SALE OF COAL LAND.

A Pennsylvania Syndicate Invests in West Virginia Lands.

THEY NARROWLY ESCAPE DEATH.

Rival Capitalists Interested in the Typograph Trouble.

MINOR NOTES FROM THREE STATES

"SPECIAL TELEGRAM TO THE DISPATCHAL CLARKSBURG, W. VA., November 11 .-Negotiations have just been closed for the purchase by a Pennsylvania syndicate, of all the coal lands in the vicinity of Bartlett's station, a place six miles south of here, in this county. A large force of men will be put to work this week to open the property, and it is expected that by spring they will be ready to begin shipments. The syndicate has plenty of money, and it is said this move is the beginning of the opening

of the lands at the end of the Monon road. Yesterday the gentlemen having the matter in charge had a narrow escape from death. They had been visiting their property in a carriage drawn by two spirited horses. When near the Monongalia junetion some portion of the wagon broke, frightening the horses so that they ran away. They tore along the road at a fearful pace, and were not stopped until they had overturned the wagon and faller down an em-bankment near the White House. The carriage was a total wreck and the horses were hurt, but with the exception of a few slight cruises the occupants escaped uninjured.

TYPOGRAPH TROUBLES.

Suit Between Capitalists Involving the New Invention.

PEPECIAL TELEGRAM TO THE DISPATOR. AKRON, November II.-A long consultation was held in the office of Attorneys Henderson, Kline and Toiles, with regard to a suit involving \$125,000 worth of Typograph stock. The involves local stockholders, and it is about to be commenced in the Cleveland courts by stockholders of the Rogers Typograph Company against George Hoyt, who holds a large unp of the stock of that company. Several who are plaintiffs in the case were present at the consultation in the lawyers' office mentioned. Their claim is that Mr. Hoyt, some time ago, sold them an option on his stock, which has not yet expired, and that an agreement was entered into by which he was to transfer his entire interest to the remaining stockholders for \$125,000. The transfer was to mave been made hast week, and in fact was reported to have actually taken place in the papers; but Mr. Hoyt positively refused to turn over his interests to the purchasers, said to be a syndicate councesed of T. W. Palmer, of Detroit, President of the World's Fair; a number of Cleveland capitalists; J. S. Sweeny, of the Detroit Now; R. H. Campe and a number of other Pittsburgers. The other stockholders claim a contract with Mr. Hoyt, which they say he now refuses to fill, and the suit is to compel its enforcement. the consultation in the lawyers' office men-

The Typograph Company has not yet begun operation, as no orders are to be filled by it until after January 1, but there is a high estimate placed on the value of the shares. SPECIAL TELEGRAM TO THE DISPATCH. JOHNSTOWN, November 11,-The story as told in the Pittsburg papers concerning the misfortunes of W. J. Magehan and John A. Gore are true in but one particular—that the two men drove from Johnstown to Pittsburg in a car-

riage, They left here a week ago last Friday with They left here a week ago last Friday with three horses beside the one that hauled their webicle. Neither of the men had any money worth mentioning. At Ligonier, Greensburg and Pittsburg they disposed of the three horses, and both men returned on Saturday, dead broke. The trip was simply a wild freak, and there was no robbery attempted along the monte.

FOUL PLAY SUSPECTED.

Mysterious Dissuppearance of a Farmer With Ready Money.

SPECIAL TELEGRAN TO THE DISPATOR. EDENBURG, November II.-A strange case of disappearance has come to light here. Last July a man named John Thompson, of Perkins, O., leased a farm near here, and hired a colored man named Jackson to take care of it. Marriage of a Merchant Prince and a Prom colored man named Jackson to take care of it, last September Thompson drew a large sum of money. Some time afterward he started on foot for his farm, but was overtaken on the road by a man named William Smith, who took nim in a wagon to the farm house, and saw him enter it as he drove away. Since that day there has been no clew to Thompson. The next day after Smith saw Thompson enter the house, Jackson, the colored man denied that Thompson had been there at all.

SPECIAL TELEGRAM TO THE DISPATCH. BELMONT, November 11 .- The St. Mary's well has not as yet demonstrated that it will make a producer of any consequence. As usual there is considerable excitement and interest in the vicinity of the new venture, and territory has been pretty generally picked up. It is thought by some practical operators that the Duncan & Co. well is an edger, and that eventually some good territory will be developed. The Eureka Oil Company's No. 1 deep well on the Ruttencutter farm is on top the sand fishing for broken jars. Messrs. The same parties expect the Gordon sand to-morrow night; the well is located one-half mile east from the McCurdy. On the Palmer farm, 600 feet northeast from the McCurdy, they have a well drilling, and are building another rig on the same farm.

THE VALUE

Of Hood's Sarsaparilla as a remedy for catarrh is daily becoming better known, as people rec-ognize in its use the common-sense method of treating this disease. Local applications can do but little good. Catarrh is constitutional in character and therefore requires a constitutional remedy. Hood's Sarsaparilla attacks the disease at its foundation by eliminating the impurities in the blood which cause and feed it, and by restoring the affected membrane to healthy condition. A book containing full information will be sent free to all who wish it.

Thought She Had Consumption. "My daughter has had catarrh for nine years She coughed and expectorated so much that everyone thought she had consumption. I tried everything I heard of but gained no relief. I sent her to Florida in September for the winter, and there her friends advised her to use Hood's Sarsaparilla. She wrote me that she had taken three bottles and never felt so good in her life." MRS. McKNIGHT, 187 Williamson St., Newport, Ky.

ESTABLISHED 1866-MAX SCHAMBERG & CO.,

\$100,000 FOR \$60,000.

That's worth scooping in, don't you think so? Well, that's about the size of the trade we have recently made. A prominent clothing manufacturing firm in New York desired to dissolve partnership and close up their business. But a hundred thousand dollar stock isn't to be sold for cash, and quickly, except at a great sacrifice. The sacrifice the firm were ready to make; the next thing was to find a cus-

WE BOUGHT THEM OUT.

They were people well posted in the clothing business of the country, and knew just where to come. They came to us, knowing that we are always on the alert for any chance that will enable us to

GENUINE BARGAINS.

This was about the 24th of last October, and since then the goods were bought by us, and they are now being marked ready to place on our counters to-day at the same liberal discount in price at which we secured them. No such chance to save money has been seen in Pittsburg for a long time, and you can make up your mind that it

will not be duplicated this season. IT'S A BRAND NEW STOCK.

Don't confound this with bankrupt or fire clothing sales, or a lot of cheaply manufactured auction goods brought to the city to palm off much as a man would a lot of counterfeit money and then skip. These goods are all new, this season's stock, made from stylish pat-terns, thoroughly well made and trimmed. The assortment contains everything in men's wearing apparel, from the smallest boy's cloth-

ing to the largest man's. Thousands of Men's Suits

For dress and business wear, of every material from which such garments are made. They range in price from \$6 to \$20. That is, they do now. In the regular way they would run from \$9 to \$30.

Thousands of Men's Overcoats,

Light weight, medium weight, heavy weight. Colors? Well, just select some color you have seen somewhere, or some blending or combination of colors, and we believe we can show you that shade or something close in an Overcoat. Overcoats short and long, with and without velvet colors, single and double-breasted. Anything in an Overcoat you ever saw or heard of. The full 40 per cent reduction holds good in the prices at which they are marked.

BOYS' CLOTHING

In long and Short Pant Suits, in Overcoats, and in odd Pants. It would fill a page of the newspaper to tell you the whole story. If you have not bought your winter clothing yet, you're in luck. Come in and take advantage of a splendid opportunity.

> IF YOU LIVE OUT OF TOWN, and are unable to come in person, that is no reason why you cannot secure some of these matchless bargains. OUR MAIL ORDER DEPARTMENT enables you to get the same advantages you would get if you lived in the city. Write us plainly, telling us what you want and the price you desire to pay, and we will send you some genuine bargains. If, when you get them, they don't come up to expectations, send them back, and we will return your money and pay the express charges on
