Fortis.

WHat is the loss of one is the gall of another,
It was a lucky chance when we ran across a
lot of Imported Ladies' Jackets this week that the importer desired to close out at an enormous sacrifice. We embraced the opportunity, and, in turn, will offer to the Ladies of Pittsburg some of the finest Imported Jackets and Reefers ever shown in this city at even less price than they could purchase inferior, ordinary goods for. They will be shown for the first time tomorrow morning at 9 o'clock. That they will make a stir and a noise in the trade we know. We also desire to say that we will place no restrictions on their sale. They are for sale, and we will sell them to dealers just as well as to private consumers.
