

TRADE IS TRANQUIL.

Staple Industries Continue to Pursue the Even Tenor of Their Way With Unabated Vigor.

THE BRITISH VISIT MAY RESULT

In the Investment of Much Capital Locally in Tinned-Plate Works and Other Industries.

GENERAL REVIEW OF THE WEEK'S WORK

Business in Ohio Always on the Increase, but Hampered by Our Shortage.

The condition of the pig market remains unchanged from last week. Consumers, as a rule, are indisposed to contract ahead, and among dealers an expectation of a change this side of the new year is apparent. Fifteen dollars and twenty-five cents and \$18.25 are the limits for respectively gray fawn and Bessmer.

Muck bar continues in as good demand as ever, and both demand and prices are maintained. The demand for pipes has somewhat slackened, but mill owners are stocking up for the winter, fearing any falling off in the supply of gas. Prices range from \$20 to \$25.

The call for finished iron is as strong as during previous weeks, and mills have orders on hand to keep them busy for weeks yet. Bars rate at \$1.85@1.90, and flats at \$2.00@2.25.

Steel rails were not so much in demand during the week, but prices are unchanged at \$30.00@31.00 at works. Billets and blooms were turned out in large quantities, which weakened the market and dropped prices to \$29.00.

Local manufacturers whose mills are adapted for tinned plate making will reflect before going into the business. Each seems to be anxious to see what his neighbor will do before venturing into the untrodden path. Meanwhile several gentlemen in the city in close touch with the Welshmen are arranging to erect a works in the immediate neighborhood of the city.

NEGOTIATIONS IN HAND.

That several such plants will spring up hereabouts is only a matter of time. Several Philadelphians are negotiating with the Welsh workers for a complete transference of their plants to this side, and there are those who believe that much English capital will find investment in tin plate works here. The visit of the British Iron and Steel Institute to the city could not be more opportune. There are about 12 or 15 tinned plate manufacturers in the party, and negotiations already under way for the establishment of plants here will be brought to a head during the visit.

In the railroad and river coal trade there is no change from last week. Shipments from railroad and river continue active. River men regard the prospects for a rise in prices as very remote.

The coke business is enjoying a continued and increasing tide of prosperity only retarded by the scarcity of cars. Not more than one-half the requisite number of cars for the trade were available during the week. Production and consumption are on the increase, but no corresponding transportation facilities are apparent.

Business in window glass improved a little during the week. More inquiries were received and the general outlook for a renewed activity is good. So far as could be ascertained no date has as yet fixed for the adjournment of manufacturers regarding the amalgamated idea. It will be held sometime previous to the 10th. Trade in flint and green glass goods is reported as being pretty brisk.

NOT ALL LOVELY.

Some six or seven plate glass workers at Duquesne were discharged by the Howard management on this day week for joining the newly formed union. As a consequence, the rest of the employees were not so cheerful.

The Brotherhood of Painters and Decorators have accomplished their purpose of drawing all the painters in the district under the aegis of their own Federation of Labor. The members of Local Assembly 1397, Knights of Labor, on Thursday night surrendered their charter and were at once organized as a new Union of the Bricklayers. With the exception of the bricklayers, every branch of the building trade in Allegheny county is now in the Federation of Labor. It is stated on good authority that a war with the bricklayers will be entered upon by the Building Trades Council. The Bricklayers' Union is a strong organization, and will resist the effort to the utmost. No one who has been watching the course of events doubts for a moment that the American Federation of Labor will drive the Knights of Labor to the wall whenever opportunity offers.

FRANK J. KELLY.

COOKING IN OHIO.

Seventy-two ovens to be erected in Perry County.

The New York and Perry Coal and Iron Company, at Shawnee, Perry county, O., has contracted with the American Coppe Company of this city, for the erection of 72 coke ovens adjoining the plant.

It is said for this week that while cooking a little more they produce a high-class coke. Furnace men in the Hocking Valley have been more or less handicapped by the high price of coke, and it is believed that the plant now about to be erected gives satisfactory results, the erection of a large number of ovens may follow.

DISTRICT QUARTERLY MEETING

Of the Knights of Labor to be held on the 13th inst.

The fourth quarterly meeting of D. A. No. 3, K. of L., will be held on Wednesday, October 15, 1890, the session commencing at 9 o'clock A. M., at D. A. Hall, 301 Fifth avenue. The representation is apportioned as follows: One for less than 100 members; two for 100; three for 151; four for 251; five for 351; six for 451; seven for 551; eight for 651; nine for 751, and so on in proportion. The district contains 45 locals with a total membership of about 3,000.

TO ENTER THE BROTHERHOOD.

Sign Painters, Writers, Grainers, and Carriage Painters Thinking of Doing Business Will shortly be organized into the Brotherhood of Painters and Decorators. They have a beneficial society at present, but no union.

It is understood that the carriage painters, who are now connected with the Carriage and Wagon Makers' Union, are contemplating all entering the brotherhood. They have been to see Agent Jewell on the matter.

Industrial Notes.

The journeymen tanners of Jeannette are about to organize.

A special English umbrella at \$3. See it. J. H. HORN & CO.'s, Penn Avenue Stores.

FISK, Clark & Flag's fine neckwear. JAMES H. AIKEN & CO., 100 Fifth Ave.

MAY STRIKE OIL.

INTEREST IS CENTERING IN THE EXPO WELL.

If the Drilling is Successful Pittsburgh Will be Another Chester—Public Opinion in Favor of Buying the Schenley Park Entrance—Other Notes.

The Exposition last night and yesterday afternoon was visited by a truly tremendous crowd. Though the great fair is drawing to a close there is no diminution in the attendance, but rather an increase. The concerts, as usual, were the feature of the afternoon and evening. Manager Johnston proposes some day next week to have a Scotch and Italian musical festival.

The oil well at present is a center of interest. The bits are down a goodly depth, and in a few days it is expected to strike at least salt. The drillers think this Exposition well may be the means of opening up an industry for Pittsburgh that will place the city on an equality with Chester, England. The impression is that underlying this city is a stratum of salt, below which may be gas and oil. It is proposed to test the matter to the fullest extent in this instance. If salt is found in the quantity expected then there will be another American industry that will add to the lustre of the city of Pittsburgh.

"Schenley Park entrance" was the voting topic at THE DISPATCH headquarters yesterday. The result of the count was—noon, 127; ayes, 83. An endeavor was made to obtain as correct a criterion of public opinion as possible, and in order to do this the votes of some who it was known had done so from mere caprice or "for the fun of it" were marked out regardless of their answers.

A number of residents from outside cities voted and their answers were about evenly divided, so that the result can be relied on as a fair vote of the people. Another point—many people do not seem to know where the proposed site is, and among regulars Chief Biglow's plans; they merely look at the question from a monetary standpoint. The entrance means an outlay of money and many persons stop at that point without considering the why and wherefore and looking to the future good of the city—at least these are the observations drawn from listening to the remarks of the voters.

Following is to-day's band programme:

- PART I.
- Commencing at 2 o'clock.
1. Overture, "Il Seraglio"..... Mozart
2. "The Merry Widow"..... Strauss
3. Cornet Solo, "Concert Polka"..... Clark
4. Grand Solo, "The Merry Widow"..... Mason
5. Hymn, "Nearer, My God, to Thee"..... Mason
- PART II.
- Commencing at 4 o'clock.
6. Overture, "Nabuccodonosor"..... Verdi
7. "The Merry Widow"..... Strauss
8. Ballet Music, "Hamlet"..... Bodemann
9. "La Fete du Printemps" (1) "Pas des Chasseurs" (2) "Tantomime" (3) "Valse Mazurka" (4) "Tetra Polka" (5) "Serenade St. Francis" (6) "Tetra Polka" (7) "Serenade St. Francis" (8) "Tetra Polka" (9) "Serenade St. Francis" (10) "Tetra Polka" (11) "Serenade St. Francis" (12) "Tetra Polka" (13) "Serenade St. Francis" (14) "Tetra Polka" (15) "Serenade St. Francis" (16) "Tetra Polka" (17) "Serenade
