THE FIRST INSTALLMENT OF GAME

Hay and Oats Show Weakness, but Corn Continues Very Firm.

SUGARS OFF AND COFFEES STRONG

OFFICE OF PITTSBURG DISPATCH, TUESDAY, October 28, 1990. Country Produce-Jobbing Prices.

Elgin creamery butter of high grade is active and firm at a shade higher prices than have ruled of late. Strictly fresh eggs are scarce and in demand at outside quotations. Grapes and apples are in large supply and slow. The first game of the season has put in an appear-ance within a few days. There is an improved demand for poultry, together with a better supply of late. Potatoes of good quality are still in good demand and prices are likely to go higher. All other vegetables are dull and slow. Tomatoes, cabbage and onions are very poor

APPLES-\$3 00@4 00 a barrel. BUTTER-Creamery, Elgin, 28@30c: Ohio do, 27@28c; fresh dairy packed, 21@23c; fancy com 27625c; fresh dairy parked, 21673c; fancy country rolls, 23625c,
BERRIES—Grapes, Concords, 206725c a basket;
Catawbas, 30635c; cranberries, \$2 5063 25 a
bushel; quinces, \$5 0066 50 a barrel,
BEANS—New crop beans, \$2 5062 55; marrowfat, \$2 5062 75; Linua beans, 66644c.

Price of Bar Silver. PRECIAL TELEGRAM TO THE DISPATOR.

It is very important in this age of vast mate-rial progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

When baby was sick, we gave her Castoria,

The Well-Known Attorney, Had Dyspensia 35 Years.

Cured at Last by the Physicians of the Catarrh and Dyspepsia Institue.

Probably no member of the Allegheny County Bar is more favorably and widely known than is Mr. Marshall Johnston, and known than is Mr. Marshall Johnston, and whose office is at the corner of Cherry and Diamond streets, this city. He says:

"I had been afflicted with dyspensia for about 35 years. My stomach became very sore, and tender, and troubled me much in the night Even the weight of any clothes pressing against it would cause it to ache and pain me. I had to be very careful of my diet, as many kinds of food would sour on my stomach and cause eructations of gas. I had a catarrhal secretion of mucus, dropping from my head into my throat, which caused me considerable annoyance. Also had pain in my chest, and I felt a tired, languid feeling.

"Not receiving any real benefit from any doctors I had tried, I called upon the catarrh specialists at 323 Penn avenue, and was told that my trouble was all caused from a catarrhal poison in my system, but that I could yet be cured. I began treatment and improved from the first. In two months I felt entirely cured. I now weigh more than ever before, and my stomach has not felt so we'll in 35 year."

"MARSHALL JOHNSTON.

TESTIMONIALS SHOWING THE PER.

MANENCY of the cures made by the catarrh and dyspepsia specialists will from time to time be published. Mr. Fred Hahn, a resident of

IN HARDWARE LINES.

A Large Fall Trade in Heavy Hardware Faported by Jobbers,

MANUFACTURERS' SMALL MARGIN.

MANUFACTURERS' SMALL MARGIN.

Effects of the New Tariff on Cutlery and Tin Plate Goods.

CUT NAILS ARE SUPPLANTED BI WIRE

OFFICE OF THE PITTSBURG DESPATCH, Trespar, Coctober is one of the good months of the fear for the general hardware trade. An interview vesterday with a representative of one of our leading wholesale firms developed the following facts concerning this great industry: The demand for general hardware is better than it usually is at this time. Prices of heavy goods, such as nails and iron, are now fairly steady, although the tendency for the past month or more has been toward lower prices. The grades of steel from which those products are made have been declining of late, and the effect is seen in the docline of all finished products, seen in the docline of all finished products, where it is the maken of the grades of steel from which those products are made have been declining of late, and the effect is seen in the docline of all finished products, the market opened %6% to his january, 86 St. Louis and steady. Wheat stain, 4%675c; Ohio market from which those products are made have been declining of late, and the effect is seen in the docline of all finished products, the first part of the products are made have been declining of late, and the effect is seen in the docline of all finished products, the first part of the products are made have been declining of late, and the effect is seen in the docline of all finished products, the first part of the products are made have been declining of late, and the effect is seen in the docline of all finished products, the first part was the document of the products are made have been declining of late, and the effect is seen in the docline of all finished products, the product and steady in the stain, 4%675c; Ohio dais, 7605c; Ohio dais, 7 bave been declining of late, and the effect is seen in the decline of all finished products, especially on heavy goods. There is a better slightly, advanced and ruled firm for a time with eling, however, in the past few days, and it iks as though prices would be stronger

stightly, advanced and ruled firm for a time with light trading, however, then eased off. Later the demand became urgent and prices went up to the close which was 1401e higher than yesterday's close; No. 2 cash, 1714,698c; November, 88c; December, 8109; May, 81075; July, 945c; August, 913c. Corn—After an opening of 36c higher the market sagged a fraction, but later became firmer till the close which was steady for October and 11c up for May as compared with yesterday's inal figures; No 2 cash, 50c; May, 523c. Oats—The opening was 3463c above yesterday's close and the market increased in strength till the close which was 1c higher than yesterday's latest figures; No. 2 cash, 45c; May, 465c. Rye scarce; No. 2 639c. Barley firm: Minnesota, 78678c; Nebraska, 88670c; Iowa, 78c. Flaxseed lower and quiet at \$142. Provisions heavy and prices barely maintained for dry salt meats, but hacon was steady and firm. Pork and lard unchanged.

PHILADELPHIA—Flour firm but quiet. lance of the year. At this time last e was quite a flurry in heavy hard-prices were much higher then than present prices of both cut and wire ow. At present prices of both cut and wire alls manufacturers claim that there is no narrie lest. The card rates for cut steel nails re \$1.90 and wire wails \$2.35. A number of the Vibroling mills are making preparations to hange from cut nails to wire alls. It has been demonstrated hat the change can be made at small expense rook the cut nail machine to the wire machine. from the cut nall machine to the wire machine. Were made are steadily growing into favor, and had fair to displace the cut steel nat as the latter displaced the from. The production of all kinds in the United States about two years agong regarded about 10,000,000 kegs. At that time signs of Unusual Activity.

There is unusual activity in the line of builders hardware. Prices vary little this season into the solutions and there is a greater demand for a better class of houses than formerly are going up, and with the improved style of dwellings and business houses comes the demand for a better grade of builders hardware. As to the effect of the new tariff

mes the demand for a better grade of build-hardware. As to the effect of the new tariff dware. As to the effect of the new tariff dware, the following facts were det. There has been an advance of about cent in the price of cheap cuttery and annexe. The principal advance has the cheaper grades of cuttery. On Gerwies of the fiber grade the advance has sy sight. The flurry on tinware has no good reason for any advance in the new tariff, so far as this class of sconcerbed, will not go into effect in the new tariff. So far as this class of so concerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff to have the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff to have the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed, will not go into effect in the new tariff. So far as the class of sconcerbed in the new tariff in t wing mives. The principal advance has me on the cheaper grades of cutlery. On Gora knives of the liner grade the advance has a very slight. The flurry on tinware has no de founda non on which to rest. There is at sent no good reason for any advance in tinger, as the new tariff, so far as the class of his is concerned, will not go into effect if July 1, 1891. Up to that time dealers will aske to law in his stocks from abroad at old ble to lay in big stocks from abroad at old s. so that the advance from the new tariff not be due for a year ahead. The talk of ser cent advance on tin cups is the product a wild imagination.

Wheat and Flour.

The No thwestern Miller has this to say of e situation in its current number: The Min-apolis market is stronger than it was a week In ISS7 there were 18 000 000 bushels of beat in the elevators at this time, and in 1886. 000,000 bushels. At this time there are only chels, and there was about the same cutity in the elevators a year ago. The weak pass situation. Late Landon advices repet markets as dull, and disposition on the part of busers to purchase only for immediate wants. Shocks of flour in the principal cities of Europe are about the same as a year ago.

MARKETS BY WIRE.

Batch of Bullish News Sends Wheat Up n Peg-Corn Also Scores a Gain-Oats Firm-Pork Steady but Quiet.

CHICAGO-Wheat-During the early part of session to-day the market was rather quiet, later a good speculative business developed. The feeling was decidedly unsettled, though most of the day fluctuations were confined within a small range. Between the various infinences which were presented, operators were hept in a constantly changing mood in regard to trading, and the ups and downs were more umerous than usual. Early in the day there was but little doing outside of local operations, but later St. Louis and also New York sent in some buying orders. The market opened 140 some buying orders, then cluster figures of yesterday, the higher than closing figures of yesterday, and advanced high more, then fluctuated within a small range, finally selling off 1400 c, then came strong and advanced Bic, and the arket closed about 154015c higher than yes-

cany, Cables were strong and higher, Some rumors of financial trouble abroad and also at New York were received, but nothing but a small failure in London could be traced to any reliable source. The inter news caused a little uneasiness and a slight decline for the leing. But reports of export buying at York caused a reaction and a firmer reel-A report was credited to Brudstreet's say. report was credited to Bradsireef's say.
If the amount of surplus wheat of the
States was only 61,000,000 bushels, of
11,000,000 lushels had already been exleaving but 30,000,000 bushels. This
some little waster ttle excitement and helped to

force prices to the top notch.
Corn was fairly active within a fair range, with the feeling prevailing much better, good advances being established on all futures. There was nothing new of consequence developed, and trading was mainly of a local character. First trades were at a 1/2 advance, after which the market ruled steady for a time, then declined 1/2c, railied 11/2c and ruled strady, closing with a gain for the day of 11/4 million. were traded in moderately and a strong-

er feeling developed. During the last hour the strength in corn had a good effect and prices advanced Me for May, and the market closed cess pork—fracing was moderate. At the oning the feeling was stronger and there was iterate buying on orders, which caused an ance of 507½c. Later the offerings were sewhat enlarged and a weaker feeling was eloped, accompanied with a decline of 12½ c. Toward the close the market was stread-but multiple and prices railbut slicetive also

THE TREND OF TRADE Important Local Improvements on the Slate for Next Year.

COAL LANDS BEGIN TO PICK UP. Buyers or Renters Ready for All the Dwell-

ings That Can be Built. BIG DEAL IN COUNTRY ACREAGE

Among the important improvements on the slate for next year are the Thaw building on Wood street; the Vandergritt office building on the same thoroughfare; two fine business houses on Fourth avenue; a theater or two, and a hotel that will compare favorably in size and appointments with any East or West. A number of other high-class buildings are talked of, and some of them will materialize. Pitisburg is improving architecturally as rapidly as in population and wealth.

Big Deal in Country Acreage. According to information obtained vesterday from a gentleman who had just returned from Saltsburg, a party of Philadelphia capitalists have purchased 900 acres of land at Avonmore, a station on the West Penn Railroad, about a mile this side of Saltsburg. The ground cost them from \$125 to \$150 an acre. They will at once proceed to lay it on: in building lots, and at the same time make provision for a number of manufacturing concerns, among which are mentioned the Baldwin Locomotive and the Disston Saw Works, both of Philadelphia. One gas well has been put down, and preparations are being made to drill another. The informant added that several Pittsburg manufacturers had been looking over the ground, but for what purpose he did not learn.

Old King Coal.

The threatened withdrawal of natural gas from the mills and factories has caused a rather sudden and very lively demand to spring up for coal lands, with the immediate result of stiffen-ing prices for this class of property. A gentle-man remarked yesterday: "There is compara-tively little coal land in the bands of farmers. I know of options being out on 30,000 acres in Allegheny county, and agents are scurrying around for more. A great deal of it is being picked up by outsiders."

It is great consolation to mill owners to know that they are not dependent upon one kind of fuel. When deprived of gas they find it easy to shift back to coal, of which there are inexhaustible stores in the surrounding hills. naustible stores in the surrounding hills.

A Good Investment.

It will be a long time before house-building in Pittsburg reacues a point where it will be necessary to call a halt. There is no city in the country where the supply of houses is so far be-low the deman 1. They are sold or rented as

fast as they are made habitable. Customers are waiting from the time ground is broken for the foundation until the finishing touch is applied. They are lively stock. It is gratifying to observe that capitalists are beginning to realize that houses are a good thing from an investment point of view. investment point of view. Will Not Last Long. A great many people observe what they think is a strong upward tendency in prices, and they do not know what to think of it. That there

has been an advance in nearly all the staples is undeniable, but it was brought about by an active demand and short crops, and it is not at all probable that it can long be maintained. Prices will be restored to their normal level by the enlargement of productive capacity. We have a mighty agricultural West and a mighty MINNEAPOLIS—Wheat sold easier to-day, or with less effort, and in spite of the big offerings and the amount brought forward from the previous day it was cleared up early in the day, excepting such lots as were undesirable or as were held above current prices for similar wheat. The selections of No. 1 Northern went very well, and cars barely up to the grade sold quite well, Closing quotations: No. 1 hard, October, 1980 on track, \$100; No. 1 Northern, October, 1980 on track, \$100; No. 1 Northern, October, 280; December, 94%C: December, 970; May, \$103%; on track, \$10; No. 2 Northern October, 280; December, 380; on track, \$20.

MILWAUKEE—Flour steady, Wheat firmer; No. 2 spring, on track, cash, \$65%@86; December, 199%C; No. 1 Northern, \$100. Corn steady; No. 3, on track, \$23%. Cata steady; No. 2 white, on track, \$76475%c. Barley quiet; No. 2 in store, 72c. Rye easier; No. 1, in store, 197%C. Provisions quiet. Pork—January, \$12 20. Lard—January, \$662%.

CINCINNATI—Flour barely steady. Wheat otton-growing South: we have unlimited min eral resources yet undeveloped, and extraordi-nary manufacturing capacity now in its in-fancy; we have unused energies and capacities of various kinds; we have auxious investors of various kinds; we have auxious investors and capitalists awaiting opportunities to in-vest; we have inventors, engineers, and manu-facturers, farmers, planters, and miners all awaiting opportunities to make greater effort and to create more wealth. It would be strauge, therefore, if any general advance could be long maintained in the face of such capacity, energy, and nower.

Business News and Gossip. With money easy and business good, what better opportunity to buy a home could a workingman desire?
Pittsburg securities are generally admitted

CinCinNaTi-Flour barely steady. Wheat stronger; No. 2 red, 98@1854c. Corn in good demand: No. 2 mixed, 55@554c. Oats firm; No. 2 mixed, 47c. Rye stronger; No. 2, 71@72c. Pork quiet at \$11 75. FAMILIAR FEATURES.

Light Trading in Oil at About the Usual Range of Prices. There was nothing new in the oil market yesterday. Eight thousand barrels changed hands at 75%c and 78c. These were the only quota-tions. At the close 78%c was bid. Average rons were 83,291; average shipments, 85.341; average charters, 33,405. Refined was

unchanged.

A. B. McGrew, No. 115 Fourth avenue, quotes: Other Oil Markets. OIL CITY, October 28.—National Transit cer-tricates opened, 79%c; highest, 79%c; lowest, 77%c; closed, 78%c. Sales, 24,000 harrels; charters, 10,884 barrels; shipments, 107,184 barrels;

runs, 118,515 barrels. BRADFORD, October 28.—National Transit certificates opened at 70%; closed at 78%; highest, 79%; lowest, 77%; clearances, 76,000 barrels NEW YORK, October 28.-Petroleum ope

New York, October 28.—Petroleum opened steady, but after the first business cave way under forced sales, and declined 1½c before the selling was exhausted. The market then rallied slightly, but gave way again and closed weak. Peansylvania oil, spot—Opening, 79c; highest, 79c; lowest, 79c; closing, 79c. Novembor options—Opening, 79; kighest, 79%c; lowest, 75c; closing, 78c. Lama oil—Opening, 19c; highest, 19c; lowest, 19c; closing, 19c; Total sales, 124,000 barrels.

NEW YORK STOCKS.

Market, With Union Pacific Not Far Behind - Silver Certificates

the few leaders, but the transactions in them, while not as large as usual of late, rolled up a respectable volume of business at almost steaddeclining prices. Sugar was again the of holders, the traders again took advantage of such a situation to hammer the stock down. There was no let up on the stock from opening to close, and, while the decline resulting was not so large as last week, it amounted to over give a drooping tendency to the general list. The street was full of the story that the Union Pacific was the aggressor in the new difficulty in the West. The fact that the President and the General Traffic Manager were to fix up the existing difficulties was entirely ignored, as was all other news, which was generally of a favorable nature. The stock was knocked off 2½ per cent, however, and on the way down the evidences of a heavy covering of shorts accumulated. The stock, in common with the rest of the active shares, however, displayed no recuperative power, and the ever, displayed no recuperative power, and the floal prices in all are close to the highest of the

The old Granger stocks, with Louisville and The old Granger stocks, with Lonisville and Chicago Gas, were prominent in the dealings, but only the last named sympathized with the downward movement to any marked extent. There were a few strong spots in the list, but they were all in the inactive specialities. The market was extremely gull after the bulk of the hammering was over, and closed heavy at about the lowest prices reached.

The strength in Silver Certificates was one of the sustaining influences late in the day, and they closed 2 per cent nigher. The final changes in the regular list are all for small fractions and with a few exceptions are all in the direction of lower figures, while Sugar is down ½ and Union Pacific 2½.

The satirond bond market was dull, the sales down 1/2 and Union Pacific 2/2.

The saircad bond market was dull, the sales of all issues reaching only \$810,000, and the mijerity of the ben's traded in showed a heavy tone, with the usual slight changes. The los es were more numerous than usual of late, he ever, and Union Pacific 4/2 lost 3 at 77; Wisconein Central incomes, 2 at 44/2 Government bonds have been dull but firm; State bonds have been dull and without feature.

LATE NEWS IN BRIEF.

-M. Allard, a French journalist, was fatally shot in a duel near Tours on Saturday. -Chicago steamfitters began their strike yesterday. Every shop in the city is idle. -A dock strike is imminent at Liverpool, caused by the retention of non-union men -Mexico has placed an import duty of \$500 a carload on cattle in retaliation for the McKin-

ley tariff. —A schooner, probably the Jane Anderson, was seen from Franklin, Mich., flying a flag of distress. A tug dispatched for her relief falled to find her. The steamer Mackinaw burned to the water's edge at Alpena, Mich., yesterday. Loss, \$12,000; owned by Detroit men. -Mrs. Rearick, of Woonsocket, S. D., has confessed that she poisoned her husband to death. The pair had quarreled. -Four Mexican gamblers near Austin, Tex., fell out over a game of monte Sunday. One drew a pistol and killed the other three.

-Whisky administered to Abraham Winner, a farmer of Atco, Camden county, N. J., who had been bitten by a black spider, saved his -Pascale and Antley, two Flathead Indians, have been sentenced in Helena, Mont., to be hanged December 19 for murder of white

-William Watson, a section laborer, was found dend at Ft. Madison, Ia., Sunday morn-ing. His head had been beaten with a blunt -Though total strangers to each other, Francis Brewster and Miss Ida Richards, after four hours courtship, were married at Bridge-town, N. J. There was a small sized riot between Italians in lower Mulberry street, New York, in which several suffered severely from knife and pistol wounds.

The Northern Cheyenne Commission has completed its conference with the Sioux and Cheyennes, as a result of which those Indians will be transferred. -Bud Lee, a colored saloon porter at Nash-ville, was shot and killed by William Young, bartender, Monday night. It was a quarrel over a can of oysters. -John J. Irving, late County Clerk at Chattanooga, is a defaulter to the extent of \$0,000 or \$10,000. He has mortgaged his property to make good the deficit.

—There is prospect that the differences between the Southwestern Union Pacific combination and the other western trunk lines will be adjusted before November 1. -Bishop O'Dwyer advises Americans to draw a line of distinction between contributions for the relie; of the Irish people and contributions to the funds of the National League.

accident occurred in the first pool, just be-low the Glenwood Bridge, and was caused by the heavy swells from a passing steamer, by the heavy swells from a passing steamer, the boat going down almost before the crew knew what was up. However, all succeeded in reaching the upper deck, and as there was only 16 feet of water in the pool, no one was injured. Captain Sweeney said he did not understand how the thing could occur, as he had taken every precaution. When the boat struck the bottom of the river she broke, and it was found that the only thing to be done is to wreck her. The boat was owned by W. H. Brown's Sons, and was worth \$20,000, which will be almost a total loss.

Little Grains of News. THE Andes got out for Cincinnati yesterday. THE O'Neill leaves for New Orleans to-day with THE Hudson and Scotis arrived last evening A LITTLE less than II feet was the stage of the

water yesterday.

CAPTAIN S. S. BROWN sent II of his runners down the river to Kentucky yesterday on the steamer Hudson.

THE His waths has at last gotten out for St. Louis, but not with a full load, the Captain saying he would fill out his cargo at Wheeling.

J. R. JOHNSON, steward of the Andes, has resigned to go to the new steamer Congo, and Mr. McLaughlin, for many rearresteward of the J. G. Biaine, takes the position on the Andes.

MR. MARSHALL JOHNSTON

MANENCY of the cures made by the catarrh and dyspepsia specialists will from time to time be published. Mr. Fred Hahn, a resident of Sharpsburg, was one of the greatest sufferers that ever applied at the Catarrh and Dyspepia Institute for treatment. A history of his case is now published again to show how complete and permanent is his cure. He had for years been a victim of catarrh and dyspepsia. His stomach gave him an endless amount of trouble. He had belching of gas from his stomach after eating, sour taste

Mr. Fred Hahn.

and often felt like vomiting his food. His appetite was poor, and as his liver was much enlarged it gave him great pain. In fact, he would often be taken with such sharp cramps and pain across his stomach and bowels it seemed as if he could not live. He had paipitation of the heart, dizziness, weakness and pain across the small of his back, and a numb, lifeless feeling in his limbs. He could get but little sleep, and as every change of weather gave him a cold, he took on a lingering cough. His breath became short and he felt pain and soreness in his lungs and under his shoulder blades. Night sweats weakened him very fast, and he gradually grew worse until he lost 30 pounds of flesh.

Having a wife and two small children, whom he dearly loved, depending on him for a living, and having spent all his money in doctoring to no avail, not being able to work, he became discouraged and disheartened, and often became so nelancholy that he would feel tempted to jump into the river and thus end his suffering. One day he noticed in the paper an account of a patient who had been cured by the catarrh specialists at 322 Penn avenue of conditions that seemed similar to his own. He resolved to call on these specialists. He did so, and was told he could yet be cured. Although he had but little faith, he resolved to try once moffe, and after taking a course of treatment became cured. He says: "The above history of my disease and cure is true in every respect. I had received treatment from 20 physicians, yet gradually grew worse, and for one year before beginning treatment with these physicians I was scarcely able to do any work.

"It is now over five months since I became cured and not one of the above symptoms have returned. If work hard every day, teel well and strong, and words do not express the joy I feel that my life has been spared and health restored.
