THE HEAVY DEMAND

For Manufactured Iron Products Keeps Up the Prices, but

RAW MATERIALS ARE DECLINING.

The Lethargic Condition of the Pig Iron Market Continues.

TRADE SITUATION ON THE OTHER SIDE

CAPRCIAL TELEGRAM TO THE DISPATOR. NEW YORK, September 12 .- The Iron Age of this date prints the following on the American metal markets. While manufactured iron in all its branches is steady under an unprecedented demand, a weakening tendency is developing in raw ma-

American Pig-The market continues very quiet. Consumers appear to incline to the opinion that they have nothing to lose and possibly something to gain by waiting. They point particularly to the fact that the next few months will bring into the market as sellers a number of new Virginia plants, who can only gain a foothold by cutting. We continue to quote \$17@18 for No. 1, and \$16@ 16 50 for No. 2 foundry, good Northern brands, while Southern irons are selling at \$17@17 25 for No. 1, \$16@16 25 for No. 2, and \$14 75@15 25

for No. 5.
Southern carwheel iron is quoted \$20 50@21 for Nos. 3, 4 and 5, and 519 50@20 for Nos. 1 and

but are doing very little, small sales of small sizes of billets having been made at \$35.50, buyer taking risk of duty.

Steel rails—The market is in a peculiar position. Unusual secrecy is observed by sellers as to the necotiations which they are carrying on, or the sales which they have made. This has given rise to many rumors, all of them in the direction of announcing exceptionally low prices. As it is now, everybody seems to be at sea as to the prices which it is safe to name to secure business. For early delivery, moderate lots, we quote \$30.5635.

Manufactured iron and steel—Among the sales made during the week is one lot of 500 tons of girders. We note also that the new Aster Hotel contract has been practically closed.

Old rails-A sale is reported of 500 tons of Old rails—A sale is reported of 500 tons of The at \$25.25, and some sellers claim that \$25.50 is now a close price. Old double-heads have been offered at \$25. A lot of 600 tons of old steel rails has been sold on line of road to con-sumers' mill at \$21. Track material—Spikes are held at \$2.200 2.25. Fish-plates continue 1.800/1.90c and bolts and nots 2.800/2.15c delivered,

PIG IRON MARKET FLAT.

Outside Speculation Has About Been Eliminnted From the Foreign Situation. PEPECIAL TELEGRAM TO THE DISPATCH.:

NEW YORK, September 12.—The Iron Age of this date quotes the following on the British on and metal markets, from London:

The market for pig iron warrants has become rather flat. Since the recent sharp advance in prices, outside speculation has tapered off, and me of the large holders have realized. At present the trading is chiefly in small parcels and by local operators. Closing prices Tues-day were 40s, 7d. for Scotch, 47s. 2d. for Cleveland and 57s, for hematite. Business was done to-day at 56s, 6d. for the latter, 46s, 6d, for Cleveland and 49s, 6d, for Scotch, Cleveland stocks have increased somewhat thus far this month. Total exports of pig iron from Great Britain in September were 101,000 tons against 129,000 tons during the were 101,000 tons against 122,000 tons during the corresponding period last year. Block tin prices have steadily advanced and reached 238 15s under the influence of large demand for prompt and near delivery. Recent arrivals have fallen behind the consumptive requirements, and the decrease last month of 600 tons in the visible supply has been further enlarged. Copper has been in fairly active demand and merchant bars have been sold up to £51 10s. Prior to the advance a large quantity of old holdings was disposed of at about £60. Some apeculators, taking advantage of ruling prices. speculators, taking advantage of ruling prices. are realizing, but fresh support comes forward. Included in late prominent transactions are 1,700 tons American matte and 600 tons bars. 1,700 tons American matte and 600 tons bars. In the tin plate market there is a temporary lull. Buyers' and sellers' views are wide apart and makers very firm. The stocks at British shipping ports aggregate 323,000 boxes, against 360,000 boxes at the corresponding period last year. Exports are officially reported as 27,000 boxes in August, 1890, against 290,000 in August, 1890. Dealers report an increased demand for old iron rails, chiefly from the American market, but no important quantities have been sold.

American Manufacturer's Cable Quotations.? Scotch Pig-In the speculative branch there has been less doing and prices have moved within narrow limits. Makers' iron has had very fair sale at practically unchanged prices.

dropped is, with slow trading, but the market for makers' brand is firm with demand still very good. West Coast brands Nos. I. 2. 3, quoted at 58g58s. 6i. f. o. b. shipping point. Middlesbrough Pig—Warrants have moved irregularly at a rather higher level of prices. For markers' brands the demand is good and the market firm. 48s. 6d. quoted for No. 3, free on board for s. m.

board for g. m. h. Spiegeleisen—Prices are unchanged and the srket remains firm, with demand good. En-sh 20 per cent quoted at 180s. f. o. b. at rks.
steel Wire Rods—The market for these is
thout change. Mild steel, No. 6, quoted at £8
to 6. f. o. b. shipping port.

STEEL BAILS ACTIVE. Rails-Demand is fairly active and £5 f. o. b. shipping point. Steel Blooms—A quiet market, with prices steady. Bessemer 7x7 quoted £4 17s. 6d. f. o. b.

Steel Billets—There is only a moderate busi-

ness, and prices are unchanged. Bessemer (size 23-x23-) quoted at £5 f. o. h. shipping point.
Steel Slabs-Dealings moderate and at previous prices. Ordinary sizes quoted at £5 f. o. h. shipping point.
Crop Ends-The market remains quiet and prices are unchanged. En of the mill created

TIN, COPPER AND LEAD. Pig Tin-Prices have moved still higher under the influence of lively demand and diminishing supplies. Straits quoted at £98 10s., for

spot; futures (3 months), £98 15s. Copper-Heavy purchases were made at £60 for merchant bars and prices have since advanced £1 l0s. Chili bars quoted £61 for spot. £61 for future delivery. Best selected English,

Lead—There has been a good business and prices are higher. Soft Spanish quoted at £1310s. Spelter-Prices show further improvement and the demand is good. Ordinary Silesian

quoted at £21 10s. Tin Plate—The demand has slackened up con-

New York Figures.

NEW YORK-Pig Iron quiet and steady. Copper neglected; lake, October, \$16.30. Lead strong; domestic, \$4.95. Tin unsettled; straits, \$22.10.

Prices of Bur Silver. NEW YORK, September II.-Bar Silver-Lon-don, 58%d per ounce; New York, \$1 16%. MORE DEMAND FOR COKE.

The Shortage of Cars, However, Causes at Accumulation of Stock on Hand-Volume of Business Slightly Larger-An Operator on the Outlook. ISPECIAL TELEGRAN TO THE DISPATCE.

SCOTTDALE, September II.—The coke market still shows some unsteadiness. The demand is of large proportions, but the seriously disturbing element is the deficient car supply in which not the slightest improvement is noted since last report. Production is just about keeping pace with the demand, but the coke continues to accumulate rapidly on the yards. The business transacted in the region last week was slightly in excess of the previous week. The operators are not very much en couraged at the present situation, if the senti-ments of a leading operator can be taken as any indication. He expressed himself thus: "An operator's life is not what it seems to be. "An operator's life is not what it seems to be.
To-day you are happy and hopeful and on the
morrow your hopes are blighted. At present
we are battling with what seems an insurmountable obstacle in the shortage of coke
cars. There is a remarkable demand for coke
and of course the call for cars is materially
greater. The railroad cannot meet the extensive demand and there the matter terminates.
These car famines are getting too numerous
and something should be done to prevent
them."

and something should be done to prevent them."

Western furnace consumers are perhaps the greatest sufferers, as many of them will be compelled to suspend operations purely through the failure of coke to reach them if the condition of transportation is not soon radically changed. In the Eastern and Pittsburg districts, the furnace men obtain a fair supply. The works are still running four, five and six days perweek. The Frick and Schoonamaker plants are operating five and six days, while the McClure, Cambria and a few other companies are making six days. The idle ovens are increasing principally by reason of the shutting down of principally by reason of the shutting down of the Standard plant of 907 ovens. There are about \$550 idle ovens in the region. The Stand-ard plant is likely to resume soon. The Anchor Coke Works, whose output is controlled by the

schoonamaker company, will be sold at public

Schoonamaker company, will be sold at public seen no business of any consequence, and we continue to quote nominally \$30020 50 for German 20 per cent spiegoleisen, and \$70@71 for ferro, lorward delivery.

Wire rods—There is a fair demand, but the market is quiet. We quote foreign rods, buyers taking risk of duty, \$43 50@44 for No. 6.

Billets—Importers are asking more money, but are doing very little, small sales of small sizes of billets having been made at \$33 50, buyer taking risk of duty.

Steel rails—The market is in a peculiar position. Unusual secrecy is observed by sellers as to the necotiations which they are carrying on, or the sales which they have made. This has allowed the sellers are as follows:

To Pittsburg. Schoonamaker company, will be sold at public sale.

W. J. Rainey will erect ovens on his new purchase in Fayette county. The fire in the Charlotte mine having been extinguished, the ovens will be fired in a few days. New ovens are being fired at Lippincott.

Shappeners last week averaged \$83 cars per day. They were distributed as follows: To points west of Pittsburg. 1,650 cars; to points east of Pittsburg. 1,650 cars; total, 5,900, an increase of 50 cars over the previous week. There is still some remonstrating against the prices for coke, \$2 15; foundry, \$2 45; crushed, \$2 65.

Freight rates are as follows:

To Pittsburg...... To Mahoning and Shenango Valleys... To Chicago, Ill... To Milwauket, Wi To St. Louis, Mo. To Eas, St. Louis. sumption as fellow Point.

St. Louis..... East St. Louis

LIVE STOCK MARKETS. The Condition of Business at the East Liberty

Stock Yards. At the East Liberty stock yards the local sales of cattle for the week were 3,058 head. Receipts of hogs for the week were 8,035, and sheep 7,577 head. The quality of this week's offerings of live stock at East Liberty was beofferings of live stock at East Liberty was below average. Choice grades held up well to last week's prices, but there were few offered. In property has been extended to October 4. The sentiment in favor of selling is approaching The kind of beeves our market calls for-namely, light, tidy butcher cattle, were conspicuously absent. Other grades were weak and lower and the buyer had the field. Cornfed hogs were active at higher prices. Choice sheep and lambs were firm. All good stock sheep and lambs were firm. All good stock was active and firm, while inferior grades were heavy and dull at a decline.

Cattle—Receipts, 903 head; shipments, 796 head. Market no material change, mostly through consignments. No cattle shipped from New York to-day.

Hogs—Receipts, 2,650; shipments, 1,700; market firm: Philadelphias, \$4,7564, 80; choice selected, \$4,85; best corn-fed Yorkers, \$4,5061, 60; grassers, stubblers and common Yorkers, \$3,8024, 30; pics, \$3,0023, 50; roughs, \$3,0023, 25. Six care of

CINCINNATI - Cattle heavy; common to

CINCINNATI—Hogs easier; common and light, \$3 25@4 40; packing and butchers', \$4 25@4 60; receipts, 1,980 head; shipments, 1,240 head.

GARDEN STUFF LOWER

The Limit of High Prices Reached-Market Oversupplied With New Vegetables. The upward movement in the line of garden stuff has come to a standstill, and prices are considerably below the highest point reached a week or two ago. Hot weather and muchneeded rains have very much improved crops, and our markets have been receiving an oversupply of tomatoes, cabbage, cucumbers and roasting ears within the past few days. Tomatoes dropped to 50c a bushel on Monday, and are now 75c. Roasting ears and cucumbers are dull at 75c per bushel. At the Diamond Mar-ket stails all dealers report dull markets and light sales. A similar report comes from produce commission merchants. This is plainly an off week in the lines of country produce.

A Clinton peddler, who, in ordinary seasons brings large quantities of stuff to our markets, in an interview yesterday said: This is a season of great scarcity in all my beat. There is practically no fruit, and the crop of vegetables is lighter than it has been for many years. About all I can gather now are butter, eggs and poultry. I cannot get enough eggs to supply my customers, and this week there was no trouble closing out stock at 25 cents per dozen. Good country butter readily brings 25 cents a pound from stores. Poultry is scarce in the section from which I gather my stuff." light sales. A similar report comes from prod-

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 50c and \$1 00 bottles by all leading druggists.

WOULD HELP TRADE. Good Opening in East Liberty for a

Profitable Investment. A MARKET HOUSE BADLY NEEDED.

Fifty Thousand Dollars Put Into a Charming Country Residence.

THE NEWS AND GOSSIP OF THE CITY

There is a good opening in East Liberty for a daily market. The Lawrenceville venture has shown satisfactory results, and there is no reason why a similar enterprise in East Liberty should not be even more successful, since it is reasonable to suppose that it would have a larger patronage. It would draw support from Dallas, Homewood, Brushton, Wilkinsburg, Edgewood and a considerable scope of country intermediate and beyond those places. It would also reduce the pressure on the Diamond market, which is crowded much beyond its capacity. This would be a distinctive gain to the city, since it would obviate the necessity of enlarging the buildings or erecting new

An East Liberty commission merchant, referring to this subject yesterday, said: "I think a daily market in our part of the city would pay. I have no doubt it would be largely patronized. It is a great inconvenience to a large number of people to have to attend the Pittsburg market two or three times a week. There are a number of good sites available for such a building. The Allegheny market house might serve as a model, with the addition of a hall for popular entertainments. I think it would be a good investment for the city, or as a private undertaking, for I am confident that stalls could be readily sold at good prices,"

A member of the firm of W. A. Herron & Sons said: "I think a market house in East Liberty would be an advantage to everybody. It would not hurt, but help the grocers by bringing supplies practically to their doors, at a saving of considerable time and money. It would build up trade of all kinds, and make

East Liberty an important business center. Business News and Gossip. How to increase the importance of East Liberty as a trade center. Build a market

George Adamson, a Cincinnati merchant, was in the city yesterday. He said: "I did business here before the war. This is my first visit since I moved away. What surprises me most is the improvement in the character of your buildings. They are equal to the best in the country. Pittsburg is growing faster than Cincinnati. I am almost sorry that I left." There were 44 mortgages on file yesterday-a longer list than usual—but they were all for comparatively small amounts. The largest being for \$5,500. Fourteen were for purchase

Manager Chaplin, of the Clearing House, has lost a dog which he valued at \$250. It was run over by a steamboat and droweed.

Southside hilltop realty is moving briskly. Those who expressed fears that too much acreage was on the market over there now admit they were mistaken. Its proximity to the industrial centers is an attraction to many

home seekers.

Marcus W. Eichenlaub, bookkeeper for Straub & Morris, was married yesterday afternoon at St. John's R. C. Church, Allegheny, to Miss Minnie E. Kahler. The time of the meeting of the Pittsburg

Permits for New Buildings.

The Building Inspector did considerable business yesterday in the way of issuing permits, 12 of which were granted—nearly all for a high class of dwellings. The list follows: Robert Sproull, brick two-story dwelling, 40x42 feet, on Atlantic avenue, Twentieth ward

Cost, \$6,000.

E. T. Schaffner, frame two-story dwelling, 18x32 feet, on Lillian street, Thirty-first ward. Cost. \$1,000. Antony Rooney, frame two-story dwelling, 18x20, feet, on Eureka street, Thirty-first ward,

Nick Swartz, frame two-story dwelling, 16x30 feet, on St. Paul street, Twenty-seventh ward, Cost, \$1,600. Henry F. Rohbock, ironclad one-story factory, 18x40 feet, on Smallman street, Fifteenth

ward. Jost, \$500. James Roop, frame one-story dwelling, 10x24 feet, on Seeley plan, Eighteenth ward. Cost, Thomas Shalley, frame two-story dwelling.

16x18 feet, on Miugo street, Thirteenth ward, Cost. \$1,325. H. D. Watkins, frame one-story dwelling, 14x 30 feet, on Margaretta street, Nineteenth ward. Aug. G. Kessler, frame two-story stable, 16x 16 feet, on Howan avenue, Twenty-first ward.

Cost, \$50 Rasner & Dinger, brick four-story factory, 50 x80 feet, on Second avenue, First ward. Cost. B. F. Fear, brick three-story store and dwell-

ing, 27x65 feet, on Second avenue, Twenty-third ward. Cost, \$5,000. Thomas D. Todd, brick three-story dwelling, 20x34 feet, on Trent street, Eleventh ward. Cost, \$3,500.

Movements in Rent Estate.

The property of the Monongahela Insurance Company, formerly owned by R. H. Palmer, at Swissvale, consisting of 19 acres and a fine resi-dence, changed hands yesterday, the consideraplates making the place his home.

L. O. Frazier sold for James P. Watson, No.

360 Edmond street, Sixteenth ward, a new six-roomed frame dwelling with lot 20x120 feet to a 24 foot alley, to William J. Dawson, for \$2,100 cash. E. T. Schaffner sold for John F. Wenza frame house of five rooms and lot on Browns-

ville avenue. Twenty-seventh ward, to Mrs. Rachel Lynch, for \$1,050 cash; also sold lot No.8 in Michael Bros.' plan in Allentown, now Thirty-first ward, to Philip Keller, for \$900 cash, and lot No.4, same plan, fronting 25 feet on Excelsion street and 150 feet deep, to Christian Fink, for

8900 cash.

Black & Baird sold for Richard Morgan to M.

J. Dowling two lots on Ward street, Oakland,
being Nos. 1 and 2 in M. G. Arthur's first plan, size 65x120 feet, for \$2,000. Magaw & Goff, Lim., sold for the City Im-

provement Company, Lim., in the Etna Park Place plan at Etna station, two lots for \$150, and in the Oak station plan, Pittsburg and Castle Shannon Railroad, seven lots for \$700.

J. B. Larkin & Co. sold to Francis McCoy for C. G. Dixon a two-story frame house and lot on James street, Allegheny, for \$2,000 cash. Brown & Saint sold two lots in Villa Park plan, Brushton, to John P. Edgar, of Steubenville, O., having a frontage of 80 teet on Blacka-

dore avenue, for \$1,000.

W. A. Herron & Sons sold a lot 2ix100 feet, well located on Madison avenue, near Thirty-third street, Thirteenth ward, on the Central Traction line, for \$650.

Lee & Chaplin sold a lot, 50x110 feet, having erected thereon two modern brick dwellings, on corner of Fifth avenue and O'Hara street, to Alexander D. McKee, for George G. Jeremy, for \$17,000.

S. A. Dickie & Co. sold for J. G. Beam, to P. P. Murphy, a three-story brick house on Howe street, near Shady avenue, lot 40x125 feet. Price confidential.

HOME SECURITIES.

Luster Leads the Retreating Column-Gar Conl Moves Up a Peg.

Sales of stocks on call yesterday were 190 shares, all contributed by Luster. The first sale was at 26, declined to 25%, then to 25% and 25, and closed at 23% bid. So far as could be learned the only reason for the drop was the disposition of a few weak-kneed/persons to un-

New York and Cleveland Gas Coal resumed its upward movement in consequence of the growing belief that there will be a good market for coal the coming winter.

There was no special change in traction or natural gas shares, but Pittsburg Traction was up a fraction. Electric was a trifle weaker, South Carolina incomes, 1 at 12, while a rise of 1 in the Kansas and Texas generals was the colly advance of note.

Government bonds have been dull and heavy. State bonds have been dull and heavy. The Poot says: The suddenness with which the rate for money advanced from 6 per cent at the close of business yeaterday to ½ of 1 per cent per day this afternoon, notwithstanding that the disbursement of the United States. Treavury for interest and redemption of bonds, is at the rate of something like \$1,000,000 per day, showed that there was either some new and sudden demand caused by a scare, or that the supply at the low rates had been subject to some sudden decrease either from scare of manipulation. The warrant for the suggestion of manipulation. The warrant for the suggestion of manipulation is that the slowness with which the owners of the 4½ per cent bonds avail themselves of the offer of the Secretary of the Freasury to redeem them at par and full interest up to July 1, 1891, and yet of the \$40,000,000 of 4½ per cent bonds called by the two circulars of August 21 and 30, for immediate redemption: \$27,400,000 had been presented for re

A LITTLE STRONGER.

Pennsylvania Oil Shows Some Improvement in Price-Buckeye Ignored.

Oil was a little stronger yesterday than on the previous day, and business was better, though the aggregate of sales was unimportant. The closing price was better than the opening and next to the highest point reached. New York was the firmest of the outside exchanges. She sent an order to a broker here for 20,000 barrels and got 10,000. The range was: Opening gly(c; highest, 813/cc; lowest, 81c; close, 813/cc, Buckeye oil was so completely ignored that there were neither bids nor offers for it.

Features of Yesterday's Oil Market.

A. B. McGrew, No. 115 Fourth avenue, quotes Puts, 80½; calls, 82½. Other Oll Markets. OII. CITY, September 11.—Petroleum opened at 81½c; highest, 81½c; lowest, 80½c; closed, 81½c. Sales, 271,000 barrels; clearances, not re-ported; charters 88,571 barrels; shipments, 107,406 barrels; runs, 92,137 barrels.

BRADFORD, September 11.—Petroleum opened at 813/cc: closed, 813/cc: highest, 813/cc; lowest, 807/cc. Clearances, 444,000 barrels. 80%c. Clearances, 444,000 barrels.

NEW YORK, September II.—Petroleum opened firm. but after the first sales the market had a fractional decline, which was followed in the afternoon by a rally. At the close the market was firm. Pennsylvania oil: Opening, 79%c; highest, 80%c; lowest, 79%c; closing, 80%c; October option: Opening, 81%c; highest, 81%c; lowest, 80%c; closing, 81%c. Lima oil: Opening, 34c; highest, 34%c; lowest, 33%c; closing, 33%c. Total sales, 184,000 barrels.

NEW YORK STOCKS. Activity in the Street.-Some Material Losses

Suffered-Sudden Advancement in the Money Rate-Bond Holders Hanging Back.

NEW YORK, September 11 .- The stock market to-day was unusually active, but the increased business was obtained at the expense of values in all portions of the list, and the ma-terial losses were suffered in all the active shares. There was to-day an undoubted full liquidation of small marginal accounts, for which the only inducement was the scarcity of high rates exacted for money, and the shifting of loans occasioned by the calling in of money loaned at lower rates brought considerable long stock on the market. At the same time the bears were again very prominent in getting prices down and made special point of the poor showing of the Government crop report, and the granger stocks suffered to a marked extent, but not more than other stocks which are not to be affected to such an extent by the

and the granger stocks suffered to a marked extent, but not more than other stocks which are not to be affected to such an extent by the scarcity of corn and wheat to han!

The money market was undoubtedly a great disappointment to the smaller buils at least, and the rate on call having gotten up to ½ per cent per diem and interest, notwithstanding the efforts of the Treasury Department for its relief, the liquidation became general. The presentation of bonds at the sub-Treasury for prepayment of interest was very large, the interest being paid upon \$25,000,000 registered bonds, while \$32,000 was paid on coupons and \$241,000 4½ percents were redeemed. This late in the day again restored something like confidence, but it failed to cause a rally of anything like the proportions of the previous decline. The early London quotations were all lower, and our market responded with declines of from ½ to ½ per cent at the opening.

After 12 o'clock special attention was given Chicago Gas and Sugar Refineries, and each of them was quickly let off 6 per cent on extremely large transactions. The recent supposed arrangement between the cityauthorities and the company was denied, and the opposition which would furnish gas at 500 per 1,000 feet are said to be ready for business. At the same time the manipulation of both these properties was most apparent, but the rapid declines had their effect upon the rest of the market, and everything fell away rapidly, reaching the lowest points toward 2 P. M. The extreme activity then died away, and prices recovered slowly. The leaders rose about 1½ per cent, while the improvement in the others was confined to fractional amounts only. North American was one of the features, and, with the other two stocks mentioned, was rattled off at 3 per cent, rallying only a fraction. The declines, however, extended right through the list, the bears being most impartial in their favors. The market fually closed quuet and fairly steady, but at only slight improvement over the lowest prices of the day. N

Clearing House Figures Show That Things Bankers reported something unusual yesterday—a fair supply of small notes. As to the supply of funds, some banks were flush and some close up, but there was enough for the necessities of trade.

The Clearing House did a good business, all the banks coming in heavier than for some time, denoting an improvement in general trade and a fair distribution of business favors. Exchanges were \$2,779,505 05, and balances \$461.781 77.

Money on call at New York yesterday was tight, ranging from 5 to 8 per cent, last loan 6, closed offered at 6. Prime mercantile paper 7@8. BROTHER GARDNER'S GUN Used With Telling Effect on Melon Hunting Young Men.

PERSONAL TRANSPAR TO THE DISPARCE . IOWA FALLS, IA., September 11.-There is an honest gentleman in this neighborhood named Gardner, who goes by the name of Brother Gardner, and who has an excellent melon patch, which has attracted the attention of the young men hereabout. A body of these gentlemen had formed what they pleased to call the "Lime Kiln Club," and appointed Monday night as the time and Brother Gardner's melon patch as the place of their first meeting. The honest deacon got wind of the scheme, and with a double-barreled shotgun loaded with salt and fine shot lay in wait to call the meeting to order. Presently the delegations began to arrive on foot, horse-back and otherwise. They had scarcely be-gun the business of the session when "bang!" went the shotgun, and with howls of pain the meeting suddenly adjourned in all di-

rections.

Numbers of prominent young men are now nursing mysterious "akeeter" bites, and one, John Filz, has a severely lacerated arm. Another young man is identified by his horse, which was found tied near the spot. The whole thing is a sensation amounting to a scandal, as some of the implicated are prominent.

SOUTHSIDERS will find interesting news in to-morrow's Southside edition of THE DISPATCH.

When she was a Child, she cried for Castoria When she became Miss, she clung to Castori When she had Children.she gave them Castori

MARKETS BY WIRE.

A Bulge in the Grain Pit Caused by the Government Crop Report - Heavy Business and Everything Higher -Pork Looking Up.

CHICAGO-Wheat-There was active trading

to-day, and the market was excited, closing 40 higher than yesterday. The opening was very unsettled, and greatly excited, with sales varying %@lc in different parts of the crowd, and ranged from 2@3c higher than yesterday's closing, followed by a further advance of 1@

varying %@lc in different parts of the crowd, and ranged from 2636 higher than yesterday's closing, followed by a further advance of 16 1½c, or to \$1 62½ for December, and \$1 10½ for May, or some 64.66½ c above the inside figures reached Tnesday. Later the market cased off some, declining %2½c, held firm, and closed about 46 higher.

The advance was attributed to the Government report. The report, while expected to show a further decrease, proved rather a surprise to the most sanguine buils. It was generally supposed that spring wheat would show a lower average, but this was hardly looked for in winter wheat. The report makes an estimated reduction in the total crop of about 18,000,000 bushels, as compared with the August report. Trading was very heavy, both on outside and local account. Everybody wanted to buy at the start. The shorts covered freely, with heavy realizing on the top. On the way up the offerings were not heavy, and the short interest experienced some difficulty in executing their orders without bidding the market up. Some large lines were covered.

Corn was active and excited the most of the session, price changes being sharp and frequent within an irregular range. The feeling developed was much stronger and higher prices the rule on all futures, due almost exclusively to the Government crop report, which showed a still further decline in condition and indicating a yield of 1.540,000,000 bushels. First trades were at 1@2c advance without much being offered, and under active buying from shorts and for investment another bulge of 1c immediately followed. There was free realizing by local longs around 51c, and prices receded %c, rallied, selling up 1½c, ruled steady and closed with a gain of 3½604c. The business was almost entirely in May, and several large short lines were covered. The reported cold weather in the Canadian northwest heiped the advance, a decidedly higher range of prices. The firm ness and advance in prices was due to the Government crop report showing a decline in condition during

market was duit; extra dairies, 16@17c; extra firsts, 18@19c; extra dairies, 16@17c; extra firsts, 14@15c. Eggs firm at 16@17c.

NEW YORK—Flour stronger, in good demand and 5@10c higher. Wheat dull and 4@6c higher; options advanced 1/2c, losing only 1/2c by the close; the feeling was bullish, based upon the unexpected light showing of the crop by the Government reports of cold weather West; trading active. Ngw York, September II.—Business in drygoods with agents continued good, chiefly
through orders by mail and telegraph. Next
season's specialities, as white goods, fast blacks,
cotton hosiery and underwear, Jace curtains,
etc., were in good demand and largely sold
ahead. Staple goods, especially cottons, were
in steady movement and demand, and the market continues in good position.

S.S.S. SON AND BLOOD TAINT. SEVERAL bottles of Swift's Specific (S.S.S.)
entirely cleansed my system of contagious
blood poison of the very worst type.
WM. S. LOOMIS, Shreveport, La.

ERADICATES BLOOD POI-

CURES SCROFULA EVEN IN ITS WORS', FORMS.

I HAD SCROFULA in 1884, and cleaned my system entirely from it by taking seven bottles of S. S. S. I have not had any symptoms since.
