The matters to be con-sidered in fixing fees in such cases are the time and labor expended, the intricacy of the ques-tion submitted, sometimes the amount in con-troversy, and in some proceedings the responsi-bility incurred.

At the regular monthly meeting of the board of officers of the First Regiment, held Wednes-day evening last, the reports from the different legious were made. All were very flattering and showed the order to be in a flourishing con-dition in this part of the State. The legions are receiving new members at every meeting.

troversy, and in some proceedings the responsi-bility incurred. In the statute book is found legislative valu-ation of general work in the act of May 14, 1874, authorizing the trial of cases before a referee, where the compensation is fixed at \$10 a day. Though this is not a rule, it should serve as a guide. It should be the outwide limit, unless special circounstances justify a larger amount. In the present case the Auditor worked 38 days and took 168 bages of testimony, and the other work did not exceed ten days. The fees were then fixed as folfows: For taking testimony, 27 days, \$10 a day, \$200; the adjournments, 10 days at \$55 a day, \$50; time making report, 10 days at \$10 a day, \$100; total, \$420, which was allowed the auditor. SUNDAY, NOVEMBER 2. 1890.

Are willing to put up with a little less margin than others sell at. Our low expense enables us to do so. For instance, the same Walnut Suit that is generally sold at \$75, our price is \$60, and a time sale at that, or a discount for cash. The same can also be said of Parlor Suites and Dining Room Furniture. We give personal attention to our oustomers, and see that they are properly treated. Our Carpet trade has assumed such proportions that half the time we don't know whether we are in the Carpet or Furniture business, but the trade is acceptable just the same. We have an elegant line of Carpets that would do you good to see; also a grand line of Rugs and Lace Curtains. We cannot say too much in praise of our line of Parlor Furniture. It really must be seen to be appreciated. In this department we make our reputation. Our full Oak and Leather Dining Suites are gems. By the way, the Sideboards particularly make nice holiday presents.

Come and see us if you want anything to furnish a house. We have no trouble to sell goods, once we get the people to see them and the prices and terms.

Our Davis "New High Arm" Sewing Machine. Will save you \$20 on a purchase.
