PLEASED WITH THE PROSPECTS.

Secretary Tener Says the Local P. L. is Right for Next Year.

Secretary John Tener, of the local P. L. club, is one of the most hopeful of men regarding the prospects of the team for next season. Yesterday atternoon he said: "Let me tell you that whether there is a National Lengue club here or not next year does not concern us. If there is a club, it will not interfere with us any more than it has done this season. At any rate the National League people will have no conflict-ing dates next year. They have had enough of them this season. Our team will be all right, i don't think that M. J. Kelly will be trans-ferred from Boston. We will certainly be able to get all the players we want."

ond baseman Robinson will be able to play his position on Thursday, when the club re-turns. Galvin is also reported much better. Secretary Tener states that, as the Brooklyn and the home team have no postponed games to play off, they will play a game at Altoona on the 26th instant, that being an open date.
