Review of the Week's Trade Shows General Improvement in Various Branches of Business. STIMULATED BY THE NEW TARIFF.

Consumers of the Weed Will Shortly Pay Higher Prices for Imported Cigars.

S

PIG IRON REPORTED TO BE STRONGER.

Statement of Dealings With Foreigners.

SPECIAL TELEGRAM TO THE DISPATCE. NEW YORK, October 10 .- General business as reported in special telegrams to Bradstreet's has been somewhat active during the week, noticeably in groceries, general dry goods, clothing and hardware.

In some instances the new tariff law has been reported as the stimulus, particularly with reference to cloths and clothing. Cotton and woolen goods manufacturers in many instances look confidently for higher prices at an early date. The late advance in boots and shoes is sustained, though rough leather is accumulating and is lower. Tobacco is active and prices tend upward. Under the new tariff, imported cigars will, it is reported in the trade, cost 3 cents more apiece, and American made cigars of imported tobacco 4 cents more apiece. An early advance of prices of eigars is expected. Almost all farm produce is in active de-

scarce. ANTHRACITE HIGHER.

Anthracite coal costs 10 to 15 cents more per ton than it did a week ago, and is moving freely. Salt meats are in demand West and South at improving prices. The movement of barley from the Pacific coast to the East, via the water route, has begun again at San Francisco. Hogs and cattle are lower or unchanged at Western markets. An extensive and severe liquidation of spec-ulative interests has disturbed and depressed the New York share market. The movement has apparently exhausted its force, but results in nervous and uncertain speculative conditions, though prices show some ten-

dency to improve. September's gross railway earnings are more encouraging than those for August as an increased gain is shown over September last year when transportation was very active. The Southwestern, Southern and Granger companies make the better exhibit in the order mentioned. The trunk lines are the only group showing a decrease from September a year ago. Only one-seventh of the companies reported show decreases, and, except the New York Central, these are

RAILROADS GAIN.

Total earnings of 143 roads for September aggregate \$41,568,482 on a total of 86,978 miles, a gain of 7.2 per cent in earnings and 2.8 per cent in mileage, the gain in earnings being the smallest except August of any month in 1890. For nine months earnings aggregated \$321,654,982 on a total of 83,731 miles, a gain of 10.1 per cent in earnings and 2.8 per cent in mileage. Last year the gain in earnings for nine months was 8.9 per cent.

Bank clearings at 53 cities for the week ended October 9 are 51,206,477,633, a de-crease from this week last year of 4.7 per cent. New York City's clearings, which constitute 58.2 per cent of the grand total, are less than those for the like period last year by 15.4 per cent, while at 52 other cities the gain is 15.6 per cent.

GOOD IN ALL LINES, rubber is also lower, Para fine being quoted rabber is also lower, Para fine being quoted at 88 cents. Tin has fluctuated because of foreign speculation, and sells at 23½ cents, while tin plates are higher, though the new de-mand is moderate, and the manufacture in this country had actually begun to turn out ulates before the cariff bill was signed. Lead is scarce at 5.80, and the effect of the Mexican decision is said to be seriously felt, Large contracts for Lake copper have been made, but there are reports of considerable sales at 16% cents. sales at 16% cents.

FOREIGN TRADE SATISFACTORY.

The Treasury has taken in during the past week \$3,000,000 more than it has paid out. The state of foreign trade is fairly satis-factory, for, while exports of grain are re-stricted, cotton moves largely, and, though the value of exports last week showed a de-line in comparison with last year the cline in comparison with last year, the movement then was remarkably heavy in October. But the weakness of American securities in London and the disturbed state of the stock market there approaching a panic on Thursday, affects prices here and

essens the chance of early imports of specie. The business tailures occurring through out the country during the past seven days number 215 as compared with a total of 197 last week. For the corresponding week of last year the figures were 214.

HOW THE PUBLIC WINS.

committee, upon which John A. Wood was The Closing Days Afford Splendid Opappointed, is to look after the low bridges portunities in Buying. that prevent navigation on navigable

Now that the Exposition is drawing to a close, Reizenstein's are doing quite a lively business in the particular lines which they have on display. At the stand of C. Reizen-stein this is particularly true. All the larger ornaments and pieces of china, rare and costly as most of them are, will be sold before the Exposition closes, and sold, too, at figures much less than the same goods could be purchased for at the firm's store on Federal street, Allegheny. This is where the public gets a benefit from the Exposi-tion, and it is a benefit that should be appreciated, for opportunities to buy such wares as Royal Worcester, Royal Vienna, Doulton, Sevres and Dresden at low prices mand at generally advancing quotations, and fruits are all marked up and decidedly do not come every day in the week by any

There are few exhibits in the big show that attract more attention, or are more worthy of it, than that of Reizenstein. The finest products of the most famous potteries of the world are displayed in a manner so artistic and pleasing that if you have any appreciation of the beautiful at all you must

always there to give you information or tell you the prices, and whether you think of buying or not it will pay you to visit the place just to see what beautiful things there are in the world.

stop to admire. Polite attendants are

California in Winter.

While the Eastern section of the country is wrapped in ice and snow, Calitornia abounds in fruit and flowers. Its "rainy season" is by no means torbidding, but the pleasantest part of the year, when the face of nature is fresh and most beautiful. It is of nature is fresh and most beautiful. It is the spring time of that favored land, for there is no winter. Thousands of Eastern people find it a delightful haven from the frigid climate of the East. Messrs. Ray-mond & Whitcomb announce a series of eight gread winter trips. There are many advantages secured to the ticket-bolder, which a circular of 192 pages fully sets forth. This circular way he had from by set forth. This circular may be had free by ad-dressing Raymond & Whitcomb, 111 South

Ninth street, under the Continental Hotel, Philadelphia. Excursion parties will leave Philadelphia November 18 and December 11.

The Attractive Catalogue. A large edition of Joseph Horne & Co.'s mammoth fall and winter cata-logue has just been issued from the presses of Percy F. Smith, 53 and 55 Virgin alley. It takes a volume of 120 illustrated pages to tell the ladies of the thousand and one novelties in this great of goods establishment, and it is enclosed in beautifully engraved cover. It was finished in a fow- weeks, notwithstanding Mr. Smith's presses were crowded with other work. Safety appliances that are introduced, thus saving owners of steam vessels the unneces-sary expendiure of money on devices which are perfectly worthless. This movement use opposed by many who have at present these things in use, which the law requires every craft to be provided with. It was de-cided unanimously, with the exception of a finished in a fow- weeks, notwithstanding Mr. Smith's presses were crowded with other work.

Good Wife suggests Cuticura Remedies. Uses them 7 months, and is entirely Cured.

THEY WANT MANY IMPROVEMENTS

I was in the war during 1883-64, and took a beavy cold at Gettysburg, from which I never fully recovered. In 1875 1 broke out in sores all over my chest and shoulder, which scemed impos-sible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thou-and dinars tring to find a cure but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the CUTICUEA RAMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to any by diligent application of your CUTICUEA Rher spending five years of time and money with-out avail, and am a sound and weil man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. I Fulton Fish Market, New York. APRIL 18, 1890. Captain J. A. Henderson, local agent of the Cincinnati Packet line, and Addison Lysle, Secretary of the National Board of Steam Navigators, returned yesterday from New York, where the steamship and steamboatmen held 'their convention during the Captain Henderson stated that several important measures bearing on the steamboat trade of this section were introduced and adopted by the convention. "The convention was largely attended," said

Cuticura Remedies

CUTICUTA REMEDICS These grateful testimoniais tell the story of great physical suffering, of mental anguish, by reason of humiliating disflurations, and of threatened dangers happilly and speedily ended by the CUTICUTA REMEDICS, the greatest Skin Curres, Hiood Parifiers and Humor Remedics the world has ever known. CUTICUTA RESOLVENT, the new Blood and Skin Parifier internally (to cleanse the blood of all impurities and poisonous elements), and CUTI-CUTA. RESOLVENT, the new Blood and Skin Parifier internally (to cleanse the blood of all impurities and poisonous elements), and CUTI-CUTA. Kin Cure, and CUTICUTA SOAP, an exquisite Skin Cure, and CuTICUTA SOAP, and the great Skin Cure, and Curin the skin scalp and blood, with loss of hilf, from infancy to age, from pimples to scrofula, when the best physicians, hospitals and all other remedies fail. which will be very beneficial to both the

windows.

Sold everywhere. Price, CUTICURA. 50c; SOAP, 25c; RESOLVENT, \$1. Prepared by the POTTER DEUG AND CHEMICAL COHPORATION, Boston. 5575end for "How to Cure Skin Diseases," 64 pages, 50 illustrations, 100 testimonials.

THE DOCTORS IN PITTSBURG. FIRST THREE MONTHS FREE OF CHARGE.

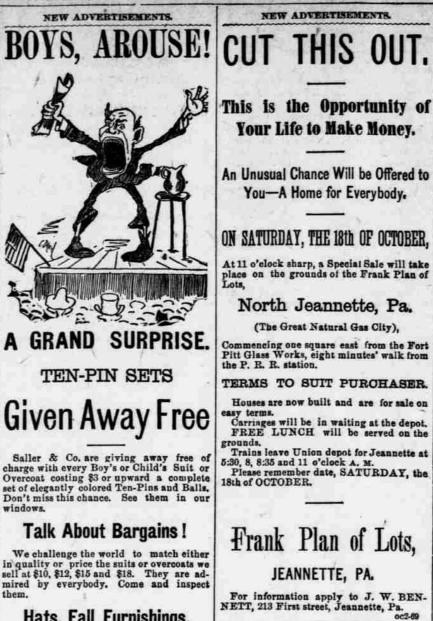

"Another matter of great interest to boat owners here was the appointment of a com-mittee to secure some modifications in the deckhand's lien law. As it stands now, one of these negroes who load the packet boats can go to the Marshal's office and have that official seize the boat on a moment's notice, which causes a loss of considerable money through detention, just to satisfy one of these roustabouts who has a small claim against the boat for wages. I believe that this committe can secure the desired change. The same laws on this question now apply to both packet and tow boats, CHARGE. CHARGE. The celebrated European staff, consisting of five eminent German and English doctors (specialists), have permanently located at 414 Smithfield st., Pittsburg. All who visit them before Oct. 25 will receive services FIRST THREE MONTHS FREE OF CHARGE. All diseases and deformities are treated, but no incurable cases will be accepted for treat-ment. If your malady is hopeless they will trankly tell you so; also advise you against spending more money for useless treatment. The object of this course is to become rapidly acquainted with the sick and afflicted. Re-member dates and go promptly, as their offloos will be crowded during last days of free service. CATARRH AND CATARRHAL DEAF. MESS POSITIVELY CURED BY THEIR GERMAN TREATMENT. This staff of physicians is incorporated by act and both are affected alike. "There was one matter brought up in the convention which caused much discussion.

This staff of physicians is incorporated by act of Legislature. Office hours: 9 A. M. to 8 P. M. oc9-77

show them. They're worth it this Fall beyond the common. You'll say the same when you get a glimpse at them.

The choicest goods, the nobbiest, the finest, the most pleasing in colors, shades, designs have been laid under tribute for this season's trade in Fall Overcoats. We've put into them our most particular tailoring, and they show it.

The prices are very reasonable. prices, too, in goods made to Charles and Fly front styles. Come to-day if you want one. order. We shut out all the profits except the manufac-

turer's by our direct dealing.

NEW ADVERTISEMENTS.

MAMMOTH SPECIAL SALE

For your pick from 375 Men's Fine Imported Dress Suits. These suits are cut from the finest Wide Wale, Scotch Cheviots, English Cassimeres and French Worsteds and Diagonals; they also come in a very handsome variety of fashionable patterns and designs. In make, fit and finish they are fully equal to SENG.CO regular custom work. This sale is for to-day only.

For your pick from 280 Men's imported Fall Overcoats. Among them are Carr's Celebrated Meltons, French Venetians and Crepes, superfine Kerseys and Diagonals; also, extra fine quality Cheviots and Remember our low Cassimeres. They are cut short and medium long, in Box, Prince

the gain is 15.6 per cent. The ioreign drygoods market is benefited by the settlement of tariff legislation. De-mand is active and prices tend upward. Domestic dress goods are in fairly active call from agents, and some low grades are stronger in tone, foreshadowing an advance. Prices, as a whole, are firmly held. Woolen men's wear goods are stronger in tone. Print cloth production has been curtailed and prices are steady. Wool is active on immediate consumption demand, and lower grades are 1c higher, while prices generally tend upward.

WHEAT ADVANCES.

Wheat has advanced 234 cents, corn 136 cents and outs 1 cent on the week, notwith-standing the reaction following a sharp advance. Stocks of wheat available increase very slowly, only one-quarter as fast as they piled up in October, 1889. The increase of available wheat last week was 1,171,000 bushels. Exports of wheat (both coasts and flour as wheat) equal 1,516,759 bushels, for which Pacific ports are largely responsible. Last week the total was 1,593.900 bushels and one year ago 1,845,-898 bushels. The total shipped abroad July 1 to date is 27,275,960 bushels. In a like portion of '89 it was 27,685,105 bushels. There have been 1,126,435 bushels of Indian corn exported this week, against 876,449 bushels last week. Small stocks of raw sugar restrict sales. Raws are quiet, strong and un-changed. Refined is in good demand and refiners are closely sold up. Brazilian coffee moves in a narrow way, both specula-tively and fractional lots. Prices are un-changed. Mild coffees have manifested more strength and regained some of the late declines.

Business failures reported to Bradstreet's number 183 in the United States this week, against 192 last week and 243 this week last year. Canada had 30 this week against 26 last week. The total number of failures in the United States, January 1 to date, is 7,808, against 8,737 in a like portion of 1889.

BETTER IN ALL BRANCHES.

R, G. Dun & Co.'s weekly review of trade says: Business in all branches shows im-provement. Prices of commodities are a shade stronger than a week ago, grain and oil having advanced with many kinds of manufactured products, but the general ad-

vance since October is not a quarter of one per cent as yet. The movement of commodities is very heavy, the money market is

mowhere a source of embarrassment and the feeling of confidence everywhere increases. At Boston business is good, with ad-vanced prices of many articles, as trade is adjusting itself to chances of duty. Phil-adelphia reports an advance in wool and good trade in groceries. The iron trade there and at Pittsburg is unchanged, the glass business is well sustained and lead is so scarce that some works requiring that material or spelter have suspended operations.

PIG IRON STRONGER.

At Chicago the grain trade is slightly below last year's with moderate increase in flour, nearly 50 per cent in cured meats and a volume of business in all lines of merchandise fully up to last year's. All lines are strong at St. Louis, and very fair at Detroit. Trade is good at Milwaukee, St. Paul, Omaha and Denver, and satisfactory at Kansas City. Southern reports are gener-ally bright, the movement of cotton being remarkably early and large. The great industries are gaining. In

spite of the enormous output of pig iron the tone is stronger, and at Philadelphia Mill iron is 25 cents higher. Consumption gains, and, until navigation closes, increasing strength is expected. Bar, sheet, structural, and wrought pipe works are crowded. The trade here is weak only in mill and Bessemer iron, but no pressure to sell. Wool is moving at better prices at Philadelphia and

OIL ON THE BISE.

Breadstuffs have been advancing in spite of small exports, far below last year's as yet. Wheat has risen 315 conts for the week on sales of 20,000,000 busbels here and corn nearly 2 cents on sales of 10,000,"

Our New Art Room,

"Other matters of lesser importance were introduced in the convention and a general discussion followed. From what the West-ern delegation said their business is as flourishing as could be desired, aside from the heavy railroad competition which at times threatens the annihilation of the trade. They report they are doing well, and the river business is gaining in favor with the traveling public. We reported the business here as good as could be desired, save occasional depres-sion in coal shipping. The matter of great moment to Pittsburg rivermen is the question of low bridges, which we are all against. On the second floor, has been pronounced the handsomest room in the city for the disthe handsomest room in the city for the dis-play of art wares. Goods, our own importaall against.
