PEPECIAL TELEGRAN TO THE DISPATCH. NEW YORK, August 28.-The Pittsburg National League team played its best game of the season to-day. Reinforced by Anderson and Burke, late of the Philadelphia National League team, the visitors even surprised themselves. Brilliant playing marked the contest all the way through. Anderson was in fine form. The work he did was highly creditable to him and if be can keep it up the Pittsburg will certainly win some cames. It was through no fault of his that the New Yorks took the game, the run they got was not earned. Hornung especially distinguished himself by making two running catches, while Basset evoked the full lung power of every one present by pulling down with one hand what would surely have been a three-bagger when a runner was on second base. It undoubtedly saved the game for the New Yorks. Burke's fielding was brilliant also.

Welch pitched most effectively. For six innings neither side scored, although each had men on second and third bases with no one out. In the seventh inning Bassett hit o right for a single, but he was forced out at second by Hornung. Denny planted the ball to left for a base, and as Jordan let the ball go through his legs, Hornung

Miller was first up for the visitors in the first inning. He hit for three bases. There he staid, as the next three batters fell easy victims to Welch's curves. In the fifth Burkett was hit a terrible whack in the face, which delayed the game. Bassett bunted and reached his base. Both runners were advanced on Hornung's sacrifice. Denny, however, filed to Sales, and Welch hit a grounder to Decker. This certainly was good pitching for Anderson. After the home team had scored in the seventh the Pittsburgs started in to tie the score. Decker reached first on Denny's fumble. He went to second on Burke's sacrifice. Jordan struck out, and then Bassett robbed Decker of a long hit by a one-handed catch. Alter two men were out in the ninth the visitors got two men on bases, but they could not score. The game was one of the quickest games will be played to-morrow. Baker re-joined the team to-day. The score:

BOSTON, August 29 .- The Bostons turned the tables on Hanlon's braves to-day and routed them with fearful slaughter. Not a run did they get, although they made as many hits as are usually recorded in a game, Radbourne did his twirling for Boston, and he kept hits so scattered that a run was out

In the seventh inning, after two men had been retired, Maul and Hurley hit safely, and Maul reached third, but that is the nearest that any came to scoring. The Bostons did some terrible slugging, having s total of 28 bases. But in spite of that great stick work only five of the eighteen runs were earned. Maul was very wild, and his

A. G. Pratt Sues the Local N. L. Ball Club for \$740. Yesterday A. G. Pratt, of A. G. Pratt & Co. dealers in sporting goods, entered suit for a debt of \$740 10 against W. A. Nimick, E. C. Converse, J. Palmer O'Neil, Henry R. Brown and A. K. Scandrett, partners in the Pittsburg Athletic Association. Interest is claimed, also, on \$783 62 from May 1, 1890, and \$6 48 from August 1, 1890. The amount is alleged to be due Pratt & Co. for bats, balls, gloves, shoes, suits,

Disparce representative last evening and said: "I regret that I am compelled to take this course to obtain my money, but I have waited many months and can get no satisfaction from anybody connected with the cinh. I could not even get a promise that my money would be paid by November I, and I am not rich enough to lose 5746. Had there been any disposition on the part of the club officials to give me satisfaction I certainly would not have reacried to law. The matter is new in my attorney's hands, and it will be pushed."

The general opinion seems to be that the end of the club in question is fast approaching. The debt is chiefly for players' uniforms, and this means that while the players paid for their suits Mr. Pratt has not received the money. A fact of this kind is sure to lower the club in the estimation of those who patronize basebail.

ALL accounts from the West make the Detroit A. C.'s young sprinter, Harry Jewett, a phenomenon. Cabanne, the St. Louis runner, who competed against him at the Western championship meeting, says he is an ungainly runner, without the slightest idea of how to start, but a whirlwind when he gets into his running. Cabanne further says it is common runner in the West that the boy is troubled with heart disease and does not train for his races for that reason. A runner that does not train and still does 10 1-5 seconds whenever called upon is certainly a wonder, and athletes look to his appearance at Washington with interest.

REPECIAL TELEGRAM TO THE DISPATCH. HARTFORD, CONN., August 29 .- There was some great racing at the grand circuit meeting at Charter Oak to-day, and the Pittsburg pacer, Dallas, once more crowned himself with glory. More than 6,000 people were present, and the weather was fine. The track was in good condition, and speculation in the pool boxes was heavy.

Of course the great event was the 2:20 pace for which a purse of \$4,000 was offered. Dallas was the favorite, but many people looked upon Bob Taylor as a winner. Geers certainly did let the latter loose, as he drove Dallas out in the third heat to 2:14. Bob Taylor, however, could do nothing with the speedy Pittsburger, and the pair made the pace so hot in the third heat that Chimes C and Dodd Peet were distanced. Bob Taylor made his effort in the third heat, but Dallas was too good a stayer, and won the race in three straight heats.

No Danger Signal Displayed. Mr. William Armstrong, of Fifth avenue, was thrown from his buggy while driving along Forbes avenue last night, by running into a pile of bricks in front of the patrol station, now in course of construction be-tween Oakland avenue and Boquet street. The accident could have been averted, Mr. Armstrong says, if a danger signal had been placed on the brick pile. His horse was going at a fast clip and collided with the obstruction, precipitating the driver out of the vehicle upon the brick pile.

What changes have taken place in that per-iod? In none have they been more radical than in the treatment of diseases. In the olden time, patients, prostrate with pain and suffering, were attacked with the lancet, calomel, blisters, etc. All this was done with honest intentiona, but with terrible results. It is a pleasing fact that the enlightened public of the present day have discarded such medication. The disorders that sap the powers of life are now expelled by remedies that brace up the vital strength. These qualities are found in an eminent degree in Dr. Tutt's Liver Pills. They have become celebrated over a wide extent of the globe as the safest and gentlest remedial agent ever offered to suffering humanity.
