BROOKLYN, August 23.-Luck seems to be right with the Brooklyn Players' League team, for there was another instance on the Eastern Park grounds to-day where they pulled out a victory that clearly belonged to the Pittsburg team. It's mighty hard to beat Ward's aggregation, no matter how hard the visiting teams play. The Pittsburg's outbatted the Brooklyns two to one. and also excelled them in base running, but still they could not win. Long John Tener never pitched a finer game for the Smoky City team, but the support he received lost Pittsburg the game. Brooklyn made some very scratchy was off Tener, and at the most

The Brooklyns' work was not by any means perfect. They rolled up error on top of error in a glaring manner, but it did not seem to advance the visitors' score. Sowders was batted very hard, but his tuck in having the hits scattered also helped to the Brooklyns' victory. Pittsburg began the scoring in the third inning getting three runs. Fields got a hit and stole o second and third. Visner got a base on balls and stole second. Beckley pounded out a two-bagger, Fields scoring. McGeachy started with a hit and took second, when Orr got his base on balls, Joyce bunted safe, Sunday got in a scratch hit, on which McGeachy scored. Hayes lined out a beauty and Orr and Joyce tailled, Daily sacrificed and so did Sowders, and Sunday came home. Andrews hit a long fly to center, which Hanlon muffed and Hayes scored.

HANLON SPLIT HIS FINGER and retired from the game. Bauer flew out to Robinson. In the fifth Brooklyn clinched their victory, securing two more runs. McGeachy got two bases on a fly that Fleids should have got only for Carroll's interference. A wild nitch gave him third, and Orr's hit sent him Robinson second, he immediately stealing third, and on Fields' hit scored. In the seventh Brooklyn got two more runs after two were out.

O'Nell's Wayfarers Meet Another Defeat at Philadelphia-Mr. Kaper Tried in the Box-Sunday Plays With the Phillies-Other Contests.

SPECIAL TELEGRAM TO THE DISPATCH. PHILADELPHIA, August 23.—The Phillies defeated the Pittsburg National League team again to-day, the score being 7 to 0. The game was devoid of interest, although some pretty plays were made, the most notable being a run ning catch of a low liner from Heard's bat Gray also made a nest catch, taking a foul the game it was the pitching of Smith. His delivery yielded but two hits and he struck out eight men. His report was very steady and

clean.

Two facts that tended to draw out the 2,047 people who attended the game was the appearance of that fine fielder, W. A. Sunday, in a Philadelphia uniform, and the appearance in the box for the visitors of Esper, the young the box for the visitors of the point of the poi uptown twirler recently released by the Athletics. Sunday had little to do, and hence very limited chances to make a brilliant debut. Esper has not played ball for hearly a month, Esper has not played ball for hearly a month, and was a trifle rusty, although but seven battery errors are charged against him. He said after the game that he did not have control of the ball. His pitching was very effective, Gray and Smith being the only men who could do much with his delivery. Seven hits were made off him, but three of these were of a very doubtful quality. Not a run was earned off his delivery. He was not signed to-day, but is to meet President O'Neil on Monday, when he may be signed.

cago Trotting Meeting.

PEPECIAL TELEGRAM TO THE DISPATCH. LEXINGTON, KY., August 23 .- Owing to the heavy fall of rain this has been a poor week for the trotters to show their speed, at least since Wednesday. Monday and Tuesday, however, the weather and tracks were good, and some fast work was done. About the best trial was that of Angelina, the 4year-old Wilkes Boy filly. She went a mile in 2:1814, and did it with ease at that, General Wilkes, gr. h., by George Wilkes, dam by Peacock, went an easy mile in 2:24, some of the watches making it 2:241. He showed his old-time courage and splendid way showed his old-time courage and splendid way of going. Should no accident befall him, he ought to lower his present record (2.21%) be-

fore the racing season closes.

In an interview with Judge Irving Halsey, the well known exponent of the strictly trotting-bred theory, that gentlemen had the fol-lowing to say about the defeat of Jack by Palo Alto, at Buffalo: "I see some of the papers are rather unduly jubilant over the papers are rather induly judiant over the recent victory of Palo Alto over Jack at Buffalo. It is doubtless somewhat of a conso-lation for them to know that the half-bred stallion made amends to a certain extent for his defeat at Detroit, but it is rather premature for them to indulge in excessive hilarity over the event. That Palo Alto is

A GREAT HORSE

no one disputes, but it is now settled at least for the present, that as a beat winner in a long race he is not the equal of the grey son of Pilot Medium when both horses are at their best. At Detroit Palo Alto showed that he was in prime condition by winning a very fast heat, and yet he was beaten in the race. At Buffalo Jack was very far from being in first-rate condition. Jack's feet are notoriously trouble-some, and the Buffalo track has never suited him. That the conditions were not favorable to Jack is amply proved by the fact that he was only as good as second in the heat. In my judgment there are several horses in the country that will beat Palo Alto in a three in five race. Stanboul would have at least even chances with him, Axtell ought to beat him hands down, and although there is considerable difference in their records, it is no two-to-one that the deeply trotting-bred Prince Regent would not "do up" the California champlon in handsome style. Unless Prince Regent's services in the stud this season should prevent his being kept in condition, he is destined to make a low mark before the winer frosts set in. He is a very dangerous competitor for the Hartford \$10,000 stake. Whenever Jack is right he will need no odds in his favor in a contest with Palo Alto. The "speed-sustaining blood" of Polot Medium will be sufficient to carry him to victory." A GREAT HORSE

A GREAT SUCCESS.

Chicago's Trotting Meeting Closes and Supol Does a Great Feat.

To-day's events closed the week's races and the ting and Pacing Association. It can safely be said that financially the success of the meeting has been one of profit. To the public it has has been one of profit. To the public it has been very satisfactory and pleasing. The management have exercised great care and excellent judgement in their endeavor to please the people. In their starter, Mr. A. D. Hancock, they have had a gentleman who has been earnest and sincere in his work, and it must be said that at no other place has there been such a number of excellent, and, in many cases, almost phenomenal starts. To this is due the great confidence given this gentleman by the drivers, who knew that when the word "go" was given that no one was to have the best of it, but that in the almost perfect judgement of the starter their relative positions warranted the word.

the starter their relative positions warranted the word.

The card for each day has been of excellent order, bringing out good horses in the hands of the most noted drivers in the world. Four races were on the card for to-day's programme, with the unfinished race of yesterday, the second race being that of Sunol, the famous California mare, who started to beat the 4-year-old record of 2:11½, previously made by this wonder, and the record of Maud S if possible.

At 4:05 P. M. Sunol came past the stand driven by the veteran, Charles Marvin. After scoring once Sunol came down very fast, Marvin nodding his head for the word, which he got as the mare reached the wire. The pace to the first quarter was terrific for a first quarter, going the distance in 23 seconds, or a 206 gait. From this to the half the mare seemed to lose her speed, reaching the half pole in 1:05½, but this time seemed to indicate her speed, as she went to the three-quarters in 1:28, and home in 2:10½. Marvin urged her greatly in the last quarter. This time equals her performance as a 3-year-old. The fourth race, free-for-all trotting, was called off on account of darkness. Attendance, 4:500.

DISCOURAGED SPORTS.

Buffalo Police Authorities Causing the Pugillata to Leave the Town.

SPECIAL TELEGRAM TO THE DISPATCH.] BUFFALO, August 23. — Local sports are greatly worked up over the recently issued order prohibiting glove contests in Erie county The Arlington Athletic Club signified its inten tion of fighting the order, but has finally aban-doned the idea. The sports are discouraged and are leaving town in large numbers. The numerous glove fights given here during the past winter and spring have been the cause of the city's being overrun with fighters and pugilists of every description, and it was to clear them out rather than to discourage sport that the recent order was issued. The good had to go with the had of course. Buffalo has been a stamping ground for bum pugilists for a long time, and the newspaper columns have been filled with challenges near-ly every week.

columns have been filled with challenges nearly every week.

Tomny Warren, the clever little California puglist, is still in the city. He has played in hard luck, having been "done" out of two fights within the last three months. The first was to have been with the St. Paul Kid, but he was taken ill while in training, and the fight was declared off. The other was to have been fought early in September with Prof. Williams, of Boston, but the recent order will prevent the meeting. The fight has been declared off. Ike meeting. The night has been declared on. Ike Weir, the Spider, was to have met Prof. Connors, of this city, for \$1,700, on September 8, but this match had to go with the rest. The athletic clubs have got to go, too. There is not room for them all now.
