PITTSBURG DISPATCH, FRIDAY, AUGUST 29, 1890.

THE trotting matches in England, the authorities of the Alexandria Park Trotting Club intend to construct a track at Kensal Green and increase the prize money, which was hitherto given so as to attract more attention to this form of sport. Mr. Catheart, the secretary of the club, is going to America in order to make pur-chases of trotting stock for various English supporters of this pastime. games will be played Saturday and two Labor Day. The ISPECIAL TELEGRAM TO THE DISPATCH. NEW YORK. August 25.—For a team that has sustained defeat so frequently, the Pritsburgs played a hustling game. Little "Calliope" Miller would not give up until the last man had been retired. Had a good fielder instead of pitcher been in right field, the score would have been much closer. The New Yorks seemed to play somewhat better than usual. Sharrott pitched well, but up to the ninth inning Esper had the best of it. The latter puzzled the home team to a considerable ex-tent, and had he been properly supported in a couple of instances it is not so certain that the Pittsburgs would have lost; on the other side they would have had agood chance of winning. Wilson threw all right to bases. In fact, the whole team was an improvement over the former that visited here. Whistler had quite a batting streak after striking out the first time he came to bat. Baseett's work was noticeably clever. The feature was a fly catch by Heard, while Ghaseock accomplished some phenomenal stops and catches. The chief event on the programme was the five-mile race. It was the inst of the foot racing events, and the interest did not lag until the contest was decided. Fittsburr had the honor of sending the men who occupied the two leading positions, McCleiland and Priddy. They finished in that order, McCleiland being 10 yards ahead of his antagonist. The time was 26 minutes 37% seconds, which was remarkably fast convinter along the horrible track over which the men ran. The greatest surprise was when James Bor, Grant, who broke the American record on Holmes Field. Cambridge, a few days ago, dropped out of the race at the end of the fourth runner, was also leit hopelessly in the rear by the two fleetfooted Pittsburgers. The other starters were Nick Cox, of New York, and Faley Burns, of Watertown. Both had bad all the owned before the third mile was finished and dropped out.
McClelland took the lead with Grant second, Friddy third and Cannon fourth, and at the end of the first mile McClelland was duced position for a few seconds at a time. There was not anything of a startlingly brilliant nature about the game but the Pittsburgs got their victory by good honest work he was closely pressed by Cannon and Prindy. Grant seemed to be in distress and was con-stantly losing ground. Soon after the men started on the fourth mile Cannon secured the lead, while McClelland and Priddy were having a little fun with Grant. It looked as though there was a put up job to get the Cambridge runner in a pocket and thus keep him from winning. But it was not neces-sarv to do thus. Grant was winded, and the Pittsburg runners saw that they had nothing to fear from him. Then they turned their at-tention to Cannon and quickly overhauled him. Grant dropped out just after the fourth mile was finished. Cannon was forced back into fourth place, and a brief glance of glory was all the satisfaction he got out of it. The last quarter mile witnessed some great sprinting by McClelland and Priddy. The latter made a game struggle, but McClellan was the superior runner, and easily opened a gap between them. McClelland finished the last eighth of a mile in Steconds, and secued freish when be crossed the line 10 yards ahead of Priddy (time, 28:37%), winner of one of the greatest five-mile races ever seen around here. and earned the game. A SHOT AT THE PRESIDENT.

The brazen prostitution of the machinery o the Federal court for the district of Indiana, by its Judge and attorney to the protection of these conspirators against the suffrage, consti-tutes the most infamous chapter in the judicial Annals of the Republic. We denounce the administration of Presiden

farrison for treating the public patronage as a family appendage instead of a public trust, and quartering a host of relatives by blood and by quartering a host of relatives by blood and by marriage upon the National Treasury; we de-nounce the force election bill as revolutionary and unconstitutional. It strikes down home and local self-government; suggests and en-courages fraudulent elections and false cer-tificates of elections; fosters sectionalism and bayonet rule where every interest of the people invites peace, fraternity and unity; ourages the traditions and customs of a century by giv-ing life tonure to partisan returning boards; the traditions and customs of a century by fiv-ing life tonure to partisan returning boards, makes the legislative and executive branches dependent upon the judiciary, and converts the judiciary into an instrument of oppression and corruption; involves the unnecessary expendi-ture of millions of the people's money, and in Indiana nullifies the Andrews election law passed by the last Legislature over the de-termined opposition of the Republicans.

APPLAUDING THE 8-HOUR LAW.

The platform further favors a liberal pension system, calls attention to the farmers' movement, demands legislation prohibiting aliens from acquiring American lands, ap-plauds the bill for county farmers' institutes, indorses the law for funding the State school lebt, applauds the 8-hour law and denounce the employment of the Pinkertons by a railond corporation in New York in the pend ing contest with the employes. Committees Formed to Promote a Grand Local Regatta for Local Amateurs and Professionals-A Big Success Expected

-Other Interesting Events.

Patrons of aquatics met in strong force at the St. Charles Hotel last evening and held an enthusiastic meeting relative to promoting a local regatta for amateur and professional scullers resident in Western Pennsylvania, Eastern Ohio and West Virginia. The veteran sculler, James Taylor, was elected Chairman, P. P. Couley, Secretary, and S. C. Freeman,

Treasurer. A resolution was unanimously passed to the effect that a regatta be held in this city on a

effect that a regatta be held in this city on a date to be agreed upon later. The following gonilemen were appointed a committee of ar-rangements: Lee Cavitt John Martin, Oscar Lindsay, Patrick Luther and Fred Goodwin. These gentlemen will meet at the Natatorium to morrow evening at 8 o'clock and draw up a schedule of races. B. C. Freeman, John D. Pringle, Stephen C. Hornett, John Gruber and T. S. Fullwood were appointed a committee to meet the directors of the Exposition to solicit their (the directors') aid in promoting the regatta. A finance committee, composed of the following gentlemen, was agreed to: Mayor Wyman, ex. Mayors William McCallin and Robert Liddell, Alderman P. J. Donahue, District Attorney R. A. Johnston, Henry Myers, Esq., the sporting editors of the local press, Fred Goodwin, Lee Cavit, John Martin, Leon Long, Charles Wolfendale, Thomas McNally, Sa. Joseph McEwen, Chris Houck. After trans-acting other routine business the meeting ad-journed to meet again at the Natatorium next Wednesday evening at 8 o'clock. The object of the regatt is to revive bonest boatracing in Pittsburg, and those interested in the undertaking hope that the business peo-ple of Pittsburg will assat in trying to make the affair a great success. The gentlemen who are devoting their time gratuitiously toward the proposed regatts are proof that honest con-tests will take pince. It is fully expected that, under the circumstances, the Exposition di-rectors will identify themselves with the event.

A Three-Corpered Race.

SPECIAL TELEGRAN TO THE DISPATCH. BOSTON, August 28.-There is talk of arranging a rowing race between George Hos-mer, of this city, George Lee, of Canada, and John Largan, ex-champion of England. The two latter have been recently racing at New York, and they now wish to arrange a sweep-stake with Hosmer. He was in New York on Tuesday, and the subject was broached to him, but he would not give a decisive answer. It is but he would not give a decisive answer. It is proposed to hold the race within a couple of weeks, and the waters of New York to be the place. The three men would make a good race, and Hosmer would stand a good chance of winning. He will not have much time to spare in training for the race, as he is with the theatrical company with which he will travel. Lee is in good fix and so is Largan, but Hos-mer is generally in good condition. He was in this city last week, and had a row on the Charles and said he feit first class.
