Local Republicans Tell the Secretary That a Speech From Him Would Mean 25,000 Votes

"And I am very sorry we didn't invite you," answered Mr. Oliver, "We thought you were too busy, and I see we have missed a great treat."

Blaine, his daughter, who is his private secretary, and William Walter Phelps, Minister to Germany, arrived on the limited. As his destination was Chicago, with a stop-over to-day at Canton, where he will make a speech for McKinley, no preparations were made to receive the distinguished statesman in Pittsburg, where he has in times past always been warmly welcomed.

The newspaper men who remembered the great ovation he received here in 1884 were struck with the contrast last evening, William Filinn, Postmaster McKean, Collector Warmenstle, Major W. K. Ewing, a cousin from Washington, and N. P. Reed were at the depot to meet him, but there was no crowd. The presence of the ladies made it a little embarrassing for the gentlemen, but Mr. Biaine greeted them cordially, and relector Warmenstle that he was going to Chicago to see his son, and that he would have to get up early in the morning in order to stop off at Canton and speak for Mc-

It was generally understood that on account of a supposed unfriendliness to Senator Quay Mr. Blaine would not speak in Pennsylvania. When he said he would be back next week Harry Oliver and N. P. Quite an exciting struggle is being carried on in the Sixth Legislative district, on the south side of the Monougabela. The Republican candidates are David R. Jones and Captain W. J. Nesbit, and their Demoeratic opnonents are William A. McFarland and J. W. Iswin.

Just at this stage of the game it appears that Mr. McFarland has been working hard, and with such a degree of success that it looks as if he might beat Captain Nesbit in the race to Harrisburg. The latter has now jumped into the fight with a vim, and exis to make it very interesting for Mr. McFarland.

The pure air of the hilltops filled the A Philadelphian Talks of Pattison's Strength lungs of the Independent Republicans at the meeting held last night fo the Thirteenth ward school house. The chairman was headquarters of the County Democracy last Robert Dalzell and the Secretary was James | night. Devlin. The speakers were John D. Watson, Esq., and Thomas Patterson, Esq.

Mr. Watson started by saying that he had been a Republican all his life and was still in accord with the principles of that party's national platform. In support of that he paid Congressman John Dalzell considerable attention, and said be was the "largest small man in Congress." Concerning ex-Senator Lewis Emery, ex-Senator Homer J. Humes and ex-Representative Birch, he said he knew them, and their reputation for truth and honor were of the best. About Captain John Morris, of Mead-ville, the speaker said he had gone to school in that city, and knew the old soldier whom George W. Delamater defeated to elect a Democrat County Treasurer, and knew him to have glways been a sober, upright and trustworthy citizen, and had never heard him being accused of anything but being a

cripple—a shattered man, physically.
Mr. Watson reviewed Senator Emery's charges against Mr. Delamater—bribery, perjury, forgery and unlawfully appropriating and using State funds, and then read Chief Justice Paxson's opinion in the Briggs versus Garrett case, cited by Republican speakers to show why Emery could not be convicted of libel. He charged a willful misrepresentation of the case or else gross ignorance of the English language on the part of those who said that an action for libel did not lie against a man who would "willfully coin a lie and utter it," and said that the attitude of the Republican speakers in first claiming that the "charges were untrue." and then asserting that the man who made and uttered them could not be con-

NOT OUT FOR LUCKE.

Mr. Marshall Says He Was Not Offered the Attorney Generalship.

Thomas M. Marshall left for Philadelphia last evening to address an Independent meeting there to-night. Speaking of his action in this campaign he said: "To-day a Delamater Republican came to me and said he had it straight that if Pattison was elected I was to be his Attorney General. Now, that is not true. No such conditional offer has been made to me, and I wouldn't accept it under any circumstances. It wouldn't pay me more than \$7,000 a year, though that sum could be increased, but I am not a thief. There is not a man in this independent fight who is out for lucre. Beaver as Understudy for Delamater Does Not Excite Enthusiasm

"The mill is grinding right along; the grist is good Republican votes, and the longer the mill grinds the better it is for us," said Mr. William Flinn last evening, as he leaned back in his chair at Republican headquarters. "There is nothing startling to tell," he continued. "We are going along in a quiet, easy way, and have every reason to be confident of success."

The news that Delamater had broken down and that Governor Beaver would fill his engagements did not appear to fill the Republican leaders with unalloyed pleasure. Chief Brown would say nothing on the subject—he simply retired within himself, as it were, and seemed dissatisfied with his surroundings. Several other persons present were approached upon the probable effect of Understudy Beaver upon his audiences, but they remained silent and sad.

The Independents Asked to Do Missi Work in the Country.

Chairman Blair, of the Independent Republican County Committee, was visited yesterday by a member of the Republican Executive Committee of Beaver county. The latter gentleman is a trifle too shy, under existing circumstances, to allow his name to be published. Nevertheless, he made an earnest plea for an Independent Republican mass meeting at Beaver, to be addressed by Senator Emery and T. M. Marshall, Esq. The call for the meeting is signed by J. D. The gentleman from Beaver insists that Senator Quay will receive a severe rebuke in his own county. He states that this will come in the form of a heavy cut upon Richard Quay's vote for Legislature, and a determined attack upon Mr. Delamater.

William White, better known as "Bull" White, created quite a sensation at Central station last night by pretending to commit suicide by hanging and coming very near being more successful than he intended. White has been on a big spree for some time He was arrested yesterday afternoon for drankenness. About 7:30 o'clock last evening Sergeant Gray was called by an-other prisoner, who said that White was try-ing to hang himself. White was found on the bench in his cell, and had tied a neck scarf around a top bar and was tying the other end around his neck. He was placed in another cell, and a few minutes later

another prisoner raised the same alarm. This time White had succeeded in hang-ing himself in fact, the scarf being stronger than he thought, and when Sergeants Gray and Metz got to him he was hanging and almost strangled. They quickly cut him down. He was terribly frightened and thanked the Sergeants profusely, saying he had been only joking.

Though the second day of the American Inter-Seminary Alliance Convention, like its predecessor, dawned dark and dreary, that fact did not interfere with the full attendance of all delegates. The ardor with which these missionary workers discussed the ways and means of carrying salvation to all people served to dispel the gloom and make the auditors forget the workings of the

They all should know that Jehovah marches before and they should follow." ture and Demands of the Frontier Work," was read by P. W. Longfellow, of Morgan Park. He reviewed, in a bright and interesting manner, mission work in the "Wild West." "The three elements we have mostly to contend against," said he, "are the rum shop, Sabbath breaking and the teachings of an antagonistic church." These "obstacles" were reviewed at length and the requisites necessary to prosecute the work mapped out. Discussion of the subject followed, and in turn, the routine work

"City Mission Work" was the subject of Rev. D. A. Reed's address. It was bright and abounded in thoughtful observations and suggestions. Mission work in the cities, he said, was not as effective as it should be owing to a division of effort among sects and societies, such as the different church movements, the Y. M. C. "What we should have is a union move-ment. Denominational lines should be cast aside, and all Christian workers join in capturing the cities for Christ, "Centralization is the sign of the times.

"The Episcopalians of New York have the whole city divided into districts for the purpose of evangelical work, and the plan is working well. Let there be a union movement, and let the cities be divided into districts. Let all Christians, of whatever creed or movement, join in the work and save the sinners. Canvass the cities and reach all classes and races. If this cannot be lone, use 'group methods.'
Divide the work among the churches and Senator Sherman has written to the Republican Committee that he will be here at noon to-day. As he leaves home at 5 o'clock in the morning he requests that he be disturbed as little as possible during the afternoon, as he will need all the rest he can get.

The evening session, held in the First Presbyterian Church, was well attended. The Rev. Dr. McAllister was the first speaker. His subject was: "The National speaker. His subject was: "The National Bearing of the Great Commission." The commission in question was that based on the authority of the Lord Jesus Christ as mediator, who said: "Go you, therefore, and preach to all nations." "This command." he said, "covers national duty, but as you cannot baptise a nation, you must take it figuratively, and it then means you must individualize. It means that each must take part in all of the great national issues. His precepts shall be regarded in the national life as well as in the individual life. There need be no union of Church and State, but the ministers should utter the law and the nation apply the law. SOME DISAFFECTION ADMITTED. The committee met a representative of THE DISPATCH, and stated that the assem bly had delegated them to call at THE DIS-PATCH office and say that "6111 disclaimed all responsibility for the article in THE DISPATCH." Questioned further, the committee would not make any stronger con-tradiction, and a member said that while Mr. Arrington would not be impeached, there certainly was disaffection in the order Finally Mr. Arrington said that if the assembly thought he was incapable of at-tending to their interests he would surrender his position then and there. Subsequently a resolution was passed demanding that the national officers should enter into communication with the flints so that some of their surplus men could find work in their shops. There are at present over 150 green glass men working in flint shops. One way or

WHITE CAPS ON MT. OLIVER.

John Kinzler Gets a Letter and Orders to Take Care of His Family.

Another White Cap story has been sprung, and this time it comes from the Southside. John Kinzler, who resides at No. 137 Wash ington avenue, Mt. Oliver, called at Alderman Hartman's office, last evening, and stated he had received a letter signed by the secretary of a band of White Caps. Kinzler bad the letter with him and left it in the had the letter with him and left it in the hands of the Alderman. It had been mailed on or about October 21, and had been postmarked at the Southside station, at 6 o'clock last Tucsday evening. In the letter Mr. Kinzler is accused of abusing his family, and is threatened with severe punishment if he does not give his wife and children better treatment.

Mr. Kinzler stated to the Alderman that he was at a loss to know why such a letter should be addressed to him, as he always had provided for his family. Mrs. Kinzler says she is astonished that anyone should send such a letter to her husbaud. Kinzler has a wife and four children to take care of, and after being assured that he would be protected from any attacks made by the alleged White Caps, he returned home.
