I CAN'T BREATHE.

Is What the Newly Organized Non-Partisan Women's Christian -Union Desire.

WHILE FIGHTING KING ALCOHOL.

Full Text of the Call for the National Convention Soon to Meet in Allegheny City.

ALL TEMPERANCE WOMEN ARE INVITED.

terest in the Cause.

CLEVELAND, October 28 .- The following call for a National Convention of the Non-Partisan National Women's Christian Temperance Union has been made: CLEVELAND, O., October 28, 1890.

To the Non-Partisan Temperance Women of the A little over nine months ago the reasons for an uncompromised, unequivocal and untram-meled national organization of temperance women were given to the people at large, followed soon after by a rallying call, not only to the members of Non-Partisan Women's Christian Temperance Unions and members of other unions opposed to the partisan alliance, "but to women outside of these organizations who are in sympathy with our principles and methods," to attend a mass convention in Cleveland, O., January 22, 23 and 24, 1890. This convention was attended by women from 11 States and the District of Columbia, and its outcome was the organization of the Non-Partisan National Woman's Christian Temperance Union. followed soon after by a rallying call, not only

ance Union.

In obedience to a provision of the constitution adopted at the convention for the guidance of the new organization, which stipulates
that "This association shall meet annually in
the month of November," we

CALL UPON THE DELEGATES

from all auxiliary State unions, chosen upon the basis of 1 for every 100 paying members, and delegates from unorganized States and Ter-

and delegates from unorganized States and Territories on the basis of 1 delegate for every 100 members or fraction over 50, to assemble in Allegheny City, Pa., to transact the business pertaining to to the first regular meeting of the Non-Partisan National Women's Christian Temperance Union.

To this meeting we invite all women in earnest sympathy with us, even if they cannot constitutionally be members of the convention because lacking the required constituency.

Let all who believe with us that alliance with any party whatsoever tends to hinder, if not defeat, genuine temperance work, feel themselves aspecially invited to the first regular meeting. The discussion of vital questions will be helpful to all and dispel the mists that befor so many minds. The reasons which led to this separate organization still exist.

NECESSITY FOR THE ORGANIZATION.

NECESSITY FOR THE ORGANIZATION. Although this movement has led the parent society and many of its auxiliaries to repudiate partisanship by official utterances and otherise, the facts remain the same, and the neceswise, the facts remain the same, and the necessity of a new rallying center for the nonpartition temperance women of the nation has
been further emphasized in the experiences of
the year. Our platform is broad enough for all.
Neither denominational creeds nor party mesor
ences are a test of member-ship or of loyalty
in the new organization; total abstinence from
all intoxicating beverages, fealty to gospel
temperance work, and the payment of dues, is
the simple basis on which we unite for the extinction of the deadly enemy against which we
are arrayed.

We were vindicated by the Iowa Union by a vote of 315 to 63 in favor of severing its auxil-iariship to the partisan National, Pennsylvania held, October 22, one of the most notable conentions on record in that wide-awake State, bringing together representatives from more local unions than the old organization had at the end of the first six years of its existence. GROWTH OF THE MOVEMENT.

In Maine it has attained remarkable growth nearly half to its former membership within the year. These facts go to show that the non-partisan movement struck a responsive chord in this country, which will continue to vibrate till a great army is enrolled under its standard to hasten the emancipation of America from bondage to drink. The principle, no partisanship in the temperance work, but the fullest liberty outside the organization for the exercise of individual political preferences and rights, commends itself to fair-minded men and women in the country at large. Come, therefore, one and all, not only delegates from organized States and unions at large, but any woman who believes in our platform and principles. Come to the National Convention at Allegheny City, Pa.

ELLEN I. PHINNEY, President, C. P. Javant Dury, Vice President, O. 1242 Lexington avenue, Cleveland, O. F. JENNIE DUTY, Vice President, 180 Arlington street, Cleveland, O.

IN FAVOR OF THE WIDOW.

Decision in the Case of an Endowment

Paid by a Society. SPECIAL TELEGRAM TO THE DISPATCH.1 NEW YORK, October 28 .- The general term of the Supreme Court now sitting at Rochester, has just handed down a decision which interests every member of benevolent

institutions of this country.

The euestion determined by the court was as to the right of an administrator of a deceased member of one of these societies to seize the endowment paid on the death of the member to satisfy the debts of such member for the benefit of his creditors and thus deprive the widow and orphans of the insur-ance moneys. The decision was for the

STRIVING FOR STOCK.

Alleged That the Brice-Thomas People Are After the B. & O. Southwestern.

CINCINNATI, October 28 .- Among the many rumors floating around is one to the effect that some of the stock of the Baltimore and Ohio Southwestern has fallen auto the hands of the Brice-Thomas people, and that the latter are making streuuous efforts to secure enough of the stock to give them a controlling interest in the line, with a view to consolidating it with the East Tennessee, Virginia and Georgia system. It claims that some of the stockholders of the Baltimore and Ohio Southwestern favor the scheme, but the majority are opposed and are taking steps to prevent its consum-

TWO LOST CHILDREN.

Mysterious Disappearance of Little Girls After a Day's Visit.

BOSTON, October 28 .- Two little girls

Mary, aged 11, and Annie, aged 6, daughters of Dennis Finneran, have been missing since October 16. On the afternoon of that day they visited their grandfather, Patrick Finneran, who lives some distance from their

They remained there until 11 o'clock at night, when they started home alone. Since then they have not been seen.

SEVERAL HOTELS IN RUINS.

A \$200,000 Fire Destroys Many Business and Dwelling Houses. EUREKA SPRINGS, ARK., October 28 .-Fire started in H. S. Collins' jewelry store

walued at \$200,000. There was no loss of

in the Perry House and consumed property

The Perry House, Springfield House, Ohio House, and 35 other business and dwelling houses were destroyed. The total insurance is about \$7,000.

A TARDY CONFESSION.

A Farmer on His Death Bed Says He Cor mitted Murder and Robbery.

COLUMBUS, IND., October 28 .- On his death bed last night Thomas Taggart, a farmer living ten miles west of here, con-fessed to having murdered and robbed Thomas Jameson, an Ohio man, in 1885, Taggart died shortly after making the

GRASPING AT A STRAW.

Importers Will Make the Most of the Tariff

Bill Omission NEW YORK, October 28 .- A meeting of the importers of this city was held this afternoon, which had under consideration the McKinley bill. In calling the meeting to order, Mr. Constable, the Chairman, said the purpose was to give expression as to the legality of the McKinley bill, and he explained that the omission of section 30, in the engrossed copy of the bill, which was signed by the President, very possibly in-validated the entire act, though the omitted section was passed upon by both the Senate and the House of Representatives. Secretary Daniel McKever told how he

had talked with numerous lawyers, and it was nearly an unanimous opinion among them that the act was unconstitutional because of the omission of the section. A committee was appointed to make an investigation and report at a subsequent meeting. Whether Delegates or Not, to Attend and Show Their In
tion and report at a subsequent meeting.

An adjournment was then taken, subject to the call of the chair.

SCRAMBLING FOR DIRT.

Exciting Scenes at a Real Estate Sale in Northwestern Town. DULUTH, October 28 .- One of the mo

lisgraceful scenes in the history of Duluth real estate occurred here last night and this morning. About 500 wen crowded, jostled and pushed each other in the hall of the Duluth Land Company's office from 5:30 last evening until 7:30 this morning, awaiting the opening sale of lots in that division.

There was no ventilation and the steam heat was intense. Over 30 men were pulled beat was intense. Over 30 men were pulled out through the transoms in a fainting con-dition. When the door was opened this morning the men were crowded between narrow railings, looking as though they had passed through a pestilence, up to the counter to select lots. The whole plat of \$400,000 was sold and men went away with-out lets. out lots.

MURDERED IN HIS BED.

A Colored Man Has His Skull Crushed With

an Ax While Asleep. MEMPHIS, October 28 .- Lewis Thomas colored man, was killed this morning by an unknown assassin. He was asleep with his wife, when his assassin crushed his skull with an ax. The noise of the blow swoke his wife, but in the darkness she was unable

his wife, but in the darkness she was unable to identify the assassin.

Suspicion points to Frank Shelton, who had a quarrel with Mrs. Thomas last week, and it is thought the killing gree out of a bitter feeling engendered toward Thomas for assisting an officer in attempting to effect Shelton's arrest for assault.

SHORT IN THEIR ACCOUNTS.

A Prominent Railroad Man and a Society

Treasurer in Trouble. NORWALK, CONN., October 28 .- Charles E. Olds is General Freight Agent of the Housatonic Railroad Company and of the New York and New England Terminal Company, and it is alleged that his accounts

show a shortage of \$5,000.

A dispatch from Newport says: Dennis B. Sullivan, Treasurer of the Father Mat-thews Total Abstinence Society, is believed to be short in his accounts about \$1,300, and his property has been attached to recover

THE results of both chemical analysis and of physiological experiments prove that Mellin's Food, when added to diluted cow's milk, forms the only perfect substitute for mother's milk that has ever been produced; further proof is also found in the health and good nature of the children who are reared upon it.

THE SPECIAL FEATURE

OF THE DEVELOPMENTS IN THE WILD WOOD REGION.

MORTAR - SPOTTED SKIN Covered With Scales. Awful Spectacle An Increased Flow as the Result of Deeper Cured in Five Weeks by the Drilling-The Latest News From All the Principal Fields.

WILDWOOD, October 28.—The special feature of this field to-day was the deaper drilling of the Ringeisen well. From the time it was brought in until to-day it has steadily flowed at the rate of 65 barrels per day, and to-day was drilled to the top of the second pay streak and this evening stopped drilling in the top of said pay and was making an eight-barrel flow each hour. They will resume drilling in the morning, when it is thought an increase will be the

pies like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers accompanied with itehing. I would scratch every night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the county, but without aid. After giving op all the doctors in the county, but without aid. After giving op all the doctors in the county, but without aid. After giving op all the doctors in the county, but without aid. After giving op all the doctors in the county, but without aid. After giving op all the doctors in the county, but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but without aid. After giving op all the doctors in the county but with a doctor in the county but with a doct result. The Forest Oil Company and Griffith's No. 2, on the Herr farm, got the sand to-day at noon, with flattering indications. They are now erecting tankage and expect to bring her in to-morrow. This well is located 300 feet east of Harbush No. 4 and 300 feet south of Rollshouse No. 7, belonging to Forst & Co.

Menke No. 2, of Patterson, Miller & Co., were rigging up to-day and expect to be spudding by to-morrow or next day. At Griffiths & Co.'s McCaw No. 1 they

will put in the second casing to-morrow. This evening at 5 o'clock Tinker & Co. on the Bryant lot at Semple station, got the sand, and the gas began throwing out pebbles at a lively rate. Owing to the nature of the find they were compelled to shut down for the night. It bears a close resemblance

for the night. It bears a close resemblance to the Whitney well when it was first brought in, and in all probability will prove a good gasser, differing a little in the matter of the gas having a strong oil odor.

Forest Oil Company, Guffey & Queen's No. 1 well, on the Rollshouse 30-acre lot, will get the sand next Monday. Their No. 2 will receive the second casing by Monday. These wells are located about 1,200 feet northwest of the Harbush wells, and their No. 3 has the rig completed and will be drilling by the middle of next week; and at their Runga No. 1 the rig is building and will be completed by next week. This well is located 600 feet northwest of the Ringeisen No. 1.

Gibson, Giles & Co.'s rig No. 10, on the Harbush farm, is completed, and their No. 11, on the same farm, is building.

Barnsdale & Andrews are drilling No. 1 Kress. They are building rig No. 2 on the same farm and have the grades made for No. 3.

The Kanawha Oil Company's No. I well on the Fogle farm was 25 feet in the sand this evening and possesses ull the earmarks of a duster, unless it may phenomenally find her nay at the horizon in which the Semple station wells got it, which is 18 feet deeper in the sand.

Owing to the good showing of the Ringeisen

tion wells got it, which is 18 feet deeper in the sand.

Owing to the good showing of the Ringeisen well of Griffith, Miller & Co., the following is the new work under way in this end of the field: Barnsdale & Andrews have located two new weils on the Kress farm, 2000 feet northeast of the Ringeisen; Forst & Co., two on the McKee lot, 400 and 800 feet respectively, north of the same; Forest Oil Company, Guffey & Queen, one well, 600 feet northwest of same, and McDevitt & Co. will commence drilling their No. 1 on the Enoch Guyton farm, as will also Calhoun & Co. their No. 1 on the John Guyton property, which rig was up four months ago, but the operators apparently lacked the courage to prosecute the work until prompted by developments on the Ringeisen.

Roth & Jennings' faith in the southwest portion of this field is demonstrated by their driving a stake half a mile in advance of the Ringeiser on a 45° line. From present indications it looks as though activity from other sections of the field has been transferred to this section.

MANSFIELD—The Mucurdy well was drilled

Section.

MANSFIELD—The Mucurdy well was drilled a little deeper to-day, and the production somewhat increased. The activity in this new field will make up for the dropping off in operations in the old territory.

CORACPOLIS—There is no particular change at the Gailey & Mellon well on Thorn Run. Drilling has been suspended on account of moving out the boiler and making connections. There is no question but that the well in its present condition is good for 25 barrels a day. One mile west from the above well the Hazelwood Oil Company on the Sterley farm struck gas in the Hundred-foot, and Bowden & Co., in the same locality, have just commenced spudding.

ding.

The Finegan gasser, on the Wilson, is reported to be one of the biggest gas wells ever struck in this locality.

Woods' Run—Dr. Keggy's well came in yesterday and was tubed to-day. The big well reported on the Kissick farm some few days ago has made only two feet of oil in a 250 barrel tank. Heine No. 2 Heine farm, is drilling at 700 feet, and their No. 2 Sam, tubed Saturday, is making 39 or 35 barrels a day. Addleman & Co., on the Mrs. Burger farm, will most likely find the sand to-morrow or next day. Straw No. 2, which was shot last week, is doing in the No. 2, which was shot last week, is doing in the neighborhood of 100 barrels a day, while the old Stone Quarry well is producing 20 barrels in

24 hours.
PARKER'S LANDING—Within the past month PARKER'S LANDING.—Within the past month several good producers have been obtained around the once famous town of Parker. A new well was completed yesterday on the hill east of the town which is good for eight or ten barrels a day, while another good well in the same vicinity was completed in the second sand on Saturday. On the Eaxter farm, two miles east of Parker, there will be a well due the last of this week.

MARIONVILLE—A report has gained circulation that a well has been struck at Byrom station, Pittsburg and Western Railroad, Forest county, which is flowing 15 barrels a hour. While there is some truth that a well has been found in this locality, no one gives the well credit for this amount of oil. The new venture has opened up some new territory.

A STRUGGLE WITH DIRT

Goes on in civilized society from the cradle to the grave. Dirt is degradation—and degradation is destruction. Women, especially, are judged by their habits of household cleanliness, and no stronger condemnation can be expressed than "she keeps a dirty house and a filthy kitchen." But the struggle with dirt is often unequal. The woman's weakness or the worthlessness of the soaps she uses make it impossible to overcome the demon of dirt. By the use of SAPOLIO she wins easily.

OVERCOATS!

OVERCOATS

OVERCOATS

NEW ADVERTISEMENTS.

OVERCOATS

Overcoats by the thousands. Overcoats of every kind and description. Overcoats of every color, shade and pattern. Overcoats cut short, medium or long. Overcoats of domestic and European manufacture. Overcoats of every size and price, and still Overcoats and

Overcoats and Overcoats. The following four bargain lines in truly fine garments have just

been placed on sale by KAUFMANNS'

Kerseys and Meltons in Black, Tan, Brown, Oxford and Smoke; Cheviots in Black, Gray and Blue; some made English Box style with stitched collar and cuffs, and full seamless back; others are cut in the ever popular Prince Charles style, with silk facing, or without, made and trimmed in an elegant, custom-like manner. These Overcoats will hold their own along with any sold elsewhere at \$18.

Fine Imported Kerseys and Meltons-Blue, Black, Brown and Oxford mixed.

The celebrated F. & H. Coatings, English Chinchillas, West - of -Englands, Meltons, Kerseys, etc., many silk-lined through and through, and silk-faced; doublestitched seams and double-stitched edge, collars same as goods, velvet or combination, as you please. These Overcoats cannot be excelled by other clothiers' finest, for which from \$24 to \$28 is asked.

Carr's treble-milled Meltons, in Drab, Black and Blue, single or double-breasted; double-stitched, lap seams, raw edges, inserted velvet collars, one-halflined with silk, and one-half with fine fancy French Cassimere, or lined throughout with silk. You'll not get a finer or more fashionable garment anywhere, no matter what you pay for it. We also have the celebrated Friezes and
