## A BROTHER'S ENMITY.

Peculiar Congressional Fight in the Second Arkansas District.

POWELL CLAYTON HARD AT WORK

Endenvering to Prevent the Re-Election of Breckinridge.

### THE RETURNS WILL BE OF INTEREST

LITTLE ROCK, November 2.-The Congressional canvass in the First and Second listricts is being conducted with a vigor heretefore unknown in campaigns of a similar character in this State. Both sides are fighting to win. As only a few days will clapse before election, the candidates and tion of 1888, the Democrats believe that the their friends are making extraordinary extheir friends are making extraordinary exertions to poll a full party vote. But notwithstanding these efforts there is an element of uncertainty in the struggle which makes the outcome doubtful, although the chances seem very favorable to the Demo-

In the First district Judge William H. Cate, Democrat, and Lewis P. Featherston, Union Labor and Republican, are making a joint canvass. They have delivered speeches and have in nearly every instance had large audiences. Congressman R. Q. Mills, of Texas, made two speeches in the district, at Pascagoula and Jonesboro respectively, the crowd at each point being estimated at 8,000 and 3,000. The debate between Cate and Featherston has thus far been conducted with courtesy and dignity, although much of a personal nature has entered into it.

ONE OF THE UNSEATED. Judge Cate charges that Featherston usurped his (Cate's) seat; that he voted for the Force bill; that while posing as a Union Labor man and Independent Democrat he is in reality a Republican, and that his record in Congress shows that he is a "cats-paw" for the Republican majority. Featherston insists that he was legally elected but counted out and vindicated by Congress, hich turned Cate out and put him(Feather ston) in. He admits he voted for the Force pill, and, as a reason, exhibits one of the double slotted election boxes which was used in the Congressional election in Crittenden county in 1888, and which figured in the Featherston versus Cate contested election case before the Filty-first Congress, and claims that the Force bill will prevent simi-lar ballot stuffing. He also asserts that he s not ashamed or his Congressional record, and that he is a better Democrat than Cate, because he "believes in a government based on the suffrage of the whole people."

The tariff is also discussed, both Cate and Festherston nearly agreeing upon it. The atter indorses the sub-Treasury scheme ally and endeavors to make the farmers and Alliance mer believe that it will prove a panacea for all their ills. Cate opposes it and tells the people that it is unconstitu-tional, as well as visionary. The reports of the debate which are received here indicate that both Cate and Featherston present the issues, from their individual standpoints, in a manner highly satis actory to their friends, and that the canvass has aroused more than ordinary interest and will result, unless all signs fail, in the polling of an unusually large vote throughout the district on Novem-

### PARTISAN PROGNOSTICATIONS. short time the other day and questioned respecting the canvass and the probable out-

"I shall be re-elected," be said, "The canvass Judge Cate and avself are making appears to be arousing the people, and I look for the politing of a big vote in November. A big vote polled and fairly and pestly counted means my election by a majority. I am confident or election. friends are at work and I will carry every county I won in November two years back and add some close counties to my 225 majority, will give a majority or me in November, while Cross county, which went ngainst me 1888 by only 79 votes, will, I think, show a much larger majority for me. Besides, Phillips, Chicot, Desha, Mississippi, Crittendes and St. Francis counties, which I carried in my tast race, will give me increased majorities, and I count on reducing the majorities in Cate's counties considerably, especially in Greene and Clay counties. I have no fear of the result, for I feel certain that I shall win."

Judge Cat 's triends speak with equal assurance. They point to the 'act that in the Congressional election of 1888, Cate carried strict over Featherston by a majority of 1,348, and that in the State election tr the 17 countres composing the district gave a majority for the Democratic State ticket o 1,200. They are very confident of his election, and say that the polling of a full vote will give him the district by a minjority ranging from 2,000 to 3,000.

BRECKINRIDGE AND LANGLEY. In the Second district Breckinridge flemocrat, appears to be gaining. He has made as close a canvass of the district as it was possible or him to do, and everywhere he has appeared he has apparently made a haverable impression and won votes. The aint debate, which was inaugurated early the canvass, between Langley, the Union Labor nominee, and himself, was soon dis-continued, Langley, as alleged, not coming to meet his apponent on the stump. Both and for them by the chairmen of the Democratic and Union Labor District Committees espectively, though in one or two instances

breck inridge has discussed the tariff with clearness and intelligence. He has, of course, aduled to the action of the last Conress in declaring his seat vocant, and has, naturally, asked the people of the district to windicate him with a re-election; but be-youd this he has discussed questions of general interest. Langley has devoted the greater part of his speeches to discussing the demands of the Farmers' Alliance, which he most emphatically indorses, as well as the sub-Treasury plan. He claims that the farmers are oppressed and their interests ignored, and that the greatest need to-day is Sente and national legislation looking to the producers' welfare. It is claimed that he crable number of the Alliance men.

However this may be, it is very evident that he will poll a large vote. General Powell Clayton has taken the stump for him, and is making urgent appeals to the lin a gale on October 9 60 miles from the lat-liepublicans of the district to see to it that ter port. The Japanese man-of-war Congo Republicans of the district to see to it that every Republican elector is brought to the polls in November and voted for Langley. every Republican elector is brought to the A BROTHER'S BITTERNESS.

General Clayton will speak in the counties where there is a large colored vote, notable, Monroe, Lincoln and Jefferson, the evident purpose being to secure all this element for the Union Labor and Republican dent purpose being to secure all this ele-ment for the Union Labor and Republican candidate. The active part he is taking in The brother of the King is implicated. the can wass shows that he has thrown his insence in the scale to defeat Breckinridge. General Ciayton appears to be very bitter toward Breckinridge. He seems to regard the election o. Langley as the one object of his life. In the speech which he made bethe Republican convention at Pine Diuff, October 1, when Langley was in-no sed, he appealed to the Republicans to units on Langley and show to the world that the Second Arkansas district had elected John M. Ciayton in 1888 as it would elect Langley in November next.

than they drew knives and began slashing each other in a most desperate manner.

Mith him in it the canvass assumes an aspect at once partisan and retrospective, his appearance on the stump recalling the bygone days when he shaped and controlled the political destinies of the State. Two colored mea, M. W. Gibbs, Receiver of the United States Land Office at this place, and Canton of them fatal. Hogan will die. nating Serial. THE DISPATCH has secured the rights for this territory. Publication be-gins Sunday, November 9.

respectively. The Republicans are fighting

The Democratic campain in the Second district has been conducted from the outset with vigor and intelligence. There has been a thorough canvass. Rodger Q. Mills, of Texas, has made several speeches on behalf of Breckinridge, and there is reason to be-lieve has made votes for him. United States Senators Berry and Jones have also been on the stump in the district for the past two weeks, and in addition many orators of local and State reputation have taken part in the Amount of Work Accomplished During

NO STONE LEFT UNTURNED.

The Democratic managers have left no stone nuturned to rouse the people and confidently predict the election of Breckin-ridge. The situation is fully understood. No obstacle is overlooked. The fact that at the State election the counties comprising the district gave a majority of 2,352 against the Democratic State ticket is not underes-timated. With the very energetic canvass which has been made and with a division of the Alliance vote, as was shown in the electhat Breckinridge will be elected by a ma-jority which will reflect the intelligence of No. 3. Danthett, both being looked on the voters of the district.

The Union Labor people and the Republicans claim that Langley will carry the district by from 2,000 to 5,000 majority. They state that Jefferson county (the home of the late Colonel John M. Clayton) will give him a majority of nearly, it not altogether, 5,000, and that Lincoln, Monroe and Faulkner counties will be carried for him by larger majorities than these counties gave at all the important towns in the district, Figuer, the Union Labor candidate for Gov-

> The canvass has been one of the most interesting ever known in the State; the outcome is equally interesting, wrapped as it is

### BETRAYED HIS CRIMES. CONFESSION OF SHINN, A STAGE ROBBER

OF THE WILD WEST.

Numerous Hauls Made by Him and Thorn, a Partner-Besides Holding Up People on the Highway, He Pleads Guilty of

Burglary and Garroting-

In April of this year they held up the For-est Hill stage in Placer county and robbed

the passengers.
Besides these robberies Shinn confesses to numerous burglaries, garroting and robber-ies committed by him and Thorn. They returned to Chicago, May 30, this year. They say between that time and the date of PARTISAN PROGNOSTICATIONS.

Mr. Featherston was in this place for a 25 robberies and burglaries in the State of

Their rendezvous on the American river has been found by Chief of Police Drew, of this city, who hunted for it for four weeks

olumn. I have assurances that Independ-nce county, which in 1888 gave Judge Cate Secular Union Congress. Excursions ran on all railroads, bringing big crowds from many places. The Opera House was packed and people were turned away. The morning session opened with a brilliant address on "Religious Liberty," by Rabbi David Phillipson, of Cincipnati. Judge Waite, of Chicago, followed with a powerful talk on "God in the Constitution." Prof. Corliss, Secretary of the National Religious Liberty Association, then spoke on the union of church and State.

The afternoon session consisted of music Addresses were made by L. K. Washburn, of Boston, on "The Sunday Question;" Thaddeus B. Wakeman, New York, on "Natural Science," and by John Charlesworth, on "Secularization." C. Watts, the Ingersoll of England, lectured this evening on "The Church and the Throne." His effort met with storms of applause.

## HE MURDERED A WOMAN

And Afterward the Wretch Shot Himself

Through the Heart. COLUMBUS, O., November 2.-A most horrible murder and suicide occurred at 113 East Rich street this morning. Tunis Amack, a divorced man, shot and instantly killed Mrs. Elizabeth Auderson, a woman who has separated from her husband. Amack has known Mrs. Anderson for some time and has been greatly smitten with her. She signified her intention of going back to her husband some days ago and Amack threatened to hill her and himself, too, if

this was done.

This morning Mrs. Anderson got up to cook breakinst, when Amack shot and killed her. The murderer fled to his boarding house and rushing upstairs he roused his son, told him what he had done, and ordered him from the room, saying that he was going to kill himself. Soon after a shot was heard and the officers on bursting in the door found Amack lying on the bed, dead from a bullet wound in his side.

## HUNDREDS WASHED ASHORE.

Bodies of People Lost on a Wrecked Turkish Vessel Found.

SAN FRANCISCO, November 1 .- Advices from Yokohama per steamship Oceanic say that a telegram from Oska, dated Oc. tober 14, says that two Chinese men-of-war bound from Fuson to Jinsen had foundered groul. Of the 500 persons lost on the Ertougroul the bodies of 250 have been washed

## THE OIL SITUATION.

SOME COMPARATIVE STATEMENTS.

September and October.

THE FEATURES AT THE PRESENT TIME

TEPECIAL TELEGRAM TO THE DISPATCH. BUTLER, November 2 .- At Glade Run the recent arrival in of the Forest Oil Company No. 4, Eli Geohring, from the present outlook would go far to strengthen the belief that in making this location Superintendent No. 3, Danthett, both being looked on with a certain degree of distrust. No. 4

some valuable leases adjoining. Around Callery considerable activity is manifested in new work in this field and its immediate surroundings, and there should be a material increase in the production of the field within the next 15 or 20 days, as there are a number of wells to be brought in by that time. Among the wells com-pleted the latter part of the month are Burke & Johnston No. 2, Thomas Cashdollar, 25 barrels; Geohring & Co. No. 1, Irvine, 25 barrels; Collins & Hensley No. 1, Miller,

25 barrels. At Zelienople the Hebrew syndicate gave their No. 1, Allen farm, an 80-quart shot today, but the owner and contractor and several others thought the well shot in the red rock, so the well will be shot again with 70-quarts to-morrow, with what result remains to be seen. The outlook in this field is any Burglary and Garroting.

SAGRAMENTO, November 2.—George Shinn, who, with Charles Dorsey, alias Thorn, escaped from San Quintin prison three years ago, and was recently captured in Chicago by Detective J. B. Hume, has made a most startling confession. Ever since they escaped Detective Hume has believed they were in this State, and were perpetrators of numerous stage robberies which have occurred since then, but he was unable to obtain any positive evidence. Friday night Shinn was transferred from San Quintin to Folsom.

Shinn confessed that he and Thorn returned to California in 1889 and camped on the American river, about three miles from this city. This was their rendezvous, to which they always returned after their raids. He admits that on July 31, 1889, they stopped the stage from Milton to Sonora and robbed the passengers of \$50, blew open the Wells-Fargo treasure box with giant powder, but found it empty. September 10, of the same year, they stopped the stage between Quinev and Oroville, and took a gold bar worth \$800 from the Wells-Fargo box. In April of this year they held up the Forest Hill stage in Placer county and robbed the passengers.

## All of the Records Broken. CHARTIERS-During the month of October

the number of dry holes completed exceeds any previous record of the field in the same time. Generally speaking Chartiers does not present any encouraging features and the tendency of operators is to go slow. The Fisher No. 2, on the Crawford, and No. 4, on the Dixon, both came in dry as a powder horn. The casing in Painter No. 1 collapsed, caught

has been found by Chief of Police Drew, of this city, who hunted for it for four weeks before he found it. He says it is an ideal robber's roost.

CROWDS AT THE CLOSE.

CROWDS AT THE CLOSE.

The Culminating Day of the American Secular Congress.

PORTSMOUTH, O., November 2.—To-day was the culminating day of the American Secular Union Congress. Excursions ran Secular Union Congress. Gunnigle, 350 feet, and the Fisher Oil Com-pany, on the Guthrie, have reached 600 feet. There are a number of new rigs all ready to start drilling, but since the secent batch of dry holes came in the rig will either be sold or moved to more productive digging. There were 10 dry holes completed in the field during the month just passed.

All the Drillers Busy.

JACK'S RUN-The Nellie Oil Company No. 1, Beverden farm, went through the 30-foot sand last Thursday and filled up with fluid, but did not have gas enough without agitation to throw the fluid out, so they tubed, and are pumping her. She is good for 25 parrels a day natural. Thayer & Co. No. 2. 25 barrels a day natural. Thayer & Co. No. 2. F. Burger farm, expect to get the pay streak tonight. McCalmont Oil Company No. 1, Watson farm, are drilling at a depth of 1,570 feet, and if they find any sand at all should get it this afternoon. This is the furthest well down Jack's Run. Heber & Co. No. 1, Hilkey farm, that was struck this week and reported as a big well, is still drilling, and will make a small well. Walker & Co. No. 1, Walker farm, did not get their casing tight and had to puil it, and will rim down. Patterson & Co. bought the Kanahway Oil Company No. 1 well, Goss farm, a short time ago, and they gave her 12-quart shot this week and increased her production to 15 barrels a day. The same parties will shoot their No. 1 well, Patterson farm, on Monday. Westview—There are only three wells drilling in this neck of the woods. Griffith & Co. No. 1, Rogers farm, have reached a depth of 2,000 feet, and have found neither oil nor gas in paying quantities, and are still drilling. Smith & Klimmonds' No. 1 Ivory have been tshing for the last three weeks for a string of tools at a depth of 1,500. Newhall & Co. No. 1 Rowan have reached a depth of 1,675 feet, and will case Monday. Real Estate Billy Grabam has got the busted casing fished out of his well at last and cased it again vesterday and will take and cased it again vesterday and will will case Monday. Real Estate Billy Grabam has got the busted casing fished out of his well at last and cased it again yesterday, and will tube and set to pumping at once. Bowman & Co, have a rig up on the Schide farm for their No. 2, and are all ready for the drillers. Mc-Calmont Oil Company has gave their No. 1 Ivory a small shot last week but did not increase her any; she is a small well. The Bellview Gas Company finished a ten barrel well on the Mrs. Farley farm last week.

A Comparison of the Months. Following is a summary of the work done in the entire field in October with a comparison of September's operations:

## CATARRH

Is a constitutional and not a local disease, and therefore it cannot be cured by local applica-tions. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength. All who suffer from catarrh or debility should certainly give Hood's Sarsa-parilla a fair trial.

A Perfect Cure.

"I have been taking Hood's Sarsaparilla for the past four years at intervals. I was troubled with catarrh, and the medicine effected a perfect cure. I take it now whenever I feel debi itated, and it always gives me immediate strength, regulates the bowels and gives an excellent appetite." LEVI CAMPRELL, Parkers N, B. Be sure to get only

All colors, superior quality. All the above at 45 CENTS a yard. That eclipses anything we have ever done heretofore.

SOME HIGH-CLASS PLAIDS, Very choice, came direct from Paris since the new tariff, and are at the new prices this morning. Only a few pieces. They are \$1 50 a yard. They are so good, color combinations so desirable, that young ladies

will buy them quickly. Then we have 50-inch Tailor Suitings. \$1, \$1 15, \$1 20, \$1 25, in neat styles, new and choice, that are less than they are generally sold.

100 SUIT PATTERNS, 6, 7 and 8-yard lengths, no two alike, Scotch and English, in both rough effects and quieter styles, \$1 25 to \$2 75 per yard.

PURE SILK CREPES. Creams, Whites, Yellows, all the Evening Shades, 85 cents, go on sale this morning. A bargain lot and our small profit makes them a bargain, or they wouldn't be 85 cents.

But this SILK DEPARTMENT has an extended clientage, and is determined to largely increase it. There's a way to do it. We are making an energetic effort that way, 25-inch Cream Silk Bengalines, only 12 pieces, 600 yards, we bought at much less than their worth. These will be sold 50 cents a vard, for an advertisement for Silk Department.

Fine Silk Crepes, plains and figured, \$1 to \$6 a yard. This is the largest collection, 'we think," ever shown west of New York. We don't know what other stores are showing, but if you come "we think" you'll be surprised and pleased with the rich EVEN-ING STUFFS we show, and we know the prices will please you more.

## Boggs & Buhl, Allegheny.

The True Side of Clothing. We fear we may lose some

of you by saying our clothing is the best. We don't say the highest in price. We say the best. Quite another thing than highest in price. The surer of being low in price for that. We mean the best quality for as little as we, buying 100,000 yards, if need be. at a single STYLES purchase, can sell it for. We OF mean the best made for less

than anybody else does sell it. We make our clothing styl- FALL ish. We make it substantial. AND Everything else arranges itself behind the quality and CLOTHING. make. These are the true sides of clothing for you to

O'll WELL SUPPLIES—I ALWAYS KEEP on hand a complete stock of engines, boilers, drilling and pumping outfits, tubing, casing, pipe, cordage and all kinds of fitting for oil and gas wells, and can fill orders on the shortest notice. F. A. PRICHARD, Manuington, W. Va. AJAX ENGINES

# Corry Boilers.

The Ajax is the strongest, quickest, most durable and economical Oil Well Eugine ever made, and is the only engine having the right to use the Bliss Patent positive reverse gear. All others using such reverse are infringing upon our rights,

OVER 5,000 NOW IN USE.

The Corry Boiler is the largest, strongest, best-constructed and most economical in the oil country. We use only the best material and workmen, and guarantee our work. Over 2,000 in use without one blow up.

Offices in Pitsburg, Washington and Butler. Always write or telegraph to Corry Office JAMES M. LAMBING, SOLE AGENT, CORRY, PA.

NEW ADVERTISEMENTS.

If you have not yet provided your boys with overcoats, it is time to do so. Though the weather has been mild so far, the winter is bound to come, and you'll have to provide them with something to shelter them from its chilling blasts. Why not buy it ahead and be prepared? The stock is fuller now than it will be again this season, and hence it is a good time to make a selection. We were never so well supplied with these necessary garments as we are at the present time, and we can truthfully say that prices on them were never so low. It's a stock from which we can suit anybody. Start in at the bottom, and at 98c we can sell you the same coat that others would charge you at least \$1 25 for. From \$2 to \$5 scores and scores of different styles and qualities. Or, if you are on the lookout for novelties, here's the spot to see a variety of them. Some very choice styles this season, and you'll find the prices quite reasonable and far below what such styles and qualities can be had for elsewhere. We are fitting thousands of the little ones this season. Shall we fit yours?

> TE HAVE JUST RECEIVED AND OPENED a new lot of those large and elegantly illustrated books, containing 225 pages of interesting and instructive reading matter, and shall continue to give one with every \$2 sale in Boys' and Children's Clothing.

\$15,000.

Since our first purchase of

NO. 1 ALASKA SEAL **GARMENTS AND CAPES!** 

Amounting to about Fifteen Thousund Dollars, Sealskin has advanced repeatedly. Thus far our sales are more than double those of last season. Yet we still have a full line of the first lots, and at the original figures. Until these goods are duplicated we will give early buyers the benefit of old prices. Notably among them are some splendid valnes in full length Jackets, with Elizabeth collars and high shoulders, at \$135. The advance price of these garments will certainly be

N. B.-Highest cash price paid for old Seal Garments.
