matters are not going along as smoothly as they might be among the local football players. As a result a meeting of the Excutive Committee of the Allegheny Athlerie Association was held vesterday, when it was resolved to withdraw their football club from the newly formed Western Association Football League. This may be surprising, and to some extent discouraging, to the many players and patrons of the game in Western Pennsylvania. The resolve of the association may not necessarily kill the new league, but at worst may only postpone the be-

reasons for their action, and it was indorsed by Secretary Dawson himself, who has taken a very prominent part in the formation of the stated the case vesterday as follows: "We reolved to withdraw our club from the new League, not because we are opposed to the League. We are anxious that it should go and prosper, but we should go and prosper, but we were convinced that the venture would be a financial failure, as the prospects indicate a very severe winter. Whether the games were played or not the expenses would still go on, and we are not able to stand that just yet. It was unfortunate that this League was formed, and our association identified with it before we knew anything officially about it. But to make a long story short we cannot afford to pay the result of the grounds and other expenses without gotting it back in receipts. We feel sure that the weather will keep the receipts down to zero."

Secretary Dawson was at the meeting and admitted that the course was the best that could be adopted under the circumstances. During a conversation after the meeting be said: a conversation after the meeting he said:

Oh, not the action of our association need not break up the league by any means. All that we need do is to postpone our schedule for two months, and if that is done our association will pay the rent of the granuds. I really think that a postponement is the very best thing that can be done. I don't know what the other rine dones in the League will do but I trust they will see that to commence playing now with the prospects of such bad weather ahead of us rans very strong risks of losing money every day we play. If that is so the question comes: Who will pay? It is to avert the trouble likely to follow such a result that we lave reluctantly resolved as we have done."

PRIVATE AND CONFIDENTIAL.

CLEVELAND, O., Dec. 12, DEAR SIR-We want to earnestly call upon you to aid the Players' National League at a critical stage of its existence. We have not been idle, but have quietly succeeded in enlisting financial support for the purpose of building up a new league out of the remnants left by the stupidity and treachery of some of our capitalists. Already

support for the purpose of building up a new league out of the reunants left by the stupidity and treachery of some of our capitalists. Already we have advances of the necessary money and cities to resuganize the league, with certainly six and probably eight club, if we can assure the capitalists that first-class basebail can be enerated upon a fairly economical basis. There is certainly no encouragement for you in a reorganized National League. Its club owners purpose playing you beside and against the men who deserted us last winter and spring. They also purpose reducing salaries so that the pay roll of a first-class team of its or more men will be \$2.00 or less. That means an average club cost of less than \$40.00. Last season our clubs carned money from the gate receipts, in championship games, only a total of \$61.502.2 an average per club of \$42.47.84. This average shows an average per club of \$42.47.84. This average profit of about \$25.00.

Certainly, identified as you have been with our organization, you had better make a voluntary reduction of salary for the Players' League than he forced to one by the National League. We still feel that you have some pride and interest in the Players' National League, and ask you to at alone address Secretary F. H. Brunell, \$35 Franklin avenue. Cleveland, O., giving him your idea about reorganization and amount of guaranteed salary for which you are willing to play in a Players' League cith, for the season of 1881. We are encouraged to this request from the fact that some if players have written to us within the last ten days offering to enbut to a large cut in salary if it would enable the Players' League to continue in business. It is probable that the players unwilling to reduce their salaries and go with us will include the surplus men who were so great a financial burden to our clubs last season. At the most, and with eight clubs, \$5 men will be sufficient to a perfect organization. Let us have your views and figures at once. Everything depends upon them. Pease reg

An Interesting Retrospect of Last Season's Trotting Achievements.

SPECIAL TELEGRAM TO THE DISPATCH.1 LEXINGTON, KY., Dec. 20.-Now that the trotting season of 1890 has closed, and the horses have all gone into winter quarters, a look backward will show this to have been one of the most noted years in the trotting borse history. More horses have entered the 2:30, 2:20 and 2:15 lists than any previous year, and more low records have been made. More great races have been trotted and the attendance at the meetings has been better. More new breeding farms have been established and the older

farms have been established and the older farms have made greater efforts to improve the quality of their stock and their facilities for bandling and developing trotters.

The new fashion kite-shaped track, if not used for the first time, has at least come into extensive public notice for the first time. Two horses have surpassed any producers of preceding years in the number of performers they have added to the list, and several more have made additions that in any previous year would have been regarded as phenomenal. The stallion record standing at the close of last year has been repeatedly broken by two horses, and now stands 1½ seconds lower than in 1889. The pacing stallion record has been reduced four seconds. The 4-year-old record has been reduced 5½ seconds, and two 4-year-old fillies have made records, one against the watch in 2:13½ the other in the third heat of a race in 2:145.

A 4-year-old stallion has trotted in 2:13½ and another in 2:15. The race record of all ages has been reduced a half second. A yearling has trotted in 2:25. The record for the two fastest three successive heats has been lowered. A

three successive heats has been lowered. A 2-year-old pacer has made a record of 2:16%. A Eyear-old pacer has made a record of 2:10%. A yearling has trotted a quarter in 35% seconds; another, with two weeks' handling, has trotted a quarter in 35% seconds and repeated in the same time. For the first time in the history of trotting horses a stallion has filled his book at \$1,000. Quite a number of others have filled at \$500, Larger stakes have been offered than ever before—one for \$25,000 and several of \$10,000.

NEW YORK BASEBALL GOSSIP.

How the Giants Will be Made Up and Other Clubs Strengthened.

New York, Dec, 20 .- The New York ball club will have Keefe, Welch, Rusic, Crane, the two Ewings, Sharrott, Cannon, Richardson, Glasscock, Denny, Tiernan, Gore, Burkett, Clark, and either Vaughn or Buckley. This will leave Bassett, Whistler, Esterbrook, Hor-nung, O'Day, Whitney, Johnston, O'Rourke and several other good men to be parceled out to outside clubs. The Brooklyn League club is not to be changed much, except that Bier-bauer will go to second, Collins to center and Kinslow to be added to the catchers. Weyling will also probably be retained, but he may be assigned to Philadelphia, where he is badly

from the Association. From the pick of the players of three clubs, those of the Buffalo club and those left over by the consolidations in Cleveland, New York and Pittsburg, the weak spots in all the other clubs can be strengthened and the League and Association put on an even footing so far as playing strength is concerned, each with the eight strongest teams it ever had.

Like a Cur. St. Paul, Minn., Dec. 20,-Three thousand people paid \$2 each to get into the Jackson Street Rink last night to see the ten-round right between Pat Killen, of St. Paul, and Joe Sheehy, of Hurley, for the heavy-weight cham-plonship of the Northwest, \$500 a side and 75 and 25 per cent of the gate receipts. The fight was according to Marquis of Queensberry rules, and Killen entered the ring weighing 183 pounds, Sheehy being 12 pounds heavier. Dick Moore was referee.

men fought cautiously for a minute, when Killen landed heavily on Sheehy's chest. A clinch followed, in which the Wisconsin pugilist struck Killen a palpably foul blow in the back of the head. For this he was cautioned by the referee and the fight proceeded. The round ended in a sharp interchange of blows. In the second round the St. Paul man made a

rush and planted a blow squarely between Sheehy's eyes. The latter was so dazed and angry that he seized Killen and threw him heavily, and followed this by strikiut the Min-nesotian a stunning blow as he arose on his knees.

Cries of "Shame! Shame!" rang through the audience as Referee Moore attempted to be heard in awarding the fight to Killen on a foul. Killen quickly sprang to his feet and seizing Sheeby threw him and jumped on his chest. Killen a seconds took a hand a: this point and knocked sheehy right and left with fists and feet. Four pehcemen then bounded into the ring, and one of them struck Sheehy a blow which knocked him under the ropes and out of the ring.

During the excitement Sheehy struck the referee a savage blow, and his fight throughout was of the most cowardly character. The fight was awarded to Ki'len.

The object of the game was to favorably impress the students with the superiority of Association to Bagby rules, and perhaps to lead to the introduction of the former in college sport. The few spectators were much pleased with the exhibition, which was purely scientific, without much slugging of the shins, but after awhile the game became monotonous. The Rovers made the prettiest rush of the afternoon, soon after play began, advancing the ball the whole length of the field. Meyer's tug for a goal failed, but a second kick sent the ball between the posts and the Rovers scored the first goal in 15 minutes. Bell scored the last goal of the game, making the final 4 to 1 in favor of Rovers.

The financial renort showen that the club had made money, but just what the profits were the directors declined to state. It is thought, however, that it was somewhere near \$10.000. The plans for next season were briefly discussed, and it was unantmously decided to place sufficient money at Manager Chapman's disposal to enable him to secure a club that would be a formidable rival for pennant honors. The question of securing new grounds was brought up, but no definite action was taken. A special meeting will probably be called for that purpose. THE UNKNOWN VICTIM IDENTIFIED. The Dispute Over the Cause of the Bolivar Accident Continues.

'SPECIAL TELEGRAM TO THE DISPATCH. Massillon, Dec. 20.-The identity of the woman killed in the late Wheeling & Lake Erie wreck at Bolivar was established here today, as the result of her description being sent to the morning papers. She was Betsey Lindsay, of Fremont, O., and her body nassed through here this afternoon for her former home. General Superintendent W. R. Woodford says that the reports were absolutely false which charged that the ties where the wreck occurred were bad for a distance of 40 feet, with not one good one among them, and he claims that the ties at that point were perfectly sound. E. D. Wileman, a civil engineer of this city, was at the scene to-day, and says: "I found the ties north of the trestie in rather better condition than I expected from what others had told me."

A dispatch from Canton says: By next Monday Coroner Schafer will have concluded his testimony taken in the inquiry as to the cause of the accident. He says it is not yet determined as to whether the accident was caused by day, as the result of her description being sent mined as to whether the accident was caused by rotten ties, spreading rails, too rapid speed or by circumstances beyond control.

REV. H. MACQUERY'S HERESY.

The Accused Clergyman Expects the Worst, but Hopes for the Best.

SPECIAL TELEGRAM TO THE DISPATCH. CANTON, Dec. 20 .- Rev. Howard MacQuery, the Episcopalian charged with heresy, says the trouble have failed, and that the trial will be held in Cleveland, January 7. He will conduct his own defense, assisted by a Cleveland attorney and one or two eminent Episcopal clergymen. He believes his position to be consistent, and has determined that, regardless of results, he will not surrender his conscientious convictions.

So great has been the clamor against him, he says, that he cannot foretell the results of the trial, but expects the worst while he hopes for the best.

FURNACE OPERATORS' ULTIMATUM. Four Specific Demands Upon the Railroads

Made by Them SPECIAL TELEGRAM TO THE DISPATCH.1 Youngstown, Dec. 20.-Information was obtained this afternoon from an authoritative source as to the demands made by the furnace operators of the Mahoning and Shenango valleys of the railroads and the coke combine The concessions demanded are as follows: A reduction of 20 cents per ton on all freight om the Connellsville coke region to the two roun the concension of 15 cents per ton on pig iron shipped from either valley to Pittsburg; a reduction of 25 cents per ton on limestone from all quarries in the two valleys, and 40 cents reduction per ton in the purchase price The operators are a unit in shutting down January 1 if the demands are not conceded.

passengers were badly shaken up, HER HEART WORTH \$20,000.

Sensational Breach of Promise Sult in Township Near Findlay. PEPECIAL TELEGRAN TO THE DISPATCH.

FINDLAY, Dec. 20.-Anna B. Greer, the daughter of a farmer in Biglick township, began suit in the Court of Common Pleas here
this afternoon, to recover \$20,000.
The suit is for alleged breach of promise
against Burt P. Struble, a wealthy and wellknown young man of the same neighborhood.
All of the parties are prominent in that part of
the county, and a great sensation is the result.

A UNIVERSITY'S GOOD FORTUNE.

Dying Man Bequeaths His Entire Fortune to the Institution. CINCINNATI, Dec. 20.-The city of Cincinnati was made the sole beneficiary, under the will of the late Matthew Thomas. His will was admitted to probate to-day, and

it gives his entire estate, amounting to \$150,600, to the city of Cincinnation trust for the benefit of McMicken University. Mr. Thomas was un-

A VICTORY FOR THE READING. An Injunction in Favor of the Pennsylvan Company Dissolved.

READING, Dec. 20.-The Pennsylvania and Reading Railroads have been fighting for the past year for the possession of the bed of the Old Woman canal, opposite this city, on which it is proposed to lay a railroad track.

The Pennsylvania Company finally obtained an injunction against the Beading, and to-day, after argument, this injunction was dissolved.

A FINDLAY paper charges a successful conspiracy to beat that city out of \$6,000 in the matter of additions to its territory. A FORMER Pittsburger, Anthony Lloyd, an iron worker, fell over an embankment while intoxicated, and was afterwards found frozen FRED BOJACK, a Pole, employed in the Na-

Levick, because she danced with other men. Kinney was arrested after a hard fight. CONTRACTOR McDonald, of Pittsburg, was the only bidder for the construction of the Government lock at Charleston, W. Va., and the proposal will probably be readvertised. THE snow blockage on the W. & W. Railroad from Boston.
