"SPECIAL TELEGRAM TO THE DISPATCH.I BOSTON, November 21 .- More people will go from Boston to Springfield to-morrow to witness the Harvard-Yale football game, if the weather is favorable, than have ever before. The tickets for admission to the grounds were sold two days ago, and tonight big premiums are paid for the coveted pasteboard. More than one was sold for \$10, while \$7 and \$8 were freely paid. The Bostop and Albany Railroad will run special trains to accommodate the thousands who will probably attend the game. A special train of eight parlor cars has been chartered by club men and Harvard graduates. It is estimated that between 5,000 and 6,000 people will go from Boston. Fully 2,000 Harvard students will go up on the first two specials to "root" for the crimson. Thousands of dollars have already been staked on the game by students, and a big pile of Harvard cash will be carried to Springfield. LOTS OF BETTING.

There has been a lively interchange of bets by telegraph between Harvard and Yale students, odds of 5 to 4 on Yale being the prevailing rate. There was a tremendous demonstration in Harvard square, Cambridge, to-day when the Harvard team

Captain Rhodes, of Yale, started for the scene of the contest. At 3 n'clock a big crowd drew up in the square to receive the players. The square was alle: with hundreds of students whose enthusiasm knew no bounds. It was a grand send-off for the team, and they could not elp being impressed by the confidence laced in them by their fellow students. aptain Cumnock's face was very pale. He knew he was going to face Harvard's rival with the best team that has repre-sented the crimson in many years, If he sould not win with this team, Harvard might as well withdraw from the battle, but

mination to win if such a thing be possible. Sherwin, who has made such a good record back, was forced to remain in Cambridge, his leg being in no condition to play. The team left Boston on the 4 o'clock train. It will be quartered in Springfield at Mrs. Gardner's, Main and Patton streets. The following men were taken up: HABVARD'S GREAT TEAM. Cumnock, left end; Upton, left tackle;

Finley, left guard; Cranston center; P. D. Trafford, right guard; Newell, right tackle; Hallowell, right end; Denn, quarter back; Lake and Corbett, half backs; B. W. Trafford, full back; substitutes, Mason, Crosby, Blanchard, Alward, Shea, Shaw, Crosby, Blanchard, Alward, Shea, Shaw, Harding and Frothingham. The Harvard's headquarters will be at the Massosoit House. A story has reached here to the effect that a tally-ho party of students from Boston to attend the Harvard's Ale game entered a farmer's pasture in the vicinity of South Spencer and yoked up a pair of cows, which they ridiculously decorated and drove a distance of ten miles, when they went to the freight agent at the railroad station and had them shipped back on the next train. There is not as many guideboards along the had them shipped back on the next train. There is not as many guideboards along the road as there were before these trisky students made their journey through to Springfield, for they pulled up as many as twenty-second day of the races at West Side they could conveniently and used them in Park was clear and beautiful. About 2,000 peodecorating the coach. To the traveler passdecorating the coach. To the traveler pass-ing in the opposite direction this vehicle the bookmakers, as usual, coming out ahead. must have presented a novel sight, so Track fast, uniquely decorated with guide boards, some which bore the inscriptions: "Three Miles to Four Corners;" "East Brookfield Five Miles;" "Warren Ten Miles;" "West Brookfield 15 Miles." Streamers of red bunting artistically attached to the coach also floated gracefully in the breeze and gave the vehicle a striking appearance as it rumbled along with its live freight over rocky thoroughfares and through little villages whose inhabitants turned out en masse to see the unruly lads, in the very height of their element, as they passed through on their way to Springfield.

The Lawrenceville Team. Captain White, or the Eighteenth ward footil team, has definitely arranged his eleven, who will tackle the Athletic team at Exposi tion Park. Captain White's players are as follows: Goal, W. Wardle; full backs, W. Woods and G. Clements; half backs, B. Poole, S. Potts and J. Sharman; forwards, C. White, J. War-dle, W. Hall, R. Cuthbert, T. Parks. The above team are in good playing form. A. Barrows will not play for the Athletics to-day, and Mc-Ewan, the Scotch athlete, will take his place. The Athletics had quite a busy time at Exposi-tion Park vesteriay and they expect to play. tion Park yesterday and they expect to play a good game. The game will start at 332.

Poe Will Play.

PRINCETON, N. J., November 21. - It is authoritatively stated by the management of the football ream that Captain Poe will play in the Thanksgiving game with Yale. Poe was out at football practice to-day for the first time since his injury nearly two weeks ago. He did not play, but captained the team and gave the signals. The awards have been the Senior oratorical contest beid by the Whig Society. First prize was given to C. E. Rhodes, or New York, and second to Hugh McNinch, of Pennsylvania. These are valuable prizes and esteemed as college honors.

SPECIAL TELEGRAN TO THE DISPATCH. WILLIAMSTOWN, PA., November 21 .- Willlams to-day won the championship of the football league by defeating Dartmouth in two and a hours by 6 to 0. The one touchdown was made by Street early in the first half. Brown kicked a goal. Preparations are being made for a grand celebration to-hight.

LOCAL BALL GOSSIP

Manager W. W. Burnham Engaged—Trouble About the Office of President.

Arrangements were definitely completed yesand Manager Walter W. Burnham, which engages the latter to manage the Pittsburg ball club next season. He left for home last evening and will return in three or four weeks to commence his duties here. Director J. P. O'Neill arrived in the city yes-

terday, and he did not hesitate to say that recent developments in the N. L. were such that there was no necessity to engage Mr. Burnham. Mr. O'Neill intimated that President Day, of the New York club, had arranged to release John M. Ward to Pittsburg if Ward desired to come, and Mr. O'Neill stated yesterday that Ward would come here. According to Mr. O'Neill's plans Ward was to play at short and manage the team. However, if Ward would come here to manage and play it is very likely that ne will come to play only, and the team will be all the better with him playing free from the responsibilities of management.

come to play only, and the team will be all the better with him playing free from the responsibilities of management.

It is useless to deny that there is a little unpleasantness existing between one or two of the local magnates regarding the Presidency of the club. Six of the seven gentlemen who will be directors are in favor of Mr. Nimick retaining his old office of President. Mr. O'Neill is emphatically opposed to Mr. Nimick's election, and declared yesterday that if Mr. Nimick was elected he, O'Neill, would be done with baseball entirely. Other gentlemen said the same regarding Mr. O'Neill, in the event of his election. It is pleasant to know, however, that the little hard feeling is only limited to two men, and, doubtless, in the interest of the club and everything connected with it, they will bury all personal feeling in the matter and be guided by the will of the majority. An ex-Players' League director stated yesterday afternoon that he and his friends had resolved to support the election of Mr. Nimick simply because that gentleman has held the office for several years and they don't want to be instrumental in making any change. The whole affair is of the most rivial character and ought not to have the least influence on the minds of business men. There were several little private confabs on the matter, yesterday afternoon, and there is nothing reasonable to prevent the little uppleasantness blowing past on, and there is nothing reasonable to prevent the little uppleasantness blowing past

at once.

During yesterday afternoon there was some talk among the leading stockholders of the club of sending Secretary Scandrett to Chicago to have a ralk with A. G. Spalding regarding some of the latter's old players. Mr. Spalding las claim on such good men as Van Haltren, Ad Gumbert, Ryan, Farrell, Duffy and Pfeffer. He will not need them all, and it is thought that he will allow some of them to come to Pittsburg if they so desire.

PLAYERS' LEAGUE ECHOES

Several Brotherhood Members Who Have

Not Been Paid Their Salaries. NEW YORK, November 21.-Upon investigation the affairs of the "late lamented" Players' League do not appear to be as rosy as the followers of the organization seemed to think. Many of the players have not been paid off in full for their season's work, and in one instance at least, that of Buffalo, the men will probably whistle for their money. If reports are true a like condition of affairs exists in the Chicago club, which was rather a severe disappointment

last season.

While the condition is not so bad in this city. there are several players anxiously awaiting overdue salary. Richardson, Keefe, Shannon, O'Rourke and Whitney, all local favorites, are sad because they have not received any salary since September 1. The club is in arrears to one of these players just \$1,500. Counting from September 1 to the time that their contracts expired, there is just six weeks' salary due bese players.

Captain Ewing received the remainder of his 9 o'clock every evening until January 1,

Cantain Ewing received the remainder of his season's salary only a few days ago, and when he started for home he also carried Catcher Vaughn's salary out with him. It was said yesterday that the expenses of the New York Players' clob were \$67,000. The gate receipts at home and abroad had been \$59,000, leaving a shortage of \$8,000.

The directors of the local club are Postmaster Vancott, President; E. A. McAlpin, E. B. Tal-bott and F. B. Robinson. That the players will get their salaries in time is assured, but it is nevertheless a fact that they have not seen the color of Brotherhood gold for a discourag-ingly long time. Colonel McAlpin is expected home from the West on Monday, when a meeting will be held and the necessary checks made out and forwarded to the players.

Tom O'Rourke was seen last night. He said: "Captain Cook has been the stakeholder of the majority of the battles that have been fought in the East of recent years. He has held the stakes of nearly all the battles that I have had to do with, and that was my motive for selecting him in this instance. I was not aware that McCarthy had a deposit up until to-night, but he can easily transfer it if he wishea, to. I had a \$500 deposit up with the Police News for McCarthy to cover to fight Dixon for, prior to Dixon's departure for Enrope, McCarthy failed to cover it, and the match fell through. I would prefer to leave my deposit in Captain Cook's hands, under the circumstances."

John Kelly was also seen. He said: "I am

"Hilly" Bull, the ex-Yale full b-ck, has gone south to spend the win er in Bermuda. "Aleck" Moffatt, who has his place on the Crescent team, is one of the greatest full backs ever seen in this country. His kicking is nearly perfect, and he is always in the right place. He was captain of the Princeton eleven in 1883, and plaved for five years. No college player has a greater record at kicking goals from the field. His greatest achievement was in 1883, in the Harvard-Prince-on mate, when he kicked three goals from the field, giving his college the victory. In 1884, when Bird was explain of the Princeton team, Moffatt kicked two goals from the field during the match with Yale. The match in that year wa unfinished on account of a dispute. His foot has not vet lost its cunning, for since playing on the rescents he has scored two difficult goals from the 3-yard line, one-against Columbia College and another against Orange.

HAMILTON'S MUSIC EMPORIUM. His Trade Increasing in Activity and Proportions.

A quiet, leisurely stroll through S. Hamilton's music rooms at 91 and 93 Fifth avenue, by anyone who is not thoroughly familiar with musical instruments of all kinds, would reveal to him many things of which he had previously been ignorant. One of these would be the infinite variety of styles in pianos and organs. He would find them in rich, plain and ornamented cases of ebony, hazelwood, birch, mahogany, light and dark, oak, satinwood, walnut and rose-wood, all in the beautiful designs to describe

which is impossible.

Hamilton is just now enjoying a great trade in chapel and church organs. He has this week placed five of these latter in United Presbyterian churches, and a number in Pittsburg, Homestead and Youngs-town (O.) schools. This is not to be wondered at when the prices of these instrument range from \$50 for a chapel organ to \$10,000 for a church pipe organ, built of any special size or design to correspond with the architecture of the building in which it is to be placed. His trade in pianos and organs

leads the general trade, as usual.

As the holidays approach Hamilton's trade is increasing in volume to such an extent that after next week or December 1 his store and salesrooms will remain open until This is done for the double purpose of ex-tending the hours in which to do added work and to afford everybody ample opportunity to make purchases. You cannot make a mistake by going to Hamilton's, 91 and 93 Fifth avenue.

A HUNTING PARTY'S SUCCESS.

They Kill a Tremendous Lot of Wild Game in Southern Indiana. CINCINNATI, November 21 .- One of the most successful hunting parties that ever went out

from this city returned yesterday from South-

ern Indiana. They were out only four days, but the slaughter of game was truly remark. In the party were Colonei Jack Frey, William Hildebrandt Phillips, Louis Ross and T. R. Hildebrandt Philips, Louis Ross and T. R. Harms.

All are noted shots and have frequently broken the chammionship record, although too modest to claim it.

The hunting grounds they visited are on Laughing creek, near Batesville, Ind. They brought back 1.386 qualis, 642 wild ducks, 421 wild turkeys, 24 black-tailed deer and seven bears.

LADY MANAGERS STILL ORGANIZING

CHICAGO, November 21 -At to-day's meeting of the World's Fair Commission one threatened rock was avoided. The committee appointed yesterday to consider and report on the Director General's relations o the National Commission and the Local Board was not ready to report when that order of business was reached, and additional time was granted.

The report of the Committee on Foreign Affairs was taken up and adopted, with a resolution authorizing the committee to expend \$20,000 in sending agents abroad, as provided by the act of Congress, no expenditure to be made, however, until the President shall have issued a proclamation concerning the fair to the nations of the earth. At the afternoon session the special com-mittee on the relations of the commission and the Local Board, and the powers and duties of the Director General, made its re-

LAYING DOWN THE LAW.

It says that all the powers of the commission should be exercised in a large measure through the Director General. The report practically reproduces section 6 of the national act defining the powers of the commission to have intercourse with all exhibitors. Then the report says:

It is their opinion that this commission, under the act of Congress, possesses the powers enumerated; that these are in no sense diminished or abridged by reason of the fact that the larger portion of the fund to be used in setting on foot and carrying into successful operations the World's Columbian Exposition operations the World's Columbian Exposition is to be raised through the instrumentality of the local lilinois corporation. It is the opinion of your committee that the fund, when raised, is a public fund, dedicated by the act of Congress, and with the consent of the Illinois corporation, to a specific purpose, and to be controlled and expended in the execution of the purpose by the agencies named by the said act of Congress.

JURISDICTION OVER FUNDS. The Illinois corporation is to supply the necessary funds, not less than \$10,000,000, to be used and expended for the purposes of the Exposition; but such funds are to be used in accordance with the act of Congress, and are to be expended only under the general supervision and subject to the approval of this commis-

shows the power which it is intended the Director General shall exercise: Under the existing organization of the com-mission the Director General of this commission is the officer through whom space is to be allotted to exhibitors, the classification determined upon and executed, and through whom this commission and its committees are erally to have charge of all intercourse all exhibitors and with the representativ foreign nations.

Another paragraph deals with the rules and regulations of the Exposition, as de-fined in section 7 of the national act. It concedes that these are to originate with the Lecal Board, but says: "The rules and regulations are to be approved by a majority of the commission and under the general su pervision of its Director General." port winds up by recommending a conference with the Local Board. The report was unanimously adopted.

THE SALARY QUESTION.

The other important matter to-day was brought up by the report of the Committee on Finance. When the section was read saying that the Secretary of the Treasury had approved the salary list of the comiou, Mr. Wailer said that if the commission had done any one thing that caused a storm of considerable energy and is central more criticism than another it was the over the Northern lake region. Its progress fixing of sylaries. It was the general pression in the commission and out of it that some of the salaries were outrageously large. Mr. White, of New Mexico, presented a resolution cutting in two the sal-

Vice President of the committee, making them \$6,000, \$5,000 and \$4,000. The Director General's sulary was not touched.

Mr. St. Clair contended that the salaries were not too large, and Mr. Martindale inroduced a substitute that the Committee on By-Laws consider the propriety of reducing the salaries named to \$6,000 each. The commission would have to go to the States for appropriations. The people of the country thought that the salaries were too large, and they would hesitate about making any large appropriations, if the commission set the example of spending money in large salaries. After getting into an intricate muddle of points of order and the motions to refer and to lay on the table, the salary question was referred to the Committee on Judiciary and

aries of the President, the Secretary and the

By-Laws. The commission then adjourned

till to-morrow. WOMEN'S WORK. At to-day's meeting of the lady managers, Mrs. Lucas, of Pennsylvania, introduced a resolution which asked for the closing of the Fair on the Sabbath day, in so far as it was affected by barter and exchange. Half a dezen ladies vied with each other in being the first to speak on this resolution, and it was deemed wise to set the matter aside for the time being. The remainder of the ses-sion was occupied in completing the nerma-

nent organization.
