CHOICE PROPERTIES.

Is the coming residence. We have three for sale that we believe are better than any others now in the market.

We know they are well built-they were built under our supervision-by day work (no shoddy contract work). Of course, they are on as-

phaltum streets, two in East End, one at Roup; all convenient to the different rapid transit lines and P. R. R.; and again, of course, they have every possible modern convenience and luxury, such as sanitary plumbing, electric light and the thousand and one new things such a house should have. They are necessarily in choice neighborhoods —it would not pay to build them in any locality but the best. They vary in size from 12 to 15 rooms, and, of course, in price; but the prices are the only things about them that are cheap-\$16,000 to \$20,000.

Come to the office and see photographs, or drop us a postal and our representative will call in one of our carriages, that we keep for this purpose, and take you to the houses; it's no trouble: it's business
