Left by the P. L. The rumor to the effect that Pittsburg is to be dropped from the Players' League circuit once more made its reappearance yesterday. Of course the local club officials don't believe it. A gentleman interested in the business stated last evening that two prominent efficials of the local P. L. team had a long conference Totals 9 12 24 9 7 Totals 10 7 27 15 5 on the matter yesterday.

The two officials, it is stated, agreed that if there is any definite attempt to drop the club from the P. L. list, a deal will be made with the

local N. L. team which will mean that Exposition Park will be turned over to the local National League Club. Some people go
as far as stating that Pittsburg, Brooklyn and Buffalo will be dropped from
the P. L. and their piaces filled
up by St. Louis, Baltimore and Louisville. If
there is any truth in the latter statement then
the amalgamation of the Association and P.
L. is sure. It is also definitely stated that the
clubs of the two organizations in question will
play against each other at the end of the
championship season. Cleveland, 6-Philadelphia, 5. PHILADELPHIA, PA., August 27 .- A fumble

The convention concluded its labors and AN OVATION TO BRICE

If any one doubted the popularity of Colonel Brice with his party, such doubts must have been removed in the light of the reception which he received when he appeared on the stage, and again when he passed down the aisle to join the Lima dele-

gation in the main body of the hall. He improved the opportunity to meet the county Democrats, and from the agreeable manner in which he mixed with the rank and file it s believed he lost nothing by putting in an appearance. The most enthusiastic reception of the day was that accorded Colone Brice when he appeared at the front of the stage during a lull in the proceedings, and at the urgent demand of the delegates. He spoke briefly saying he would not stop to discuss the make up of the ticket on the principles contained in the platform, as he believed them as good as could be had with which to go belore the people. He paid a high compliment to John H. Thomas, whom he defeated for the Sen-ate, and considered it pleasant to be in a city which contained men with such wide

ISPECIAL TELEGRAM TO THE DISPATCH. ALTOONA, August 27.—Representatives of the coal miners of Clearfield, Center, Cambria, Blair, Huntington, Bedford, Jefferson and Indiana counties, who assembled pursuant to a call made by John B. Rae, Master Workmen of the United Mine Workers of America, met a number of the coal miners of the above district to-day in this city to discuss the question of a new scale of wages. The following collieries were represented: Cresson and Clearfield

Coal Company, Frugality, GallitzinCoal and Coke Company, Altoona Coal and Coke Company, Taylor & McCoy, of Gallitzin; Powell & Ashercroft, of Cresson; Standard Coal Company, of Lilly; Lilly Coal Company, Sonman Shaft Coal Company, Edward Hughes & Co., of Portage; Thomas Blythe, of Madeira, and others,
Thomas Blythe and Daniel Lennon were elect

ed President and Secretary respectively. The The object of the meeting was stated by Mr. Rae, who also furnished copies of the proposed scale. He also read a communication from an officer of the Berwind-White Coal Mining Company, stating the inability of Mr. Berwind to be pany, stating the inability of Mr. Berwind to be present on account of sickness, and also giving the reasons why an advance in the price of mining or dead work, which would increase the cost of their coal, could not be considered at present, as their contracts were all made for 1890, based upon the present rate of mining. R. J. Hughes, of Altoona, stated his colliery could not pay the additional demand, and, if the proposed scale was adopted, he would be compelled to close down the mines until better prices prevailed for their product.

The matter of adjusting the scale to meet the situation in the various mines having thin veins

situation in the various mines having thin veins was discussed by Hon. Judge Dean, Edward Hughes, Thomas Blythe and C. A. Hughes. The prevailing opinion expressed by all the operators present was that no change in the scale that would add to the present cost of coal could be considered. It would be difficult to find a man who delights to talk about a horse more than Mr. George Middleton loves to talk about his famous trotting gelding Jack. The little breadwinner is an idol to Mr. Middleton, and the latter never wearies of talking about his horse. Mr. Middleton was in the city yesterday and left for Chicago last evening. During a long conversation with the writer,

Mr. Middleton said: "Palo Alto beat my horse last week simply because he (Palo Alto) was too speedy. The stallion is really a better horse than many people believe, and I won't be surprised if he lowers the stallion record this season. He is going to try and beat Axtell's mark, 2:12 at Belmont Park, Philadelphia. I

ink he can do it if he is fit and well. He is A REMARKABLE HORSE. "Jack will go against the watch to-morrow at Independence. It will be his first try against time, and he will attempt to beat his own record, 2:15. He will contest in special races

during the balance of the season.

"I notice that efforts are being made to have a race between Rosalind Wilkes and Belle Hamlin. If they trot a match I think Rosalind will win, no matter whether it be 2 in 3 or 8 in 5 heats. I saw Mr. Hamlin the other day, and b beats. I saw Mr. Hamlin the other day, and he told me that his mare is not in the best of condition just now, but that she will be all right in two or three weeks. The season, so far, has been a remarkable one. I never knew the trotting business to be so brisk. Last week at Chicago we had as many paid admissions for that day and were as great as the entire re-celpts for the six days last year. The meeting

indeed, and I think the next year's meeting will continue for two weeks. The pool boxes also show that there is more interest in trotting than there was last year. At one meeting where Jack contested the pools ranged from where Jack contested the pools ranged from \$1,100 to \$2,000, while last year they only reached \$300. The quality of horses is also good this season, and Goldsmith is certainly in great luck. Out in our section we have an extraordinary goer named Keno F. He is our most promising trotter. I fully expect to see the best records considerably lowered. Horses are getting better every season and there are more of them to select from."

PLAYERS' LEAGUE GAMES.

The New Yorks Agulu Defeat Our Champlans-John Tener Makes a Hit-Results of Other Games. PETECIAL TELEGRAM TO THE DISPATOR.

New York, August 27.-O'Day was the only available pitcher the New York Players' gue club had to-day, and he did fairly well under the circumstances. He gave six men bases on balls, yet he kept the batsmen guessing until the last inning, when he was hit for a ie, a three-bagger and a two-bagger. The New Yorks, notwithstanding the absence of Manager Ewing, played a stiff game in the field, although Brown was a little off in throwing. The Pittsburgs likewise played a clever ling game, Beckley, Corcoran and Fields being particularly prominent. Gore missed a chance to make first in the fourth inning after hitting a fiv to Kuehne, which he missed, but ture Gore, who did not commence to run until the ball was muffed. In the seventh inning Maul made a very poor effort to take Richard son's hit the latter making three bases thereby

The New Yorks started in to hit Tener and gained a good lead on their opponents. In the eighth Tener was hit heavily, and with the aid of two sacrifices four runs were scored, three being earned. The Pittsburgs scored an unearned run in the second inning on a wild Brown to third. A wild throw by Brown to second allowed Carroll to score in the sixth in-uing, and then John Tener made one of the longest hits ever made on the ground in the seventh for a home run. In the ninth a single by Tener, a triple and a two-bagger in succes-sion by Fields and Visner netted two runs.

Sir Guy and His Aggregation Get a Double Dose at Boston-Osborn's Wild Work-Other Interesting Contests. ISPECIAL TELEGRAM TO THE DISPATCE. Boston, August 27.—The Pittsburgers were badly demoralized by the National League

Bean Eaters to-day, and received at their hand a double dose of defeat. There were two waterloos instead of one. In the first inning Osborn essayed to pitch for the visitors, but after be had given ten men their bases on balls and made six wild pitches, he came to the conclusion that he could fill any other position with greater success. Miller and Lytle made costly errors but the game was lost by Osborn's ineffective-ness in the box. Wilson's good work behind the bat was the only redeeming feature of the Pittsburgers play.

the bat was the only redeeming feature of the Pittsburgers play.

The second game was much better in every way and for seven innings it really looked as though the Pittsburgs would win. Philips was in the box for the visitors and he held the Bean Eaters down to three questionable hits for six innings. Defeat was dawning upon the home team and they looked very serious. Miller was as chipper as a lark in the spring. "This is the first game we've been in for some time," but he spoke too quickly. In the seventh inning the tide turned in Boston's favor, and they bombarded out a long series of hits. These coupled with four battery errors and three fielding errors yielded four runs for the home team giving them the game by a handsome margin. Miller looked very crestfullen, yet he played a brilliant game and worked like a beaver to win. The scores.

submits the following declaration of principles:
Resolved, First—That we demand the reduction of tariff taxes, and we will continue to battle for tariff reform until the cause of the people is triumphant. All money taken by law from the people should go into the public treasury. Tariff taxes should be for revenue only. All so-called protective tariff taxes are dishonest, wasteful and corrupting. They plunder the masses to enrich the few. They have crippled agriculture, injured manufacturing, created trusta, destroyed commerce and corrupted our lawmakers. Therefore, we are opposed to the McKinley tariff bill now pending in Congress, and believe in the expressed opinion of a most eminent Republican that, "There is not a section or line in it that opens a market for a bushel of wheat or another barrel of pork."

ond-That we favor legislation looking to the suppression of trusts or combinations which are calculated to enhance prices or prevent reduction by healthy competition. Third-That the Democratic party, by its record, has proven itself the steadfast friend of the laboring or producing classes, and that they have our earnest sympathy in their struggle against the encroachments and oppressions of capital.
