

A BILLOUTRAGE DAY

Among the Grangers at the Great Inter-State Exhibition at Williams Grove.

G. F. BLACK AND BALLOT REFORM

He Says That It Must Go Right Hand in Hand With All Other Necessary Legislation.

A CIRCULAR ISSUED ATTACKING RHONE.

Candidate Delamarz Will Address the Farm-Handed Talkers To-Day.

SPECIAL TELEGRAM TO THE DISPATCH.

WILLIAMS GROVE, Pa., August 27.—This was designated Democratic Day at the Inter-State exhibition, and about 12,000 people, including about 5,000 who are dwelling in the grove and at the farm houses in the vicinity, honored it with their presence.

THE GRANGERS DISPLEASED.

Manager Thomas expressed his dissatisfaction with the circulating of the campaign document, and denounced it as very impolitic.

Other prominent grangers were equally displeased with the distribution of the attack on their leader.

THE FLOW OF POLITICAL ORATORY TODAY WAS PRUDENT, AND IT WAS ALMOST ENTIRELY LIMITED TO THE DEMOCRATS.

The flow of political oratory today was prudent, and it was almost entirely limited to the Democrats.

SOME STRONG LANGUAGE.

Men guilty of this work should not be elected, in his opinion no lawyer would declare the act unconstitutional on his conscience, but he would not be decided by the Federal Courts, because a great monopoly had paid for the decision by contributions to a corrupt fund.

MR. BLACK'S IDEA.

But the sum of all taxes on real estate within the limits of the Commonwealth, including those levied by the State and all other authorities, should not be greater than the sum of all the taxes levied by said authorities on other descriptions of property unless the ascertained value of such real estate shall at the time of the levy exceed the ascertained value of all other descriptions of property.

SEE WON \$100,000.

The New Cruiser San Francisco Carries Off SANTA BARBARA, August 27.—The trial trip of the new cruiser San Francisco took place in Santa Barbara channel, to-day and resulted in a successful run of over four consecutive hours during which time the cruiser made an average speed of 19 1/2 miles an hour, and won the premium of \$100,000 for her builders, the Union Iron Works of San Francisco.

Hundred Mormons Arrive.

NEW YORK, August 27.—One hundred and thirty-four Mormon converts arrived at this port to-day on the Guion steamer Wyoming, enroute for Utah.

MARGERY WILBINGHT charges Lizzie Caldwell with malicious assault on her person and burning the foot of her young daughter. Both live on Bedford avenue.

BUTLER COUNTY OIL

Still Found in Considerable Quantities in Several New Wells.

IN THE HUNDRED-FOOT FIELD

Various Ventures of More or Less Importance Are Under Way.

WEBBER ASKS FOR AN INJUNCTION

SPECIAL TELEGRAM TO THE DISPATCH.

BUTLER, August 27.—The principal seat of operations in the 100-foot field in the Little creek and around Petersville. The little well completed in this locality belongs to H. W. Christie & Co. on the lift farm, and is making 200 barrels a day, at least that is the gauge of the well for the past 24 hours.

Three miles east of Millersport, in the fourth section of Jackson, Tilly & Co. brought in a 200-barrel well to-day on the Kammenger farm.

Walker, Reed & Co. got a 200-barrel well yesterday in the 100-foot field. The well is on the J. C. Brannon farm, near the intersection of the Millersport road and the road to the west of the farm.

Three wells are under way in the vicinity of the Tremont Oil Company's well, Allen farm, near Zelienople. Lockwood & Co. are securing the Passavant farm, north of the borough. The same company's well, No. 2, on the Allen, has strained a drilling of 600 feet. The Enterprise Oil Company are putting down a well on the Frank Wilson farm, 200 feet west of the Allen.

New Wells at Callery.

Thomas Hays & Co.'s well in the two-acre tract, east of Jackson, is in the sand with a hole full of oil. The tools became fast last night and the well may not be completed for some time.

The Forest Oil Company's No. 2, on the J. C. Brannon farm, is in the sand with a hole full of oil. The tools became fast last night and the well may not be completed for some time.

Webber Wants Credit.

A bill in equity was filed yesterday by Wesley Webber against the Webber Oil Co. and E. J. Stewart, Treasurer, with notice to McCune Court, and to the effect that an injunction is asked for to restrain the defendants from selling 50 shares of the stock in the oil company to the public.

Webber claims that the stock was issued to him for machinery, and a lease, which he turned over to the company. He expended in all over \$20,000. The company, however, has not paid him for the machinery and lease, and he claims that the stock should be returned to him.

The Reduction Contemplated.

WASHINGTON, Pa.—The reduction of the 25-cent premium to 20 cents on oil here by the United Pipe Lines has been received with consternation by the producers. It is universally expected that the oil will be sold at a price of 10 cents per barrel.

Field Notes.

MANSFIELD VALLEY.—The Trumble well at Chartiers is down 700 feet. Several new leases have been secured in the Robinson township field.

A special telegraph from Belmont states that the Johnson No. 6 was shot, and is doing over 400 barrels. The Barway well has also been shot, and is doing 300 barrels.

Favorable Progress in the Way of Exhibits Reported From That Country.

CHICAGO, August 27.—At the meeting of the Executive Committee of the World's Fair Directors to-day, a letter was read from Gustave Goward, agent of the corporation of Japan, which indicated favorable progress in the way of exhibits from that country.

An answer was received from Secretary Ben Butterworth, saying that the Judiciary Committee is in session in Philadelphia accepting the suggestion for holding the desired conference with the local committee in Chicago, instead of Philadelphia, some time next week.

WHOLE FREIGHT TRAIN WROCKED.

A Big Landslide on the Delaware and Hudson Road.

TROY, August 27.—A northbound freight train ran into a landslide, or washout, two miles north of Crown Point station on the Delaware and Hudson road this morning. The whole train was wrecked.

DISASTERS ON THE DEEP.

A Fiercely Wind and Rain Storm on Long Island Sound.

NEW HAVEN, August 27.—Early this morning occurred the worst wind and rain storm known on Long Island Sound for many years, and it is feared that numerous marine disasters will be reported.

The schooner-yacht Diana, lying off Money Island, dragged her anchor nearly a mile and then parted her chain. Her skipper reached her under fire from the schooner Wanda, Marguerite, and others were also blown ashore. A large schooner-yacht is ashore on the ledge at Black Bay and lies in a dangerous position.
