

THE WEEK IN SOCIETY.

Gatherings of Interest to People of the Cities and Suburbs. The eighth annual reunion of the descendants of Harvey Scott of Scotland, was held at Economy Thursday last.

One of the most enjoyable events of the week was a surprise party at the residence of Mr. and Mrs. G. E. Gies, of Juniata street.

"Will the rest of Pittsburgh be married to-day?" was the question asked me on last Friday. And really I didn't wonder at it for there were so many weddings on Thursday.

All brides are lovely. These of last week were without exception delightful affairs, and the brides were particularly lovely.

A delightful surprise party was tendered Mr. J. Guy Burford at his home on Roup street, Shady Side, last Monday evening by the Eldorado Club.

The opening reception given by the Alhambra Cotton Club, Friday evening in Cyclopedia Hall, Allegheny, was a pronounced success.

Miss Anna Abbott's Make-Up. Emma Abbott has come and gone, her gown has been admired, her voice enjoyed, and her feet departed, as if by her magic make-up, which is simply dreadful.

Visiting and Visited. Mrs. E. C. Rowley and son, 883 Webster avenue, are visiting in Stauntonville, O.

How She Accomplished It. "I am just a little proud of my complexion, for I had such a dreadfully bad complexion on such a paltry, blabby, blackery sort of foundation."

now of Philadelphia, is at her old home visiting friends. At present she is the guest of Mr. and Mrs. Harry Stock, of the Diamond.

Superintendent Luckey thought the High School Normal alumni should be at least one meeting each year. It would help to keep up their acquaintance and give opportunity to talk of old times.

One of the few genuine successes, artistic and financial, this season seems to be Frederick Ward's new Shakespeare revival with Mrs. J. P. Bowers in "Henry VIII."

The comic opera, "Amorita," which Miss Pauline Hall will produce here tomorrow night, was played at the Bijou in the summer of 1917.

All other reports on Baking Powders signed by me or purporting to be signed by me are based on investigations made several years ago.

In view of the present controversy as to the purity and wholesomeness of baking powders, I have been requested to make a chemical examination of the leading brands found in the market.

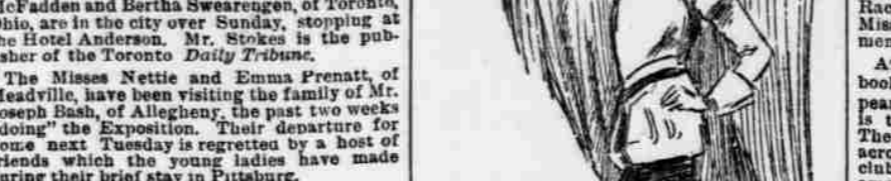

My analysis of Cleveland's Superior Baking Powder verifies the statement on the label, that the only ingredients used are cream of tartar, bicarbonate of soda (both of the highest purity), and a little flour to preserve the strength.

My analysis also shows that "Cleveland's Superior" is free from ammonia, alum, or other substitutes.

Owing to the purity, strength, effectiveness, and constancy of composition of Cleveland's Superior Baking Powder, I have adopted the same for use in my home.

HENRY A. MOTT, Ph. D., LL. D. Late U. S. Government Chemist.

Cleveland's Superior Baking Powder is sold by Geo. K. Stevenson Co., Wm. Haslage & Son, Kuhn & Co., John A. Renshaw & Co., James Lockhart, Wm. France & Son, and other high-class grocers.
