pumping station will be located in Quincy township, on the eastern side of the county, the rate of 75 to 100 barrels per day. They shot her with 80 quarts of glycerine, it being the original intention to shoot with 100 quarts. The Kanawha Oil Company are putting a rig on the Jones farm, one-half mile southeast of the Menke. This well will be watched with great interest, it being the furthest in advance of the Semple station portion of the field. Forst & Ce. and Carnesdale, Andrews & Co., by their foreman, Mr. Gillespie, are having some trouble about the latter firm being lo-caten in close proximity to Forst & Co.'s Rols-house No. 5, with a boller, and fears are en-tertained that said No. 5 well and others in the neighborhood may catch fire. Mr. Forst went to the city this afternoon armeel with a potition signed by the operators owning wells along the valley below this well, and will ask the court for an Injunction to restrain them from firing the boller in its present position. In all probability the papers will be served to-morrow unless a compromise can be effected. NOTES OF VARIOUS WELLS. and a large force of men are engaged in putting up buildings, and laying the foundations for the tanks. The work in this county will be completed within two months. The line goes from here through Adams and York counties, to a point near Ephrata, in Lancaster county, where it is said it will connect with one of the Standard Oil Company's lines to Philadelphia and New The pipe and material have been delivered all

along the route through Southern Pennsylvania. This new line is the end with which the Standard Oil people, and James G. Blained and Stephen B. Elkins, expect to carry their West Virgina oil to the seashore.

### Independents All Alert.

York.

BUTLER-The all-absorbing topic in oil circles is the meeting of the independent producers to-morrow night. They are growing more earnest, and are determined to loosen the more earnesi, and are determined to loosen the grip of the monster monopoly and free them-selves from the enthraidom under which they have so long been laborns. It is expected that the meeting will be largely attended and by representatives from nerrly every section of the oil regions. The producers seem to fully realize the situation, and say that they must devise means to help themselves or quit business. They think that the Standard are trying to work some game in the Pennsylvania and Virginia olf fields as they did in the Oho field. Since the reduction of the premium and the downward course of the market there is a dis-position among producers to curtail opera-

downward course of the market there is a dis-position among producers to curial opera-tions. In fact, there is but little new work be-ing started as compared with what was doing 30 or 60 days ago. The handred-foot territory has been about coopered with the exception of a -pur or lead off to the east toward Peters-ville and northeast toward White Oak Springs Church. This may have something to do with the marky axisting but he main reason is an the apathy existing, but the main reason is as ave stated

## IN RESPONSE TO A SHOT.

Brandon & Colestock shot their No. I. J. W. Brandon yesterday, with 60 quarts, which responded at the rate of 50 barrels an hour, which was kept up for some time. This large increase of production was a surprise to the owners. Of course this was the fountain head, becrease of production was a surprise to the owners. Of course this was the fountain head, and by to-morrow this rate will be greatly lowered. Brandon & Bros, on the same farm, are about ready to case their No.6. Heeter Brothers are starting the drill in No.8. Bran-don, and Hoxis & Co. have made two more locations on the same farm. Brackney & Colhat shot their No.4. Brandon, yesterday, which in-creased its uroduction cousiderably. The same parties are having some trouble in cleaning out No.8 statics a heavy shot. They have another rig up on the Brandon, and will bonnee the drill soon. On the George Buoermer farm Mr.Juskin & Co. have a well in the sand which is showing up well. On the A. D. Vandling unknown parties have a rig up and will com-mence drilling at once. This is important, as it is located in the northern part of Petersville and in advance of developments a half mile. At Callery Junction Goehring & McNulty brought in their Irwin lot well, which is show-ing for 75 or 100 barrels. They struck the first part 4 is feet in the samd and the well made five flows, the locats of which was 2b barrels. Burt & Johnston, on the William Cashdollar farm, will get the same locality. ABOUT ZELIENOPLE

er now drilling. The Continental Oil Company are drilling two wells on the Reepe farm, which are down 200 feet each. On the Kamerer farm, Hunter & Cummings are drilling at 200 feet, and Simpson & Co. commenced drilling to-day on the Reepe farm. Tipley & Co. yesterday completed a well in the fourth sand on the Mil-ler farm, Sugar creek district, which was a duster of the first water.

tried on the charge of killing her child, returned a verdict yesterday morning, finding her guilty of concealing the death of her inlegitimate child.

In the Criminal Court, yesterday, Taylor Lloyd, of Homestead, was convicted of assault and battery on John Seibert. Kate Powers and Lotta Kuniz are on trial on a charge of larceuy of some jewelry from Bertha Lloyd.

## ABOUT ZELIENOPLE

At Zelienople the Enterprise Oil Company brought in their No. 2 on the Wilson yesterday, and it is showing for a 40-barrel well. It is located 150 feet west from the original Allen well. Latshaw & Co.'s No. 2 Allen was shot yesterday with 50 quarts, and the well responded at a 50-barrel rate. Their No. 3, same farm, is on top of the sand, and with good luck will get the pay to-morrow. This well is tocated 300 feet from Allen No. 1. ties are building a rig on the Zei-feet east of Allen No. I. The Company expect to get the pay in No. 1 some time to-morrow, and Gibown, on the same farm, will reach the the beginning of next week.

and the degraning of next week. The Zelicenopie Oll Company are rigging up heir No. 2, on the West farm, for pumping, farming & Co., on the Orphans' school farm, all reach the sand next week. Cohn & Akan fill commence spudding to day in their No. 1, Usen.

Allen. Cunningham & Co. are ready to start the drill in their No. 1. Winner and D. H. Fred-erick & Co., on the Thomas farm, are building a riz, one-half mile southwest from the Allen farm. Goehring & Co. are down 800 feet with thoir Behm farm well, located about haif way between Zelienople and the Allen well. This is an important venture, as it will in a great measure determine whether there is a connect-ing link between the Amberson pool and the Zelienople developments. The McKinney Oil Company have a rig ready for the drill on the Fanker farm, one mile northwest from Har-mony, and Patterson & Co. will drill their dry hole in the Hundred-foot down to the third and. defendant is represented by J. C. Decken, Esq., while District Attorney Johnston is conducting the case for the Commonwealth. WHERE EPICUREANS DINE-MR. E. Simoni, Chief Steward of the Union Club, has a delicate task before him in choos-ing his supplies. Many of New York's epi-The latter asked for a first degree verdict. Stewart Hamilton, turnkey at the Alle-gheny lockup, testified that when the pris-

Stewart Hamilton, turnkey at the Alle-gheny lockup, testified that when the pris-orer was brought to the lockup he was in a very excited condition and had to be strapped to a bed. The witness asked him how he killed the child, and the prisoner first stated that be struck it with a hatchet, but aft-erward said that he knocked her hend against the foot of the cradle; he also said that his nead was whiting and he couldn't tell how he did it. Detective Thomas Johnson corrobor-ated the statement of the previous witness. Dr. J. Guy McCandless testified to having found a wound 4 inches long on the back of the head and reaching into the skull. There was a contused wound on the forehead. On the chest the flesh was all bruised and the third and fourth risks on the right side broken. The abdo-men was also badiy braised. Any of the wounds he thought would cause death. The cut on the back of the head could have been produced by a knife. Magie Despiler stated that she lived next door to the Grade family. About two weeks before the murder she saw Mrs. Grade stand-ing at the window and she heard loud words. She then saw Mrs. Grade running from the house and her husband after her with a hatchet. The wilfe ran into a shed and escaped. Mrs. Grade was criging and informed the wit-ness that she wanted to get a divorce from her husband. August Domeh was the first witness for the The supplies. Many of New Fork's epi-cureans dime regularly at the club, hence the delicacy of the task. Pastry, the rock on which even the best chefs sometimes split claims his particular attention. The following words explain the excellence he has achieved: "I have had our chief cook use the Thepure' Baking Powder, and we are entirely satisfied with it. jyl4-21-MThF
