### Approaching Grand Army Fairs.

A complete success is confidently expected by the members of Post 155, who are making the arrangements to ' the fair. It will open on Saturday, November 1, at Slater's Rink. A large number of booths are in course of erec tion, the comrades are busily engaged making necessary arrangements, securing special featmen etc. and the ladies of Colonel Moody Circle, ladies of the G. A. R., are leading their valuable aid to the project. Several excellent special features have been secured. One will be a musical and literary entertainment by the school children of the Mt. Washington schools under the direction of Frot, Cargo. A selected choir under the direction of Prot. McCleane, will render some good music. At great ex-ps, se a steam merry-go-round has been secured and will run throughout the fair. This is a depe. So a steam merry-go-round has been secured and will run throughout the fair. This is a de-cided novelty in the fair line, and no doubt will be largely patronized. The dancing will be a standard feature, of course. The rink is large and commodious, having a floor 150x50 feet. The Philadelphia Gas Company has donated free gas to the fair, and one or more large jets vill be placed where needed. Au immense

### Post 155's Humorist and Lecturer.

The meetings of Post 155 are being made especially interesting at present. The main attraction is a series of lectures. A week ago Friday night Comrade J. B. Armiger co menced the series. His title was "My Expeciences While En Route to Boston." The periences ", fine in the tar to the to the com-lecture afforded much enjoyment to the com-rades, and they swear by Comrade Armiger as a lecturer. Last Friday the second was given by Comrade Thomas R. Boss. He took as a subject the "Trip to Boston" and related many subject the "Jrip to Boston" and related many wondictful incidents that occurred on the aid of the comic muse, who came nobly to his rescue, so he was enabled to give his comrades a very humorous account, of his and others' adventures. The comrades are quite proud of their lecturer and humorist. Next Friday their lecturer and humorist. Commander Shepler will be the lecturer, and his subject will be the "National Encampment at Boston," It will likely relate to the work of

### Another Steamer to be Added in the Wheeling Trade, Shortly.

There may be another steamer added to the Pittsburg and Wheeling trade ere long. Jolly Brothers, of Coraopolis, some time ago bought the steamer ingraf, to use in the carriage of material for the bridge they were building. They are about through, and talk of putting their purchase into the packet trade. She is a runner that can show her beels to many boats of larger pattern. Business on the wharf yesterday was quite lively, as, indeed, it has been of late on Satur-day. The marks at dusk, at Davis Island dam, showed II feet9 inches and falling. The practice in some quarters of reporting

The practices in some quarters of reporting purchase money mortgages as loans is mislead-ing. Here is a case in point: A short time ago a gentleman in a neighboring town sold a piece of property, receiving a small cash payment

and taking a purchase money mortgage at 5 per cent as security for the balance. This mort-

gage was improperly reported as a loan, which

it was not, being merely security." Another gentleman in the same town, desir-

ing to borrow some money, being advised of

this trausaction, and jumping at the conclusion

that it was a money mortgage, thought he ought to do as well or better in the city than his neighbor did in the country, but when he came to Pittsburg and made the attempt he was bad-be discounted of the strengt he was bad-

Iy disappointed. The fact of the matter is that there is a wide

difference between a money mortgage and a mortgage given for deferred payments, as the rate of interest on the latter has little, if any-thing, to do with the actual price of money, be-ing wholly dependent upon arrangement be-tween the parties.
