USED HIS FIRST VETO.

Mayor Gonriev Opposes the Vacation of Marbury Street, and is

SUSTAINED BY SELECT COUNCIL

The Purchase of the Schenley Park Entrance Strikes a Snag.

CONSTITUTIONAL ORJECTION RAISED

f Mayor Gourley launched his maiden vete on Conneils yesterday and it was sustained by a flattering vote. It was directed at the ordinance for the vacation of Marbury street, and was read by President Ford in Select Council.

His Honor holds that the street is necessary for the convenience of the public, and will ecome more so as the city grows. He also claims that it simply means a practical donation to somebody of a valuable lot fronting 40 feet on Forbes street and extending back 100 feet, worth approximately \$5,060. The Mayor further says that the practice of vacating streets is a growing evil. Individuals and corporations desirous, in this way, of procuring valuable property for nothing, pertinacionaly press their claims before Councils until finally their persistent efforts are

crowned with success. Mr. Keating objected to the Mayor's conclusions that somebody gets a lot for nothing. It it was right to vacate the street the question of \$5,000 or \$500,000 should not enter into it. The city does not own the ground and cannot give it away.

THE MAYOR SUSTAINED. The vote to pass the ordinance over the

Mayor's veto resulted as follows: Ayes-Messrs, Gillespie, Miller and Warren-3. Noes-Messrs Benz, Bender, Braun, Cavan-sugh, Collins, Doyle, C. Evans, D. P. Evans, Fester, Keating, King, Lambie, McCord, Mc-Curry, Paul, Perry, Robertson, Rohrkaste, Warmeastle, Williams, Wilson and President Ford, Total, 22.

The resolution for the employment of a conalting engineer was taken up, it having failed pass finally at the last meeting for want of a

Perry spoke against the resolution, as he Mr. Perry spoke against the resolution, as no d not think it necessary to go out of the city secure a man for the position. He thought was only done to gratify the whims of the weers that be, and he expected the next thing sold be to send to Castle Garden for Italian

sould be to send to Castle Garden for Railan aborers.

Ar. Keating insisted that it required a skill-ful and competent man to fill the position, and be could not see wherein anyone would be harmed by the engagement of a New Yorker.

The resolution was passed finally, Mr. Perry's being the only negative vote.

Under a suspension of the rules ordinances were passed granting the Markot Street Railway, which are

were passed granting the Markot Street Rail-way and the Grant Street Railway, which are to form the downtown loop of the Duquesne Traction Company, rights and privilegos over certain thoroughfares; and an ordinance also granting the Duquesne Traction Company the right to use the streets now used by the Central Passenger Railway Company and the Transverse Railway Company on securing the cousent of the said companies.

A CONSTITUTIONAL OBJECTION.

When the ordinance providing for the acceptance of Mrs. Schenley's offer to sell 19 acres of land for \$75,000 for a park entrance came up in Common Council Mr. O'Donnell ected. The ordinance had been amended

objected. The ordinance had been amended in Select Council to make the payment in one lump instead of three annual installments of \$2,000 each. Mr. O'Donnell insisted that it was unconstitutional for Councils to agree to the expenditure of money not already provided for its the annual appropriation.

Mr. Marce stated that the ordinance did not provide for any expenditure, but merely for the acceptance of an option. In response to questions from Mr. Bigham he said the park appropriation for next year would not exceed last year's (\$200,000) by more than \$25,000, and out of this amount they would pay Mrs. Schenley.

enley. The ordinance was put to a vote, and failed for want of the necessary two-third's majority, the vote standing 21 ayes and 12 nees.

Mr. Eigham, from the Committee on Public works, presented a resolution to suspend work on the Craig street boardwalk; passed. Also, with a negative recommendation, an ordinance for repaying Stanton avenue, from Butler street to Clearylew street. Mr. Bignam said there was no money to do the work, and that the matter should come up when the general the matter should come up when the general appropriation bill is made. The Lawrenceville members objected to this, saying the street should be repaired, and finally action was post-poned, or motion of Mr. O'Donnell, until after the appropriation bill is passed.

DISPOSING OF BOUTINE.

The following ordinances were passed finally: In Select Council-Grading, paving and eurbing Geneva and Beatty streets; sewer on Rose-any alley. cranz alley.
In Common Council-Establishing the grades on issued and Zouave streets; relocating Middle street; re-establishing the grade on East End

New business was introduced, as follows:

Is now sub-divided into a number of fine large 10st, 78x200, Tacing two streets; for view, air and situation and casy access to the city this property is not excelled in Alireheny county; it is equally distant from the station of the P., Ft. W. & C. R. These beautiful lots are offered on exceptionally favorable terms, as follows: To anyone building a house to a property line at a cost of \$2.500 the lot will be sold on a fist 5-year mortgage at \$3-10 per cent interest, the improved property at a reasonable security payment; balance on satisfactory terms to purchaser. In addition to the lots there are two fine houses of 12 and 13 rooms, and one complete 5-roomed cottage, with all the modern conveniences; water all over the house, bathrooms, water closeta both gasses; ample grounds with all small and large fruits. The houses are in good repair and are well situated and suitable for private residences or for public institutions, and as we are determined to sell, it will pay those contemplating a purchase of such property to call on us for particulars; important—"gas"—important; the owner of the above property has a gas well on the adjoining place capable of supplying a large number of houses, the supply of which will be first reserved for the buyers of this property as abundant maximum supply at all times, when others are most uncomfortable from the cold—because the supply is within a few hundred feet of their doors and especially reserved for them.
