I don't desire any newspaper talk, and, therefore, will not pay any attention to replies made to my challenge unaccompanied by a forfeit." The above challenge certainly is plain and pointed enough for anything. Priddy means everything he says. It may be likely that Myers will be di-posed to tackle the Pittsburger according to challenge, and if he does one of the most important races that has taken place for years will be witnessed. Priddy is anxious for a race, and he can soon get into first-class condition.

PRINCETON'S PROSPECTS.

Captain Poe Giving His Team Final Pointers

for To-Morrow's Contest. PEINCETON, November 25 .- As the big game draws near the interest continues to increase. The students feel somewhat more confident, if not of victory, at least of keeping down Yale's score. The team and others who attended the Yale-Harvard game returned yesterday favorably impressed with Yale's strength and aliround good game. The players say she has a good rush line, but think our backs excel those I Yale, and, therefore, these will be used by Captain Poe to the best advantage. No doubt be will give Yale a kicking game, and thus an apportunity to fumble plenty of punts. Captain , however, is far from being as confident as he was last year. To-day, by his orders, the gates to the field were closed against all id-be spectators. Many went with the hope ST. His answer to the first question, "Do you know Mrs. Coppersmith?" astonished the court. "I did know Mrs. Coppersmith," he said, "but that is not her name now. She is my wife, Mrs. Fechter." "Do you mean to say you have married the woman?" "Certainly. We were married last March. She obtained a divorce from Mr. Coppersmith in January." Judge Trunk took a hand in the examin-

Ex-Umpire John Kelly was timekeeper. The fight was set for 9 o'clock and the men made their appearance at 920. Godfrey was seconded by Frank Steel, the Boston lightweight, and Jim-mie Campbell. William Muldoon, the wrestler, and Jack Ashton, the heavy-weight, who was recently defeated by Godfrey, looked after Smith's interests. with's interests.

The gloves were weighed and the men got down to business at 9:26. From the start it was seen that Smith was overmatched, Godfrey punishing him at will. Smith, however, made a game fight and several times resumed his work after he was apparently done for. The fight continued with Godfrey gaining ad-vantages in nearly every round until twenty-two rounds were fought. In the twenty-third round Godfrey started in to finish his man and landed a heavy right-hander on Smith's ehr. Smith staggered to his corner and nearly fell, but made an effort to again put up his hands. Referee Dunn, however, stopped the fight then and there, saying: "I am now able to decide the fight, Godfrey wms." Muscular Rheumatism Cured.

Mr. A. Danner. Sir :-- I have been afflicted with muscular heumatism for over two years, and was not able to move about on account of pain in the muscles of the limbs, and could get in no position to rest them. I have been treated by several physicians and tried various remedies, but received no relief from my suffering until I commenced taking your Essence of Health, which was highly recom-mended as a speedy cure for rheumatism. I found it to be true in a short time, for the

pains in my joints grew less every day and I continued to improve in general health and strength and am glad to say I am free from rheumatism and every trace of pain has disappeared. They Leave Louisville and Talk About Their Proposed New Circuit.

LOUISVILLE, November 25 .- The members of the American Baseball Association and other baseball men who came to the annual meeting here yesterday went to MacAuley's Theater apon invitation last night, and were entertained at a lunch at the Pendennis Club by President Phelps and President Parson, of Louisville. All left to-day and there was no further meeting of any kind. It was generally stated last night that the formation of the conference committee to make up the circuit for next year was largely for the purpose of oust-ing the Rochester, Syracuse and Toledo clubs, and one paper published a wild story that Rochester and Syracuse would be excluded on the grounds that in failing to play Sunday games they had failed to play games scheduled in the articles of agreement. Then with two new clube Toledo could be excluded for busi-

ness reason. There was a general cry that the three clubs had been trapped and induced to vote for the conference committee which meant their cerain exclusion. This is denied by Association flicinis, who say the conference committee will not attempt to force out Rochester, Toledo will not attempt to force out Rochester, Toledo and Syracuse, but will try to make a friendly settlement with them by the purchase of their franchises or other methods satisfactory to all. It is heliewed that the clubs having lost momey readily enter upon an arrangement. The conference committee will go to Chicago, Bos-ton and other large cities and make efforts to arrange a much better circuit than last year. Washington wants to come in. Manager Chap-man, who left for Brooklyn to-day, said just before leaving that he expected to have a much hetter team for Louisville next year.
