Local Baseball Magnates Almost Come to Terms With Manager W. W. Burnham.

HOMEWOOD PARK DIRECTORS MEET.

Tc-Morrow's Association Football Game-Genera Sporting News.

The local baseball magnates had quite a busy time of it yesterday, and, although nothing definite was done, it is safe to say that as a result of yesterday's meetings Mr. W. W. Burnham will be appointed manager of the club to-day. The details of Mr. Burnham's arrival here were published in yesterday's DISPATCH, and that gentleman was introduced to the principal stockholders of

the club yesterday.

A meeting was held in Mr. Nimick's office He stated his terms and conditions and then retired. After discussing them the stockholders adjourned until the afternoon. After dinner the entire party visited both the ball grounds, and another meeting of the stock-holders named was held at Exposition Park. There Mr. Burnham's terms were fully dis-cussed, but he was not definitely engaged. Sectary Scangrett was delegated to confer with him on one or two matters, and the conference took place last evening at the Monongahela

It is understood that the difficulty which prevented Mr. Burnham's engagement yesterday was a very trivial one. The stockholders wanted the gentleman to take hold at once, but he has a few business matters to square up for the New Haven cleb, which he insists on doing before he leaves there. He states that he has been exceedingly well treated in New Haven, and the directors of that club do not want him and the directors of that club do not want him to leave. He has a desire, however, to rise in his business, and he claims a position as manager in a major league is much more important than a similar position in a minor league. Two or three local directors when spoken to on the matter last evening stated that the deal with Mr. Burnham would certainly be made to-day. The New Haven manager made a good impression all round, each local magnate speaking very highly of him as far as first impressions were concerned.

were concerned.

Mr. Burniam spoke in very flattering terms of both ball grounds, and expressed the opinion that with little expense and labor Exposition Park could be made the best grounds in the country. He said he was surprised to find the Exposition grounds so complete, and thinks they can be made "magnificent" before next season opens. If Mr. Burnham is signed to-day he will return home this evening, and to-day he will return home this evening, and will come back to Pittsburg in two or three weeks time. He will then be given a list of all the players of the two teams, and will, with assistance, select a few from it. Positions that cannot satisfactorily be filled by material now in possession will be filled with good players from other places, if they can be secured.

The meeting to appoint the club officials will probably not be hold until next week. It is now generally conceded that W. A. Nimick will be president; ex-Mayor McCallin, vice president, and A. K. Scandrett, secretary, and probably, W. W. Keir, treasurer. If the latter does not act, Mr. Scandrett will officiate in the double capacity of secretary and treasurer.

#### SPALDING'S STATEMENT.

The Chicago N. L. President Says That Everything is About Settled.

SPECIAL TELEGRAM TO THE DISPATCH, COLUMBUS, O., November 20.-Al G. Spalding stopped over on his return from the East to-day and held a consultation with Allen W. Thurman, Chairman of the Conference Committee appointed at the recent New York meeting. They were closeted the greater part of the day with the directors of the Columbus club, and Spalding left for Chicago this even-ing. The deal between the Piayers' and National Leagues was discussed and partially ar-ranged. In the course of a talk this evening

The Players' League is dead. The warfare has been a costly one on both sides, and the patrons of the sport will be glad to know that bostlittles are over. Boston and Philadelphila are the only clubs of the Brotherhood which have not been practically turned over to the league. Mr. Prince, of Boston, talks considerably, but it is only as an attorney, and not as a stockholder who has felt the influence of the warfare. The Chicago deal has been com-pleted as far as it could be done by telegraph. pleted as far as it could be done by telegraph, and will be closed up when I return. In Brook-lya, only the details remain to be arranged be-tween Byrne and Goodwin. Johnson's figures for Clarking if they are that her they have for Cleveland, if they are what has been re-ported, will be accepted by Byrne, Day and my

self. "The National League has been doing all it could to get rid of the Players' League. Where amalgamation would not do between opposing teams in the same city, money considerations have been passing. New York, Pittsburk, Brooklya, Buffalo and Chicago are already dead to the Brotherhood, with Cleveland nearly so, Proper provisions will be made for Boston and Philadelphia. Baseball will be more popular. With all side issues eliminated, the American Association the coming season will be the Association the coming season will be the strongest in its history."

### Will Sign on New Year's Day.

Hon, M. B. Lemon was in receipt of an interesting letter yesterday from Fred Carroll, the popular ball player, of this city. After inquir-ing about the baseball situation here, Fred announced the fact that he is to be married on hope that the happy event will not only in-acquarted a very happy year, but a very happy and successful lifetime for genial Fred and his bride. The event will be merrily celebrated here by the ex-catcher's friends.

### More Baseball Trouble.

There is likely to be some trouble regarding the Wheeling baseball grounds. The lease, or rent of the grounds, has not been paid for and the proprietors of the grounds threaten to enter suit against Mr. Howells for the money. Kerr was unanimously re-elected President; Gilbert T. Rafferty was elected Vice President, and John McCracken was re-elected Secretary. The two latter gentlemen, like Mr. Kerr, were elected

No other husiness was definitely transacted, but there was a lengthy conversation regarding the plans for next season. All present were strongly in favor of having two stake races, but nothing was done regarding the value of the stakes. After the meeting Secretary McCracken said: "We are sure to have two stake events, as originally stated in The DISPATCH. The entries will close either on April 1 or March 1 and we will require the panes of the March 1, and we will require the names of the norses entered when the entries close. We will give any owner the privilege of entering two horses, but he must only start one. Our entries ill close before trotting begins, so that we exhave a good list, because the many nee been tried by that line, and many her their horses on speculation. #### HOT SPRINGS RACE COURSE.

Great Arrangements for the Winter Meeting at the Well-Known Resort. MEMPHIS, TENN., November 20.-Al Rouse, nanager of the new race track being built at Hot Springs, Ark., is in Memphis arranging for the transportation of several stables now here to participate in the winter meeting, which begins January 6 and continues until the com-

demphis in April next. Mr. Rouse has just returned from Nashville, and in an interview with the Associated Press and in an interview with the Associated Press reporter said many of the horses there would go direct to Hot Springs at the close of the Nasnville meeting. The new race course will be provided with an elegant grand stand, and has stable accommodation for 200 horses. The programme as at present arranged provides for four days' racing each week. One stake race will be contested each week. Hot Springs is a general resort for horse owners during the winter months, and the establishment of a track there will, in the opinion of its projectors, influence many to select that locality as the winter quarters for their stables.

#### BIG STAKES FOR TROTTERS.

Futurity Premium of \$25,000 to be Given by the Kentucky Breeders.

SPECIAL TELEGRAN TO THE DISPATCH. LEXINGTON, KY., November 26.-The annual meeting of the members of the Trotting Horse Breeders' Association was held here to-day. The Secretary's report showed the association to be not only out of debt, but with over \$8,000 yesterday morning, Messrs. Rea. Kerr, Mc-callin, Nimick and Scandrett being present.

Mr. Burnham was also present by incitation \$10,000 stake advertised, it was decided to offer \$10,000 stake advertised, it was decided to offer a futurity take of \$25,000 guaranteed, the conditions of which have not been fully perfected. The sense of the meeting was that well-bred trotting colts could be made to earn correspondingly as much as well-bred running colts if the associations of the country would only stand together and offer stakes commensurate with the importance of the trotting horse breeding interests. Among the new members admitted to the association was W. H. Hiil, the wealthy manufacturer of Worcester, Mass.

#### TO-MORROW'S FOOTBALL GAME.

Great Interest in the Contest Between Two Local Association Teams. Unusual interest is being manifested in the

proposed football game to-morrow at Exposi-tion Park, entirely because it will be played under Association rules. This kind of game has, of course, been played here before many a time, but not since the present football beem commenced. There are a very large number of people who emphatically contend that Asso-ciation rules are in all respects superior to the Rugby code as far as guiding a pleasant and entertaining football game is concerned. Tomorrow's game will allow those who take an interest in the sport to judge between the two. The game in question will be between the Eighteenth ward team, the names of whom were published in this paper on Monday last, and an eleven of the Allegheny Athlette Association. The former team is a good one, and will certainly make matters warm for the Athleties. The team of the latter are as follow: Goal keeper, J. Bissell: half hacks. J. Horn and J. Henderson; center, P. A. Floyd; right, E. B. Dawson; left, A. Macpherson; right wing, A. W. Annesly; left wing, A. Burrows; forwards, F. Moore, G. Macpherson and C. V. Childs. The team played an exercise game Rugby code as far as guiding a pleasant and Childs. The team played an exercise game yesterday and did fairly well. W. W. Pyatt was slated as one of the team, but he will be unable to be in Pittsburg to-morrow. The contest will start at 3:20, and the price of The contest will start at 3:70, and the price of admission will only be 25 cents.

It is likely that Association games will be played every Saturday during the balance of the season, On Thanksgiving Day the Homestead team will play the Athletic Association eleven, and arrangements for subsequent matches will be made with the teams at East Liverpool, McDonald's station, New Castle and other nlaces.

### WELL PLEASED AT PRINCETON.

The 'Varsity Team Does Cheering Work Against a Scrub Eleven.

ISPECIAL TELEGRAM TO THE DISPATCH. PRINCETON November 20.-The 'Varsity eam played against the scrub team to-day, and put up such an improved game that gave hope of victory next Thursday. Seldom before has there been such enthusiasm on a football field. Warren appeared for the first time since his last injury in his usual position at end, while Speer, who was on the disabled list for some weeks, took his place at left tackle. weeks, took his place at left tackle.

These changes seem to have worked wonders in the playing. The Scrubs were literally rushed down the field at a galloping speed betimes. Great running was done around the ends. John Quinn, of this city, made the following interesting statement to the writer yesterday: "I see that Gorman, the Australian, is anxious to fight anybody in America at 145 pounds. I have a man who will fight him for \$1,000 a side and a purse, the winner to take everything. My man is Charles McCarthy, of Phila-delphia. I wrote Fogarty a few weeks ago delphia. I wrote Fogarty a few weeks ago about McCarthy, and to-day I received a reply stating that McCarthy is quite willing to re-enter the ring. Some time ago he had an encounter with Dempsey and had the best of it. If Gorman declines to fight him, McCarthy will light any 145-pound man that can be found. Johnny Reagan can get to that weight and so can others who have been talking considerably. McCarthy is ready for any of them, and when I say this I mean it."

Mr. Brady also offers to get Slavin backing from \$1,000 to \$25,000 to fight Sullivan.
Slavin wishes to say in reply that he will not accept the terms offered. He would require \$1,000 per week, with a substantial guarantee. So far as Sullivan is concerned, Slavin says he can get the figures named in London, either in dollars or pounds, whenever Sullivan wants to fight.

### DOG FIGHTERS ARRESTED

Two Men Plend Guilty and Are Fined for Engaging in the Sport. Humane Agent O'Brien yesterday made in-formation before Alderman Donovan, charging 27 men with aiding and abetting a dog fight at McKee's Rocks on November 8. Christopher Kunkle and Rube Harrigan are charged as principals. They were arrested, pleaded guilty and were fined \$10 and costs each.

The resolution was supported by the Right Hon. Samuel Walker, Q. C., ex-Attorney General for Ireland. Among the speakers were Mr. McDermot, Q. On the platform were many distinguished citizens, including members of the inner and outer bar, medical men and leading merchants, including the Lord Mayor and High Sheriff-elect and Burgesses of the city of Dublin. Tue Mayors of Cork, Limerick, Waterford and Clonmel were also present. The proceedings were most enthusiastic. Everybody seemed not only resolved, but determined, that Parnell should continue to lead the party.

[Lovd applause and laughter.] For my part, when I think of what might occur were we to join in the demand for the dethronement of Parnell, I see a very pretty party working for Ireland in the House of Commons. We should have perhaps a Socialist party. Perhaps a Land Nationalization party. [laughter.] Another party, perhaps, in behalf of barristers. For anything I know the attorney might say that their interasts were not properly represented in the party as heretofore constituted, [Laughter.] For my part, I am satisfied with the National leader shall abide. [Applause.]

Let me say, however, that while we owe a duty to Mr. Parnell, he owes a duty to is. We have stood by Parnell; Parnell must stand by us. [Applause.] We have to consider our position: let him consider his, as we are acting in the sole thought and interest of Ireland. So we tairly can demand that every act, determination and resolution of his shall equal ours in simpleness. [Hear, hear].

LONDON, November 20,-Mr. Parnell has sent to several of his colleagues a communication to the effect that as long as he is supported by his colleagues and the Irish people, he will remain at the helm in polities. BUCHANAN VERSUS LANGTRY.

LONDON-A suit brought by Robert William Buchanan, the dramatic author, ag inst Mrs. Langtry, to recover damages ari ing from her refusal to open the last Ne York dramatic season with the play andy Gladys," which was specially writ-ten for her by Mr. Buchanan, came on for trial in the Court of the Queen's Bench today. Mrs. Langtry testified in her own be-half. Lady Gladys, the heroine, was the daughter of a broken down Earl, who was actuated with a spirit of revenge killing of her dog. It was impossible, any how, Mrs. Langtry said, to obtain a suitable

dog for the play in America. After Mrs.

Langtry had given her testimony the court adjourned. During the progress of the trial great fun was created by counsel for Mrs. Laugtry giving a buriesque reading of REID WILL REST. #### THE HARVESTER COMBINE.

It Will Result in Producing a New Machine Embracing All Patents.

CHICAGO, November 20 .- The American Harvester Company, which was incorporated at Springfield yesterday, with a capital of \$35,000,000, will absorb the following firms: McCormick Harvester Muchine Company, and William Leering & Co., both of Chicago; Plano Manufacturing Company, of Rockford, Ill.; Minneapolis Harvester Works, Milwaukee Harvester Company, George Easterly & Co., Whitewater, Wis.; Amon Whiteley Company, Springfield, O.; Aultman Miller & Co., Whitman & Barnes, Akron, O.; The Walter A. The new company will employ 50,000 men and 10,000 agents and will have an output of about 100,000 machines a year, and will divide the country for business purposes into Central, Eastern and Western districts, with a manager for each. It is not yet determined whether any of the factories in the combination will be shut down. When the organization is completed it is the intention to make a demand for cheaper twine from the Binding Twine Trust.

The eventual result of the combine will be that a machine taking in the best points of all, since all patents go into the new com-pany's hands, will be made the country over. The taking in of the Twine and Cordage Trust is probably merely a matter

which he precipitated the home rule movement. It is the gravest that has confronted it for the past ten years. This crisis has been brought about by no other agency than Mr. Parnell's own conduct. We say emphatically that both the Irish and British home rulers have the right to look to him alone to deliver the cause of which he has been until now, the trusted leader, from the deadliest peril by which it has yet been assailed.

He is urged by the highest considerations that could appeal to a leader to efface himself for a brief period from public life, until the time which the law requires may elapse before a divorced woman can marry enables him to come back, having paid the penalty which public sentiment rightly inflicts for such transgressions. Mr. Parnell must remember that he defied popular sentiment. In Ireland he rode rough-shad over the feelings of his own party when in 1887, in the presence of another serious crisis, he thrust this man O'Shea upon the electors of Galway.

It was loyaity to the union and fidelity to the cause which compelled his colleagues to gain down the indignation which this act occasioned. It is Mr. Parnell who is now about to demand a similar sacrifice from the friends of home rule in Great Britain. Is their support of the Irish cause to be imperiled by the refusal on his part to separate his own personality from the interests of home rule?

These are questions we feel impelled to put to him at this moment. Those who saw Mr. Parnell who is now about to demand a similar sacrifice from the friends of home rule in Great Britain. ABILENE, KAN, November 20 .- A long interview with a woman just returned from Topolombampo, the co-operative colony on the western coast of Mexico, is printed here. The woman says the colonists are suffering great hardships for lack of proper habitations, food and the conveniences to which they were accustomed in their Eastern homes. The crops, she says, have been failures for two years past.

The colonists have been unable to make a satisfactory or even a reasonable living, and many of them are willing and anxious to return home. The women, she says, suffer most. At 2 P. M. yesterday the water marked 12 feet It had fallen at the rate of 10 inches per 24 hours. At 6 o'clock last night the water still lingered around the 12-foot mark and appeared stationary. Something over 30,000 bushels of coal left port yesterday, and more will leave as soon as

it can be gotten ready, to avoid the cold weather coming.

The packet Matt F. Allen went up stream yesterday. The down packets were H. K. Bedford, Hudson. The Belle Prince and Princess took out seven flats.

The rivermen anticipate boating water all winter and are jubliant at the prospect.
