THE PANIC IS OVER.

Business Still Feels the Bad Effect of the Election, With a Number of Declines in Prices.

STEEL RAILS AND IRON ARE WEAKER. check trade.

Bank Clearings Still Increasing and Railroad Earnings Show Gratifying Growth.

SPECIAL TELEGRAN TO THE DISPATCH. NEW YORK, November 14.-Special telegrams to Bradstreet's indicate that the movement of general trade throughout the ountry has been somewhat affected by the Savanfish ountry has been somewhat affected by the Savannah reports money tight, but trade stringency in money. Though no serious active. At Jacksonville earlier Northern check to distribution has resulted, it is plain travel than usual causes activity. These that demands from the interior on jobbers. that demands from the interior on jobbers, agents and manufacturers have fallen away. The second feature of the general trade situation is found in a quite general reaction in prices. Since the interruption noted during election week, general trade has not fully resumed its previous activity, except at a few points-Chicago, Kansas City, Omaha, New Orleans and Memphis.

At New York extreme call loan rates and little money available with which to discount trade paper, together with the temporary embarrasament of a large bank and have an effect on business. The \$281,000,000 of considerable importations.

India rubber is lower. The boot and shoe trade is somewhat checked by the prospect an excessive trading on the Stock Exchange. STEEL AND IRON MARKETS.

At Philadelphia, Baltimore, St. Louis and Duluth, while a fair volume of business is going, the aggregates are smaller than within recent dates. Leather, hides, cotton, provisions, wheat, corn, tobacco, hogs and sugar have declined in price.

Steel rails are weak, at figures shaded from \$29; pig iron is doubtful as to whether it will go lower or not; coal is dull and barely steady; canned goods are expected to react in price; wool is not so firm as a week ago; boots and shoes are in lighter request, and cottons are not so active as a fortnight

Wheat has been depressed by tree shipments to markets in the Northwest and by evidences that the Pacific coast crop has been somewhat underestimated. San Francisco, Portland, Ore., and Tacoma are all free exporters of wheat and flour. Total exports from both coasts this week equal 2,323,321 bushels, against 2,209,919 bushels last week. Total shipments July 1 to date equal 37,287,158 bushels, against 38,957,300 bushels in a like share of 1889.

BANK CLEARINGS INCREASE.

Bank clearings at 53 cities for the week ended November 13, are \$1,508,656,867, an increase over this week last year of 22.7 per cent. New York City's clearings, which constitute 64.4 per cent of the grand total, are more than those for the same period last year by 24.6 per cent, while at 52 other cities the gain is 19 per cent. East-ern and interior money markets sympathize We have just receive with New York and higher rates or extreme

tances to New York have been large.
The share market has practically recov ered from the panic which existed in the earlier days of the week. The financial disturbance and failures incident thereto have, however, continued to influence speculation, which is uncertain and sensitive in character in spite of the general recovery of walues, even in the stocks which were the chief subjects of liquidation.

MONEY CLOSE.

The New York money market, too, continues to be close and very firm, although the rates for call loans have declined. It would seem, however, that the stock and money markets are gradually working back to normal conditions, though such a process

is naturally slow. Total earnings of 146 railroads for October aggregate \$48,534,859, an increase of 4.1 per cent on October, 1889, which in turn gained 12 per cent over 1888. The total mileage reported is 88,994, an increase of 2.6 per cent. The trunk lines are the only group showing a decrease from a year ago, 3 per cent. The Eastern railroads make the best showing. with a gain of 9.4 per cent. Scarcity of cars is a general subject of complaint. More than one-tourth of all the roads reported show decreases. The gross earnings at 138 roads for ten months aggregate \$393,251,128, a gain of 9.18 per cent over 1889, which in turn gained 10 per cent over 1888.

DEYGOODS DULL.

Weather conditions do not favor the Eastern drygoods trade, and jobbers report a decreased demand. Agents also report a less active call for spring wear dress goods. Woolens are in light demand for men's wear. The aggregate volume of business is, however, up to the average. Cotton and woolen mills throughout New England are well employed. Export cottons are in fair demand. Print cloth is weaker. Raw embroidered goods at 25c and 50c than you'll wool is quieter. Fine grades are not active. Low grades are less active but firm.

Cotton is active and higher toward the close on short covering and some buying. Prices were weak early on depression in the financial situation and the issuance of the Government crop report pointing to a yield of 8,000,000 bales of the American crop. Spots are unchanged at New York, and 1-16 @1/6c lower at the South and in Europe. Business failures reported to Bradstreet's number 200 in the United States this week,

against 151 last week and 217 this week last year. Canada had 46 this week against 37 last week. The total number of failures in the United States from January 1 to date is 8,702, against 9,848 in a like portion

E. G. DUN'S REPORT.

R. G. Dun & Co.'s weekly review of trade says: Those who have long expected a severe reaction in the stock market have now seen the average of prices thrown back to a lower point than has been touched at any time for more than four years. It remains the fact that the legitimate business throughout the country is the largest ever known, not much inflated or endangered by peculation and so far so soundthat complaint in regard to collections have been much fewer than usual. The check now sustained may not improbably produce some shrinkage in transactions and diminution of profits. but the industrial and commercial conditions have been so favorable that speculative disturbances are the less likely to affect general business seriously. Reports from other cities show that at most points the events in Wall street have had little or

TRADE OF THE CITIES.

At Boston transactions have been somewhat limited, and money is firm at high rates. Wool sales are smaller, but more activity is expected with the opening of the heavy goods season in December. Leather is quiet and easier, and hides dull and lower, but because bark and other materials are strong. It is thought neither can recede much. Boot and shoe manufacturers are getting the recent advance in prices, with shipments exceeding last year's. Lum-

At Philadelphia money is tight, and little commercial paper offered or selling. Wool manufacturers are buying more liberally, with slight advance in some grades. Leather is strong, and the shoe trade larger than last year, though less brisk than of late. At Chicago money is active at 7 per cent, multitu but country banks are sending in, funds for today.

investment, and Eastern disturbances are

GRAIN AND PROVISIONS.

The Share Market Has Practically

Recovered, Although Speculation is Siow.

TRADE IMPEDED BY TIGHT MONEY.

Grain receipts and cured meats equal last year's. A slight loss is seen in dressed beef, butter and cheese, and a heavy loss in hides, but a liberal gain in wool and lard, while trade in drygoods, clothing and shoes is much larger, with satisfactory collections.

No other Western point shows disturbance in trade, though money is generally close.

At St. Louis the rate is 7 to 8 per cent, and the volume of trade larger. At Cincinnati money is light but collections very fair; the

money is light but collections very fair; the clothing season exceeds expectations, and the grocery trade is very good. At Detroit money is close at 7, collections very fair, TRADE IMPEDED BY TIGHT MONEY. and manufacturing active. Michigan wheat is showing 4 per cent increase. At Cleveland money is tight, collections satisfactory, and trade good except for clothing. At Milwaukee money is close at 7, collections satisfactory, and Eastern troubles do not about the collections.

> BRISK TRADE FURTHER WEST. At Omaha, St. Paul, Denver and Kansas City money is in strong demand, collections healthy and business good. Southern cities make much the same report. Baltimore reports all business healthy, mills running
> full and trade brisk, with satisfactory collections. New Orleans finds money active,
> cotton receipts below last year, but sugar
> and rye liberal, with good demand for all.
> Atlanta reports easy money and good trade.

condition of business, but more than the usual scarcity of money in spite of good

IRON BUSINESS SMALLER, The iron output November 1, was 177,958 tons weekly, against 179,263 October 1, and considerable decrease in production is expected if prices yield. The demand for manufactured products is not distinctly smaller, and in railroad supplies decrease is toreshadowed by financial troubles.

The coal trade is dull, holders trying to realize October prices, and the high price of porary embarrassment of a large bank and the failure of a small bank, did not fail to lower, copper steady and lead weak, because

of reaction in leather, but prices range higher than last year. In drygoods there is observed some hesitancy by buyers, but mills are well sold up, woolens realize slightly better prizes in some cases, and dress goods are firm.

FARM PRODUCTS.

Breadstuffs are lower, exports in October showing a heavy decrease, Wheat falls 5 cents for the week; corn, 2½ cents, and oats nearly 2 cents. Pork products are steady, coffee and cotton unchanged, and oil is 51/4 cents lower. In general, speculation in products is less active than usual.

The Treasury has put out \$600,000 more silver notes, but taken in \$1,400,000 more of ther money, its offer to buy bonds being in-

While exports of products were enormous in October, they have fallen 12 per cent below last year's for November thus far at New York, but a larger excess over imports fails to affect the money market since the movement of securities this way is large. It is not to be forgotten that the demand for money is largely due to the unprecedented volume of business thus far.

BEAUTIFUL DAMASK LINENS

For Thanksgiving Dinner Tables. The largest assortment of new and handsome patterns in the best makes of Irish, Scotch, German and French table linens, including cloth and napkins to match, in all sizes, and also damasks by the yard,

GRATEFUL COMFORTING.

EPPS'S COCOA

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in half-pound tins, by Grocers, labeled thus: JAMES EPPS & CO., Hommopathic Chemists, London, Euglana. 16233-Tus

allogether. It spread all over my head, and my hair all fell out, until I was entirely baid-headed; it then broke out on hey arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and shoulders being the worst. The while scabs fell constantly from my head, shoulders, and arms; the skin would thicken and be red and very itchy, and would crack and bleed if reached. After spending many hundreds of dollars, I was pronounced incurable. I heard of the CUTICURA REMOLYENT, i could see a change; and after 1 had taken four bottless. I was almost cured; and when I had used six bottless of CUTICURA RESOLYENT, one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered before using the KEMEDIES. They saved my life, and i feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight.

MRS. KUSA KELLY, Rockwell City, is.

NAMES FROM SMALL DISTRICTS.

Mr. John H. Loop, who lives at No. 16 Anna street, Allegheny City, is a stationary engineer in the Clinton Iron and Steel Works on Carson street, Southside. In a recent interview with the writer Mr. Loop

"For nearly two years I was troubled with catarrh. My head and nose would stop first on one side and then the other. There were occasional roaring, deafening noises in my ears. I could feel the mucus dropping back into my throat, which kept me always hawking and raising to clear it. As my trouble grew worse sharp, shooting pains would take me in the chest. Then a sense of depression and tightness there. It was very difficult for me to breathe. My breath would come in short, hard gasps, and I would be so weak I could hardly stand.

"I lost my appetite—anything I ate caused me distress and misery at the stomach. I always slept soundly, but my sleep seemed to do me no good. I would arise feeling tired and worn out—not fit to attend my work.

"Being advised I commenced treatment with Drs. Copeland and Blair. To my happy surprise—for I had tried again and again to get relief, always with one result, viz., money spent for naught—I began to improve almost at once My disagreeable symptoms rapidly disappeared under their splendid care. I am like a different man to-day, and would advise any one suffering similarly to waste no time and money on experimenters, but go to Drs. Copeland and Blair at once and be cured. Their charges are surely within the reach of all."

Drs. Copeland and Blair have their own labratory and their own pharmacist, whose whole time is devoted to preparing the medicines for their many patients. Every prescription is compounded under the direct supervision of the doctors themselves, which accounts to a certain extent for the invariable positive results of their treatment. To each and every patient under their care Drs. Copeland and Blair furnish all medicines free of charge.
