A DECLINE ALL ALONG THE LINE.

Light Tidy Butcher Beeves Suffer Least From the Drop.

SWINE WEAKER, GOOD SHEEP STEADY

OFFICE OF THE PITTSBURG DISPATCH, WEDNESDAY, Dec. 10, 1890.

The run of cattle at the East Liberty yards this week was the largest of the season. Markets opened on Monday morning with over 200 car loads on sale, these were reinforced through the day and on Tuesday until the totals for the week reached 230 car leads or more. A large proportion of offerings was what stockmen term trash, consisting of light heifers, stockers and halffatted butcher stock.

There was as usual a scarcity of light tidy butcher beeves weighing from 1,100 to 1,200 pounds, the kind our markets call for. The reason given for the big run was thus given by a leading stockman: "The late cold snap has had the effect of depriving cattle of out-door food, and, as grain is high, farmers prefer to push live stock onto market farmers prefer to push live stock onto market rather than undergo the expense of wintering. Corn has become too precious to put into cattle and hence a multitude of farmers have pushed stock onto markets this week. Receipts were fully double our local needs. In consequence of heavy run, markets opened slow on Monuayata decline of 20 to 40c per cwt. on common and low grade stock, and there has been no improvement since. Light, amouth butcher beeves suffered least from the decline, but even they were a shade weaker than last week and sold at about 10c lower. Good feeders were close up to last week's prices. han last week and sold at about 10c lower, Good, ceders were close up to last week's prices, out are not so much wanted as they have been or a few weeks past. From 30 to 40 loads were hipped on East, and about 10 loads were in the cards this morning, unsold. Shippers of hicago cattle must have suffered heavy losses ago cattle must have suffered heavy losses, his week's operations. A commission man reted that one load entailed a loss of \$100, others not less than \$75. The highest price was \$1.70 for a load of extra Ohio beeves, the cows were in fair supply and a shade or, with \$25 to \$15 as the range. Sheep and Lambs and Swine.

There have been about 35 loads on the market is week, and not more than 20 per cent good stock. Apything choice held up fairly well to 615 last week's prices, but common and low grades were weak and lower. Markets closed weak for all below fancy. Top price of sheep was \$5.35 and lambs 6c, and only a few reached these and lamis by, and only a few reached these figures. Recepts of hogs for the week have been about 100 loads. Top price was \$3.90 and only a load or two brought this price. There were 101 loads on sale this morning and market was slow with \$3.80 as top price.

By Telegraph.

CHICAGO—The Evening Journal reports:

MARKETS BY WIRE.

A Dull Season in the Wheat Pit, But a Slight Improvement Scored-Corn Lower-Oats Slow and Easier-Provisions Unchanged.

CHICAGO-The feature of the wheat market

to-day was its dullness. There was a notice-

table paneity of offerings on a slight decline

which took place in the earlier part of the ses-

mion, and Mr. Hutchinson was a good buyer on any soft spots during the day, but both he and Pardridge were reported to have been sellers whenever the market showed strength enough to take offerings without selling under the price. The general tone was one of firmness, and 3 c improvement was established at the close of to-day's session. Corn was steady and generally firm, although closing lower than it thid yesterday. There was a good business in provisions without much charge in provisions. provisions without much change in prices.

The wheat market opened very quiet and without change in price since the previous afternoon. There was nothing in the dispatches atternoon. There was nothing in the dispatches received prior to the opening to disturb either of the parties to the deal. The present condition of sales appeared to afford a fair lighting ground for the holding of options upon each side. May wheat opened at 18% c, with sales at 88% at the same time. It advanced to 88% c, but barely touched that price and immediately sagged off to 88% c. It fluctuated for some time between 88% as 18% c, with only a sale or two at the latter price, however, and then advanced gradually until it touched 98c. The latter point was reached about 45 minutes from the close, and it was well maintained between 88% our off the session. December was nominally kept at a discount of 8% c from the price of May.

The opening price of May corn was 54% c, which showed no change since the previous afternoon. There was a sale or two at 5% but in the course of a few minutes there were sellers at 58% c and 68% of \$100 c.

in the course of a few minutes there were se ers at 50%, and 50% was the trading price at one period of the session. After again advanc-ing to 54% at worked off once more to 54%, which latter price was bid as the market closed.

which latter price was bid as the market closed. Outs were slow and easier and without new or interesting features. There was tair buying by two large operators, but there appeared to be sufficient offered to supply the demand, and prices, after advancing 1/40/2c, declined 1/2c and closed quiet at about inside figures.

Pork—Rather a good business was transacted, with a comparatively steady feeling. Prices ruled slightly higher at the opening, and then a reduction of 25/40 c was submitted to. Later, in these rullied libe, but settled back again 5/40. 734c and closed rather steady.

Lard—Quite an active business was transacted, and rather a firm feeling prevailed.

Larly prices were advanced 234c. Later prices

MINNEAPOLIS—The demand for good milling wheat, with the exception of No. 1 hard, showed a marked improvement to-day, but poor samples of the lower grades dragged considerably. Millers were quite liberal buyers, and there was a good general demand, some for shipment to Chicago, which, with the smaller offerings, made a good market to sell on though competition was not sufficiently active to enable holders to get the price up above the difference between cash and May that has been prevailing for several days. Closing prices: No. 1 hard December, Sec. January, Sec. May, 81 00; on track, Sec. No. 1 Northern, December, Sec. January, Sec. No. 2, Northern, December, Sec. January, Sec. SEVERAL NEW IDEAS. Plans Being Arranged for a Big Medical Office Building.

THE NEED OF A PARK AT THE POINT Brokers in a Dilemma Over Westinghouse

Electric Company Stock.

It was mentioned some time ago in this column that a movement was on foot for the erection on Penn avenue, in the vicinity of the Philadelphia Company's building, of a six-story structure for the exclusive use of the medical profession-a medical office building, in fact, designed to concentrate all the doctors of the city under one roof, so far as practicable, as has been done to a large extent with the lawyers. It was stated that the rooms would be single or en suite, the

first floor to be used as a store for the sale of drugs and all kinds of surgical appliances. The agent for the property upon which it is proposed to erect a building of this kind said yesterday: "The owner tells me that he has made up his mind to go ahead with the improvement. The ides is a new one in Pittsburg. There is such a building in Philadelphia, and it pays, and I have no doubt it will pay here. Besides, it will be a great convenience to the public. Plans are being considered, and I think work on the building will begin next spring. It will be modern in every respect, and will cost about \$100,000.

Talk About a Park. In conversation yesterday with a gentleman who is familiar with the affairs of the Schen-ley estate, he said: "That Pittsburg needs more parks will be denied by no one. In this respect she is far behind every other important city in the country. Statistics will bear out this statement. We do not need a large park so much as a number of small ones, so located as to be easily reached by the people. No portion of the city stands more in need of one of these breathing-spots than the Point, taking in the city as far up as Grant street. It would be a comparatively easy matter to construct a park in this district, large enough to meet all the re-

in this district, large enough to meet all the requirements of the people; for I have it upon good authority that from one to two squares could be purchased from Mrs. Schenley for this purpose at a reasonable price. I think the agent, Mr. W. A. Herron, will corroborate my informant in this matter.

"A park of this size would look like a pigmy alongside of the East End concern, but it would be large enough for all practical purposes, and the pleasure it would confer upon thousands of people who are now shut out from pure air and sunshine, to say nothing of the saving in doctors' bills, would more than compensate for the cost. Besides, it would obviate the necessity of an annual open air fund for the children."

Improvement in Architecture.

Improvement in Architecture. Pittsburg is making remarkable progress as a city of homes, and beautiful homes at that. In no other direction within the past few years has there been greater improvement than in architecture. This embraces both business houses and dwellings. The square box of 20 years ago is a thing of the past, not to be resurrected. The tasty home takes its place with scarcely a ripple on the surface. If one with scarcely a ripple on the surface. If one look for a cause for this wonderful change it is easily found. Architects and builders are better equipped for their work than those of a decade or so ago. They have studied their profession. They have cut loose from old utilitarian ideas and methods, and aim higher than the commonplace. While not neglecting the useful and durable, they no longer sacrifice the beautiful. Buildings erected this year are a great improvement on those put up last year, but next year promises to see a still greater stride in this direction.

Business News and Gossin.

Business News and Gossip. Lemon, Arnold & Co. have contracted for a four-story factory building on Mulberry street, Allegheny, to cost \$10,000.

Yesterday, for the second time this year, bank clearings fell under the \$2,000,000 line. This was a common occurrence last year. Those who may draw an evil omen from the drops would have no difficulty in extracting The most important mortgage on file yester-day was for \$4,000. Twenty-one of 32 were for

visions quiet but steadler in tone. Pork—

MINNEAPOLIS—The demand for good millBrown & Donnell plan, Nin eteenth ward, will

Time Money is Not in the Market and the Brown & Donnell plan, Nin eteenth ward, will build next year.

Several considerable blocks of local stocks have changed hands outside the Exchange recently, showing that the buyer is still abroad. For an entire week this year bank clearings averaged over \$3,000,000 daily—something previously unknown here.

It is said that the Western Union Telegraph Company will declare its usual quarterly dividend of 1½ per cent.

It was stated yesterday that there will be a meeting of the promoters of the projected Homestead Railroad the latter part of this month. build next year.

month.

Considerable building is going on in the Temperanceville district, convenience of access to the manufacturing and commercial centers making it attractive to home-seekers.

The Building Becord.

The demand for building permits was fairly good yesterday. Eight were taken out, several of them being for high class houses. The list

W. R. & E. G. Mooney, two frame two-story dwellings, 18x26 feet each, on Spahr street, Twentieth ward. Cost, \$5,000. Frederick Baibach, frame one-story dwelling, 18x30 feet, on Brereton avenue, Thirtecuth ward. Cost. \$250.

Mary Wardman, frame one-story and man-

Movements in Real Estate. C. H. Love sold the property No. 253 Forbes street, lot 16x50, with a brick dwelling, for A. E. and G. Schoen to Johanna G. Knox, for

Black & Baird sold to Albert Swager, a property in West Liberty borough, on the Washington road, containing three-quariers of an acre of ground with a small frame dwelling thereou, and other outbuildings, for \$675.

W. A. Herron & Sonssoid lot No. 37, in the Brown & Donnell plan, being the last lot on the north side of Dauphin street, in their plan near Winebiddle avenue, Nineteenth ward, for \$500.

Mingaw & Goff, Lim., sold lots Nos. 49 and 50, each 24x100 feet, corner Greely avenue and Magaw & Strow feet, Etna Park place, to Peter Braun, for \$535.

HOME SECURITIES.

Electric Moves Up a Peg and Philadelphia

Holds Its Own. So far as prices were concerned yesterday's stock market differed but little from that of the previous day, but trading was less active. If there were any orders there was no pressure to place them. Electric was stronger and Philadelphia Gas about held its own.

There was considerable discussion at the last call in regard to the standing of Electric, but without turning on much light as to what the figures of the company really mean; and, not knowing what to do, the brokers did nothing. It was offered very sparingly, showing that bolders are not ready to give it away. The closing bid was a small fraction better than the opening.

FIRST SECOND THIRD CALL, B A B A B

and 50 Pleasant Valley at 25. After call 100 Philadelphia Gas changed hands at 1334. Sales at second call were 40 Electric at 13, and 160 Philadelphia Gas at 14. After call 10 shares of the same brought 114. There was no business at the last call. Total sales, 380 shares.

The total sales of stocks at New York yesterday were 245,950 shares, including: Atchison, 29,780, Delaware, Lackawanna and Western, 33,004; Louisville and Nashville, 12,300; Missouri Pacific, 11,970; Northern Pacific preferred, 12,000; Reading, 7,620; Richmond and West Point, 7,624; St. Paul, 32,830; Union Pacific, 28,740; Western Union, 5,177.

HARD CASH.

The Local Monetary Situation Unchanged, but in Good Shape. THE NEWS AND GOSSIP OF THE CITY

For the second time this year the bank clearings yesterday were under the \$2,000,000 line. They were \$1,966,107 60. On March 14 they were \$1,875,797 72. The drop was attributed to a dis-position among business men to favor the banks as much as possible by checking only as required by their actual needs. When banks and business men thus work together there is very slight possibility of a catastrophe. The determination to issue Clearing House certificates in case of necessity further strengthens

cates in case of necessity further strengthens the situation.

All legitimate calls for money were promptly responded to, but the usual conservatism was observed in regard to outside paper. Unless gilt edged it was refused. On the whele, however, there was a visible improvement in the financial situation, and the opinion was quite generally entertained that the crisis had been passed, and that whatever may happen during the remaining days of the year will be due to the ordinary exigencies of trade and be of local significance. The general situation, as remarked by a leading ilnancier, seems to be too well grounded in prosperity to be materially disturbed.

Money on call at New York yesterday was easy, ranging from 2 to 6 per cent, last loan 3,

easy, ranging from 2 to 6 percent, last loan 3, closed offered at 3. Prime mercantile paper, 74@10. Sterling exclange excited and active at \$4 78 for 60-day bills and \$4 88 for demand. Closing Bond Quotations

CHICAGO—Clearings, \$13,324,918. New York exchange was 70c discount. The demand for funds was in excess of the supply, and the rates were stiff at 7 per cent for all classes of loans.

New ORLEANS—Clearings, \$2,470,078. New York exchange—Bank par; commercial, \$1 50 per \$1,000 discount.

ST. LOUIS—Clearings, \$3,405,32; balances, \$273,342. Exchange on New York, 75@30c discount. Money, 668 per cent.

BALTIMORE—Bank clearings, \$15,974,620; balances, \$1,452,708. Money, 7 8-10 per cent.

PHILADELPHIA—Bank clearings, \$2,274,208; balances, \$32,088. Money, 6 per cent.

UNCINNATI—Money firm at 8@7 per cent; New York exchange irregular at par at 40 cents discount; clearings, \$2,552,237.

New York—Clearings, \$130,410,265; balances, \$5,808,529.

SLIGHTLY STRONGER.

Oil News Rather Bullish and the Market Braces Up Somewhat.

The oil crowd appeared to be in better spirits rate on crowd appeared to be in better spirits yesterday in consequence of the growing probability of an independent pipe line, and the price was higher. The monthly report was rather bullish, which was another element of

strength.

The market opened at 64½c, advanced lc and dropped back to the initial figure, at which it closed, with 64½c bid. Trading amounted to about 8,000 barrels. Clearings were 62,000 barabout 3,000 barrels. Clearings were 62,000 barrels.

Refined was higher at London. Average runs were 75,269; average shipments, 93,616; average charters, 15,948.

McGrew, Wilson & Co. quote puts 63@63½c; calls 65%@66c.

Other Oil Markets.

NEW YORK STOCKS. Time Money is Not in the Market and the of State, died at Monticello, Ill., yesterday.

Are Available—The Temper of the Street.

NEW YORK, Dec. 10 .- The stock market today was less active than that of yesterday, and the strength of yesterday's market was not held, notwithstanding that call loans were easy throughout the day, never being more than 6 per cent and reaching as low as 2. Time money owever, is not yet in the market and failures among mercantile houses continue to be an-nounced, and to-day one in the street was added to the list. Commission houses seem to feel that we cannot have a pronounced buil market until time loans are available, although they advise the purchase of securities by those who have the money to pay for them in full, and however prices vary there is always considerable of this kind of buying of both stocks and bonds. The slight advance in the prices of bankers' bills was a factor in the depression today, but the amount of gold already taken is stated at over \$5,000,000 with the prospects that

stated at over \$5,000,000 with the prosponsor will come.

The tempor of the market at the opening this morning showed that the rise of yesterday was more a squeeze of the shorts thau anything else, and the demand for that purpose was entirely lacking, and while the fortnightly settlements were reported as progressing very favorable on the other side, London was a seller, and there was considerable pressure to sell what Mary Wardman, frame one-story and mansard dwelling, 16x32 feet, McMaster's Place,
Eighteenth ward. Cost, 5500.

T. P. McLaughlin, brick addition twe-story
dwelling, 20x30 feet, on Thirty-eighth street,
Fifteenth ward. Cost, 51,300.

I. W. Scott, frame twe-story and attic dwelling, 31x36 feet, on Herron avenue, Thirteenth
ward. Cost, \$4,938.

William H. Harris, brick twe-story dwelling,
17x30 feet, on Casey alley, Twenty-fifth ward.
Cost, \$4,900.

T. H. & J. H. Froat, frame twe-story and
mansard dwelling, 21x34 feet, on Eoquet street,
Fourteenth ward. Cost, \$3,100.

John M. Gibson, frame twe-story dwelling,
20x32 feet, on Finshing alley, Twenty-first ward;
Cost, \$1,000.

time, but the effort served to check the decline for a time only and later there was another attack, which in the last hour, carried prices down to the lowest of the day.

The coal stocks were specially prominent in this later drop and both Lackawanna and Delaware & Hudson lost 4 per cent from the best figures. Union Pacific and Rock Island, with the other grangers were also specially weak, The market finally closed active and weak at about the lowest prices of the day. The final changes are not so large, however, while Lackawanna is down 3½, Union Pacific, 2½; Jersey Ceutral, 2; Rock Island and Colorado Coal each 1½; Sugar, 1½; St. Paul, Louisville & Northwestern, 1½ each, and Atchison and Chicago Gas each 1 per cent, the rest are only fractional lower.

Railroad bonds were quiet, but displayed a firmer tone than stocks, the final changes being generally slight and of the important ones there was an equal number of gains and losses. The sales of all issues were \$1,441,000 out of which Lake Shore second regular furnished \$100,000.

Government bonds have been quil and steady. State bonds have been entirely neglected. Petroleum opened strong for January option and advanced ½ on Standard oil buying, but reacted latter, then became dull and remained so until the close, Pennsylvania oil, spot no sales. January option, opening, 55; highest, 65%; lowest, 64%; closing, 64%. Lima oil, no sales. Total sales, 60,000.

The Post says: The reaction was largely due to the further imports of gold, and partly also to the fear that the Bank of England would advance its rate of discount again to-morrow morning to 6 per cent. The rates at which bankers' short hills sal low as \$4.77 they could be discounted in London so as to be turned into short sight exchange at a cost that would still bring gold if the rates for money in London do not go higher. The exports of cotton in the last five weeks to December 5 were of an approximate value of \$55,300,000, against \$53,500,000 in the same time of 1889, and have furnished a large amount of 000 in the same time of 1889, and have furnished a large amount of exchange, which, together with the increase in other commercial bills will probably keep the rates of exchange down to the gold importing point. The general expectation of bankers is that this will bring more gold. If this proves to be the case it will strengthen the stock market, as the upward turn in stocks was mainly the effect of the gold imports.

—After hearing the testimony of several more witnesses, among them Dennis Kearney, the Congressional Committee on Immigration, which has been investigating the Chinese question at San Francisco, finally adjourned Tuesday executions.

day evening.

-Augustus Thibodo died suddenly at his home, aged 90 years. He was father in law of the Rev. T. W. Barry, chaplan of the United States forces at Fort Sully, S. D. He was the compatriot of William Lyon Mackenzie, the Hoc. Robert Baldwin and Sir Francis Hincks. —1: has been reported that Dr. Arthur Kunfin, the Trenton dentist, whose wife was murdered about a year ago, had married Miss Emma Purcell. Mrs. Kniffin was killed while Miss Purcell was sleeping with her and both the latter and Dr. Kniffin were arrested, but subsequently acquitted.

NO DANCERS IN ALASKA.

Indians Show Marked Improvement in the Cold Country. Rev. Allan McKay, of Fort Rangell, Alaska

was a passenger last evening for New York to attend the annual meeting of the Presbyterian Board of Missions. He has been in the cold climate for three years, located about 100 miles from Sitka, and is wrestling with the job of trying to educate and Christianize the native Indians. dians.

He says he has noted a marked improvement in their behavior since he located in this neighborhood. There are no ghost dancers in Alaska.

Will Consult With the Birch Swingers. Mrs. Van Wagner, of Kingston, N. Y., who was sent to Pittsburg by the American Book Company, of New York, to teach drawing in the public schools, will meet with the teachers of steps 1,2 3, 4, 5 and 6 of the Southside schools at the Birmingham School building Friday at 3 P. M.

German Soldier. (BY DUNLAP'S CABLE COMPANY.) BERLIN, Dec. 10 .- Herr Karl Abel, the author of a pamphlet entitled, "Two Weeks Acting Sergeant," which is devoted to proving that it is madness for the officers to be allowed to remain in their position in the Strasburg regiment, as they are committing

atrocious cruelties, has been sentenced to two weeks' imprisonment by the Karlsruhe Court Martial for the publication of the pamphlet in question.

The defense raised was that the author was no longer in the service, but this was declared by the courts to be irrelevant.
