Some few years ago, when the irrepressible crush hat first made its bow to an American public, there were not many who predicted a lasting future for these goods. Time, the great tester, however, has completely refuted these wiseacres, for with every season the sale of these exceedingly comfortable hats has steadily increased, and, judging by the lively inquiry thus early in the season, a greater number than ever will be sold this fall and winter. # caused me to be almost continually spitting. The disease finally reached my lungs, I felt a weight in my chest as if my lungs were stopped up. My breath became short and finally a violent cough set in, which increased until I coughed thay and night. I had eructations of gas from my stomach, and I had a tired feeling, but more so on getting up in the morning As I read in the papers statements from patients who had been cured by the catarrh specialists at 323 Penn avenue of conditions similar to mine I took a course of their treatment and became completely cured. It is now some time since I took their medicine and my cure has remained permanent. I shall be glad to further describe my case to any one who suffers as I have done. E. H. PRICE." THE PRESCRIBING
