## Duliness the Predominant Feature in

All Branches of Iron Business.

THE TRADE IN GOOD CONDITION.

A Majority of the Furnaces and Mills Have Had a Good Year.

STATE OF POREIGN METAL MARKETS

ISPECIAL TELEGRAM TO THE DISPATCH.) NEW YORK, November 20 .- The Iron Age review of the iron and metal markets for the past week is as follows:

In every line the market has been so absolutely lifeless that a report must neces-sarily be a repetition of nominal quotations. The iron trade is in a very sound condition. The iron trade is in a very sound condition. A good many furnaces and the majority of the mills have had a very good year thus far. They have made money, a part of which only has been put into improvements and extensions. The works are strong, financially, and nothing short of general financial lisaster can hurt them seriously. It is feared that many projects will now remain in abeyance, and that a good deal of work for town improvements, railroad extension and railroad

quipments will not come out for months.

American Pig-While generally speaking, only a moderate amount of business has been bone, we may still note that some blocks of busiderable magnitude have been placed. Chorts to realize on warrants still continue. wever, pressing the market. There is some sposition on the part of some Southern however, pressing the market. There is some disposition on the part of some Southern producers to effect sales at concessions in price. We quote \$17618 for No. 1 foundry; \$16.00616.50 for No. 2 foundry, and \$15.00615.50 for gray forge, standard Northern brands, tide-water delivery. We quote Southern No. 1, \$16.506217.25; No. 2, \$15.75616.25, and No. 3, \$14.756715.00 Spiegeicisen and Ferro-manganese-No busi-

Spiegeicisen and Ferro-manganese—No business wintever has been done in spiegel, which we quote at \$30 00050 50 nominally. Ferro may be quoted at \$67 00060 00. It is claimed that the foreign markets show a tendency toward firmness, because the closing of the flack Sea ports cuts off further ore supplies for the winter from Southern Russia.

Steel Rails—The market has been totally featureless. The large Union Pacific order has been postponed, and it is only too likely that work will come out very slowly for the balance of the year. The deliveries of the mills in the association up to November I were 120,088 tons. Adding the outside mills, the total har probably reached 1,350,000, and the year will close with a production of about ore. The orders on the books to November I, in 1990 delivery, aggregated 1,678,224 tons, exusive of light rails. No data are available yet for the sales for 1891 delivery. The sale

nes. The market continues very Rail Fastenings—The market continues very dult. We quote: Angles 1.70@1.75c delivered; spikes 2.92 loc, and boits 2.75@30c.

Manufactured Iron—Some interest has been awakened in the placing at Boston of a large order for German beams, an American mill taking only the lo-inch beams. It is understood that these beams were purchased at about 2.70c, delivered at Beston. We tearn that the cost of laving down German beams, base sizes, in this harbor is about 2.60c. So far as the large architectural works of this city are concerned the the thread works of this city are concerned the question affects them less for this year, sinc they have contracts for 1890 delivery at 2.80 It is a gifferent matter for 1891. The import too of beams is, however, attended with s many difficulties that merchants are slow t

enter the business.
Old Rails—In the absence of any busines the market is entirely nominal at \$24.50@25 for old iron rails and \$20.00@21.00 for old ste-

### PRICES AVERAGE LOWER.

Foreign Metal Market Affected by the Trouble in Financial Circles. SPECIAL TRANSPART TO THE DISPATCH.:

NEW YORK. November 20,-The Lon Age rotes the foreign iron and metal markets as follows: London operations in pig iron warrants have been on a very moderate scale, but prices have averaged lower under the weight of unfavorable financial conditions, receich soid down to 49s; Cleveland to 49s 6d and Hematite to 56s 1034d. Weak "bulls" have disposed of nearly all their haidness and the bulk of the sunwive is in strate. Weak "buils" have disposed of nearly all their buildings and the bulk of the supply is in strong hands. There is quite a large "bear" account open. Fresh operations are deterred by the uncertain financial situation. Consumers are beoking orders for forward delivery, but shipments at present are moderate. Makers' stocks are almost unit, and the total in Connai's stores has been cut down 4,433 tous the past week. Additional hematite furnaces are blowing out, owing to chianced cost of production, due to dear fuel. After a temporary recovery, the spot price of pig tindicipped to 289 10d. Outside influences contained for the special contained for the special contained furnaced of the week has been contained fuguidation of cash prompts, partly results of the special contained fuguidation of cash prompts, partly results. nned liquidation of cash prompts, partly re laced by forwards. The quantity thus sole

has been absorbed and spot stocks are small. The consumption is good.

Copper has been unsettled, with as low as 254 Ts. 6d, reached on merchant bar prompts. The depression is attributed wholly to the financial crisis. Largest holders refuse to sell at present prices, and only small cash lots are offering. Consumers are buying for immediate mants oult. Prices for tin plate are held very steady. Makers keep well sold up, and some have orders for delivery as far ahead as March. Inquiries from America, which have been more numerous, resulted in several orders being placed, chiefly for cokes. Stocks at British shapping ports are 350,000 boxes, against 350,000 boxes, held a year ago. Old from has been in better demand for home account, but there is very little export demand at present.

NEW YORK—Pig iron dull and steady. Coppes ignored: lake, November, \$16.50. Lead unsettled, closed stronger; domestic, \$4.80. Tin active and firmer; straits, \$20.60.

Scotch Pig-Fioancial difficulties have served to keep warrants rather depressed in the face of steady reduction in stocks in Connal's stores, supply is in strong hands. Business has been done at 19s. Makers' stocks are extremely small and only a few brands are offered. | Coltness ......... 60s. 0d. f. o. b. Glasgow

pping point. suddlesbrough Pig-On Cleveland warrants eted by the decline, with 47s, quoted for No. iddlestrough, free on board, pregeletise.—The market is quiet and prices weaker. English 20 per cent quoted at f. o. b. at works. ted Wire Hods.—Nothing doing in these i prices are wholly nominal. Mild steel, b, quoted at £8 12s, 6d, f. o. b. shipping portice? Rails—Very few orders coming in cost lower and the market weak. Heavy stons quoted at £5 2s, 6d, f. o. b. shipping int.

Steel Blooms-Makers name lower prices. Business is slow. Bessemer 7x7 quoted 44 lbs. fan. b. shipping point.
Sized Biblets—There has been a fair movement at rather lower prices. Bessener, (size 294.225) quoted at £51,0 b. shipping point, Sized State—The demand has been moderate

A LIFELESS MARKET. unsettled. Ordinary Silesian quoted at £22 I'm Plate-Prices are well maintained, but 

DECREASE IN SHIPMENTS.

The Volume of Coke Business Much Less Than Last Week-Hope of Ending the Car Famine-Operators Doing Busines in a Conservative Manner.

SPECIAL TELEGRAM TO THE DISPATCE. SCOTTDALE, November 20,-An improvement was reported in transportation the past week, but, for reasons accounted for only in the car famine, there was a wide decline in the volume of business transacted. A feeling of confidence was seemingly prevalent in coke circles, but late developments have no doubt caused many deviations from well-laid plans. A few opera-

transportation will be restored to regular condition, and produce a laudable argument for their belief. They say that the lake coal trade will soon be over, and the immense shipping equipments utilized for that market will then be diverted to the coke region. Operators are transacting business in a conservative manner. They exercise judgment in gauging the broduction according to the imperative wants, at the same time considering the state of transportation. Of course the market is irregular, but the causes are attributed solely to the car famine.

Railroad companies are working energetically to drive away this famine. They have no apprehensions and seem to possess evidence that the improvement is already in sight. Some of the largest coke companies have notified the labor organization that as a medium of relief during the car troubles they will adopt the plan of making 96-hour coke, which will throw one-third of the employes idle each day. This will enable the coke firms to keep all their ovens in blast and serve as a preventive to the accumulation of coke, since the number of cars civen them is arranged according to the active ovens. Coke is at present being piled on yards because of no cars. The demand is characterized by the usual activity, although shipments fell away behind the past week. The works continue to operate six days per week. A few companies, however, are still observing the one day per week shutdown. There are no deviations from the quoted prices. An increase or reduction is not believed to be under contemplation by any of the operators. When the new wage agreement is formulated that question will be considered.

The inactive ovens in the region number nearly 1.200. The fire has not yet been extinguished in the Charlotte mine here. The Mahoning plant of Isaac Taylor, lessee, is still out of blast. The water, which has flooded the entire mine, cannot be gotten out. The fire has not yet been extinguished in the Charlotte mine of ovens in the region is indeed small when compared with the list of

plants. The fire is still burning in the Hill Farm mine.

Shipments the past week bear an ungratifying contrast when the comparison is made with the previous week. Shipments only averaged foil cars per day, against 1,142 of the week before. The decrease for the week was 1,130 cars. Following is the record of consignments of shipments: To points west of Pittsburg, 345 cars; to Pittsburg and river points, 1,270 cars; to points east of Pittsburg, 1,000 cars; total, 5,720 cars. This was the record of the previous week: To points west of Pittsburg, 4,070 cars; to Pittsburg and, river points, 1,500 cars; to pittsburg and, river points, 1,500 cars; to pittsburg and, river points, 1,500 cars; to pittsburg, 1,220 cars; total, 6,850 cars. Prices are the same, as follows: Furnace coke, \$2.15; foundry, \$2.45; crushed, \$2.65; all 1, 0, b, cars at evens per ton of 2,000 pounds. Freight rates from the region to points of consumption are as follows:

over by speculitors, owing to high cost of carrying, and the pressure has caused a further sharp decline in prices. Straits quoted at 189 los. for spot; futures (3 months), £90 5s.

Copper—Despite the strong statistical position of the market, prices have gone still lower under the weight of specularive realizations. This bars quoted £51 7s. 54. for spot, £54 15s.

Future delivery. Best selected Engishs, £82 Lead—Increased desire to seal has caused a birther decline in prices, and the market is still seak. Soft Spanish at £13 los.

BUFFALO—Cattle steady: receipts, 1 load through. Sheep and lambs steady; receipts, 9 loads through; 21 sale. Hors 10@15c higher; receipta, 35 loads through; 20 sale; medium and Speiter—Market dull; prices irregular and

He has not explained his object in desiring to locate in Pittsburg, but it is inferred that he is contemplating a railroad extension or combine of some sort, of which this part of the country will be the center. The same gentleman has also received a letter from the superintendent of a railroad in Ohio, whose headquarters are in Cleveland, saying that he will remove to Pittsburg if he can buy or rent a suitable house for him to live in.

There is a good deal here for reflection. There is no doubt that the greatest obstacle to the more rapid growth of the city is the the more rapid growth of the city is the scarcity of houses. If all the people who want to come to Pittsburg and enjoy its business advantages could be accommodated, there would be an immediate accession of several thousand valuable citizens. The gentlemen referred to above, having plenty of money, will no doubt secure what they have written for, as a few hundred dollars, more or less, is of little account in their eyes, but the bulk of those who regard Pittsburg as the Mecca of their hopes and desires, have more brains and muscle than ready cash, and need and deserve encouragement, without which they will be unable to establish themselves in this community. Being unable to build at once, capitalists should build for them.

This is not charity, but business, in the best sense of the word. These people would be an important acquisition to the productive force of the city, and the money invested in houses for them to hve in would yield a better return than if employed in almost any other enterprise.

In studying reperts of failures it should not be overlooked that the invariable cause as-signed is speculation. The downfall of Barker Bros. & Co., at Philadelphia yesterday, was distinctly due to this cause. Legitimate business is holding its own throughout the country, and in Pittsburg is on as solid a footing as at the transfer of this very

any time this year.

There is a wide distinction between speculation and business, between real and fictitious values, and knowledge of this divergence will not only enable the reader to acquire a better understanding of the situation, but will save him many doubts and fears. Business in Pittsburg is all right. Business News and Gossip.

Sites have been purchased on Webster avenue, Thirteenth ward, for about 20 frame dwellings, which will be sold at from \$2,000 to \$3,000 cinnati, are anxious to locate in Pittsburg. They have a representative now in the city looking for a suitable building. Twelve or 15 dwellings are going up in Ems

worth and immediate vicinity.

Junilia street, Thirteenth ward, is being paved with fire brick.

The finishing touches are being given to four handsome dwellings on Locust street, Edge-Pittsburg is coming to the front as a center for the manufacture of paving brick. Exports

for the manufacture of paving brick. Exports are already large, going as far East as Philadelphia and West to Columbus, O. Two or three large plants will be erected next spring.

A prominent business man said yesterday:
"A canal from Lake Eric to the Ohio or Allegheny river, terminating at Pittsburg, would double the business of this city in a very few years. It would cheapen the price of iron ore and therefore of the finished product, and give us a still greater lead in that industry, and it would solve the coal question for all time by enabling producers to open up new markets in the Northwest which they cannot reach by rail."

hase money. The Board of Directors of the Petroleum Exchange has concluded not to again offer the property at public auction at present, but will neuraln private proposals and give them compt compictonsideration. prompt consideration.

The Red Cloud Mining Company paid yesterday its regular monthly dividend of 5 cents per share, aggregating \$10,000. The stock is largely held here.

The Building Record.

The bright weather of yesterday had a good effect upon the builders. Eleven permits were taken out, against two the previous day. The list follows: Robert Kerns, frame two-story dwelling, 17x 32 feet, on Gaskell street, Thirty-second ward.

model and addition one-story frame factory, 42 x100 feet, on Eighth street, Twenty-ninth ward. Oliver & Roberts Wire Mill Company, iron

figures. Oliver & Roberts Wire Mill Company, iron one-story addition to boiler shop, 30x36 feet, on Ninth Street. Twenty-ninth ward. Cost, \$500. Oliver & Roberts Mill Company, frame addition one-story factory, 40x70 feet, on Fourth street. Thirtieth ward. Cost, \$2,000. Mr. Kneeland, frame one-story kitchen, 10x12 feet, on Clark street, Eighth ward. Cost, \$1,00. Reed B. Coyle, frame two-story and attic dwelling, 17x32 feet, on Sylvan avenue, Twenty-third ward. Cost, \$1,100.

Joseph Bastow, brick addition mansard-story dwelling, 24x30 feet, on Forty-fourth street, Seventeenth ward. Cost, \$500.

L. E. Haid, brick one-story paint shop, 10x16 feet, on rear Penn avenue, Ninth ward. Cost, \$100.

\$100.
Mrs. Mary Morrow, frame two-story and attic dwelling, 20x44 feet, on Collins avenue, Nineteenth ward. Cost, \$1,900.
Pennsylvania Railroad Company, frame one-story station, 14x2 feet, on Pennsylvania Railroad line, Twentieth ward. Cost, \$350.
Samuel Harris, frame one-story stable, 13x21 feet, on rear of 78 Clark street, Eighth ward. Cost, \$20.

Movements in Real Estate.

Samuel W. Black & Co. sold the lot corner of Craft avenue and McKee place, Fourteenth ward, 50x100, for a price approximating \$2,800. ward, 50x100, for a price approximating \$2,800. Magaw & Goff, Lim., sold a four-roomed house Magaw & Goff, Lim., sold a four-roomed house on lot No. 31 Oak Station plan, Pittsburg and Castle Shannon Railroad, to Sarah E. Houfry for \$1,250, monthly payments.

M. F. Hipple & Co. sold to J. A. Graver two lots, each Scribs leet, on the west side of Rebecca street, Twentieth ward, for \$7,500. They will be improved at once.

Black & Baird sold to D. A. Wilbert for J. H. Willock, lot No. 1 in the Willock plan, at Hazelwood, having a frontage of 45.4 feet on Second arenue by \$1 feet in depth, for \$1,600.

W. A. Herron & Sons sold a lot 20x165 feet, in the Duncan plan, Eighteenth ward, on Keystone street, with a small building, for \$1,500 cash.

becar street, Twentieth ward, for \$7.50. They will be improved at once.

Black & Baird sold to D. A. Wilbert for J.

B. Willock, lot No. 1 in the Willock plan, at Hazelwood, having a frontage of \$6.4 feet on Second avenue by 81 feet in depth, for \$1.600.

W. A. Herron & Sons sold a lot 20x186 feet, in the Dincan plan, Significant ward, on Keystone street, with a small building, for \$1,500 cash.

VALUE VANISHES.

Apparent Impossibility to Arrest the Downward movement as long as it lasted. The drong mounted to about 1 to \$25,000 cash.

Very little oil changed hands yesterday, and the market was weak, due to increasing production, a decline in refined at New York and Antwerp, and the indifference of outsiders, which is becoming more noticeable every day. Even the curbstone contingent was smaller yesterday than usual.

A few trades were made at \$80, which was the only quotation, but at the close the weakness became more pronounced, and the goong ron a bid of \$83/c. Clearings were \$5.000 barrels.

Average runs were \$5.885: average shipments, \$5.600; average charters, 15.322.

Other Oil Markets.

OII. CITY, November 20.—National Transit certificates opened at \$89/c; cleased, \$80/c. Sales, 270.600 barrels, shipments, \$7.612 barrels; runs, 104.076 barrels, shipments, \$7.612 barrels; runs, 104.076 barrels, shipments, \$7.612 barrels; runs, 104.076 barrels, shipments, \$7.602 barrels, \$8.600; average charters, 15.322.

NEW YORK, November 20.—National Transit certificates opened at \$89/c; closed, \$80/c; clearances, \$31.000 barrels.

BEALPORD, November 20.—National Transit certificates opened at \$89/c; closed, \$80/c; clearances, \$31.000 barrels, \$1.000 barrels, \$1

A search for new features at several of the leading banks yesterday failed to find any. Everything was moving along satisfactorily. The supply of funds was adequate to business requirements. Regular horrowers obtained all the accommodation sought; but there was considerable discrimination against outsiders, but even some of these made the rifle. Rates ruled steady on the usual 627 per cent basis. Exchanges were \$2.672,637 21 and balances \$396,503 42. Pullman Palace Car.

cific Mail-Bear Attacks on Gould

Stocks and the Grangers-

regularly changed from

Money Market Easy. New York, November 20.-The stock mar-

Some of the traders who had bought at the

low prices prevalent yesterday realized their profits, and the bears felt the market with some

shortsales, which soon turned the current and the market sagged away. An attempt was made to depress the Gould

stocks, with the apparent object of affecting the whole list, but it was quickly discovered

that a prominent house was buying largely, and, while Missouri Pacific lost I per cent of

another line of shorts. The attack this time

#### Why So Much Interest is Centered in Pa-DOMESTIC MARKETS.

OFFICE OF PITTSBURG DISPATCH, THURSDAY, November 20, 1890.

ket to-day has been rather quiet, without any of the excitement which has marked the trad-ing in stocks for the past two weeks, while the Country Produce-Jobbing Prices. Poultry and vegetables are in abundant supmovements of prices were quite irregular, and several changes of temper occurred, ply and markets are weak. Cabbage and turnips little more than yield enough to pay freight which resulted in leaving the list irbills. Prospects are good for cheap Thanks-giving turkeys. At this date all poultry is flat. last night's The early London advices an improving feeling there, Supply of grapes continues large, but the crop draws near its end for this season. Markets and the governors of the Bank of England at are still bare of fresh nearby eggs. A leading their regular weekly meeting, allowed the minimum rate of discount to remain unchanged dealer said yesterday: "Howe eggs are scarcely to be had. Jobbers would cheerfully pay 25 to instead of advancing it to 7 per cent, as had been anticipated. This caused a demand at the 28c per dozen for strictly fresh nearby eggs, but are unable to get them." Western eggs are in are unable to get them." Western eggs are in good supply and prices are steady. Country butter still drags, and anything in this line under par goes begging for customers. Choice potatoes and apples are in good demand. Potatoes promise to go higher soon.

The opening quotations were: May, 99%c, and December, 92%c, with some sales at 98%c

There are no new developments in this department of trade for some days past. All staples move along in the old ruts. Sugars are weak and coffees barely steady. Volume of trade has been light this week owing to finan-cial flurry and bad weather. But groceries are as much needed as ever, and it is only a question of time when demand will be active and goods move freely.

extreme nervousness which has been characteristic of the business for the past week, and considerable firmness was indicated by an advance of ½c inside of the first five minutes. May sold on this bulge at 99½c and December at 92½@20½c. At these prices, which showed an advance of 3½c from the lowest point of Wednesday's market, there were considerable offerings to realize profits on yesterday's purchases, and it was a tempting advance, occurring in so brief a time, for the bears to put out fresh lines of shorts. On the resulting reaction May declined to 98½c and December to 91½c, and this was followed by several fluctuations between the limits of 99½c and 88½c for May, with a drop to 88c about 12 o'clock.

The failure of a stock brokerage firm in Philadelphia caused the break, which occurred about 12 o'clock, but there was a quick recovery of about ½c. The market showed a dragging tendency toward the close, and became heavy on rumors of a disquieting nature regarding the run upon the savings banks in New York. May declined to 97½c about half an hour from the close, and December to 90½c. The recuperative power of the market had evidently been exhausted in the early trading, and the close was at practically the botrom prices of the way.

All Along the Line-Eastern

Advices Cause the Break.

weakness was about to be succeeded by some-thing more favorable to their interests. The

strength in the end was replaced early by weak-

With nothing to cause a renewal of the previously existing alarm, but, on the contrary, so much having a tendency to restore confidence,

a firm opening to all the speculative markets was naturally to be expected, and therefore

surprised no one when the opening prices con-firmed general anticipation. The liquidation of December wheat appears to be about over, so far, at least, as any great pressure of it is con-cerned, and the crowd is concentrating in the

May delivery. The premium in favor of the market showed a tendency to contract to-day,

and 92% respectively at the same time. Trading was fairly active, but entirely free from the

CHICAGO-The wheat market started to-day

goods move freely.

GREEN COFFEE—Fancy Rio, 24½@25½c; choice Rio, 22½@23½c; prime Rio, 23c; low grade Rio, 20½@21½c; cid Government Java, 20½@20; Maracaibo, 20½@27½c; Mocha, 30€

as the bell sounded, and their purchases were kept up for about 15 minutes on a considerable scale. The opening price for May was very irregular, there being simultaneous sales at 52%c, 530 and 53%c, the bulk of the business done being probably at 53c, it sold up to 53%c inside of five minutes, and from that time to the close its course was reversed. The heavier and more courageous of the shorts, instead of covering with the general crowd, sold more at the advance, and as soon as the first scare was over the scalpers helped the sellers and kept at it out the moderate railies up to the close, which was ½c below the price at the corresponding time yesterday and the lowest price made to day.

Oats were active but unsettled at the opening, which was at an advance of ½ to ½c, and prices appreciated ½c more. A weaker feeling developed, prices receding 1½c, but raillied slightly, Trading after the decline became lighter, and the market weakened, declined ½c and closed easy at ½6%c below yesterday.

Pork—Rather a goon business was transacted. Opening sales were made at fully 7½610c advance, and a further improvement of 10%15c was gained. The demand slackened and prices receded 27½600c. Later the market ruled stronger and prices advanced 12½4015c, but settled back again 20%22½c, and closed steady.

Lard—A fairly active trade was reported. At the opening, prices ruled 2½45c higher. Laterprices settled back 7¼610c, and the market closed quiet at inside figures.

Short Ribs—Rather an active business was transacted and prices factuated considerably. Opening sales were made at 5@7½c advance, but the rather free offerings caused a weak feeling and prices receded 10%12½c, and closed rather quiet.

Regs firm at 22@24c.

NEW YORK—Flour weak, free sellers; unset tied and fairly active. Wheat—Spot market unsettled, quiet and lower: No. 2 red, 97%c elevator: 98c affoat: 98%@99%c f.o. b.: No. 3 red, 92%c; ungraded red, 94c@31 00; No. 1 Northern, 99%c; No. 1 hard, \$1 04%. Options advanced early %@%c on better Wall street news, became weak and sold off 1%@2c on reports of a failure in Philadelphia, and bears raiding the market; No. 2 red, November, closing at 97%c; December, 98@9%c, closing at 19%c; January, 99%c@\$1 01%, closing at 99%c; January, 99%c@\$1 01%, closing at 99%c; January, 99%c@\$1 01%, closing at 99%c. eleving at \$1 02% May, \$1 02%@1 04%, closing at \$1 02%; May, \$1 02%@1 04%, closing at \$1 02%; May, \$1 02%@1 04%, closing at \$1 02%; May, \$1 02%@1 04%, closing at \$1 0000 market, change. Receipts as bulletined, 45 cars, of which 23 were received by the Pittsburg. Cincinnati and St. Louis Railway, as follows: 5 cars of corn, 12 of oats, 5 of hay, 1 of bran. By Pitts-burg. Ft. Wayne and Unicago, 1 car of middlings, 5 of cats, 3 of flour, 1 of malt, 5 of rye, 1 of bran, 1 of hay, 1 of shorts. By Pittsburg and Lake Erie, 2 cars of rye, 1 of hay, 1 of straw. The general drift of grain and hay markets is downward. All along the line the situa-tion is favorable to the buyer. With present weakness of stocks and tightness of money, the hand-to-mouth policy is generally pursued, and there are no signs of an upward movement in there are no signs of an upward movement in signt. The faith is strong, however, with deaiers that prices are down to bed-rock, and that markets must advance before long. There is already a stronger tone to markets in the West, and the improvement can hardly fail to reach here in a day or two.

Prices are lor carload lots on track:
