POLITICS THEOUGHOUT THE STATE AND NATION

The Lincoln Committee has produced another open letter. This one is addressed to President Harrison. It calmly asks him to change the control of the State patronage and thereby aid in defeating Delamater. The reason given for the appeal is a desire to save the Republican party from ultimate destruction.

SPECIAL TELEPHAN TO THE DISPATCH. PHILADELPHIA, October 6 .- The Lincoln Independent Republicans to-day sent the following open letter to the President of the United States: To the President:

SIE-We respectfully ask your consideration of the accompanying appeal and of letter relative to the same, addressed by the Lincoln Independent Republican Committee to the people of Pennsylvania, which, in our judgment, involves a question of national importance. This appeal calls upon our citizens to vote for the Democratic candidate for Governor at the approaching election. as a rebuke to the Republican party of this State, which has in its platform of principles ing. He contrasted the expenditures of the fully indersed the public character of our last administration with those of his own fully indorsed the public character of our Junior Senator, Matthew S. Quay, and has accepted a candidate for Governor of his choice and at his dictation.

Reasons for the Request.

The request is extraordinary, but the reasons a parting plea was made for home rule selffor making it are still more so, and they are of government and clean politics. such a nature as in our opinion fully to justify being addressed in the Court House by Can-us in presenting at to the public. The pam-didate for State Senate Harry A. Hall, of phier to which we ask your attention contains statements of undisputed fact concerning Mr. | the ex-Governor appeared and made a brief Quay, and unanswered and, as we believe, unpasswerable charges against him.

These facts and charges are so grave as to render Senator Quay's control of the political affairs of his party in this State and of its National Committee hurtful to the interests of this Commonwealth and injurious to the reputation of the Republican party throughout the country. Our pamphlet shows, first, by quotations from Mr. Quay's record while a member of the Pardon Board of Pennsylvania that he defeated the ends of justice by securing the speedy release from prison of men who had been duly convicted and sentenced by the court for bribing members of the State Legislature.

A Matter of Public Record. The audacity of this act called forth at the time the indignant protest of the Republican press of the State, of the ministers of religion and of good citizens generally. This charge,

and of good citizens generally. This charge, heng a matter of public record, admits of no question or doubt. It alone should have relegated Mr. Quay forever to private life. It did not do so, but it has of necessity made every honest and courageous man who is cognizant of the facts his enemy so long as he retains centrol of public affairs.

Second, a still more serious charge, which is folly stated in the accompanying pampollet, arraigus Mr. Quay for various cuttezziements of the funds of the State. This charge is so specific it has so repeatedly been made, and it is so widely believed that under normal conditions of public sentiment Mr. Quay would have been compelled to answer it or fall under its withering assault. He has done neither.

If it be true, as has been openly asserted by a istinguished Republican, that the decalogue has no place in modern politics Mr. Quay's still believe that the common code of right and wrong covers all human action, and that politics are not excepted from this rule, we assert that he should show that he is guiltless of these charges, or promptly retire from public life.

Why Partison is Supported. We ask the people of Pennsylvania to vote for the Democratic candidate for Governor-a man of tried and unimpeachable characterbecause his opponent, by the circumstance under which his nomination was secured, and by the clear declaration of the platform or which he stands, is the representative of Mr. Ousy. His election will be accepted as a vin-

dication of Mr. Quay in the eyes of the State and of the country. The issue is plain. In the interest of sound public morals and of primitive Republican faith, we seek the political downfall of a man whose public record dishonors himself, his party and his State. There is but one alternative-either Mr. Quay must be shorn of political power or the Republican party must lose its high name as the party of progress and the

he had been in consultation with different representative of great moral ideas. It must accept the ignoble title of the party of immoral ideas, whose claim to power is no longer right but might, and whose appeal is not now, as in the days of Lincoln, addressed through lofty and legitimate argument to the reason of the people, to their native sense of justice and of truth. It will then become a party whose youthful aspiration is sunk in hopeless corruption and whose purse strings

have strangled its patriotism. Anxious to Save the Party.

To avert such a catastrophe we appeal to you as the Chief Magistrate of the Nation to aid us in this struggle by withdrawing from Mr. Quay the patronage of Pennsylvania, the responsibility for which has been placed by the Constitution in your hands. It is in this delegated power to give and to withhold office, to bribe and punish, that Mr. Quay's strength largely Withhold it from him and his political power will cease to exist. Wright, Major Moses Veale, W. J. Brennan, Esq., Hon. E. A. Bigler and others, arrived in town from Pittsburg this morning at 9 o'clock and was met at the West Penn station by the Reception Committee and a large concourse of citizens, The distinguished visitors were conveyed through the streets to the Opera House in carriages profusely decorated with patriotic emblems. The procession which accompanied the party was large and enthusiastic, and was headed by the Germania Band. Every seat in the Opera House was filled when County Chairman Heineman called the meeting to order and named Leo Mc-Quistan, Esq., as Chairman, who introduced Mr. Pattison as the people's candidate. It was the ex-Governor's first appearance before a Butler audience and the hearty greeting given him was certainly very flattering. After their trip, which was characterized with cheers from the men from beginning to end, they marched to the Grand Central Opera House, Senator Delamater was the first speaker. After his introduction a series of deafening cheers went up. He made a 40-minute speech in which he scored the Democrats for their tactics to secure votes. He said: They say I was not nominated by the Republican party for Governor, but only ap-pointed. This is an insult which will be rebuked by the voters of this Commonwealth. They also object to me because am young and go around and see the boys." He also spoke at length on the equalization of taxes, so that the larmer would be bene fited thereby, and said he would, with great pride, sign a bill during his administration as Governor which would benefit them. A VERDICT AGAINST MANSELL. Elder. Crafton, W. T. Robinson; Hudson, J.A. Miller; McKeesport, N. L. Brown; Ames, J. G.

A VERDICT AGAINST MANSELL. The jury in the case of Rev. Dr. R. B. Mansell brought in its verdict this afternoon. Two of the charges were sustained, and the convicted man was sentenced to undergo a severe reprimand in open confer-ence, adminished by the Bishop. The general sentiment is that the verdict is just, "The reason for the lightness of the punishment," said a prominent divine to-night, "is found in the belief that Dr. Mansell is mentally unaccountable." The verdict of the committee expressly states that owing to certain characteristics in the mental make-up of Rev. Dr. Manseli he is not dealt with severely. Bishop Mallalieu, in administering the reproof did not insist upon Dr. Mansell coming be-fore him. He sat alone in a distant pew, with bowed head. The Bishop spoke feel ingly of the shortcomings of the accused and hoped from time he would be a living ex-ample of truthfulness and all that is good. He asked that the members of the Conference forgive and forget and that they pray

brother in distress. Rev. Mr. Beacom then moved that the conference pass Dr. Mansell's character. The charge in the Washington district, to which Dr. Mansell has been assigned, is one of the smallest in the district. J. H. Wilkinson and J. B. Taylor were appointed committee to assist Presiding Elder Jone in the investigation of the charges against Rev. Mr. Riley. There was considerable discussion in his case over the question of further investigation, which course was finally decided upon, though Mr. Riley insisted

Operations.

The leaders of the Home Rule party met in conference yesterday. Parnell was expected to preside, but failed to appear. Fory organs assert that there is a serious division in the ranks. Six prominent orators were detailed to visit America.

INV DUNLAP'S CABLE COMPANY. DUBLIN, October 6.-The conference of the Irish Parliamentary party was opened this afternoon under the Presidency of Mr. Justin McCarthy in the absence of Mr. Parnell. The proceedings were conducted with closed doors, but afterward a public meeting was held, at which five resolutions were submitted.

The first condemns the Government for joining the syndicate of landlords organized to depopulate certain estates in the country, and calls for legislative enactments restoring the evicted tenants to their holdings as in 1887. The second refers to the failure of the potato crop, and demands that the Government suspend proceedings for the recovery of rent.

THE MEANNESS OF BALFOUR. The third refers to the meanness of the Government in striking at the members of the Irish Parliamentary party in the present crists and trying them before a tribunal without a jury to prevent their going to America in order to appeal for aid for their suffering countrymen. The fourth calls on the Irish people to renew their subscriptions to the Tenants' Defense Association until steps be taken to open the National fund.

The fifth informs the American people that in view of the enormous importance before the general election of making the situation in Ireland clear to them, Messrs, John Dillon, William O'Brien, Timothy D. Sullivan, O'Connor, Timothy Harrington and Abraham Gill will proceed to the United States.

The announcement, at the last moment, that Mr. Parnell would not attend caused general disappointment and speculation as to the reason. The organs of the Parnellites had laid special stress on the fact that every member would be present to-day and Mr. Parnell's presence was taken for granted. THE IRISH PARTY DIVIDED.

Rumors are current that the party is divided upon recent events in Ireland. If certain members of the party who are defendants in the conspiracy case at Tipperary absent themselves from the hearing of the magistrate in order to attend the meeting the Dublin authorities will adopt stringent measures in order to enforce their reappearance in Tipperary at the earliest moment.

The Irish Times says: "There are rumors that there is no unanimity in the inner circles of the Irish party." It concludes with a statement that the leaders are at loggerheads, and the interests and prospects of Mr. Davitt's new paper and United Ireland clash, and the great sympathetic chiefs are at dagger's points.

Mr. Michael Davitt was interviewed by a reporter and said: "As far as I am aware there is nothing of the sort. I do not see how the interests of a paper published in London can interfere with one published in Dublin. The remarks are pure speculation of a coercionist organ which is hostile to both publications. I am unable to explain Mr. Parnell's absence from to-day's meeting. I understood he would certainly attend, but I presume he is not well."

TARDY CLEMENCY.

May be Extended to the Alleged Irlah Dynamiters in Prison.

IBY CABLE TO THE DISPATCH. 1 LONDON, October 6.-I have good reason a believe that the Government has decided o release, under certain conditions a number of the unfortunate men now serving life sentences in British prisons for complicity in the earlier dynamite outrages or attempted outrages. Recent investigations have proved, practically beyond doubt, that many of these men, probably the majority, were victims of agitators and provocateurs.

This discovery, coupled with the fact that no blood was shed by them and that they have already endured heavy punishment of years in convict prisons, has induced the Government to recommend to the Crown to give merciful reconsideration to their cases.

It is quite possible there will be disturbances during the winter, but Englishmen must not be too critical if, under terrible provocation, Irishmen do things which men who have no fear of starvation would not do."

The veil, however, is at last

been enacted in their midst and no note of warning been sounded. The civil authorities raided the place on Saturday on an order issued by the Minister of Justice. The doorkeeper stoutly resisted, but was overpowered by the gend'armes, who soon found their way into the cells, where the majority of the wretched inmates were discovered. Sixteen nuns were found in a condition bordering on insanity. They were scantily covered with rags and their surroundings were filthy in the extreme. Many of the poor creatures had forgotten how to talk and were more bestial than human in their demeanor. Those who could be induced to speak protested that they were perfectly satisfied with their fate. The Governor of Naples has ordered the fullest investigation, with the view of punishing those who shall be found to be responsible.

IN TOTAL DARKNESS.

the Furnaces in the Scotch Black Country Have Shut Down.

IBY DUNLAP'S CABLE COMPANY.1 GLASGOW, October 6 .- For the first time in the history of the iron manufactories, the Scotch black country is in total darkness, unbroken by the familiar lights of the blast furnaces, and the gloomy appearance of the manufacturing districts, especially in Lanarkshire and Ayrshire, is most unusual. | the ordinance, but upon investigation found The stoppage causes serious inconvenience, that the city would be a gainer, and he as all the furnaces, numbering 85, are either damped down or blown out, giving absolute proof of the fact that the masters intend to

make a prolonged fight. Evictions of the workingmen are feared be 20,000 tons, and the trade generally will be greatly damaged. Large numbers of the men have gone to the North of England, but the poorer and improvident ones remain. and excited men gather round in groups and lieve. DILLON AND O'BRIEN.

Their Reception at Dublin and the Trial at Tipperary. By Associated Press.]

DUBLIN, October 6 .- Messrs. Dillon O'Brien, Sheehy, Harrison and Condon returned to Dublin to-night. They were met at the station by a great crowd and were escorted to Mr. Dillon's residence. In response to repeated demands for a speech Mr. Dillon came out on the balcony and made a brief address. He said that he and his associates would be no party to parading the Irish people before the world as a nation of beggars. The peo ple ought not to be driven to beg when there was food enough in the country. O'Brien also addressed the crowd. He praised the generosity of the Irish-Americans, and spoke of the importance of to-day's conference as a parliament of the whole Irish race. The Women's Liberal Association of Bradford, England, has given £50 to the National League.

The Magistrates' Court at Tipperary, be-

ore which the cases of Messrs. Dillon and D'Brien, charged with conspiracy, are being neard, reconvened this morning.
On behalf of Mr. O'Mahony, Mr. Dillon roduced certificates from two doctors statng that he was seriously ill, and that it was impossible for him to attend the trial. Mr. Ronan, the prosecutor, claimed the excuse was not valid, and the Court granted his re-

quest for an adjournment.
Upon the reassembling of the court Mr.
Ronan stated that the prosecution had telegraphed to doctors to examine O'Mahony, He expected they would appear in court later and testify as to O'Mahony's condi-tion and he therefore asked that the court take a further adjournment, which was ordered.

Common Council has reconsidered the motion to indefinitely postpone action on Mrs. Schenley's offer of 19 acres of land for a park entrance and has passed the ordinance providing for its purchase. It was stated in Council that this property will also be the site of the main buildings of the Carnegie Library.

The city will buy the 10 acres of land ofght, fered by Mrs. Schenley at 875,000 for a park entrance and site for the Carnegie Library if Common Council's recommendation is adopted. That body held a special meeting vesterday, reconsidered its decision in indefinitely postponing action in the matter, and passed the ordinance providing for its purchase, under a suspension of the

Mr. O'Donnell raised the point that the call for the meeting was too indefinite, and stated incidentally that it began to look as if Councils were the tool of the city chief, instead of the latter being subordinate to Councils.

Chairman Holliday decided that the call was in accordance with the rules, and Mr. Magee said that the chiefs of departments had nothing to do with calling meetings, as that power was vested in the Chair and the amittees. Mr. Ferguson started the fray by moving

to reconsider the action by which the ordinance accepting Mrs. Schenley's offer was indefinitely postponed, to which Mr. O'Dosnell raised the point that the ordinance took money out of the treasury which had not been appropriated and so was illegal. Chairman Hollklay-The money is not

payable until next May and will come in under the next appropriation ordinance.

Mr. MacGonnigle—I moved to postpone this matter at the last meeting and I see no reasons for reconsideration.

FERGUSON MISSED A BIG BARGAIN. Mr. Ferguson-Since the last meeting I have made inquiries and find that the land is worth \$10,000 an acre. Within the last year I was offered a piece of property on Joneaire street for \$4,500. I didn't take it, and now I am sorry for it, for it has since been sold for \$30,000. On examination I also find that this property is the

only good entrance to the park.

Mr. Taggart said he had been opposed to didn't want to see a good thing go by. Mr. O'Donnell-I am still opp ordinance. The park was given to the city, then we had to buy 100 acres to make it completed, and now there are 19 acres more needed for an entrance. It is too far away if the dispute is prolonged. It is estimated to benefit the mill workers, but there is that the reduction in the output of iron will some property in the neighborhood which is owned by men who will make money by this ordinance, and these people are employed in City Hall at salaries that pay fully for their services. Eighty per cent of the people are opposed to the park, I be

> appropriation of \$50,000 for park purposes, but no more than that until the streets are Mr. MacGonnigle-The young man from the Fourteenth ward (Mr. Magee) will get up presently and tell us how the workingmen will enjoy the park. I am with workingmen every day, and I can say they are not "stuck" on the park. It is time to stop this park extravagance. I have been over the ground and it is simply ridiculous to say that these 19 acres are needed to get into the 415 acres the city already owns, The city had widened Diamond street and other streets, and could open a street 100 or 200 feet wide through this property, which

> is simply a hole, and assess the cost on the property benefited. THE CARNEGIE LIBRARY SITE. Mr. Ferguson-I understand that the Carnegie Library is to be located on this property, and if so we ought to have a good

entrance. I was opposed to accepting the

park in the first place, but now we have it we must do the best we can, and not have an elephant on our hands. The Chair read a communication from W. J. Lewis, urging Council to reconsider its action. The writer did not want to pay heave taxes, but would cheer ally pay the heavy taxes, but would cheer uliv pay park tax. This land was well worth the money asked, and as he had no property near the park, he could disinterestedly urge

the purchase.
Mr. Taggart wanted Mr. Bigelow to explain why this ground is needed, but several members objected, and the Council pro-ceeded to vote on the motion to reconsider. It was carried—the bailot standing 26 ayes and 10 noes. The members voted:

Ayes—Messrs. Angloch, Brown, Crawford,

Mr. Ferguson moved that the rules be suspended to place the ordinance on second and third reading and final passage. A division was called for and the vote stood 29 aves to 7 noes. A three-fourths vote is required, and the friends of the ordinance

had just one vote more than the majority Mr. MacGonigle offered an amendment providing that not more than \$20,000 should be spent for a bridge across the run to the park. Mr. Magee and Mr. Ferguson raised the point that the amendment did not relate to the subject of the ordinance, and was The Chair sustained this point, and Mr. MacGonigle withdrew his amendment. He at once offered a motion to postpone action until the next meeting, to give the Councilmen a chance to look at the prop-

Democratic Candidates in Vain Urge the Governor Not to Take Such Action-The Policy to be Pursued by the Republicans. ISPECIAL TELEGRAM TO THE DISPATCH. COLUMBUS, October 6.-Governor Campbell this afternoon issued his proclamation calling an extra session of the Legislature to consider the corruption in the board at Cincinnati, as follows:

By virtue of the authority vested in me by the Constitution of the State of Ohio, I, James E. Campbell, Governor of said State, do hereby require the Sixty-ninth General Assembly of Ohio to convene at the State House in Colum-bus at 10 o'clock A. M. on Tuesday, October 14, A. D. 1890, then and there to receive such com munication as may be laid before it, and to take action thereon as it may seem proper.

The Chairman, Secretary and other officials of the Democratic State Committee, together with the candidates for Secretary of State, Supreme Judge and other prominent Democrats, called on the Governor early this morning to induce him to not issue the call, which they thought would be against Democratic success in the campaign, but the Governor succeeded in convincing them otherwise. In view of the special session the Republican State Central Committee has been called to meet in this city Thursday evening to discuss the situation. The policy of the Republicans will be to prolong the session, and it is hinted they will support

SALT LAKE CITY, October 6 .- At the General Conference of the Church of Jesus Christ of Latter Day Saints this morning, the official declaration of President Wilford Woodruff, forbidding in the future any marriages in violation of the laws of the land, was read, and the congregation, numbering nearly 10,000 persons, including the apostles, bishops and leading elders of the church, by unanimous vote recognized the authority of the President to issue the manifesto, and accepted it as authoritive and binding.

George Q. Cannon publicly announced his indorsement of the manifesto and his recognition of the supremacy of laws that had been declared constitutional by the Supreme Court of the United States. The Conference also readopted the original ar-ticles of faith, among which is this: "We believe in being subject to Kings, Presidents, rulers and magistrates, in obeying, honoring and sustaining the law." The action taken settles the question, and places an effectual bar against future

polygamous marriages in Utah. It is the

most important step taken by the Church for more than a quarter of a century. Yesterday George Q Cannon spoke in culogy of the Church and praised the hero-ism of the brethren in the penitentiary, saying that the Saints would obey the laws and bow in submission to the nation's will, and leave the consequences with the Lord. He told the people not to worry about 1891— that Christ would not come then. He was followed and indorsed by President Wood-
