered, will be in this city. It is clear that Mr. Powderly and his KNIGHTS OF THE GARTER PIN. cabinet intend, if the strike is made general,

This purpose underlies THE ORDERS OF THE BOARD to Master Workman Lee to convene his district assembly, also the order which has gone up the river to Albany to convene their district ascembly on Monday. At these meetings the local assemblies will voice their disposition as to a general strike, and the result will be that a fair concensus of opinion among the men may be had. The federation's supreme body will not meet till Saturday and will probably communicate its determination to the Knights here that night or Sunday. The Albany District Assembly, whose action will be influential in the evident plan laid out by Mr. Powderly to make the men themselves declare the strike general, does not meet till Monday as stated. The fair conclusion from the facts and circumstances is that the grand stroke, if it is to come, will not fall before next

CONDITION OF THINGS IN NEW YORK

NEW YORK, August 21,-This day has

been to the labor leaders here like a pause

in battle. Rather say it has been to them a day of preparation after the declaration

week. POWDERLY'S STATEMENT.

To-day Mr. Powderly has been preparing the following, which he makes public tonight:

night:

For some time the management of the New York Central and Hudson River Railroad have been discharging employes who have been active in labor affairs. It happens that all of those who have been dismissed are members of the order of the Knights of Labor and have at one time or another been officers of the order and have served on committees which waited on the officials with a view to presenting griovances. These discharges became so frequent and were so clearly evidence of a settled purpose on the part of the company to disrupt and destroy the organization of the Knights of Labor upon the Central system that the Executive Board of District Assembly No. 246, in which the Knights of Labor upon the system are enrolled found it necessary to call a special meeting in New York to consider the situation. In the meantime, the General Executive Board, having been apprised of the condition of affairs sent one of its members, Mr. J. J. Holland, to New York with instructions to use all possible efforts to bring about an awicable adjustment of the difficulty.

PEACEABLE SETTLEMENT IMPOSSIBLE.

PEACEABLE SETTLEMENT IMPOSSIBLE. On being ushered into the presence of Mr. Webb, Mr. Holland stated that he had called Webb, Mr. Holland stated that he had called upon him to endcavor to adjust the unpleasantness existing between the company and its Knights of Labor employes. Mr. Webb denied that there was any existing trouble between the company and its employes. Mr. Holland told him that he, as a member of the Executive Board, K. of L. had come at the request of the men made through the organization to which they belonged, District assembly 246. Mr. Webb brusquely declared that he would not discuss the matter with any one not an employe of the company, and closed the interview.

Finding all efforts to effect a peaceable settlement of their grievances impossible, and being convinced that it was only a question of time and convanience of the company when they would, one and all, be discharged unless they forfeited their manbood and abandoned their privilege as citizens of a free country

they forfeited their manbood and abandoned their privilege as citizens of a free country by renouncing their right to join their fellows in organization calculated to protect their just rights, without intrading upon that of others, the District Executive Board had no alternative but to order a Strike, which they did, The public is already acquainted with the details of the affair, and repetition is scarcely necessary. The most earnest and sincere efforts of the general officers to secure a hearing for the discharged men were unavailable.

some Talk of Repenting the Great Success
of Six Years Ago.—The Most Appropriate Day to Select for Such a Tursout-Some Opinions of It.

Interest in the observance of the holiday known as "German Day" is reviving in this city, since word has been received that a general movement will be started all over the country. Preparations are already, being made at different points to celebrate the occasion with a great demonstration, and from the tone of the Germans in Pittsburg it is probable that in the near future a display will be made surpassing the magnificent procession given several years ago. October 6 is the day set for the celebration. It is the anniversary of the founding of Germantown, near Philadelphia, a little over 200 years ago. A member of Rev. Dr. Buoff's congregation, in speaking of the selection of this date for "German day," said: "This is considered the most fitting occasion, because it marks the first authenticated instance in the history of the American colonies when a body of German settlers purchased a large tract of land and halls. built their homes in the New World. I cannot say to a certainty whether there will be an industrial parade, a grand banquet, or a big outdoor massmeeting, with prominent speakers and fireworks. Representative German citizens of Pittsburg declare them-selves strongly in favor of purely American institutions, and wish, as far as possible, to reirain from indulging in any demonstra-tion that is totally confined to their own nationality. They are Americans and want to be associated with American celebrations. The matter of observing 'German day' will be freely discussed, and if it is decided to hold a celebration no effort will be spared to make the demonstration a creditable and be an industrial parade, a grand banquet, or
