Yesterday morning's hearing at the Twenty-eighth ward police station was the largest in the history of the Southside. Magistrate Swoop disposed of 37 cases, and his receipts from fines ran up to \$541.40.

Inspector McKeeve has been worried more or less ever since he has been located on the Southside with this class of people. He is authority for the statement that they are the most noisy and disorderly ones contributed to the greater portion of this amount, and the Polish were largely in the majority in regard to the nationality of the prisoners.

On Saturday night Inspector McKeeve laid out orders to the police to raid all disorderly houses. As a result a house on Cabot Way, near Sixth and Seventh streets, kept by George Repolinski, and another at 1306 Mariet street, were cleaned out about midnight.

A DISPATCH reporter called upon Father Miskiewicz, pastor of the Polish church on South Fifteenth street, last night, for the purpose of learning what he would say in behalf of his people.
