A JUDGE'S IMPORTANT DECISION.

The Crash of a Collision Fails to Awaken a Sound Ohio Sleeper.

STRANGE DISAPPEARANCE OF A MAN

PERSONAL TELEGRAM TO THE DISPATCH. AKRON, Dec. 3 .- Judge Grant this afternoon announced his decision in a case that removes the last obstacle to the completion of the Pittsburg, Akrou and Western Railroad. The suit was as to the right of the Pittsburg, Akron and Western Railroad to condemn certain lands of the Valley Bailroad Company; to cross the track of the latter under the stone arch which carries the track of the Cleveland, Akron and Columhus Railroad to a junction with the Pittsburg and Western; to occupy a part of the raceway of the Akron Canal Compeny, etc.

The Judge said that withtn fairly defined limitations the question of what route and what properly the condemning company might lawfully take, was legislative or political, and not judicial. The land sought to be taken by the Valley Company is now occupied, and is proposed to be occupied by it, for incidental and subsidary purposes only, such as switches, side-tracks, coaling shutes, etc. The taking, therefore, neither interferes nor destroys the beneficial enjoyment of the franchise, which, so far as it owes a unty to the pranches, which, so he ask owes a duty to the public, is a common carrying of freights and passengers. The inferior purposes sub-served can as well be followed in another loca-tion, and with as good effect. On the other hand, the taking of these lands is necessary to the efficient use of the franchise of the plaintiff corporation for the location of its main line, as selected by it, the exclusive right to select which, within the limits named, has been given t by the power of the State, which no court car

It follows from this finding that the former company cannot sequester its property for mediantal purposes alone, from what the General Assembly has considered a public necessity. When two uses thus come in collusion, the one found inferior must yield to that which the law-making power has decided to be superior, even though the former be the first in the field.

Several other questions raised at the trial were passed upon, but Judge Grant found that the plaintiff had a right to pursue its route upon the route selected, and rendered Judgment that a jury be called to assess damages upon the property of the several persons taken. But defendants served exceptions to the detain, and to carry the case to a higher court, their petition in error. This, however, will not stop work upon the line of the new road, as the Ohio statutes prohibits proceeding in error from having that effect.

MANY COUNTERFEIT DOLLARS.

They Probably Came From the Same Source as Those That Flooded Pittsburg.

SPECIAL TELEGRAM TO THE DISPATOR. WILLIAMSPORT, PA., Dec. 30.-Quite a sen sation was caused here early yesterday by the fact being made known that many produce dealers and other business men had been badly taken in by counterfeit dollars. Several of the bogns silver coin are in the hands of the police, and an effort is being made to ascertain the uree of their supply. It is thought, however, by officers that the

in were not made in this city, but have been appeal in from the East for distribution by puls. It is altogether probable that the ith an Italian gang of counterfeiters in Pitts org, where it was shown that the money oen received from New York A descriof the dollars seems to tally perfectly with those taken to in Pittsburg. The money here is very well made. No e-pecial flaws are to be detected wi hout extraordinary examination. In weight, however, they are sailly delicient, being much lighter than the genuine coin. The deliars are still roming in, and it is expected the handlers will soon be lucated.

NO TRACE OF HIM FOUND.

A Brakeman Disappears Under Poculia SPECIAL TELEGRAM TO THE DISPATCH, 1

NEWARK, Dec. 30.—One of the most peculiar cases of disappearance yet recorded in this ere and Ohio brake man named H. H. Curtis, who boarded with Conductor Ferguson in this city. Last Tues-day he left Bellaire as brakeman for Conductor Frease. The last seen of him was just the other side of bridge No. 136, where he was seen

sitting on a car.

Lailer on he was missed and searching parties were sent out and have been out ever
since. His cap was found near the bridge, but
no traces of Curtis were seen; he had disappeared as thoroughly as if the earth had swalpeared as thoroughly as if the earth had swallowed him up, and up to this time nothing
whatever can be learned of him. Curts has a
wife at Summerfield, Noble county, but has
not been home. His wife, parents and friends
are searching all over the district for him. It
fs feared that he was struck such a hlow by the
bridge that his mind was unsettled, and that
he is now wandering abroad demented.
A later dispatch says that the dead body of
the missing brakeman was found beneath an
ice gorge in Crooked creek, near Glencos, this
afternoon. He had evidently been thrown or
lallen from the train.

ALLEGED MURDERER ARRESTED.

He Tells an Exculpating Story, Which is Believed by His Captors,

ISPECIAL TELEGRAN TO THE DISPATCH. 1 SCHANTON, Dec. 30 .- John Terella, accused of the triple tragedy at Broderick's Patch yesterday, was arrested at Jermyn, a few miles from this city, to-day, and lodged in the Scran-ton jail, later being removed to Wilkesharre. Terdia was reaming about Jermyn quite boldly, his hand, through which a bullet had passed, being bound up. He was recognized by James Timlin, a hotelkeeper, and arrested

The hunted man did not so much as protest. He says he had no hand in the shooting; Curley was jealous of Honduck, and killed him and his wife, too. Then, from sheer horror at his own deed, he blew out his brains. Terella was hel at, but escaped with a wounp in the hand. The story of the prisoner is reasonable, and is believed by the officials of this country.

A DENOMINATIONAL SPLIT.

The Troubles in the Evangelical Church to Come to a Climar. SPECIAL TELEGRAM TO THE DISPAYOR.

READING, Dec. 30.-There is a promise that the difficulties that have almost rent the church of the Evangelical denomination, w. ich is very strong in this section, will come to a climax at the conference which will meet in Allestown in February. The feeling be-tween the Bishops and their former adherents against Bishop Bowman and Bishop Eaher, and in marked favor of Bishop Dubs, who has been deposed. Unless the friends of the latter can prevent it, Bishop Bowman will preside at the conference. If the latter insists in his intention to preside, it is probable that an injunction will be applied for to prevent him. In whatever light the subject is viewed, it is evident that the coming brotherly conference will be of more than usual interest.

Through generation after generation, the taint of scrofula descends through the blood, blighting life and hastening death. The great majority of cases of scrofula and other blood diseases are hereditary, and therefore difficult to cure. But we wish to state in the most positive, emphatic way that Hood's Sarsaparilla does Cure Scrofula

in every form. The most severe cases, too ter-rible for description, have yielded to this medi-cine when all others failed. DULL SEASON MADE BUSY MATCHLESS VALUES

GUSKY'S.

We've been trying all this year to see how much business it was ossible to crowd into the space of one short year, and we mean to keep it up to the last moment of its now limited life. Only three more days to do what we can with 1890. But no grass will grow under our feet.

WE MEAN TO HUSTLE

During these three days in every department. Those who visit us on Monday, Tuesday and Wednesday of this week will find themselves well paid for their trouble. It seems almost like putting a premium on the habit of deferring the buying of what is needed in our line until the mass have bought, to offer goods at some of the prices we have made. But

The Goods Must Go. IN MEN'S GLOTHING

We shall offer unusual opportunities, and the man who buys a new suit or overcoat outside our store at the present time simply wastes the difference in the price we ask and what he will pay-elsewhere. The stock is still large, the chance for choice not at all limited, the styles are perfect, the make good and we know the prices cannot be approached.

We'll save you as much money in Clothing for your children as in apparel for yourselves. In season or out of season, you'll not find another such a stock of Boys' Clothing as at the popular clothing department on our second floor. If you've a boy from 4 years old to 19 bring him here and save your dollars.

Money saved in Shoes, from a patent leather dress shoe to a miner's heavy boot. Here, as elsewhere, we are going to clean up the broken sizes and odd lots, and shall offer you some splendid values.

There are other choice bargains awaiting you. In fine underwear, in certain sizes, prices have been cut in two. In Gloves and Neckwear great reductions also.

Few Fancy Goods left, but what are still here are all at and below the cost line, chiefly below, to our loss. A fine chance for belated buyers to pick up a present.
