The Prisoner's Coolness is Beginning to Melt Away.

RECORD OF EVENTS IN THREE STATES

SPRCIAL TELEGRAM TO THE DISPATCELS

WASHINGTON, PA., October 8 .- William West had a hard day and was not so cool and collected as he has been previously. As usual, there was a large crowd present, including many ladies. The most interested spectator was West's aged father, Mrs. Griffiths and Prof. A. Crouch, a daughter and son, respectively of the murdered couple. The monotony of the trial was broken occasionally by the usual tilts between counsel.

The Commonwealth continued its case to-day, and has now examined about 50 witnesses out of 75 called. The testimony introduced yesterday alternoon, in reference to the tracks between the Crouch home and West's house, was continued. A number of west's house, was continued. A number of witnesses were called who had seen the tracks niso between Crouch's and Monongahela City. A large number of witnesses were examined who had been present when the shoes were fitted into the tracks, and not a few testified to having seen West going to Monongahela City on the creating of May 13. His course was through the fields and not by the roads.

IN COMPANY WITH ANNA.

This testimony occupied the greater part of the morning, and the first part of the afternoon. By testimony brought out this after-noon, West arrived in Monongahela City at about 7 or 7:30 o'clock on Tuesday, May 13, the night of the murder. He met some old friends on the street, and they asked him where he had been. He said that he had just come from Pittsburg on the train, and that he had not yet been to Hentleysville, although he wanted to go there and see his folks. His friends aided him to find a place of lodging on Railroad street. West stayed there all night in company with Anna Brundage and the little boy. He had plenty of money and was anxious to treat his friends. On the morning after they had ar-rived in Monongalela City, West started out from the Gamble House with a satchel. The evidence went on to show that West made an effort Tuesday evening about 7.30 o'dock to hire a buggy from John Lang in Mo-nongaliela City, but could not get it. The next morning he tried again and failed. Mrs. Luit testified that sho had seen West in company with Anne Brundage, in Monongaleia City, go lap gas her house toward the station. While the two were going along the street, West night of the murder. He met some old friends the two were going along the street, West stopped for a minute, and then left his consort. He had in his hand a shawl-strap and a satchel.

WEST SEEN AT THE STATION. George Emle, station agent at the place, testified that he had seen West at the station about 7 P. M. on May 13, Charles Strand, a conductor on the railroad, had seen West get on the train May 14, at Riverside, and go to Pittsburg. Anna Brundage had got on the train at Monongahela City and had given the ticket for West to the conductor. At Beaver Falls the two had stopped at the Nickel Plate Restaurant and stayed all night. It was there that West was arrested and searched. On his berson were found two pocketbooks, and \$52 \$9 in money. One of the officers asked him where he had cot the money and he said he got where he had got the money, and he said he got it from his father at Bentleysville. On the way from Benver Falls to Allegheny, the officer in charge of West said to the latter that he had got humself into a serious box. West asked
