# QUITE A SURPRISE.

Renewed Efforts to Have Homewood Driving Park Utilized for Building Purposes.

MR. DRAPE KNOWS ALL ABOUT IT.

But He Won't Answer Questions for a Few Days-Secretary McCracken's Opinion About the Matter.

TO-DAY'S GREAT FOOTBALL MATCH.

Baseball Sensation in Chicago -- General Sporting News of the Day.

The public will learn with surprise that well defined efforts are being made once more to have Homewood Driving Park cut up into building sites. The rumor was current yesterday among business people, and a representative of this paper proved that the rumor was absolutely true. The information received was to the effect that Real Estate Agent J. W. Drape was, in behalf of Mr. Charles Lockart, trying to buy a sufficient number of Homewood Driving Park Association shares as to give a controlling interest in the organization. That accomplished, the park would then be utilized for building purposes.

Mr. Drape was seen and questioned on the matter, and, in reply to the question: "Do you know anything about the deal going on regarding Homewood Park?" be said: "I know all about it, but I emphatically

decline to answer any question, yea or nav." "Is there any possibility of the park being used for building sites in the near future?"

'I don't want to be discourteous, but I tell you that I won't answer any questions. Come to me in about eight or ten days' time, and

I'il tell you all about it. Secretary McCracken, of the association, was reen, and in answer to a series of quesis going on. We know that Mr. Drape is trying to secure stock for Mr. Lockart so as to give him and his friends the power to break the track up into building lots. It is being stated that Mr. Lockart and his friends have a controlling interest already, but that is not true. It it was true they would not be going round trying to purchase more stock. Some time ago Mr. Lockart purchased a quantity of stock, doubtless with the notion that the property would be converted into building sites. However, let me tell you that there is little or no fear of any such change being made. Those who have at present the majority of stock mean to hold on to it, and we'll have races at

Homewood next year as usual."

Another official of the association who declines to have his name made public says:
"There will indeed be a stubborn fight this time over the future of the park. I am in possession of all the facts of the case, and while I do not think that the park will be sold, I am free to admit that those who are making efforts to have it sold are working very hard and with some little success. But even it Mr. Lockart and his friends secure a majority of stock there may be another snag shead of them that they are not looking for. It is a pity that the news has become pubhe, but now that it has, my opinion is to the effect that those who want to sell the park will not succeed. We need a racecourse, and I feel confident that the Homewood track will be retained. The least said about the matter at present the better."

### A TALK WITH MR. COWAN.

The Princeton Football Player Arrives and Says a Few Words.

Hector W. Cowan, manager and captain of Emery's place at left and Donnelly playing the Princeton preparatory football team arrived in the city yesterday, and his team will arrive to-day to contest against the Alleghens Athletic Association eleven at Exposition Park this afternoon, Mr. Cowan is one of the most genial gentlemen among football players; he is an excellent player, and extremely well informed on questions relating to the game. He paid a visit to THE DISPATCH office last evenag, and during a conversation on football matters generally, be said:

"The night for the championship this year will be a bard one I am inclined to think that Princeton will defeat Vale. Both teams are Princeton will defeat the Both teams are new, but I think that Princeton is improving more than Yale. However, as I have just said, the struggle between Yale and Princeton will, in all likelihood, be a severe one. If Princeton and Harvard should meet I have reason for thinking that Princeton will win. True, Harvard's team are playing the better of the two towards team are playing the better of the two present, but the players are all old bands and cannot improve. On the other and Pranceton's team are all new men and are approving every day, and when the time comes or them to meet Harward, if they do meet, the 'rinceton boys will be in great form. I am ery glad to know that football is booming so here and at other places. I think y ill have a great contest at Exposition Park

o-morrow."

Mr. Cowan was for four years a member of the regular team at Princeton. He is a graduate of the Theological College and will enter the ministery next year, probably going West. Fr. Fine, who is to play center rush for the treps, has not played in a championship conset. He is a powerful man, weighing about 25 pounds, and in the opinion of Mr. Cowan is ground player.

o-day's match will commence promptly at D. The home team will be made as strong as easible; the eleven will be selected from the flowing Is players. Townley, Brown, Ham-end, Campbell, J. Oliver, White, Brainard, mond, Campbell, J. Oliver, White, Brainard, Fry. Valentine, D. Barr, H. Oliver, Moorhead and Thompson. If the weather is fine a very large crowl is expected. Quite a number of tolicits have already been sold. After the match Mr. Cowan is to be tendered a dinner by a number of his Pittsburg friends.

## TWO GOOD MATCHES.

Pennsylvania and Princeton Each Has Very Lively Victory.

SPECIAL TELEGRAM TO THE DISPATOR 1 WASHINGTON, October 31.-Lovers of foot ball in this section had an abundance of sport this afternoon, two contests being waged simultaneously, one at Capitol Park between the Pennsylvania University team and representa-tives of the University of Virginia, the result being a decisive victory for the Keystone Sate inds by a score of 72 to 0; and a second game on Analostan Island between the champion Prince-Analostar Island between the Calampian I (Inc. on eleven and a team representing the Colum-on Athletic club, Captain Poe's men coming

Analosia Island between the champion Frinceton seleven and a team representing the Columbia Athletic club, Captain Poe's men coming
off victorious by a score of 60 to 0.

It was evident from the outset of the Uniconsity game that the Pennsylvanians were too
severful for the Virginians, although Lucas,
full buck, and Lee, center rush, showed themselves to be excellent kickers and tacklers.
Captain Church, of the Pennsylvania eleven,
placed his men as follows: Adams, center:
Buren, right yaurd: Griffith, right tackle:
Schoff, and rush; Thornton, left guard: Dewey,
left tackle; Williams, end: Vall, quarter back;
church, right half back; Camp, left half back,
and Thayer, full back. For the Virginians
there were: Lee, center: Early, left guard;
Cumingham, right guard: Parrish, right
tackle; Ainslie, left tackle; Greenway, right
tackle; Ainslie, left tackle; Greenway, right
tack; Elliott, left half back; Dabuey,
right half hack, and Lucas, full back, When
the first half ended the score stood 40 to 6 in quarter back; Elliott, left half back; Dabney, right half back, and Lucas, full back. When the first half ended the score stood 40 to 0 in favor of the Pennsylvania eleven, and the second bout they added 32 to their score. The feature of the contest, however, being 2 long kuck by Lucas, which narrowly missed the goal. Over at Anolastan Island there was an excellent turnout, upwards of 1,000 spectators witnessing the short and the plucky light made by the Columbia team against their skillful opponents evoked the greatest enthusiasm. Considering the fact that the team of the Columbias are comparatively new and untried football players, the score of the victors, 50 to 0, is not at all discouraging to the promotors of the game of this vicinity. Princeton's team comprised Warren, Wood, Thomas, Biggs, Jefferson, Speer, Furnits, Poe, King, Spicer and Homas. Columbia's colors were upheld by Taylor, Harbau, Waite, Ranier, Lewis, Wells, Weish, Emery, Veazey, Butterworth and Harker.

Defeated Cornell.

WILLIAMSTOWN, PA., October 3L-Williams won a hard-fought game of football here this forenoon against the heavier team from Cor-nell. Score, 18 to a.

#### THEY MUST HUSTLE.

A New York Ball Player Comments on the

Brooklyn Consolidation. NEW YORK, October 31.-The statemen published here yesterday to the effect that the capitalists of the Brooklyn (P. L.) club had met and decided to go ahead and finish negotiations with the backers of the Brooklyn (N. L.) club created a great deal of talk among the expected by them, but it only made the argument more convincing that the capitalists intend to do business without any help from the Brotherhood.

tend to do business without any help from the Brotherhood.

Although this state of affairs has been perfectly understood by the public in general, yet the players have held fast to the thread which they imagined could not be broken. But they see it being cut strand by strand, and they have awakened to a realization of what it all means. They begin to see that the capitalists are fixing matters, and that the only thing they can do is to make the best of a bad job.

The tackers of the two Brooklyn teams will try to get the consolidation deal settled by November II, on which date is held the annual meeting of the Players' League, President Byrne and Wendell Goodwin, of the Brooklyn National and Players' League clubs, respectively, have met and talked matters over, but it will take several talks before all the minor details can be settled.

One of the most prominent players of the New York (P. L.) club said yesterday: "I guess the jig is up with us. We have fought hard, but it looks as if we have been downed, principally through the efforts of two or three outsiders who were working for personal aims, and to save themselves more than to help the Brotherhood. Hereatter, I shall look out for myself and nobody else. It looks as if it will be a great case of hustle for some of us to get places next season. I shall take the first opportunity that is offered, and I don't intend to wait for somebody to ask me if I am willing."

#### A CHICAGO SENSATION.

Rumors of a Big Baseball Deal Going on Among Rival Magnates.

CHICAGO, October 31.-The baseball situa tion hero is ripe for a surprise, and something sensational may be expected within the next few days. There has been talk of the Brotherhood, or Players' club here, buying out the National League club, but no one believes there is anything in it-in fact, it would not b

sational League club, but no one conteres there is anything in it—in fact, it would not be a matter of surprise should the National league club purchase the Players' club, at a price something below what the Players' have been putting it at in the past. It would be a good deal to Mr. Spalding to get the Brother-hood grounds on the Southside, as his club will be compelled to move shortly from where it has been playing on the West Side, owing to the expiration of the lease.

There have been numerous conferences lately between President Addison and Directors Weidenfuller, Murdough and others of late, and it means something. Secretary Brunell has been called in also, and it is thought something may be done within a week. Some of the members of the Players' club would not like to come under Anson's rule again, notably Pfeffer, but most of them are not particular. They fully appreciate the fact, also, that salaries will be reduced next season, but they expect that under any circumstances. It is northought that any of the Brotherhood players here will kick on a reduction even should the present Players' club work under the present management next season, for the coming few months promise to alter baseball conditions materially.

#### DEMPSEY AND FITZSIMMONS.

The Nonpareil Has Not Signed Articles to Fight the Australian.

NEW YORK, October 31 .- Walter De Baun, Jack McAuliffe's partner, received a letter yes-terday from Jack Dempsey, who is in Portland, terday from Jack Dempsey, who is in Portland, Ore. The middle-weight champion states that he is anxious to arrange the much-talked-of match with Bob Fitzsimmons. The Galveston Athletic Club has offered a purse of \$12,200 for the contest, an increase of \$500 over the bid put in by the Olympic Club of New Orleans. Dempsey has not decided which he will accept, but is waiting to hear from Fitzsimmons, who is giving boxing exhibitions with Jimmy Carroll in the South.

James Kenrick, a son of Pat Kenrick, the widely known New Orleans sporting man, writes Prof. Mike Donovan that Fitzsimmons confidently expects to defeat Dempsey in less than 16 rounds.

"Almost everybody here," Kenrick writes, "wno pretends to know anything about the manly art, thinks that Dempsey will meet his second Waterlos if he fights Fitzsimmons. One thing is certain, Fitzsimmons will be the favorite."

Football at Lehigh. SOUTH BETHLEHEM, October 31 .- The Lehigh University Football team has been train-ing very hard this week. The men have all played in their usual positions with the exception of Emery and Donnelly, Belfield taking while been taken care of in a very creditable manner by Throckmorton. Lehigh has braced up most wonderfully at center, and Lafayette will have to use her utmost strength to go through. Dickerson, a man from the State Coilege, has been practicing at half back. He is a strong, robust fellow, has a record of making a 120-yard dash in 10-15 seconds, and uses his head as well as his strength behind the line. There is a rumor affoat that Rafferty, the famous rusher, will return to college soon. A special train will leave here for Aston on Saturday. About 400 supporters of the brown and while been taken care of in a very creditable day. About 400 supporters of the brown and white will go down to see the game, and as the maroon and white scored 6 against Princeton while the Varsity failed to score at all, odds are

#### being offered on the Lafayette team. LIVE BIRD SHOOTING.

Some Interesting Contests on the Herron Hill Gun Club Grounds.

There was some interesting shooting contests at Brunot's Island yesterday, although the attendance was not large. The matches were chiefly to use up the pigeons in possession of the Herron Hill Gun Cluo. The birds were the most lively lot that have been seen for years, as almost every one was hit, but they were so strong that a large number fell out of bounds Many of the shooters were of opinion that all the principal live bird shoots should take place in the fall, when the birds will, in all probability, be as lively as they were yesterday. Following are the results of yesterday's connests:
First match, 5 live birds, entrance \$2.50, 10 entries—F. H. Denny first, with 5; G. E. Suyder and Jim Crow second, with 4 each.

Second match, 16 live birds, entrance \$10, two moneys, 10 entries—G. E. Suyder first, with 12; Jim Crow second, with 11.

Third match, miss and out, entrance \$1—F.
H. Denny first, with 4 straight.
Fourth match, contest between F. H. Denny Many of the shooters were of opinion that all

Fourth match, contest between F. H. Denny and Tom Farmer—Denny won, with 5 to Farm-

## THE POOLROOM WAR.

Another Episode in the Quarrel Between De Lacy and the Tracks.

NEW YORK, October 31 .- Another epis the warfare between Peter De Lacy and the New Jersey race tracks was enacted yesterday at Elizab th. James Steen, the lawver from Monmouth county, against whom a warrant had been issued for alleged conspiracy ap had been issued for alleged conspiracy ap-peared at police court to answer the charge. Steen was accompanied by ex-Judge Gilhooly, President of the Elizabeth City Council, who appeared in the role of counsel for the accused man. Lawyer Steen, by the advice of his coun-sel, waived a hearing and gave \$300 bail to ap-pear when wanted, ex-Judge Gilhooly becom-ing his security.

Louis Price, for whom a similar warrant was out, appeared in court and surrendered himself to the magistrate. He was with Steen, and had no trouble in furnishing ball. John H. Lamb, a judge of election in the First ward, was Price's bondsman for \$300. was Price's bondsman for \$300. To-day, it is said, Park Skahill, another of De Lacy's men, will surrender himself, there

ing a warrant out for him.

Nashville Results. NASHVILLE, October 31 .- Following were the winners at the races here to-day: First race, four and one-half furlongs-

Blanche's Last first, Drift second, Maud B third. Time, :50%. Second race, six furlongs-Gray Cloud first Mamie Fonso second, Silver Lake third. Time Third race, five and one-half furlongs—Sun Dial first, Lord Tom Himyar second, The Moor third. Time, Itl., Fourth race, one mile and 70 yards—Dollikins first, Carter B second, Monita Hardy third. grst. Carter B second, Monita Hardy third. Time, 1:47%. Fifth race, five furiongs—J T first, Expense second, Miss Francis third. Time, 1:03%.

Winners at Washington. WASHINGTON, October 31 .- The weather was clear and rather milder than yesterday was clear and rather milder than yesterday. The track was in fine condition.

First race, five furiongs—Benjamin won, Cerberus second, Brock third. Time, 1:335,
Second race, mile and a sixteenth—St. Luke won, Silleck second, Cornelia third. Time, 1:54.

Third race, aix furiongs—Ofalece won, Virgle second, Coidstream third. Time, 1:74.

Fourth race, one and a quarter miles—Foxmede won, Prather second; Waterson and Iceberg were beaten off. Time, 2:16.

Fifth race, hurdle race: one and a quarter miles—Zangbar won, Longshot second, Graygown third. Time, 2:225.

\* McDoel a Wonder. A well-known patron of the trotting track, who now and again figures in politics and visits

Pittsburg occasionally, arrived in the city last evening. He attended the Lexington meeting and says that McDoel is a wonder. Our oc-casional visitor went on to say that McDoel can without doubt trot the mile in less than 2:13.

Discharged Them All. NEW YORK, October 31.—"Spider" Kelly, Benny Murphy, Dominick McCaffrey, Jack McAuliffe, Billy Oliver and Mrs. Drester, who were parties to a prize fight which was alleged to have taken place in a hall on St. Mark Place recently, were in the Court of Special Sessions to-day for trial. On hearing the evidence the Court deemed it insufficient and discharged the entire party from custody.

Sporting Notes.

Now for the Princeton Preps. THERE is an important letter at this office for Peter Priddy, the pedestrian. J. BARNES states that he will meet Hayes and the donor of the purse to box for, on Monday evening at this office.

SEVERAL football players would like to see Prof. Gault, of the Shadyside Academy, referee in to-day's football match. S. T. CHASE, the winner of the Fall Lawn Tennis tournament at Harvard College, played Hugh Tallant, the present college champion, at Cambridge pesterday, defeating him three straight sets, 6—4, 6—3, 6—2.

AT a mass meeting of the students of Princeton College, yesterday, Crowley Weniworth. '92, of Kentucky, was chosen treasurer of the University Athletic Association, in place of Evan M. Evans, '92, of New Jersey, resigned.

182, of New Jersey, resigned.

It was rumored yesterday that the Louisville ciub is extremely anxious to get Latham and that they have an agent trying to secure him. Latham has signed a contract to play with the Cincinnaticulus next season, and it is claimed that this will hold him, no matter what organization the Reds may be with. Latham is one of the greatest favorities ever under contract to the Cincinnaticulus, and it would cause no end of regret to hear of his leaving Cincinnati. Louisville aiso has a line out for Joe Knight, who is now at St. Thomas, Canada. They want him backly, and will likely secure him.—Cincinnati Enquirer.

SHIRLEY DARE writes for THE DIS-PATCH to-morrow a letter on Heart Fail-ure, the danger of impure atmosphere and the poisonous compounds formed by using improper utensils in cooking. Being a thor-ough physician, her letters have great weight. Twenty big pages. All the News.

#### MAKING A TEST CASE.

Postmaster Sued for Throwing News

papers Out of the Mails. LEAVENWORTH, October 31.-Following his proceeding of yesterday, Postmaster Ritchie again threw the mail edition of the Leaven-worth Times out of the mail this morning. The worth Times out of the mail this morning. The paper was unmailable to-day because it reprinted the list of the Catholic fair raffles, in giving an account of the postmaster's action. Postmaster General Wanamaker sustains Postmaster Richie, and in renly to his telegram of inquiry simply wires "Unmailable."

This afternoon soit was filed by the Times in the District Court against Postmaster Ritchie for \$10,000 damages. The claim is made that no law can forbid an American newspaper to print the news.

THE Pittsburg Arsenal and the work done there during the war is the subject of an illustrated article for to-morrow's 20-past DISPATCH. The interest is enhanced reproductions of photographs of the works as they are to day. Largest Circulation.

## THE GAS NUISANCE.

ston's Board of Health Declare Water Gas Manufacture a Nuisance BOSTON, October 3L-The Board of Health has declared the present method of manufact uring water gas by the Bay State Gas Company in Dorchester a nuisance, and has ordered the City Solicitor to apply for an injunction re straining the company from conducting it business. President Addicks, of the gas com pany, says there is great danger of a short sup-ply of gas unless the order is rescinded. They have a very short supply of the peculiar coal required, and this is the case in most New England towns owing to the strikes in Pennsylvania during the summer.

## THE EX-PRESIDENT IN BALTIMORE

On Business Connected With Education of

Colored Children. BALTIMORE, October 31 .- Ex-President Hayes was the guest o' President Gilman, of to Baltimore," Mr. Hayes says, "is only to consult with Dr. Gilman in regard to mateducation o: colored children in the South, of which we are both trustees, and I am now going to a meeting of the trustees in Cleve-land."

Mr. Hayes leaves to-night for Cleveland. He visited the university to-day and made a short address to the students in the historical seminary.

EARLY Indian Chief: is the subject of an interesting illustrated letter for THE DIS-PATCH to-morrow. Washington's friendship for the Half King and his influence with him near Pittsburg are features. Twen-ty Pages. All the News.

## NEWS FROM HAWAIL

A Vote of Want of Confidence in the Min istry Defeated.

SAN FRANCISCO, October 31 .- The steamship Australia, from Honolulu, brings advices to October 24. United States steam ship Iroquois is to make a cruise to Lausi, Hawaiian Islands, to test her machinery be fore leaving for Samoa.

A vote of want of confidence in the Min-

istry, which was presented in the House by Representative Bush, October 23, who charged the Cabinet with being vaccillating in action, failed of passage.

THE EMPLOYERS' SIDE

The local and State Boards of Health have been notified, as there are several persons now very ill from the effects of drinking the water. Over 100 families still use the water for drinking and cooking purposes. Coke Company and Its Men.

IT BECOMES A MURDER. STATEMENT OF MANAGER LYNCH. A Man Lives Almost a Month With a Bullet

More of the Italian Murder Mystery Exciting Steubenville,

DEADLY WORK OF THE OLD TOWN PUMP

PERCENT, TRUEGRAN TO THE DISPLACE. SCOTTDALE, October 31. - Thomas Lynch, General Manager of the mines near this place, made to-day the following statement to THE DISPATCH:

Permit me to say a word in regard to the ischarge of Andy Verostic at our Tip Top Mine, and the gross misstatement made through the columns of the Pittsburg papers by Robert Watchorn. No one denies that the Frick Coke Company is a responsible party, and is working under a legal contract with its employes. Now, if it has dealt unjustly with Verostic or any other of its employes, and violated its contract with its workmen, as Mr. Watchorn charges it has repeatedly done, why watchorn charges it has repeatedly done, why does not Mr. Watchorn bring the company into court and compel it to give justice to its employes and live up to its contract, the same as the company brought Mr. Watchorn and his fellow officials into court and compelled them to live up to the contract at the Standard Works about a month ago?

officials into court and compelled them to live up to the contract at the Standard Works about a month ago?

Such a fair and law abiding set of men, as Mr. Watchorn would have us believe he and his associates are should not be afraid to trust the courts. I will agree to pay Mr. Watchorn's attorney fees if he will go into court and show where we have failed to live up to the letter and spirit of the contract with our employes. I will go further, and say, while I hold that the employer should be the judge of the fitness or unfitness of his employes, I will in this instance waive what I believe to be my right in that respect in order to give Mr. Watchorn an opportunity to make good his statement and have his men reinstated, and will agree to submit to the Judge of the Court of Common Pleas of either Fayette or Weatmoreland counties, the case of Verostic and all other men who have been discharged and not reinstated, at any or all of our 22 plants since the present contract went into effect on the 10th day of February last. It the Court, after making full investigation and hearing both sides, says that the discharge of all or any one was not just and right and not in accord with the contract under which we are working. I will reinstate all of them and pay all the casts of the investigation. Thomas Livney, General Manager.

Master Workmau Kerfoot says: "I venture the assertion that not a single miner will be at his post of duty next Tuesday, unless the discharged committeeman, Verostic, is reinstated, Mr. Lynch has notified us that our notices are wrong; that the grievances are not stated, and that they are not properly dated and signed.

wrong; that the grievances are not stated, an that they are not properly dated and signed. After obtaining legal advice we are fully convinced that they are right, and will posi-tively not be withdrawn."

#### FIGHTING THE MINE FIRE.

Explorers at Work on the Last Difficult Section of the Mine.

INFECIAL TELEGRAM TO THE DISPATCH. DUNBAR, October 31.—The dumping places around the mouth of the Hill Farm Mine show very plainly the charred and burned matter that is being hourly placed there. The fire now in the mine is among the falling timbers, posts, etc., covered by gob, which makes it very hard to reach. Huge pieces of charcoal are being hauled out with the coke, and this sort of tinder is especially thick about "Jacob's ladder," the point now reached. An immense stream of water is now being pumped into the mine by an engine at the mouth of the

into the mine by an engine at the mouth of the mine.

By Monday they expect the sixth section will be ready to be cleared. There are grave fears that the surrounding mines will be flooded with water, and it is thought the water in the Hill Farm Mine has reached the highest point, as the water in the Ferguson Mine is rising now, and must be drawing from the former. There is no truth whatever that wearing apparel and other belongings of the miners have been found, for as yet they are absolutely unknown. After the sixth section is passed the bulk of the fire will be more easily subdued, and explorations can be made with less danger to the men working, and it is expected something definite of the fate of the imprisoned men will be known.

## THE ITALIAN MYSTERY.

Officials Disputing Over the Money of a

(SPECIAL TELEGRAM TO THE DISPATCH.) STEUBENVILLE, October 31 .- The \$234 taken from Gallo's person after he was murdered by Carose, is still in the possession of Marshal Scott, while Coroner Starr thinks he ought to have possession of it. The law provides that all bills against such deceased persons shall be paid, and the remainder turned over to the county until heirs turn up to prove their

Marshal Scott is still in Pittsburg, though he Marshal Scott is still in Fittsburg, though he has not found any trace of Carose. It is likely that the latter had gone on through the city and to New York, from which place he has probably sailed for Italy. It is said he was one of the men blown up in the explosion on the Hocking Valley Railroad a few years ago, and it was there he received his marks, a crooked mouth, teeth missing and one eye gone.

It will be remembered that Carose decoyed Gallo to the place where he was murdered, and told him he was going to kill him. No reason

told him he was going to kill him. No reason was given, and it is supposed it was one of the many secret society murders laid to the doors of the Italians.

## NEW NATURAL GAS FIELD.

The Philadelphia Company Largely In-

creases Its Territory. PEPECIAL TELEGRAM TO THE DISPATOR. WASHINGTON, October 31 .- A big land purchase has been made by the Philadelphia Gas Company near Amity, this county. The territhe Johns Honkins University. "My visit tory bought is partially developed, and comprises 3,000 acres. It is the intention of the prises 3,000 acres. It is the intention of the Philagelphia Company to at once start the drill and begin laying a larger line to the new field at the same time. The company has many miles of lines new idle, and it will be used for the new line to the Amity field.

Enough is known that the company has a certainty in almost any location within the territory for a good gasser.

## FIGHTING THE STANDARD.

Oil Producers in Ohio Joining the Inde pendent Movement.

PEPECIAL TELEGRAM TO THE DISPATCE. LIMA, October 31,-The oil producers here are placing matters in shape to join the independent movement. A pipe line to Chicago will be built, and the Manhattan, Eagle, Peer-less, Paragon and Crystal refineries will be connected with the pipe line, which will handle their productions.

Joseph Craig, of Pittsburg, has been selected to take charge of matters and act as general manager. He has successfully managed inde-pendent movements before against the Stan-dard. He controls interests in the Ohio and

## NEW TRIAL DENIED.

The Oman Robbers Must Serve Their Terms in the Pen. ISPECIAL TELEGRAM TO THE DISPATCH.

FINDLAY, October 31.—The Circuit Court to-day decided that S. Becker and C. Morgan, who were convicted and sent to the penit for three and twenty years respectively for or three and twenty years respectively for complicity in the famous Oman robbery, were not entitled to a rehearing.

The case was carried up on a bill of excep-tions, and there was great interest manifested on account of the fact that there are yet five men to be tried for complicity in the same affair.

## PHILIP TUCKER INNOCENT.

His Demented Wife Died From a Purely Accidental Cause.

"SPECIAL TELEGRAN TO THE DISPATCH Youngstown, October 31.-Coroner Bootl his afternoon returned a verdict in the case of Mrs. Philip Tucker to the effect that, while or Mrs. Paint i deaer to interest that, while suffering from mental aberration, she wandered away from home and that her death was the result of an accident. Her husband, who had been in custody, was ordered discharged and his bondsmen released. The funeral of the victim was held this after-

The crews escaped. be buying wool freely, and manufacturers in several lines at Boston are confidently count-ing on still higher prices. At San Franeisco wheat exports are free, and promise to be freer. Funds are easy there, with the arrival of \$2,000,000 from Australia on Monday. Good weather and a heavy crop ductor of the Philadelphia and Reading Rail road shifting crew, upon whom the Coroner's jury fixed the responsibility for the disaster to the Williamsport express last Saturday, was arrested Thursday for criminal negligence. ovement have helped general trade at leading Southern cities. PRODUCE AND STOCK.

Although hides are dull, leather is firm and active Hogs, with free arrivals West, are 10c lower, and cattle are also lower on preva-lence of light weight arrivals. Coffee is dull and weak on a report that Brazil will remove export duty, and notwithstanding reports of crop shortages in other parts of the world. Sugar (raw) is off 1-16c, and They waited until within five minutes of the closing hour before venturing on the floor. refined 3/2 to 3-16c on restricted demand. The world's sugar crop of 1891, it is estimated, will exceed that of this year by 175,-The howling horde of brokers were waiting for them and promptly initiated them.

First of all, every hand in the room reached

000 tons. Exports of wheat (and flour as wheat), both coasts, continue larger than anticipated, owing to a free movement from the Pacific coast ports. The total shipped this week is 1,994,670 bushels, against 1,782,885 bushels last week, and 1,593,352 bushels in the like week last year. The total exported July 1 to date, one-third of the cereal year, approximate 32,750,918 bushels, against 34,-234,455 bushels in a like portion in 1889, 40,240,000 bushels in 1888, and 57,608,000 bushels in 1887. Wheat has fluctuated considerably, but on the whole tends to maintain a good deal of its strength, with a net

gain of 1 cent. MINOR GRAINS. Indian corn stocks are decreasing and th demand is quite active. Prices have advanced 2 cents. Oats are in fair supply, but with decreasing stocks quotations ar up 1 cent on the week. Hog products and provisions are a shade higher

can be made to-morrow night depends upon the public printer. Nothing remains to be done Drygoods are in moderate demand in regbut to read and adopt the report of the Com-mittee on Revision. If the printed copies are ready by 9 to-morrow morning the convention may adjourn before night. ular lines. Auction sales of American silks and price concessions by jobbers have in-duced a large distribution. October jobbing thus far this year exceeds that in 1889. Prices at first hands are firm, and there is no unusual accumulation. Woolens are quiet and steady. The large auction sale of row will contain an article detailing the methods of Muldoon, Laffin and Checkley, silks this week resulted in prices 10 per cent below regular rates.

Wool is in good demand and unchanged.

Manufacturers are well supplied. Stocks are smaller than usual at this date. Cotton is weak and 1/c lower on large movement, depressed foreign advices and restricted de-mand. Business failures reported to Bradstreet's number 104 in the United States this week, against 202 last week and 251 this week last year. Canada had 30 this week against 33 last week. The total number of failures in the United States from January 1 to date is

8,353, against 9,383 in a like portion of 1889. R. G. DUN'S VERSION. Dun's weekly review says: The approach of election has caused some slackening of trade at many points, which is obviously temporary. At a few cities, notably St. Louis, there is observed a reaction from the great activity which prevailed just before the new tariff went into effect, the demand for the time having been satisfied by dealings in anticipation of that measure. But at nearly all cities trade continues remarkably large, and the payment through all Clearing Houses outside of New York for the month of October will probably be the largest ever recorded in any month, exceeding those of last October by about 15 per cent and those of last May, which were \$2,037,000,000 and the largest ever known by

darling children.'

about 10 per cent. Foreign trade for the mouth will certainly prove much the largest ever known, and the great industries are

all unusuall active. MANUFACTURING INTERESTS.

Boston notes increasing capacity of the largest woolen mills. Manulacturers are paying advanced prices for wool. Hides are lower, but leather very firm. Philadelphia reports wool very firm, and the trade healthy and promising; a greater trade than ever before in paper, stationery, printing and leather products.

At Chicago receipts of grain fail below last year's, and hides and wool a third; but cured meats and dressed beel show an increase. The drygoods and clothing trades surpass last year's, and the shoe trade as well, though lately less active.

St. Louis finds trade perceptibly weaker, with retail trade fairly active but feverish.

with retail trade fairly active but feverish. Cleveland notes good trade except in clothing, and manufacturers are busy. Detroit reports good trade and active manufactur-ing; St. Paul very good trade, and Minne-apolis a flour output of 175,000 barrels, with wheat receipts 2,000,000 bushels. Kansas City notes satisfactory trade, and Denver fair. Milwankee notes steady trade, improving with cooler weather.

SOUTHERN BUSINESS THRIVING. At the South, business is thriving. New Orleans reports large receipts of sugar and rice and good prices, though baling of cot-ton is hindered by weather, but at Galveston trade improves with better weather and

orders are free.

It may be said, moreover, that reports as to collections throughout the country are more satisfactory. There is scarcely a men-tion of complaint or tardiness; the money markets are about as last reported, though firmer with a sharp demand at Boston, firm but easier at Philadelphia, still tight at Chicago and scarce at 7 to 8 per cent at St. Louis, somewhat stringent with large demand at Cleveland and Detroit, strong at 7 per cent at Milwaukee, tight at Savannah, and with good demand at Denver, but easy at Kansas City, and easier in spite of the demand at New Orleans. The rates at New York have varied widely. The demand for the interior does not cease.

IRON STRONGER, STEEL WEAKER. The great industries are doing more on the whole than at any time in the past. While iron production is at the maximum and market at Philadelphia is "very mixed," iron seems stronger and steel weaker. Best foundry iron is unchanged here, at Philadelphia and at Pittsburg, but Bessemer iron is weak and at Pittsburg lower, with steel rails 50 cents lower. Dis agreements in the association are reported and the market here is demoralized, with sales reported at \$29 at mill. In bar and

the mills are busy and small orders are active. Copper is sold by outside parties at 16.62 cents; tin is steady at 21.50 cents, and lead strong at 5.90 cents. October trade in coal was below expectations, but an advance of 10 cents in price has been ordered, and the output for November fixed at 3,250,000 tons. Cotton is a quarter lower with goods unchanged and in active demand and takings by Northern spinners fully up to last year's. FARM PRODUCTS.

plate iron large orders are less frequent, but

The packing business is heavy and prices of pork products steady, with hogs 60 cents per 100 pounds lower. Speculation has not been remarkably active in breadstuffs, though wheat is ½ cent higher on sales of 22,000,000 bushels, and corn has risen 1% cents on sales of 9,000,000 bushels, oats being

% of a cent stronger also.
Oil has declined about 3½ cents on small trading. Sugar, both raw and refined, is a shade lower. But the general average of prices, because of the advance in breadstuffs, potatoes and dairy products, is a frac-tion higher than a week ago and 8.6 per cent higher than a year ago. This accounts, in part, for the enormous volume of ex-changes throughout the country, but there remains an apparent increase of over 6 per cent in the volume of business, exclusive of

cent in the volume of business, exclusive of the difference in prices.

The exports from this port for four weeks have been \$10,000,000 larger in value than last year, when October exports for the whole country were nearly \$98,000,000, which indicates for the month much the largest movement on record. Imports here, also, show an increase over last year of \$15,000,000, so that the aggregate for the month may reach \$80,000,000. month may reach \$80,000,000.
