## The State Chairman Thinks Pattison's Majority Will be So Large That

### MONEY CAN'T WIPE IT OUT.

#### Ex-Senator Emery Confident as Ever That Delamater is Now as Good as Defeated.

#### BOTH PLEASED WITH PITTSBURG.

#### An Important Sunday Conference at the State Republican Headquarters in Philadelphia.

#### C. L. MAGEE INTERVIEWED IN NEW YORK.

#### He Thinks These Interested in the Contest Are Not in a Position to Judge Accurately of the Result.

#### POLITICAL CHARGES AGAINST THE CENSUS

#### Ex-Senator Lewis Emery, Jr., and Chairman Mapes, of the Independent Republican State Committee, left the city last evening. Mr. Emery goes to Titusville, where he will make some home visits, and Mr. Mapes will go to Philadelphia to see his friends, and Mr. Mapes will appear to-night before a Philadelphia audience.

Mr. Emery was greatly pleased with his reception in Pittsburgh, and feels more confident than ever that he will be defeated. For some reason or other he felt very nervous about appearing before a Pittsburgh audience, but after the warm welcome the crowd gave him he was at home on the stage.

"You see," he said to a reporter yesterday, "I am a business man, and don't pretend to be a speaker. I can talk a little before my friends, but a strange audience in Pittsburgh frightened me, and I was afraid I might break down. But after my pleasant experience here I think I could tackle anything. I feel that a great burden has been lifted off my shoulders."

#### Emery to Speak Six Nights a Week.

Mr. Emery will speak at Corry, Erie county, and before the week is over he will speak in Washington county. He expects to talk every night, except Sunday, until the close of the campaign.

Last week Senator Emery devoted to Tioga and Butler counties. He says the Delamater Republicans of Tioga county, who usually support Delamater, are now divided, and that Delamater will not have over 1,800 majority.

"The anti-Delamater men say," said Senator Emery, "that Delamater will not have over 900 majority, and the county may go for Pattison. The same state of affairs exists in Bradford county, whose usual Republican majority is also 4,000. Mr. Kean is certain to go for Pattison. The other Northwestern counties will also hold up their end."

"Butler county," continued Mr. Emery, "will go strongly for Pattison. The Independent Republican meeting there last Friday night was remarkable. One feature of it was particularly pleasing to me. Senator Delamater declared that Captain John Morris, the Republican whom he defeated for Treasurer of Crawford county because he would not agree to deposit his money in Delamater's bank, is an irrepressible drunkard. It occurred to me that Butler county soldiers would know something about this, and after I had read the Morris affidavit I asked whether any person present knew Morris. One after another five of the most reputable Republicans of Butler stood up and declared to that great audience that they had

Served in the Same Regiment with Captain Morris, had known him intimately ever since and were glad to be able to vouch for him, not only as a brave soldier, but as an honest, reputable and sober man. With this testimony Mr. Delamater will have to invent some other excuse for attacking Morris.

#### "How are the Lincoln Independents and the State Committee working together?"

"They are working in perfect harmony. The Lincoln Independent Committee is the Philadelphia wing of the great independent army of the State, and they are doing noble service in the independent column. They will place ballots in every Republican voter's hands before the election, and they have joined the State Committee in the work of holding meetings, organizing the wards, and making as thorough a canvass of the State as possible."

#### How Pattison Would Win Out.

"How about the vote in Philadelphia?" "The machine leaders do not claim more than 15,000 majority for Delamater in Philadelphia. They do not expect any, and we propose to see that they are not disappointed. The legitimate Republican majority in Philadelphia is about 20,000. Ten thousand Republicans voting for Pattison will wipe that out if an honest count is secured.

"We feel very sure that there will be more than 10,000 Republican votes for Pattison in Philadelphia. Mr. Quay has admitted that Delamater will come to Philadelphia without any majority, and that all the majority he will have in the State is that which Philadelphia gives. We expect Mr. Pattison to come to Philadelphia with a roaring majority. But if Mr. Delamater depends on Philadelphia only for his majority he may just as well go home and consider himself beaten."

"What do you know, Mr. Mapes, of the reports that it is proposed to unload a large amount of money into Pennsylvania in the interest of Mr. Delamater?" "We know that the opposition boasts of it loudly, and we know that money is already flowing freely in every portion of the State, and that free trains are run to meetings. That men are employed to make widely known the names of every election precinct; that they are making a special canvass of Democratic workmen in the districts in each election precinct, and that they hope to play

#### The Old Blocks-of-Five Game.

With these workings, putting in money enough into the hands of trusty agents in each precinct to see that none of them get away. We have this from a circular sent out by one of the county chairmen, which indicates that they are making a special canvass of Democratic workmen in the districts in each election precinct, and that they hope to play

"I will be all winter and purchased wind at that, all bought and paid for."

#### A SUNDAY CONFERENCE

HELD AT THE STATE REPUBLICAN HEAD-QUARTERS.

The information received from various sections not exactly encouraging—beginning of the distribution of the Big Campaign Fund—Cooper in Charge.

PHILADELPHIA, October 19.—Republican circles had an unusual Sunday today, callers from out of town, including a number of Republican county chairmen, suggesting conferences of exceptional importance. The full meaning of this series of conferences will develop to-morrow when the chairman of other county committees East of the Allegheny Mountains are expected to meet Senator Quay, who returns from the West to-morrow night. It looks like 16 days of election and the chairmen have been summoned to compare notes, giving in before-hand their reports of the actual condition of affairs in their districts, and to discuss the best means of carrying out an assumed situation.
